WELCOME TO DES MOINES AREA COMMUNITY COLLEGE

On March 18, 2006, Des Moines Area Community College (DMACC) celebrated its 40th Anniversary. Our Board, faculty and staff used this celebration as a time to reflect upon our many successes, and reaffirm our core goals for the next 10 years, taking DMACC to 2016, when we will celebrate our golden anniversary.

DMACC is committed to providing outstanding service and educational excellence to our students and our communities. To achieve this, we have created three "FIRST Goals" to be implemented over the next 10 years. In comparison to other Iowa community colleges and similar award-winning colleges nationally, we intend to be:

- FIRST in Quality, making sure our students are the most successful;

- FIRST in Service, making a DMACC education accessible to all Iowans in our district; and,

- FIRST in Affordability, making DMACC the most affordable choice for our students.

We are making excellent progress toward meeting all three goals. In Quality, our students and graduates do extremely well after leaving DMACC, whether they transfer to a four-year college or university or go directly into the workforce. In Service, there are only a few areas in our district that need better access to DMACC, and we will meet their needs soon. In Affordability, this year DMACC will have the second-lowest tuition of all 15 Iowa community colleges.

In our 40th anniversary year, DMACC enrolled 26,800 students with unique needs and aspirations in credit programs. We appreciate your support, we're pleased that you are considering DMACC, and we are eager to help you achieve your career goals.

Our winning DMACC team welcomes you!

Sincerely,

Robert Denson, President

PROFILE OF DMACC

History

Des Moines Area Community College is a publicly supported two-year institution serving the Des Moines metropolitan area and surrounding counties. The College District includes all or major portions of Audubon, Boone, Carroll, Dallas, Guthrie, Jasper, Madison, Marion, Polk, Story and Warren counties and minor parts of 11 adjacent counties. It encompasses 6,560 square miles or about 11 percent of the land area of the state. Approximately 20 percent of the state's population resides within the district.

Des Moines Area Community College was officially created March 18, 1966, and was designated as Merged Area XI. A nine-member Board of Directors was elected and formally installed that same year.

The College was established after extensive studies had indicated the need for such an institution. Leading figures throughout the College's District combined their talents and resources to assure proper planning for the College.

In 1968, the Board of Directors adopted Des Moines Area Community College as the official name of the institution. The first classes were held at the new Ankeny Campus location in 1968. Administrative and operational control of Boone Junior College was assumed in 1969 and Carroll Campus in Carroll, Iowa, was initiated in 1979. The Urban Campus began operation in metropolitan Des Moines in 1972 and a new facility was constructed at Seventh and Laurel in 1980. The first classes were held in the fall of 1993 at Newton as a result of the cooperative effort of the Maytag Corporation, Iowa State University, the City of Newton and the DMACC Foundation. In October, 2001, the state-of-the-art technology facility, West Campus and Synerg.e™ Center, opened in West Des Moines.

Paul Lowery was the first superintendent/president of the College. Dr. Joseph A. Borgen served 20 years as the president from 1981 until his retirement in 2001. David England was the president of Des Moines Area Community College from 2001-2003. Robert Denson became our current president in November 2003.

Mission and Goals

It is the mission of Des Moines Area Community College to offer quality programs and courses to meet the different community interests, student abilities and personal objectives of citizens of all ages and levels of education, for the purpose of improving the quality of life, the economic conditions and the public welfare of our state.

Therefore, the Board of Directors, faculty and staff are committed to providing a variety of educational options on a nondiscriminatory, open-door basis.

DMACC exists to:

- prepare or retrain students for employment and advancement in their chosen occupation through career education.
- prepare or retrain students for employment and advancement through occupationally oriented associate degree programs.
- assist students in becoming active, responsible citizens in our democratic society through a program of practical education.
- provide effective assistance to students in exploring their interests, identifying their aptitudes and selecting the programs of study that best meet their needs and interests.
- provide counseling and other support services that improve students' chances for success in their educational endeavors.
- provide learning experiences and cocurricular activities that promote personal, social, academic and vocational development of students.
- prepare students for transfer, typically as juniors, to four-year colleges and universities.
- provide placement services for all students seeking full-time or part-time employment.
- provide opportunities for adults to complete their high school education.
- provide off-campus adult and continuing education programs as needs and interests are expressed.

Nondiscrimination Policy

Des Moines Area Community College shall not engage in nor allow discrimination covered by law, including harassment, based on race, color, national origin, creed, religion, gender, sexual orientation, age or disability. Veteran status in DMACC's educational programs, activities, employment practices, or admission procedures is also included to the extent covered by law. Individuals who believe they have been discriminated against may file a complaint through the College Discrimination Complaint Procedure. Complaint forms may be obtained from the Human Resources Department, Provost's office, EEO/AA, Judicial Officer, or the ombudsperson on any campus. Persons who wish additional information or assistance may contact the EEO/AA Officer, Executive Director, Human Resources, Bldg. 1, 515-964-6301.

Student Right to Know

Institutions are required to provide students with information regarding campus security, alcohol and drug use, crime prevention, reporting of crimes, sexual assaults, Equal Employment Opportunity and Affirmative Action, college policy regarding HIV/AIDS, graduation rates, and transfer data, drug-free schools, and campus information. This data can be obtained at the Information Center on the Ankeny Campus and from the Provosts at all other campuses. It is also available on DMACC's website. Des Moines Area Community College students are expected to be familiar with policies and procedures affecting their activites. Ignorance of policies and procedures will not excuse violations.

DMACC Catalog

The Des Moines Area Community College Catalog is an annual publication of information regarding fees, curricula, policies and procedures. Statements set forth in the catalog are for informational purposes and should not be construed as the basis for a contract between the institution and the student. Every effort has been made to make the catalog accurate as of the date of publication; however, the catalog is not intended to be a complete statement of all procedures, policies, rules and regulations. The College reserves the right to change by appropriate action of the faculty, college administration, Board of Directors of Des Moines Area Community College or the State of Iowa, without notice to individual students, any academic or other requirement, course offerings, programs, rules, regulations or fees.

PROFILE OF DMACC

ANKENY CAMPUS

THE CAMPUSES

ANKENY CAMPUS is located on a 304 acre site six miles north of Des Moines within the city limits of Ankeny. The campus is easily accessible from both interstates 35 and 80. A directory of campus facilities is located at each entrance.

BOONE CAMPUS is located on a 37-acre site at the southeast edge of the city of Boone, just north of Hwy 30. Constructed in 1968, the campus was renovated and expanded in 1995 and 2005.

CARROLL CAMPUS is located on a 9-acre site at 906 North Grant Road in the city of Carroll. The Carroll Campus was started in 1979 and finished construction of a new building in 2004.

URBAN CAMPUS is located north of I-235 at 7th and Laurel in Des Moines. The campus opened two new buildings in 2003 and plans further expansion.

NEWTON CAMPUS is located at 600 N. 2nd Ave. West in Newton and began operation in the fall of 1993.

WEST CAMPUS is located west of Interstate 35 at 5959 Grand Avenue in West Des Moines. The campus opened in the fall of 2001.

Credit classes have been offered on the basis of need in other locations throughout the area and in many area high schools. Community services and continuing education classes are offered in many additional communities within the College District.

ACCESS TO CAMPUS FACILITIES

The DMACC campuses are generally open to students and the public from 7:30 a.m. to 9:00 p.m., Monday through Thursday and from 7:30 a.m. to 4:30 p.m. on Friday and 7:30 a.m. to 12:30 p.m. on Saturday (Saturday hours may vary on some campuses). The campuses are closed during other times and holidays. Visit our website: www.dmacc.edu

ACCREDITATION

Des Moines Area Community College is accredited by the North Central Association of Colleges and Schools, 30 N. LaSalle St., Suite 2400, Chicago, IL 60602-2504. The College is also approved by the Iowa State Department of Education and the Iowa Board of Regents. College transfer curricula meet the requirements of four-year colleges and universities. Both career option and college transfer curricula carry the approval of the United States Department of Education and are approved for veterans' benefits. The College also holds membership in the American Association of Community Colleges.

ADMISSIONS

Des Moines Area Community College is dedicated to helping individuals to reach their educational and vocational goals. Admission to the College is open to all who apply and can benefit from courses and programs offered by the College. The college does reserve the right to guide the course placement of students on the basis of counseling, examination, preenrollment interviews and past academic achievement. Admission to the College does not guarantee acceptance into all courses or programs offered, and enrollment in some programs and courses depends on basic skill levels and/or available space.

DMACC operates under a continuous admissions process, so acceptance of applicants is granted when admissions procedures and requirements have been completed. Therefore, applicants will find it to their advantage to apply as soon as they have decided to seek admission to a program. After meeting program entrance requirements, those students who apply to a program already at enrollment capacity will be placed on standby status until an enrollment opportunity occurs.

Each program establishes the minimum entrance requirements for applicants. Proficiency in reading, writing and/or mathematics may be required for enrollment in selected courses within a program in addition to the program admission requirements.

APPLYING FOR ADMISSION

1. Complete an admission application and submit it to:

   DMACC Admissions Office
   2006 South Ankeny Boulevard
   Ankeny, Iowa 50023-8995
   or fax the form to 515-964-6391.

   Students may request a form by calling the Admissions Office at 1-800-362-2127,ext. 6495, or 515-964-6495, or visit the DMACC website at www.dmacc.edu. There is no fee for applying for admission to DMACC.

2. Complete any required assessment. Assessment guidelines can be found under the heading, Guidelines for Required Assessment.

3. Complete any program entrance requirements for the specific program for which application has been made.

4. Submit a copy of your high school transcript or GED scores if either is needed for entry to a specific program.

For admission requirements to any specific program, refer to the Program Entry Requirements in the informational material that accompanies each individual academic program.

After applicants have met all admission requirements, they will be notified. DMACC accepts students on a first-come, first-served basis. If a program is filled at the time all admission requirements are met, the applicants will be placed on stand-by and so notified.

GUIDELINES FOR REQUIRED ASSESSMENT

DMACC requires a skills assessment of all new, full-time students (full-time is defined as 12 credit hours or more during fall and spring semesters and 8 credit hours or more during the summer semester). This assessment provides information about students' academic skills in reading, writing and mathematics. Assessment information is used to assist with course selection and schedule planning.

The assessment requirement may be met by completing any one of the following options:

1. Complete COMPASS testing at any DMACC campus. The COMPASS tests in math, reading and writing are given to students who do not qualify under options 2 or 3. There is no charge for this service the first time; however, any retests cost $10 each.

2. Submit ACT Scores. ACT scores of 19 or above in reading, math and English can be used to meet DMACC's assessment requirement. ACT scores must be mailed to the Admissions Office. If the ACT scores are more than three (3) years old, it is recommended that students complete Option 1 – COMPASS testing.

3. Provide evidence of successful college experience. An official college transcript from each prior college attended must be mailed to the Admissions Office. The following criteria are used to grant assessment waivers:

   Writing – grade of C or higher in a college-level writing course.

   Reading – grade of C or higher in 6 hours of college-level academic course work such as psychology, sociology, economics, etc. and/or vocational technical course work requiring comparable reading skills.

   Math – grade of C or higher in a college-level mathematics course.

   If college experience is older than five (5) years, students are strongly encouraged to take the COMPASS test.

Assessment is not required if students are planning to enroll part-time, but is strongly encouraged. It is especially important in the following instances:

1. A mathematics assessment before enrolling in a math class or a course with a math prerequisite.

2. A writing assessment before enrolling in any course that has writing expectations or requirements.

3. A reading assessment before enrolling in a course with substantial reading assignments. COMPASS testing is provided on all DMACC campuses. Call one of the numbers listed to make a testing appointment at the campus of your choice:

   Ankeny: 515-964-6595 or
   1-800-362-2127, ext. 6595

   Boone: 515-432-5096 or
   1-800-362-2127, ext. 5096

   Carroll: 712-792-1755 or
   1-800-622-3334

   Newton: 641-791-3622 or
   1-800-362-2127, ext. 3622

   Urban: 515-248-7218 or
   1-800-362-2127, ext. 7218

   West: 515-633-2408 or
   1-800-362-2127, ext. 2408

Students taking the COMPASS test who need an accommodation because of disability must provide documentation of the disability to the Special Needs Coordinator prior to the test and make the necessary accommodation arrangements with the testing center in advance of the testing date.

ADMISSION OF HIGH SCHOOL STUDENTS

DMACC offers the opportunity for high school students to enroll in credit courses. Juniors and seniors must complete steps 1 and 2 below if enrolling as a part-time student, steps 1, 2 and 3 if enrolling full-time. Freshmen and sophomores must complete all four steps and are limited to no more than two credit courses each semester.

Admission steps:

1. Submit a completed Application for Admission.

2. Submit written approval from parent/guardian and high school counselor or principal.

3. Complete COMPASS testing or submit ACT scores. Course placement is mandatory based on the COMPASS or ACT scores.

4. Meet with a DMACC advisor or counselor prior to registration.

ADMISSIONS

This procedure does not apply to high school age students enrolling under the Postsecondary Enrollment Options Act, Career Advantage or other special contractual agreements except that any full-time student must meet the Guidelines for Required Assessment.

ADMISSION OF PRE-HIGH SCHOOL STUDENTS

In limited circumstances, DMACC may allow pre-high school students to enroll in credit courses. Completion of all the steps listed below is necessary before the College will make a decision about admitting and enrolling any person who is not at least a freshman in high school:

1. Approval of the school counselor or principal.

2. Approval of the parent or guardian.

3. COMPASS testing or submission of ACT scores. Students not meeting minimum scores for placement in college-level courses will not be allowed to enroll. Course placement based on test scores will be mandatory.

4. Any specific course or program prerequisite must be met.

5. Students are limited to no more than two credit courses per term.

6. Students must meet, without the parent being present, with the appropriate instructor, program chair, or dean for an evaluation of readiness for each desired course. A determination that a student is not ready, either educationally or emotionally, will prohibit enrollment in that course.

ADMISSION OF HOME-SCHOOLED STUDENTS

Home-schooled students may apply for admission by following these guidelines:

1. Complete a Des Moines Area Community College Application for Admission.

2. Provide a written statement of approval from a parent or guardian.

3. Complete COMPASS testing or submit ACT scores of 19 or better in the English, Mathematics and Writing tests.
   Note: Course placement is mandatory based on COMPASS or ACT results.

4. The student must meet with a DMACC advisor or counselor prior to registration.

ADMISSION OF GUEST STUDENTS

Students who have been accepted for admission at another college or university or whose primary enrollment is at another college may enroll as a "guest student" at DMACC. Guest student status allows an individual to enroll as a full-time student for summer semesters only without meeting the assessment requirements.

Guest students complete a DMACC Application for Admission and supply proof of enrollment such as an acceptance letter or a valid student ID from their primary school of attendance. Guest students who decide to enroll for a fall or spring semester must meet DMACC admission and assessment requirements.

Note: Guest students are not eligible for financial aid.

ADMISSION OF INTERNATIONAL STUDENTS

International students are persons in the United States who have a nonimmigrant visa including an F-1 visa. Specific requirements must be met before being admitted to Des Moines Area Community College. No admission decision will be made until the International Student Office receives all required documents.

Deadlines for New International Students

All Applications for Admission and supporting documents must be received NO LATER THAN 120 days prior to the first day of the semester.

Semester	Deadline
Fall 2007	April 29, 2006
Spring 2008	September 7, 2007

If the paperwork is received after the deadline, DMACC will process the application for the next semester.

Example: For students who apply to attend school for the fall semester and the documentation arrives after April 23, DMACC will process the application for the spring semester.

Deadlines for International Transfer Students

Semester	Deadline
Fall 2007	July 6, 2007
Spring 2008	November 16, 2007
Summer 2008	April 11, 2007

NEW INTERNATIONAL STUDENT APPLICANTS

New international students will need to obtain a Certificate of Eligibility form I-20 in order to receive a student visa through the U.S. Consul or Embassy in their country. The I-20 indicates that all admission requirements have been met to enter the College. This document is issued through SEVIS, the Student Exchange Visitor Information System. The U.S. Consulates make the final decision regarding whether students will be allowed to enter the United States to study.

All International Students must report to DMACC on or before the date stated in the I-20 forms. Late-arriving students will not be allowed to register for class.

International students requesting admission and issuance of an I-20 must provide:

1. A completed and signed DMACC Application for Admission.

2. A completed International Student Information Form.

3. A Financial Resource Statement verifying the ability of the student or the student's sponsor to meet all educational and living expenses for one year while attending DMACC. This must be signed and sealed by a notary public or accompanied by a letter or bank statement dated within six months of the application. Financial support of approximately $15,000.00 (USD) is needed per year. Students who are issued an F-1 visa to study in the United States are not permitted to work off-campus unless they receive authorization from the government. There are very few opportunities to work on campus.

4. A payment of a $100.00 processing fee. This may be sent in the form of a bank draft or an international postal money order. Payment must be made before an I-20 will be issued.

5. An official transcript that provides evidence of graduation from a secondary school and transcripts from all postsecondary institutions attended. Photocopies may be accepted if they are properly notarized as true copies. Transcripts must be translated into English.

Students who wish to transfer credits from a college or university from outside the United States to apply toward degree requirements at Des Moines Area Community College must have transcripts reviewed by a commercial service. The review must be completed at the subject analysis or catalog level. Students are responsible for the

ADMISSIONS

additional fees. Contact the International Student Office for further information.

The college issues an I-20 Certificate of Eligibility form after students complete the steps above and qualify for admission.

Documents required to complete the admission process:

6. Official evidence of English proficiency (if your native language is NOT English). Submit one of the following:

   a. TOEFL (Test of English as a Foreign Language) score of 173 on the computer test or 500 on the paper test in order to enroll in credit courses. The code for DMACC is #6177.

   b. COMPASS ESL test score of 95 in order to enroll in credit courses. This test is available at the assessment center located on each DMACC campus.

   c. Official transcripts from an accredited United States college or university showing successful completion ("C" or better grade) in a freshman-level English composition course.

7. Deposit of $3,000.00 to cover direct educational expenses for the first semester of enrollment. This must be paid before you may register for courses. Part of this deposit may be used to meet the cost of the required medical insurance discussed below.

8. Proof of medical insurance. Students who purchased their own medical insurance must provide proof of insurance within the first 15 days of the semester. If no proof of insurance is provided, insurance will be provided and a fee of approximately $750.00 per year will be assessed to the student.

9. Completion of the "Guidelines for Required Assessment" and any additional entry requirements for their program of study.

Transfer International Student Applicants

Students who apply to Des Moines Area Community College as a transfer student from a college or university within the United States must provide the same items as new students listed as 1–9 above. In addition, transfer students must submit:

10. A transfer release signed by the Designated School Official (DSO) or Alternate Responsible Officer (ARS) from their most recent school of attendance.

11. Copies of passports including the VISA pages, I-94 forms and all previously issued I-20 forms.

RESIDENCY

Students may be considered a resident of Iowa for purposes of determining in-state tuition if they are permanently domiciled in Iowa and have resided in the state for a period of not less than ninety (90) days prior to the start of the academic term. When residency is in question, the burden of proof of domicile is on the student.

To apply for reclassification from nonresident to resident status, students must complete a "Request for Determination of Residency Status" form and submit it along with two (2) additional documents evidencing Iowa residency. Examples of acceptable documents include:

- Written and notarized documentation from an employer that you are employed in Iowa or a signed and notarized statement from you describing your employment and sources of support.
- Iowa state income tax form.
- Iowa driver's license
- Iowa vehicle registration card.
- Iowa voter registration card.
- Proof of Iowa Homestead Credit on property taxes.
- Other indicators of Iowa residency, such as rent receipts, utility bills, bank statements, etc.

No two documents may come from the same source. Requests for change in residency must be submitted prior to the start of the semester for which students are registering.

Reclassification of residency is not retroactive.

Noncitizens must submit proof of legal immigration status by submitting a copy of their Permanent Resident Card or I-94 page from their passport showing approved resident status by the Bureau of Immigration and Citizenship Services. **International students cannot establish residency while studying in this country on a temporary visa.**

Residency questions and documents should be submitted to the Director of Admissions on the Ankeny Campus.

READMISSION

In general, students who are in good standing and have not enrolled for one or more consecutive semesters do not need to apply for readmission to the College. Prior to registration, students must verify the accuracy of their existing information. It is recommended that students visit with a counselor/advisor to review their academic records.

Students accepted to a limited enrollment or selective admission program and who did not start when planned or withdrew for one or more semesters must contact the department chairperson to request enrollment as a "Restart" student.

Students who have been suspended due to failure to meet the College's scholastic standards must meet the requirement for readmission as found in the Scholastic Standards section of the catalog before reenrolling.

Students who have been suspended for a disciplinary reason may not reenroll before meeting all requirements imposed at the time of suspension.

TRANSFERRING CREDIT TO DMACC

Evaluation of Previous Training and Education

Students must request that a transcript bearing the official seal and signature of the official in charge of the records be sent directly to the DMACC Admissions Office by each college or university previously attended. Transcripts that have been in the student's possession will not be considered official documents. Transcripts must be sent from each previously attended institution even though all previous records may be summarized on one transcript. DMACC will accept credit from an institution only when submitted by the institution where the credit was earned.

Students submitting an official transcript in a language other than English must also submit and pay for an English translation of this transcript. Upon receipt, the Admissions Office will forward official transcripts to the Credentials Office for evaluation.

A maximum of 43 semester credit hours of transfer credit is applicable toward associate degree requirements. The total grade-point average of credits transferred to DMACC must equal 2.0 or higher. Some programs may require a minimum grade of "C" in each course that fulfills a degree requirement. Since the student's DMACC grade-point average is calculated from course work taken at DMACC only, grades earned at other colleges or universities will not be used in the computation of the student's GPA at DMACC.

Upon completion of the transfer credit evaluation, students will receive reports listing the equivalent DMACC courses.

The acceptance and use of transfer credit is subject to limitations in accordance with the educational procedures of the College.

ADMISSIONS/REGISTRATION

CREDIT FOR EDUCATIONAL EXPERIENCE IN THE ARMED FORCES

Credit earned through educational experiences in the armed forces can be validated and accepted by the College. Credit is accepted based on statewide policies at Iowa colleges and universities and based on its applicability toward meeting the requirements in the student's program of study. An American Council on Education (ACE) publication, "Guide to the Evaluations of Educational Experiences in the Armed Services," is generally used in making these determinations.

Credit is awarded only for significant learning experiences as recommended by the ACE guide. No credit will be awarded based on the Military Occupational Specialties evaluation program.

Credit may be awarded for course work completed via correspondence, classroom study and/or examination through the United States Armed Forces Institute. Credit may also be granted on the basis of scores earned on the Subject Standardized Test of the Defense Activity for Non-Traditional Educational Support. Copies of transcripts showing such work will be evaluated by the Credentials Office .

CAMPUS TOURS

Prospective students are invited to visit any or all of the DMACC campuses during Discover DMACC Day. Students may register by calling 1-800-362-2127, ext. 7100 or on the web at www.dmacc.edu/discover.htm. Individual tours may be arranged by calling 1-800-362-2127 and selecting the campus of your choice or by calling the individual campus at:

Ankeny Campus	515-965-7100
Boone Campus	515-432-5025
Carroll Campus	712-792-8332
Newton Campus	641-791-3622
Urban Campus	515-248-7236
West Campus	515-633-2408

REGISTRATION

Students may register for courses during the times and dates listed in the schedule of classes published prior to the beginning of each semester. Registration is not complete until students have paid their tuition and fees or when payment has been officially authorized by the Financial Aid Office or Business Office. Students with past-due obligations to the College will not be permitted to register for classes until the obligations are resolved.

REGISTRATION PROCEDURES

New, Full-time Students

All new full-time students (12 credits or more fall and spring semester or 8 or more credits summer term) should plan to attend orientation. New students who have been accepted for admission will be notified when to report for orientation and registration. Counselors and advisors will be available to assist with registration.

To help students make a successful transition to college, DMACC offers The College Experience course, SDV108. The course uses short lectures, demonstrations, guest speakers and practical exercises to help students understand the entire college experience from classroom expectations to learning resources. SDV108 is strongly recommended for students who fit these guidelines:

- Enrolled in an arts and sciences, preprofessional or general education program and
- Enrolled full-time and
- Have no previous college experience

New, Part-time Students

New part-time students (11 or fewer credits fall and spring semesters, 7 or fewer credits summer term) are encouraged to participate in orientation/registration, but are not required to do so. Registration during the time and dates published in the schedule of classes can be completed in person, by telephone, fax, or via the internet.

Continuing Students

These students may register in person, by telephone, fax, or via the Internet in accordance with the times and dates published in the schedule of classes or via the Internet.

ADDING A COURSE

Students may add a credit course through the first five days of the full-length semester. Students who add courses during this time period are advised that classes have already begun and missed classes are the same as any absence. Course adds can be in person, by phone, fax, or via the Web. Students are not permitted to attend a course unless officially registered for the course.

DROPPING A COURSE

Students may drop a credit course through the 50th class day of the fall and spring semesters and the 30th class day of the summer term. The last day to drop a course that does not run the full length of the fall, spring and summer semesters depends on the beginning and ending dates of the course; the applicable date is published in the DMACC Credit Schedule and is also available by contacting the Registration Office on any campus. Courses dropped during the first week of the semester will not show on the student's transcript.

Deadlines for dropping courses are different than refund deadlines. Information about refund deadlines is published in the DMACC Credit Schedule and is also available by contacting the Registration Office on any campus.

Students who have withdrawn from a course will not be permitted to continue attending the course.

Students who have a "hold" on their records due to unpaid financial obligations will be permitted to withdraw from credit courses, but will not be permitted to obtain transcripts, and graduation awards will not be conferred. In addition, students who have indebtedness may be prohibited from enrolling in courses as long as the indebtedness remains. Unpaid debts may be referred to a collection agency and/or a credit bureau. Students should contact the Business Office to resolve their debt.

Students may be administratively dropped from courses for nonattendance. Information on this procedure is contained in the Academic Information section of this catalog under "Attendance and Enrollment."

Dropping or Adding Courses After the Deadlines

Students who miss the deadline for dropping a course, receiving a refund of tuition and fees, or adding a course may file an appeal asking that the deadline in question be waived. In order to appeal, students complete a Petition for Policy Waiver and submit it to their campus Student Services Office. Students must have exceptional extenuating circumstances that precluded compliance with the deadlines. Documentation must be submitted in support of the petition. Petitions must be submitted no later than midterm of the semester immediately following the semester of enrollment. The Petition for Policy Waiver Committee reviews the petitions and notifies students of the final disposition of petitions in writing.

NONCREDIT COURSE REGISTRATION, ADDS AND DROPS

Registration during the time and dates published in the Continuing Education schedule of classes can be accomplished in person, by telephone, mail, or fax, or via the internet.

EDUCATIONAL EXPENSE/STUDENT ACCOUNTS

TUITION AND FEE CHARGES

The DMACC Board of Directors establishes tuition and fee charges. Tuition is charged on a per-credit basis. Additional supplemental fees are described below under "other fees". Nonresident tuition, not including fees, is twice the amount of resident student tuition. See the chart on the following page of tuition and fees. The DMACC Board of Directors has the authority to change tuition and fees after the charges are published in this catalog.

OTHER FEES

Additional fees, including, but not limited to, supplemental course fees, lab fees, music fees, TV class and Internet fees are also Board approved. These fees are market-driven.

INDEBTEDNESS POLICY

Students who have a balance due to the College should contact Student Accounts to resolve their debt. Unpaid debts may be referred to a collection agency and/or a credit bureau. Students with unpaid financial obligations may have a "hold" put on their record. The hold may permit students to withdraw from credit courses provided the withdrawal deadline is met, but will prohibit students from enrolling in courses, obtaining or sending transcripts, and graduating.

DEPOSITS

International students are required to pay a $3,000 deposit prior to admission to the College. This is coordinated through the International Student Office.

Students must notify the Business Office when they have deposited money available to pay tuition. At the student's request, additional deposit money may be released for the purchase of books at the college bookstore.

Students are encouraged to deposit money prior to each semester of enrollment. Call the International Student Office at the Ankeny campus for information.

CAMPUS BOOKSTORE PURCHASES

Bookstores are located at each DMACC campus. Students should purchase books at the campus they will be attending. Online class books are available ONLY at the Ankeny campus bookstore. Financial aid credits may be used at the bookstore after the authorized aid has been released to accounts.

PAYMENT POLICY

Payment for credit class enrollment must be made by the published due date. If fees are paid by a third party or employer, it is the student's responsibility to make sure the documentation is provided to Student Accounts prior to the payment due date. Financial Aid may hold your enrollment if all of the proper documents have not been provided to that office. A payment plan is available online with FACTS management company. Please refer to the current Credit Course Schedule for payment due dates and payment plan options.

Important: Credit classes enrollment MAY be canceled if payment or payment arrangements are not made by the payment due date. STUDENTS are responsible for dropping classes if they DO NOT plan to attend. Please refer to the current Credit Course Schedule for payment due dates, payment plan options, and the refund policy each term.

Payment for Non-Credit Continuing Education classes is required when registering.

REFUNDS

Important considerations before dropping classes:

1. Students should consider consulting with an advisor or counselor.
2. Students should consider insurance issues affected by dropping classes.
3. Students should consider a possible reduction of financial aid. See the Financial Aid Recipients section of this catalog.

Student refunds are computed by using:

1. The date the Student Registration Office receives a formal drop form from the student or
2. The date the Student Registration Office receives a phone call or fax from the student requesting a class drop or
3. The date the student initiates a drop via the Internet.

NOTE: Students eligible for a refund will receive a check in the mail or a refund adjustment to their previous MasterCard/VISA or Discover payment.

REFUND SCHEDULE

(normal/full-length term classes only)
First Week of term 100%
Second Week of term..............100%
After Second Week of term....No Refund

Important:

1. Refunds for classes other than the normal full-term length will be prorated. A complete copy of the refund policy for all semesters is available at all campuses in the Business/ Student Accounts Offices.
2. Refunds for TV classes are based on the published class/term dates—NOT the viewing dates.

DMACC reserves the right to change the Refund Schedule at any time.

EDUCATION TAX CREDITS

Federal income tax credits are available to persons who pay higher education costs. The amount of credit is determined by the amount of qualified tuition and related expenses paid for a student and the amount of the tax filer's adjusted gross income. Education tax credits are subtracted from the tax amount owed. For more information concerning how to qualify for these credits, call the IRS Help Line at 1-800-829-1040 or call 1-800-829-3676 and ask for IRS publication 970, Tax Benefits for Higher Education. Details are also available on the Internet at http://www.ed.gov/inits/hope/.

TRAFFIC FINES

Parking in handicapped stall ....$ 100.00

Illegal parking..$ 10.00

Improper permit displayed or no permit displayed ....$ 10.00

Parking in unauthorized area ....$ 25.00

Moving violation...$ 50.00

Littering, reckless driving, driving in unauthorized area ....$ 50.00

Des Moines Area Community College reserves the right to change tuition, fees and fines.

FINANCIAL AID

HOW TO APPLY FOR FINANCIAL AID AT DMACC

Financial aid at DMACC is need-based. The College believes that the financing of an undergraduate education is a partnership between the student and college and the student should pay to the extent they are capable.

Students apply for financial aid at DMACC by filing a Free Application for Federal Student Aid (FAFSA). Eligibility for funds is based on a federal formula and each student's financial situation, as well as DMACC's cost of attendance. The following topics provide basic information concerning the financial aid awarding process at DMACC.

Budget Allowances

In addition to tuition and fees, allowances are made for room and board, personal expenses, books and supplies, child care and transportation in determining financial need.

Cost of Attendance

Estimated costs for a full-time undergraduate student, based on the 2006–2007 budget, are as follows:

	Iowa Resident	Nonresident
Tuition and Fees	$2,940	$5,880
Books and Supplies	$900	$900
Room and Board	$5,050	$5,050
Personal/Misc.	$1,568	$1,568
Transportation	$1,950	$1,950
Total	$12,408	$15,348

FILING REQUEST FOR SPECIAL CONSIDERATION

There are times, after receiving the award notification from the DMACC Student Financial Aid Office that a student/family may find it difficult to finance their expected contributions due to changes in their financial circumstances. If this is the case, a student/family may file a Request for Special Consideration. If a student/family has new or additional information concerning their financial circumstances, it should be submitted in writing and sent to the attention of the Director of Student Financial Aid, Ankeny Campus. Any supporting documentation should be sent with the Request for Special Consideration.

FINANCIAL AID

FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA)

One application is all it takes. Applications are available at all campuses. Students may access the Free Application for Federal Student Aid (FAFSA) on the Web at www.fafsa.ed.gov. Students may access the Web by using computers available in the Student Financial Aid Office located in Building 1 on the Ankeny Campus.

1. Continuing students will be mailed a renewal FAFSA and student PIN from the U.S. Department of Education between November and December each year.

2. New students may apply on the Web at www.fafsa.ed.gov or pick up a copy of the FAFSA from high school guidance offices or from the DMACC Financial Aid Office on the Ankeny Campus or from the Business Office on the Boone, Carroll, Newton, Urban and West Campuses.

WHEN TO APPLY

It is necessary to file a FAFSA each year. Priority consideration will be given to students who apply by April 1 prior to the fall term.

1. Complete the FAFSA as soon after January 1 as possible.

2. Make sure the appropriate signatures are on all forms.

3. Review all data before mailing the FAFSA. Check the student's social security number and birth date. ESTIMATED tax data may be used, but it is preferred that taxes be completed before filing the FAFSA, when possible.

4. Mail the FAFSA in the attached envelope.

5. If the student will be filing the FAFSA by using the Internet, it may be necessary to print the signature page and mail it to:

   Federal Student Aid Programs,
   P.O. Box 4008, Mt. Vernon, IL 62864-8608.

FINANCIAL AID UPDATES ON THE WEB

Once students have enrolled at DMACC and applied for financial aid, they may check on the status of their financial aid by reviewing DMACC's student website at www.dmacc.edu. Students will need their DMACC student PIN numbers.

TO OBTAIN A DMACC PIN

To request a PIN number, or if the student has forgotten their PIN number, contact:

1-800-362-2127, ext. 6800 or 515-964-6800 or email to: info-sys@dmacc.edu.

Helpful hints section:

1. Keep together copies of all forms, letters, award notices and financial aid-related documents.

2. Include student's name and Social Security number on all correspondence.

3. The student will be contacted by the DMACC Financial Aid Office if additional documents, such as tax returns, are needed.

TYPES OF AID (GRANTS & SCHOLARSHIPS)

Federal Pell Grants

These grants are awarded based on financial need and are available if the student has filed a FAFSA, shows financial need and does not have a bachelor's degree. Students should contact the DMACC Financial Aid Office concerning their eligibility.

Federal Supplemental Educational Opportunity Grants (SEOG)

SEOG is available for undergraduate students who have completed and filed a FAFSA, are enrolled at least half-time and show exceptional financial need. The maximum amount is $500.00 for a full-time student.

Iowa Vocational-Technical Tuition Grants (IVTTG)

IVTT Grants are available for students enrolled in vocational-technical programs. The Iowa College Student Aid Commission through notification by DMACC makes IVTTG awards. The maximum annual award is $1,200.

Iowa Grant

These grants are available to undergraduate students enrolled at least half-time who have applied for financial aid and show exceptional need. The maximum amount offered is $1,000 per academic year.

State of Iowa Scholarship Program

This program was established by the Iowa Legislature to provide recognition and monetary awards to Iowa's top high school students. To be considered a state scholar, a student must: (1) meet the state's requirements and be a designated State of Iowa Scholar, (2) be entering as a freshman at DMACC and (3) plan to enroll full-time. Students should see their high school counselor for assistance. The maximum amount is $400.00 for the freshman year only.

Miscellaneous Scholarships

Scholarships available from off-campus sources are posted on the Financial Aid bulletin boards on each DMACC campus.

APPLYING FOR DMACC AND OUTSIDE SCHOLARSHIPS AND GRANTS

DMACC Scholarships and Grants

The DMACC Foundation provides funds for DMACC students as scholarships and grants. Foundation money comes from private sources, including individual donations, business and industry support and a variety of fund-raising activities. These awards are competitive and are awarded through an application process. Most awards are based on both financial need and academic achievement, with a few that are based solely on academic achievement. A full listing of Foundation scholarship awards available college-wide can be found on the Foundation's website: www.dmacc.edu/foundation.

How to Apply

Students may apply for most DMACC Foundation scholarships by completing a Generic Scholarship Application form on the DMACC Internet site at: www.dmacc.edu/foundation, or by calling 515-964-6278 or 800-362-2127, ext. 6278 and asking for an application form. Program-specific forms are available from program chairs. The Financial Aid Office also has special application forms for several named scholarship funds. For most scholarships, the annual deadline date is April 1. Completed applications must be returned to the Financial Aid Office. Incomplete applications or those received after the deadline date will not be considered.

CRITERIA AND CONDITIONS FOR DMACC FOUNDATION AWARDS

The Foundation requires all applicants to have a minimum verifiable cumulative grade-point average (GPA) of 2.0 and be enrolled at DMACC (any campus) for a minimum of 6 credit hours. Specific scholarships may have higher minimum criteria. GPAs can be from high school, other colleges, or from the students' prior or current DMACC attendance. If a GPA is not from DMACC, copies of transcripts must accompany applications.

For most DMACC Foundation scholarships, students must verify financial need; filing an application for federal financial aid is the best way to do this.

Examples of Awards:

Erskine F. and Vina G. Bennett Scholarships

This award is for full-time students at the Newton campus and requires a 3.0 GPA. The award is need-based and pays all tuition and fees for the Fall semester. Term offered: Fall (not renewable).

FINANCIAL AID

Melvin G. Straub Scholarship in Graphic Communication

This award is for students in graphic communication with a minimum 2.5 GPA as they enroll for their third (summer) term. Term offered: Summer semester (renewable for Fall).

DMACC Pioneers Scholarships

These scholarships are funded by the DMACC Pioneers, an organization of retired DMACC and Iowa Department of Education employees. To be eligible, a 2.75 GPA is required. Awards are renewable dependent on maintaining minimum criterion. Term offered: Fall

The Pella Rolscreen Scholarship

Application for this award is open to Ankeny and Carroll campus students only. This scholarship requires a 3.0 GPA and is need-based. Term offered: Fall

Lue B. McLain Trust Scholarship

Application for this award is limited to Newton Community Schools graduates or Jasper County resident students. This scholarship requires a 2.5 GPA and is need-based. The award may be used at all campuses. Award is $500. Term offered: Fall (renewable for Spring).

Sciences & Humanities Scholarship

Must be a Liberal Arts student. Requires a 3.0 GPA. Preference given to nontraditional students. Term offered: Fall

Al Borchers Memorial Scholarship

Awarded to student enrolled full- or part-time in a Business/Math Program at the Newton Campus. Must be a Jasper County resident with a minimum 2.5 GPA. Term offered: Fall (not renewable).

DMACC ALUMNI ASSOCIATION

DMACC Alumni Association Scholarships and Grants

DMACC's Alumni Association annually awards scholarships to outstanding DMACC students. These awards are made possible through special alumni fund-raising activities and gifts to the Association for this purpose. Contact the DMACC Alumni Office for more information. Term offered: Spring.

HOW DMACC AWARDS ARE PAID

Unless otherwise stated on specific applications, all awards are for tuition and books at DMACC only and for the semester for which the award is given. Some awards are renewable for the following terms. All awards will be applied directly to a student's account at DMACC. If a recipient fails to maintain his/her original enrollment criteria or drops out before the term ends, he/she may be required to repay the DMACC Foundation.

Outside Scholarships and Grants Websites

FASTWEB – http://www.fastweb.com

CollegeQuest – http://www.collegequest.com

CASHE – http://www.cashe.com

Tips for Applying for Outside Scholarships and Grants

- Focus on scholarships/grants with criteria that closely match the student.
- Send a self-addressed stamped envelope when requesting applications and information about scholarships/grants.
- Be aware of deadlines.

EMPLOYMENT

College Work-Study Program (CWSP)

The College Work-Study Program is for students who show financial need. To be eligible a student must be enrolled and show financial need. The College Work-Study Program offers part-time jobs on and off-campus. Students should contact the DMACC Student Employment Assistance Office for available positions.

Community Service/America Reads/Counts

DMACC is an America Reads/Counts College. Students who are College Work-Study eligible may be employed as tutors for children in reading and math. As America Reads tutors, students may work in a child care center, a school, an after school program or a library. Community Service and America Reads/Counts opportunities are listed in the Employment Assistance Offices on all DMACC campuses.

STUDY ABROAD

A student in a study abroad program is eligible for aid if the program is approved for credit by an eligible school and the student is enrolled as a regular student at the eligible school. DMACC will accept the study abroad coursework for credit. The coursework does not have to be required for the student's degree program. DMACC must have a contractual agreement with the foreign school or a single written arrangement with a study-abroad organization to represent agreement between DMACC and one or more foreign schools. A financial aid advisor will assist you with obtaining financial aid for study abroad. Visit the Financial Aid Office on the Ankeny Campus or call 515-964-6283.

LOANS

Federal Direct Student Loan Program—Subsidized and Unsubsidized:

These are need-based, fixed 6.8 percent interest rate loans available to assist students for educational costs. Students must file a completed Free Application for Federal Student Aid (FAFSA) and be enrolled at least half-time to apply for a loan. The government pays the interest on the subsidized loan during periods of enrollment and the six-month grace period. The student pays all interest after receiving an unsubsidized loan. Repayment for both loan types begins six months after terminating enrollment or dropping to less than half-time. The maximum annual subsidized/unsubsidized Direct Loan amounts are $2,625 for freshmen and $3,500 for sophomores. Independent students may be eligible to receive additional unsubsidized loans. Loan funds cannot be released until 30 days after the term starts if the student is a first-time borrower. Entrance and exit counseling are required.

Federal Direct Parent Loans for Undergraduate Students (PLUS)

A PLUS loan is a fixed 7.9 percent interest rate loan on Direct Loans is available to parents of dependent students. Students must be enrolled at least half-time. Parents can borrow the cost of the dependent student's education minus any financial aid the student receives. Parents apply through the DMACC Financial Aid Office.

PARTNERSHIP LOANS

The Partnership Loan Program provides low-interest loans to students and families who would not otherwise receive adequate amounts of student aid. Students may obtain additional information by calling 1-800-542-6005.

Entrance Counseling

All first-time borrowers at DMACC are required to attend an entrance counseling session. Students may use the Internet Entrance Counseling-tutorial at www.dl.ed.gov or visit the Financial Aid Office.

Exit Counseling

Students leaving or graduating from DMACC must complete the Exit Counseling requirement. It is important for students to know the amount of their loans, as well as

FINANCIAL AID

repayment options and requirements and loan cancellation provisions. Students may use the www.dlservicer.ed.gov to complete the Exit Counseling requirement or visit any DMACC campus for Exit Counseling.

VETERANS EDUCATIONAL BENEFITS

The DMACC Veterans Services office assists students in applying for veterans' educational benefits, acts as a liaison between the student and the federal Department of Veterans Affairs (DVA) and serves as a resource to other DMACC departments and services.

Students who could be eligible for veterans educational benefits through the VA are: former full-time-active-duty U.S. military veterans, current members of the Iowa National Guard, current members of U. S. military reserve units, participants in the VA vocational rehabilitation program, and surviving dependents and spouses of service related disabled or deceased veterans.

Application for veteran benefits should be completed when applying for admission to DMACC. Forms are available from the veterans office on the Ankeny campus. The application process for new claims takes a minimum of eight weeks to complete by the DVA. Therefore, appropriate paperwork should be completed as early as possible.

DMACC is an SOC–Servicemembers Opportunity College–and career and degree programs are approved by the DVA for VA benefits. Monthly pay rates are set by Congress and the DVA. They vary according to students' benefits categories and are based on credit hour enrollment for each term. Further details may be obtained at the Office of Student Financial Aid/Veterans Services, Ankeny Campus, 515-964-6284, or toll-free number 1-800-362-2127 or on the Web at www.dmacc.edu/veterans.

Iowa National Guard

The Iowa National Guard Educational Assistance Program may pay up to 50 percent of an eligible student's tuition (not additional class fees) Fall and Spring semesters at DMACC. Eligible students must be active members of the Iowa Army or Air National Guard. The Iowa Adjutant General (TAG) determines eligibility for this tuition assistance program and funding for it is determined annually by the Iowa General Assembly. Individuals must apply for this grant through their Guard unit commander each spring for the coming academic year. TAG notifies the Iowa College Student Aid Commission (ICSAC) of approved application. That agency notifies DMACC of the student's eligibility and authorizes payment of the funds to DMACC.

Iowa New Choices

The Iowa New Choices Program located at the Boone, Urban and West Campuses provides support to single parents who have full or joint custody of minor children, single pregnant women, or low-income Iowans receiving public assistance or preparing to enter the job market.

The support services include academic advising, career assessment and planning, referral services to various community agencies and the promotion of nontraditional occupations. Financial assistance may be provided in the following forms: Bus passes on a first-come, first-serve basis; mileage allowance to the Ankeny and Urban campuses if the student lives outside Polk County; childcare assistance if not eligible for State block grant. All financial assistance depends on availability of funds. Details may be obtained from the Iowa New Choices Office on the Urban Campus, 515-248-7520.

Similar services are also available at the Boone and Carroll campuses.

Dislocated Workers

Adults whose jobs are being eliminated through downsizing or business closing should contact the Dislocated Worker Center in their county.

Strive

The STRIVE (Selected Training Received in Vocational Education) Program provides vocational education to special needs students from high school. Details may be obtained from the STRIVE coordinator on the Ankeny Campus.

Vocational Rehabilitation

Through a special agreement with the Iowa Division of Vocational Rehabilitation Services, a rehabilitation counselor is assigned to DMACC to provide rehabilitation services to eligible students. These services include assistance in obtaining medical evaluations, vocational evaluations, physical restoration, job training, financial aid and job placement.

REQUIREMENTS FOR CONTINUED FINANCIAL AID ELIGIBILITY

Satisfactory Academic Progress (SAP)

Federal regulations require that students maintain satisfactory academic progress in the program of study they are pursuing in order to receive financial aid. At DMACC, students must earn and maintain a minimum cumulative grade-point average of 2.00. Students must also earn a minimum number of credits per semester to continue receiving aid. Financial

aid includes all federal and state grants, college work-study and loans, including the Federal Direct Student Loans. Academic records will be reviewed every semester.

FINANCIAL AID ACADEMIC PROGRESS STANDARDS

Financial Aid Academic Progress Standards are established to encourage students to successfully complete courses and progress satisfactorily toward program completion. Students shall maintain the following academic standards to continue receiving financial aid:

1. Qualitative Measurement:

    a. During the first term a student is enrolled and receiving financial aid at DMACC he/she must earn a minimum grade-point average of 2.00.

    b. Subsequent terms will require the student to earn a cumulative GPA of at least 2.00.

    c. Acceptable grades to maintain a cumulative 2.00 GPA are: A (superior), B (above average), C (average), P (pass), T (credit by testing). A grade of D (below average) will be acceptable only from the standpoint that it is figured into the cumulative GPA.

    d. If a student receives an I (incomplete), W (withdraw or dropped), X (repeats), or F (failing), he/she may receive financial aid as long as the student completes the required minimum hours for each calendar year and maintains a cumulative 2.00 GPA.

2. Quantitative Measurement:

    a. If receiving aid as a full-time student (registered for 12 or more credits), a minimum of 8 credits must be earned each regular semester (16 credits per calendar year).

    b. If receiving aid as a 3/4 time student (registered for 9, 10,or 11 credits), a minimum of 6 credits must be earned each regular semester (12 credits per calendar year).

    c. If receiving aid as a 1/2 time student (registered for 6, 7 or 8 credits), a minimum of 4 credits must be earned each regular semester (8 credits per calendar year).

    d. Minimum credits not earned will result in deficit credits. The number of deficit credits must be eliminated the next term of enrollment.

    e. Summer credits earned will be included when totaling minimum credits completed for each calendar year.

FINANCIAL AID

3. Warning Status

   Students will be placed on Warning Status if either the qualitative or quantitative criteria are not met. During the next term of enrollment, the student must increase his/her grade-point average to a cumulative 2.00 GPA if the qualitative measurement was not met or not go deficit. If the student does not earn the minimum required credits, he/she must earn the deficit credits the next term that he/she is enrolled in addition to the minimum credits required by the next term while maintaining GPA. (Example: if a full-time student is deficient by 4 hours Fall semester, a total of 4 + 8 credits with an appropriate GPA must be maintained Spring semester).

4. Cancellation of Eligibility

   The second consecutive term a student fails to meet one or more of the minimum progress standards, he/she will have his/her eligibility for financial aid cancelled.

5. Regaining Eligibility

   To regain eligibility for financial aid, the student will be required to regain cumulative 2.00 GPA at his/her own expense. If the student did not earn the minimum credits for which he/she received aid, the student must earn the number of deficit credits, as indicated in point 3 above, at his/her own expense. If the student is re-enrolling after an absence of one or more terms and has had financial aid cancelled, the minimum qualitative and quantitative standards to regain eligibility must be met. If he/she feels extenuating circumstances prevented these standards from being maintained, an appeal may be made in writing to the Financial Aid Appeal Committee.

   If the student is reinstated for financial aid as a result of an appeal, attendance and compliance with the committee's instruction letter will be monitored. If the student is reported as not attending classes or not complying with the terms of the appeal, any subsequent financial aid will be cancelled.

6. Transfer Students

   Students transferring to DMACC may have credits accepted at DMACC, but accepted credits will not be figured into the cumulative GPA. Students will be held responsible only for academic progress made at DMACC.

7. Appeals of Cancellation of Eligibility

   A student may submit a written appeal documenting extenuating circumstances that prevented him/her from meeting minimum standards. Appeal forms will be mailed with the cancellation letters. The deadline for a written appeal will be indicated on the appeal form included with the letter of cancellation. Additional forms are available at the Financial Aid Office, Ankeny Campus, and the Business Offices at the Boone, Carroll, Newton, Urban and West campuses.

   A student may be required to meet with an academic counselor before aid is finalized. Following the Appeal Committee's meeting, students may call the Financial Aid Office concerning the Committee's decision. In addition, a written summary of the Committee's decision will be mailed to the individual student.

8. Duration of Eligibility

   Students who have earned two (2) Associate Degrees at DMACC will need to seek the advice of an academic counselor before receiving further financial aid.

   Students who have earned 150 percent of the number of credits required to graduate in their program will need to seek the advice of an academic counselor before receiving further financial aid. (Example: The student's program requires 64 credits for completion; the student has earned 96 credits without completing the program, he/she will need to seek advice from an academic counselor.)

   NOTE: The student's program of study may require more credit hours than the minimums stated by this policy.

REPEATING CLASSES

Financial Aid will monitor students with excessive retakes and this may result in a financial aid warning or cancellation.

When students retake a class that has a grade higher than an "F", the credits are reduced in the semester the original class was taken. This could result in the student being short credits.

Example:

A part-time student enrolled in 7 credits gets a "D" in a 4-credit class and a B+ in a 3-credit class in the Fall and maintains a GPA of 2.00. His status is satisfactory. If he retakes the 4-credit class in the Spring, those 4 Fall semester credits will be removed and his status will be deficit one credit and would be on warning, even if the Spring semester credits and grades were satisfactory. The credits you earn for a class you have already passed will not be counted toward the number of credits required in the Quantitative Measurement for Satisfactory Academic Progress.

A retake of a class that has been passed will not make up deficit credits because it only replaces the grade for credits you have earned.

NEVER-ATTENDING PROCESS

(10th day — NA)

Prior to the 10th day of class, instructors are provided class lists and must identify students who have never attended their class. Students will receive a letter indicating the classes that were reported. Students are instructed that if they have been reported in error, they need to obtain their instructor's signature and submit the signed letter to the Information Center by the deadline provided. If the letter is not returned, the student is dropped from those reported classes and the student's financial aid is adjusted accordingly. If a balance is then due, a letter is sent to the student indicating the amount and a due date.

QUIT-ATTENDING PROCESS

(Midterm — QA)

Instructors are asked to report students who have quit attending. A letter is sent to the student showing what classes have been reported as QA. The student must obtain the instructor's signature and submit the signed letter to the Financial Aid Office. If all instructors report a student as QA, a Return of Title IV calculation is completed. The student is dropped from his classes and receives a letter telling him of any amount he may owe to the College or Department of Education and the methods of repayment. Those students who are reported in some, but not all of their classes as QA should consider dropping those courses in order to avoid receiving a failing grade.

LEAVE OF ABSENCE

A leave of absence may be granted to a student who leaves DMACC for military reasons or for jury duty. Only one leave per academic year will be allowed. The student must return by the end of the leave of absence or the student is treated as a withdrawal.

FINANCIAL AID RECIPIENTS

If any amount of tuition is paid with funds from a Title IV Program and the student withdraws during the established refund period, the Title IV program funds will be adjusted and any unearned aid will be returned in the following order: Loans: Federal Unsubsidized, Federal Subsidized and Federal Plus. Grants: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant and Other Title IV programs. Under federal law, DMACC must return the funds as soon as possible, but no later than 45 days after DMACC determines the student's withdrawal date.

FINANCIAL AID

RETURN OF FINANCIAL AID

Title IV Funds

A student's financial aid is based on the number of classes the student is enrolled in and the number of days the student is enrolled in classes. When a student initiates a withdrawal from one or more classes, the amount of financial aid the student is eligible to receive is affected.

The Return of Title IV funds to the federal government is based on a calculation that determines how much aid the student is eligible to receive and how much the student is no longer eligible for, because he/she is no longer enrolled in school. This calculation is applicable until the student has completed more than 60 percent of the semester. Once the student has completed more than 60 percent of the semester, all financial aid is considered earned.

For example:

If a student completed 10 percent of the semester, the student will have earned 10 percent of the financial assistance awarded for the semester. Any aid above and beyond the 10 percent is considered unearned and must be returned to the federal government.

Who Is Responsible for Returning the Unearned Funds?

As prescribed by federal law, DMACC is required to return the lesser of:

- The unearned amount of the financial aid; or
- An amount equal to the student's total institutional charges for the semester, multiplied by the percentage of unearned aid.

  As prescribed by federal law, the amount the student must return is:

- The unearned amount of Title IV assistance minus any funds DMACC returned.

If the student is required to repay unearned loan funds, these funds will be repaid in accordance with the terms of the promissory note. That is, through scheduled payments to the holder of the loan over a period of time.

If the student is required to repay unearned Pell and/or SEOG Grant funds, the law provides that the student is only required to return grant funds if the final grant overpayment amount exceed 50 percent of the total grant assistance the student received for the payment period.

Any unearned grant money must be repaid by either making arrangements with DMACC or with the U.S. Department of Education.

Example:

Bill Dollar is a returning student from Des Moines who was disappointed to have to withdraw from DMACC during the semester, particularly since he is doing very well in the 12 credit hours he is taking. Bill has to withdraw for personal reasons.

Bill was awarded the following financial aid, which was credited to his student account:

Federal Direct Student Loan	**$1,261**
Federal Pell Grant	998
Federal SEOG	250
Total Financial Aid Awarded	**$2,509**

Bill completed only 11 days of classes or 10 percent of the semester. Bill's tuition and fee charges for the full semester are $1,176.00.

To determine how much money must be returned by DMACC and Bill, the financial aid staff must first determine how much financial aid Bill did not earn.

Since Bill only attended 10 percent of the semester, he only earned 10 percent of his financial aid. Therefore, the unearned percent of his financial aid is 90 percent.

Total Financial Aid Awarded	**$2,509**
Multiply Percent of Unearned Aid	**X .90**
Amount of Unearned Aid	**$2,258.10**
Per federal requirements, DMACC and Bill must repay a total of $2,258.10.	

DMACC is required to return the lesser of the unearned amount of financial aid or the amount of total institutional charges multiplied by the percent of unearned aid.

In this example DMACC would be required to pay back the amount of institutional charges because it is the lesser amount.

Total Institutional Charges	**$1,176.00**
Multiply Percent of Unearned Aid	**X .90**
Amount to be Repaid	**$1,058.40**

Bill is required to return the remaining unearned amount.

Total Unearned Aid	**$2,258.10**
Subtract Percent of Unearned Aid	**-$1058.40**
Amount Bill Must Repay	**$1,199.70**

Amount and Order of Repayment

In the example, both DMACC and Bill must return loan funds. After completing the calculations and following the repayment guidelines, it was determined that DMACC should repay $1,058.40 to Bill's loan. Bill will be required to repay $202.60 to the Federal Direct Student Loan Program, through a repayment plan in accordance with the terms of his promissory note.

In addition, based on the calculations, $997.10 of Bill's Pell Grant was unearned. As DMACC has already paid the total amount it owes to the loan program, Bill is responsible for paying back 50 percent of the unearned Pell Grant.

Unearned Pell Grant	**$997.10**
X .50	**$498.55**

TITLE IV GRANT OVERPAYMENT

If a student is required to repay an unearned grant (overpayment), the student will remain eligible for Title IV aid up to 45 days after the student has been notified of the overpayment. The student may resolve the overpayment by repaying the overpayment in full to DMACC, by making satisfactory repayment arrangements with DMACC, or by making satisfactory repayment arrangements with the U.S. Department of Education.

Outstanding Balance on DMACC Account

If a student withdraws from DMACC prior to completing 60 percent of the semester, the student is responsible for paying any outstanding tuition and fee charges that remain after DMACC has repaid any unearned financial aid to the federal government.

Example:

Bill's tuition for the term is $1,140.00. Because Bill withdrew during the third week of classes (11 days), his tuition refund is calculated at 0 percent. Because Bill only earned 10 percent of his financial aid, only $251.00 of his DMACC bill was covered. Bill still owes DMACC $889.10. He will need to make payment arrangements with the DMACC Student Accounts Office.

Post-Withdrawal Disbursement

The federal law provides that, if a student did not receive all of his/her earned financial assistance prior to leaving school, DMACC may credit a student's account for any outstanding institutional charges. However, DMACC must seek the student's written permission within 30 days of the student's withdrawal date to do so.

Questions Concerning Return of Financial Aid Title IV Funds

Contact the DMACC Financial Aid Office by calling 1-800-362-2127, ext. 6282, for additional information concerning the Return of Title IV Aid or at www.DMACC.edu/finaid.htm. As the regulations governing Return of Title IV aid are subject to change, refer to DMACC's financial aid website www.DMACC.edu/finaid for up-to-date information.

ACADEMIC INFORMATION

ACADEMIC INTEGRITY

Academic integrity, doing one's own work in course assignments and in tests, is one of the most important values in higher education. Receiving credit for plagiarizing or cheating violates that value. It is unacceptable for students to submit another person's work as their own. If students quote, summarize, paraphrase or use an author's idea, they must acknowledge the source; otherwise they are plagiarizing. Allowing others to accept credit for work not their own in tests or in written and oral reports is also cheating. Students who plagiarize or cheat will be held accountable by their instructor and are subject to the sanctions outlined in the Academic Misconduct Procedure.

ACADEMIC RECOGNITION

Dean's/Provost's List: Students who have earned 6 credits in any term with a 3.50 to 3.99 grade-point average are honored by being named to the Dean's/Provost's List. Students are mailed a certificate from their respective Dean or Provost and the names of students on the list are published in their "hometown" newspaper.

President's List: Students who have earned 6 credits in any term with a 4.00 grade-point average are honored by being named to the President's List. Students are mailed a certificate from the president and the names of students on the President's List are published in their "hometown" newspaper.

ATTENDANCE AND ENROLLMENT

Students have the primary responsibility for dropping courses or withdrawing from the College if they decide not to attend. The College, however, has administrative procedures whereby students may be dropped.

At the beginning of the semester, instructors are asked to report the names of students who do not attend class. Students are notified and, if they wish to remain in class, must obtain their instructors' written permission. Financial aid may be adjusted for students who are administratively dropped.

When one-third of the term has passed, instructors are asked to report students who quit attending class and/or who have grades below 2.00. All students on the report are notified. Those students who quit attending all courses and have financial aid may be dropped. Students may be required to repay financial aid under the federal repayment formula and will be notified. (For information on the Return of Title IV Funds, please see the Financial Aid section.) The students will have the established options to appeal in writing to the Financial Aid Appeals Committee or the Petition for Policy Waiver Committee.

AUDITING COURSES

Students may enroll in any course on an audit basis if space is available. The same tuition and fees are due for audited courses. Each audited course will appear on the student's transcript with no credit and a mark of audit ("N"). Students auditing courses are not required to complete regular assignments or examinations, though attendance is expected. Enrollment on an audit basis does not qualify for financial aid or insurance purposes.

The deadline for changing a course from "credit" to "audit" is the same as the deadline for dropping classes. The completion of a Drop/Add form is required. Once a class has been placed on an audit status, it cannot be changed back to credit.

GRADE REPORTS

Final grade reports are issued approximately one to two weeks after the end of a term. Progress grade reports are issued prior to midterm and the deadline for dropping classes. This report notifies students who are not progressing satisfactorily (receiving F, D-, D, D+, or C-grades) of services available to help them improve their academic performance. Students who have quit attending class are also notified.

GRADING SYSTEM

Grading Scale

The grading scale and designations for DMACC coursework are listed below. Please note that it is the option of each faculty member whether or not to incorporate the plus/minus values into their grading scale. The course syllabus should specify the grading scale.

Letter Grade	Numerical Value
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	.67
F	.00

Other Grade Designations:

W	Withdrawn/dropped
I	Incomplete
N	Audit
P	Pass
T	Testing
L	Life Experience
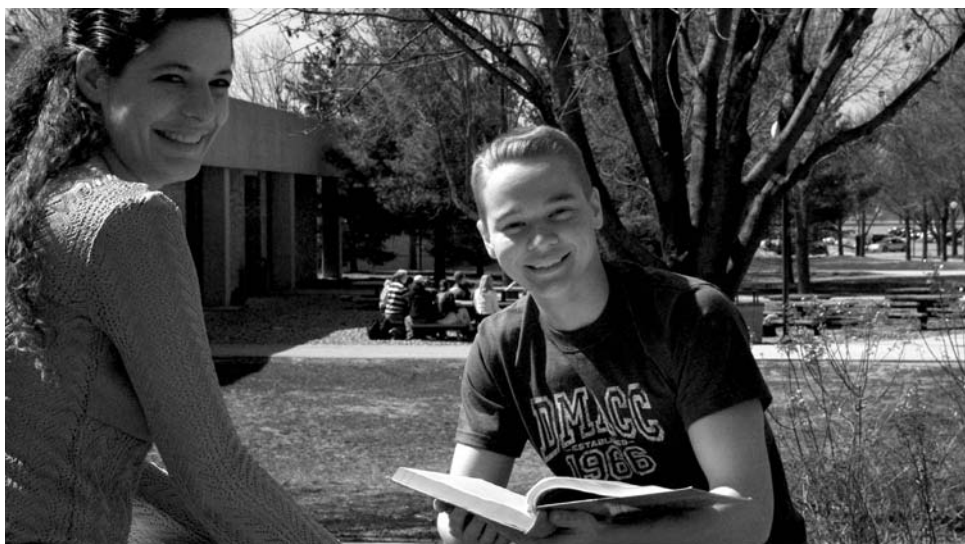

ACADEMIC INFORMATION

COMPUTING GPA

The method of computing grade-point average (GPA) is as follows:

a. Multiply hours of credit in each course by the appropriate numerical value of the grade to find the quality points.

b. Total the quality points earned.

c. Divide the total quality points earned by the total number of semester hours taken (excluding courses in which a "W," "I," "N," "P," "T," or "L" was received).

Example:

	Semester Hours		Grade		Quality Points
Composition I	3	X	B+ (3.33) =		9.99
Fundamentals of Speech	3	X	A (4.00) =		12.00
Finite Mathematics	4	X	C- (1.67) =		6.68
Intro to Computer Literacy	3	X	C+ (2.33) =		6.99
Elementary Spanish	4	X	D+ (1.33) =		5.32
TOTAL	17 semester hours				40.98

Divide 40.98 points by 17 semester hours = 2.411

REPEAT COURSEWORK

Students may repeat a course previously taken at DMACC if the course is currently being offered. When a course is repeated, only the hours and the grade-point value of the last grade earned will be included in calculating the grade-point average. Earlier grades recorded for the repeated course will remain on the transcript record, but will be excluded from the GPA calculation. Withdrawing from a course that is being repeated and receiving a grade of "W" does not constitute a course repeat.

Repeat Symbols

I   Grade value included in the GPA calculation

E   Grade value excluded in the GPA calculation

The repeat symbol will be noted in the far right column on the transcript record next to the respective course.

Example:

FL 92-93 PSCH 101   D   3.00 E

SP 95-96 PSCH 101   A   3.00 I

GRADE APPEALS

Students should first attempt to resolve the matter with their instructors. If students wish to proceed further, they should follow the steps outlined in The Appeal of the Final Grade procedure. A copy of this procedure is available in any DMACC Student Service office. An ombudsperson is available on each campus to assist with the appeal process.

Repeat, Incomplete and Failing Mark Policies

Students unable to complete some portion of assigned course work during the regular term may sign a contract with an instructor approving an "I" (Incomplete) grade. In such cases, the students must complete the course by the midterm date of the following term. Incomplete grades are generally not approved unless there is an extenuating circumstance such as serious injury or illness. An extension of time to complete the work for the course may be granted by the instructor until the end of the term. "Incomplete" grades automatically change to "F" grades if the work is not satisfactorily completed within the time period specified.

Students who fail a required course may repeat and pass that course at Des Moines Area Community College in order to fulfill graduation requirements. Whenever a course is repeated, only the latter grade is included in the computation of the grade-point average. Both grades will appear on the transcript. The earlier grade will be followed by the symbol (E) because that grade is excluded from the grade-point average (GPA). The new grade will be followed by the symbol (I) to designate that it is included in the GPA The repeated course must be the exact course that was taken earlier in order for the repeat procedure to apply. This privilege does not pertain to courses failed while in attendance at other colleges and universities. Des Moines Area Community College cannot make changes in the grades issued by other institutions. Withdrawing from a course that is being repeated and receiving a grade of "W" does not constitute a course repeat.

OTHER CREDIT OPTIONS AND SPECIAL OFFERINGS

Advanced Placement (AP)

This program allows students, while still in high school, to take examinations for credit at the college level. DMACC awards credit for advanced placement through the Advanced Placement Program in art, computer science, English, foreign languages, history, mathematics, music and sciences. AP credit will be applied to the student's permanent record as transfer (TRF) credit after a minimum of 12 semester hours of credit have been successfully completed at DMACC.

Advanced Standing Credit

A maximum of 30 semester hours of credit may be earned through proficiency examinations, military credit, national standardized tests and employment experience. Advanced Standing credit with the exception of transfer credit will be included on the student's permanent record after 12 semester hours of credit have been successfully completed at the college. Credit will not be granted if students have successfully completed college courses representing the same content.

Alternative Methods for Obtaining Credit

Students may obtain college credit for competencies gained through formal training, work experience, or certain approved examinations. Some alternative methods available include:

- Converting DMACC continuing education coursework to credit.
- Converting DMACC corporate training to credit.
- Earning credit for experiential learning through portfolio development or skills demonstration.
- Earning credit through the assessment of work experience.
- Converting certification or licensure from a state or national examination to credit.

Students should first examine the competencies for courses to determine which course or courses provide instruction in the subject area. Course competencies are available on the Internet via the DMACC homepage. "Student Application for Alternative Credit" forms are available in the Academic Records Office. Students then contact the dean or department chairperson in that subject matter area, who will determine if there is a possibility of obtaining credit and the method of assessment that may be available and appropriate for that course. Students may be required to complete a challenge test, develop a portfolio and/or provide documentation. There is a charge for awarding alternative credit. Credit for employment experience is limited to courses that meet program requirements for internship, career courses, practicum, clinical experiences, field experiences and seminars related to these types of courses.

Any credit awarded through alternative means will be posted to the transcript with marks of "T" or "L," which are not included in the grade-point average.

Challenge Tests (Local Department Examinations)

Students who have met the entrance requirements of the College and who are matriculating in a program of study leading to a degree, diploma or certificate may take locally

ACADEMIC INFORMATION

constructed departmental examinations for credit in certain specified areas for which they and the department feel they have the necessary preparation.

- Students may challenge test a course only once. This can occur at any time prior to formal registration in that course or, if the students are enrolled in the course, by the designated drop date for the course.
- A course that is a prerequisite to a course that has been successfully completed cannot be challenged.
- A challenge test cannot be used as a course repeat.
- Credit earned by challenge testing is entered on students' permanent records only when students have earned 12 credit hours at DMACC. A "T" grade is earned and is not included when computing grade-point average.

Students interested in taking a Challenge exam should contact the appropriate educational department for specific information on tests available and fees for testing.

Credit for Educational Experience in the Armed Forces

Educational experiences in the armed forces can be validated and accepted for credit by the College. Credit is granted based on statewide policies at Iowa colleges and universities and based on the applicability of the educational experiences toward meeting the requirements in the student's program of study. An American Council on Education (ACE) publication, "Guide to the Evaluations of Educational Experiences in the Armed Services," is generally used in making these determinations.

Credit is awarded only for significant learning experiences as recommended by the ACE guide. No credit will be awarded based on the Military Occupational Specialties evaluation program.

Credit may be awarded for course work completed via correspondence, classroom study and/or examination through the United States Armed Forces Institute. Credit may also be granted on the basis of scores earned on the Subject Standardized Test of the Defense Activity for Non-Traditional Educational Support. Copies of transcripts showing such work will be evaluated by the Office of Credentials.

College Level Examination Program (CLEP)

Des Moines Area Community College will award credit based on scores obtained on the General examinations and Subject examinations. Up to 30 semester hours of credit may be granted. CLEP credit will not be granted if it

duplicates credit for a course already taken. A minimum of 12 semester credit hours must be successfully completed at DMACC before the CLEP credit will be applied to the students' permanent records.

CLEP testing is available on the Ankeny campus. Contact the Assessment Center for more information.

Cross-Enrollment

Under a special agreement, a limited number of students may enroll, tuition free, in one course at Drake University, Grand View College or Iowa State University Fall or Spring semester, provided they are taking at least 12 semester hours at DMACC, have earned 12 semester credits (including transfer credit) and have a cumulative 2.00 GPA. This credit will be added to the DMACC transcript according to transfer credit guidelines. This agreement does not apply to Summer session.

For more information on Cross-Enrollment, contact the DMACC Registration Office.

High School Articulated Courses

DMACC has entered into joint enrollment agreements with some of the high schools in the district. Specific courses are offered in the high schools under curriculum guidelines jointly approved by DMACC and the high school. Credit earned through these agreements is recorded as transfer (TRF) credit.

Articulated credit is recorded on the student's permanent record after the student has applied for admission, earned 12 credits at DMACC and paid the required fee for each course being articulated.

Independent Study

Independent study provides an opportunity for the above-average student to do independent research in areas not covered in the regular curriculum or to explore in greater depth a topic covered in a course. Each independent study project must be arranged in advance through a supervising faculty member. The standard tuition charge will be made. Independent study may not be used to earn credit for any courses listed in the College catalog or substitute for any required or option courses in a program. Each independent study may be for one to four credits. A maximum of four hours of elective credit in any one term and eight hours in total may be earned through independent study. Students may register for course work in independent study at any time during the term.

International Travel/Study Courses

DMACC faculty in a range of disciplines have traveled extensively, lived or studied in countries around the globe. Wishing to share their interest in and expertise of a particular country or region

of the world, these faculty members arrange international travel and travel/study opportunities for students. Since the tours are educational travel, students may receive academic credit on designated trips. These international travel/study programs permit students to spend one or two weeks exploring a country, with additional time spent at home reading, writing and reflecting about the country they have experienced. Most travel/study courses are independent study credits issued under a global studies (GLOS) acronym.

For information on the Study Abroad in England program or international travel/study courses, please contact the Global Studies chairperson at 515-965-7032.

Postsecondary Enrollment Options Act

Eligible high school students may be accepted for admission to DMACC under Iowa's Postsecondary Enrollment Options Act. Approval by the high school is mandatory before high school students may be accepted under this program. If the students are approved and accepted, the high school will pay up to $250 per course of the cost of the tuition, fees, books, materials and supplies. Students enrolled under this program take DMACC courses and credit is earned as DMACC credit.

Semester Abroad

DMACC offers students an opportunity to take selected classes in English, speech, history and humanities during a Spring semester Study Abroad in London program. The program is offered by DMACC as part of the Iowa Community College International Association's Study Abroad Consortium. Students from all 15 of Iowa's community colleges spend 10 weeks in London studying with an Iowa community college instructor. A British professor at the University of London teaches British Life and Culture, a mandatory course in the curriculum. Classes are held on the University of London campus. Students reside with families in local homes. In addition to lectures and class discussions, students are able to take advantage of an expanded classroom, as they tour museums and historic monuments and attend live theatre performances in London and the surrounding area. Students are expected to enroll for 12 credits, which may include some independent study work. Program arrangements are made by the American Institute for Foreign Study, which specializes in study abroad programs for colleges and universities. Financial aid is available for study abroad.

ACADEMIC INFORMATION

SCHOLASTIC STANDARDS

The following applies only to credit enrollment at DMACC.

Passing grades are required in all courses outlined in the program of study. The cumulative grade-point average of 2.00 in all course work applicable to the degree, diploma, or certificate of specialization is required for satisfactory completion or progress.

Students who have attempted 12 or more credits with grades of A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F or P at Des Moines Area Community College are subject to the following academic progress standards:

1. Satisfactory academic progress is indicated by a cumulative grade-point average (GPA) of 2.00 or higher.

2. Guidelines for placing a student on "ACADEMIC PROBATION":

   a. A student whose cumulative GPA falls below 2.00 at the end of any term will be placed on ACADEMIC PROBATION for the next term of enrollment.

   b. Students on ACADEMIC PROBATION who are assigned more than one grade of C- or less grade at progress report time will be restricted from registering for future credit coursework until they have developed an Educational Achievement Plan with a counselor, advisor and/or program chairperson and obtained the appropriate signatures for approval.

   c. A student on ACADEMIC PROBATION will return to a status of "good academic standing" when his/her cumulative GPA is raised to 2.00 or higher.

   d. A student on ACADEMIC PROBATION will continue on probationary status if his/her term GPA for the term following his/her placement on probation is 2.00 or higher but the cumulative GPA remains below 2.00. This same rule will apply for the next term of enrollment.

   e. The College will not award a Certificate of Specialization, Diploma or Degree to a student who has a GPA below 2.00 in his/her chosen program of study. Only grades for coursework applicable to the chosen program of study will be calculated in the program GPA.

3. Guidelines for placing a student on "CONDITIONAL ENROLLMENT":

   a. A student on probation who earns a term GPA of less than 2.00 will be placed on CONDITIONAL ENROLLMENT for the next term of enrollment.

   b. If the student is registered for the following term and is placed on CONDITIONAL ENROLLMENT for that term, he/she will be required to meet with a counselor/advisor no later than the first day of the CONDITIONAL ENROLLMENT term to review his/her course selections. Failure to comply will result in canceled classes.

   c. If the student placed on CONDITIONAL ENROLLMENT is not registered for the next term, he or she must meet with a counselor/advisor prior to reenrolling in credit coursework.

   d. A student on CONDITIONAL ENROLLMENT who is assigned more than one grade of C- or less at progress time will not be allowed to register for the following term until his/her conditional enrollment term final grades are recorded.

   e. A student on CONDITIONAL ENROLLMENT who earns a term GPA of 2.00 or higher, but the cumulative GPA remains below a 2.00, will be placed on ACADEMIC PROBATION.

   f. A student on CONDITIONAL ENROLLMENT who earns a term GPA and a cumulative GPA of 2.00 or higher will be placed in good standing.

4. Guidelines for placing a student on "ACADEMIC SUSPENSION": A student on CONDITIONAL ENROLLMENT who earns a term GPA of less than 2.00 will be placed on ACADEMIC SUSPENSION and will not be allowed to enroll in credit coursework for a period of one term.

5. Guidelines for REENROLLMENT OF SUSPENDED students:

   a. After the non-enrollment period, a student on ACADEMIC SUSPENSION may apply for re-enrollment. Students who are placed on academic suspension at the end of the spring semester may not reenroll until the following spring semester.

   b. In all instances, a readmitted student will be placed on CONDITIONAL ENROLLMENT.

   c. A student seeking reenrollment must develop an Educational Achievement Plan with a counselor/advisor and/or program chairperson and obtain the appropriate signatures for approval.

   d. A student on Academic Suspension for a second or subsequent time may reenroll only after receiving written approval of the Director of Student Development.

   e. Individual programs may impose additional reenrollment requirements.

6. A student placed on ACADEMIC SUSPENSION may appeal. Students wishing to appeal should contact the Director of Student Development, Ankeny Campus.

STUDENT RECORDS-CONFIDENTIALITY

Student Records – Confidentiality – Family Educational Rights and Privacy Act (FERPA)

Des Moines Area Community College complies with the laws of the State of Iowa and the United States in the maintenance of, access to, and release of student records. All procedures conform to the Family Educational Rights and Privacy Act (FERPA), sometimes referred to as the Buckley Amendment.

At its discretion, DMACC may provide certain information designated as "Directory Information" to the public unless students have requested that their Directory Information not be released. Directory Information is defined as: student name, address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, most recent educational institution attended, participation by the student in

officially recognized activities, weight and height of members of athletic teams, and email address.

With the exception of the Directory Information items listed above, all student records are considered to be confidential and are only open to College employees with a legitimate educational interest in the records and others as designated in the College's FERPA procedure. Except as provided for within the Act, personally identifiable information about students will not be released without the student's written permission.

Under FERPA, students also have certain rights to inspect and review their education records, request amendment of their records, consent to disclosure of personally identifiable information contained in education records, and file a complaint with the U.S. Department of Education concerning an alleged failure to comply with FERPA.

To obtain copies of the procedure and more detailed information contact the Registrar's Office on the Ankeny Campus or refer the DMACC Student Handbook.

TRANSFER CREDIT

A maximum of 43 semester credit hours of transfer credit is applicable toward associate degree requirements. The total grade-point average of credits transferred to DMACC must equal 2.00 or higher. Some programs, e.g., Health Service programs and Accounting Specialist, may require a minimum grade of "C" in specific courses that fulfill a degree requirement. Grades earned at other colleges or universities will not be used in the computation of, students' GPA at DMACC. Refer to the Admission section on the Evaluation of Previous Training and Education for more details on transcript processing and transfer credits.

TRANSCRIPT REQUESTS

Des Moines Area Community College will send or issue a transcript when students or former students submit a signed, written request. Students can mail or FAX requests to the Office of Academic Records. Transcript request forms are available at each campus, but a letter requesting a transcript will be honored.

Transcript requests should include the student's name, Social Security number, telephone number, dates of attendance and the address to which the transcript should be mailed.

Except during peak periods, transcripts are sent within two working days after the receipt of the

request. During peak periods, transcript requests are processed in the order they are received. There is no fee for transcripts unless special services are requested. In order for the transcript to be official, it must be sent directly to the receiving institution. Any copy of a transcript that is issued to students is considered to be unofficial. Transcripts will not be issued for students who have an unpaid financial obligation to Des Moines Area Community College.

Students who have access to the DMACC Web Info System can view an unofficial copy of their transcript on the Internet.

TRANSFERRING FROM DMACC TO ANOTHER INSTITUTION

- Students considering transfer to another college or university should contact an admissions or transfer counselor at that institution early in the planning process.

- The transferability of Des Moines Area Community College courses to other colleges and universities is determined by the receiving institution.

- Official college or university transcripts and high school transcripts are required during the application process. Students should request these documents from all prior schools be sent directly to the transfer institution.

- A financial aid transcript may be required from each college or university attended in order to receive aid at the transfer institution.

- Students should keep a copy of all the catalogs of colleges attended. These may be needed when discussing transfer credit.

Copies should be kept of all documents completed, as well as a record of names and phone numbers of people contacted at the transfer institution. This will help if there is a need to clarify information in the future. Applications for most major Iowa colleges and universities and information on colleges and universities throughout the United States are available in the Career Resource Center in Building 1, Ankeny campus.

PROGRAM REQUIREMENTS & GRADUATION

PROGRAMS OF STUDY

Instruction is offered in a variety of courses and programs to meet the diverse needs of DMACC students. Students may engage in areas of study that emphasize:

Arts and Sciences

- General Education curriculum is designed for students intending to transfer to a four-year institution. Students may also take these courses for enrichment or with the intent of concluding their education with an associate degree.

- Paraprofessional curriculum prepares students for employment in a variety of public service fields. Students may also transfer to a four-year institution.

- Preprofessional curriculum provides the recommended courses for the first two years of study in various professions.

Vocational Education

- Vocational/Technical programs are designed to teach the essential skills and operational theory needed to ensure occupational competency. Vocational/Technical programs are designed to fulfill the employment needs of the community.

Continuing Education

- Continuing Education is designed for vocational training, professional advancement, personal enrichment, physical fitness or just the pleasure of learning. Classes, workshops and seminars are designed for those to whom academic credit is not required. These courses have no tests, grades or homework.

Pre-College Programs of Study

- College Preparatory courses are designed to aid students whose educational background requires strengthening to achieve success in regular college-level courses.

- Adult Basic Education (ABE) is designed to provide individualized instruction to adults who need development or review of basic reading, language, or mathematical skills. ABE services are provided to adults who are seeking high school completion, vocational advancement, further training, English as a Second Language and general improvement of everyday living skills. Classes are offered in many locations throughout the College District.

PROGRAM REQUIREMENTS & GRADUATION

- The Adult High School Diploma program is designed for adult students seeking a high school diploma. Courses required of all students enrolled in the program are:
- Two credits in American History
- One credit in American Government
- Three credits in Mathematics
- Two credits in Science
- Six credits in English
- 18 credits of elective courses shall be completed to meet a minimum requirement of 32 credits.
- Iowa High School Equivalency diploma is awarded by the State of Iowa through the Iowa Department of Education. Eligible adults may earn this Diploma by achieving passing scores on the General Education Development (G.E.D.) test administered by the College.

TRANSFER INFORMATION

DMACC offers the first two years of most baccalaureate degree programs. Students can attend DMACC for their first two years and earn an Associate in Arts (AA) or Associate in Science (AS) degree.

Articulation agreements and major transfer plans have been developed to assist students in transferring. Four-year colleges/universities vary in the required number and nature of preprofessional and general education courses that should be completed at DMACC.

The information included in the AA degree will change as four-year colleges/universities change their degree requirements, so students should contact the admissions office at the four-year institution they expect to attend as soon as possible after beginning at DMACC. Because other colleges can change their requirements, articulation agreements and transfer plans cannot be considered an agreement or contract between students and DMACC or its staff.

Transfer plans are available for some vocational programs to selected colleges.

The advisors and counselors at each DMACC campus are available to work with students in planning their program and assisting them in making decisions for a successful transfer. The following information is available for students:

- Transfer Plans for different majors at various colleges/universities
- General articulation agreements between DMACC and colleges/universities
- College/university catalogs
- Admission applications for some colleges/universities
- Dates of visits from college/university admission representatives
- Transfer scholarship information

Admissions Partnership Program (APP)

Students interested in transferring to Iowa State University are encouraged to participate in the Admissions Partnership Program (APP). APP will assist students with a smooth transition between DMACC and ISU. Staff from the selected college will facilitate this transfer by:

1. Assigning students to both DMACC and ISU advisors to help select appropriate coursework.

2. Inviting students to participate in ISU programs and activities appropriate to their major.

3. Assisting students with their transition to ISU.

For more detailed information and program requirements, contact any DMACC counselor or advisor.

COURSE SUBSTITUTIONS

On a limited basis, students may request course substitutions in their programs of study. Course substitution is defined as "the replacement of one course with another." Course substitutions will be allowed only:

- In clearly warranted situations, such as a scheduling conflict beyond the student's control.

- When the student clearly demonstrates knowledge/competency in the subject area for which the substitution is requested and when such knowledge/competency is accurately assessed through measures such as testing, documentation of prior course work, or certification.

- When the substituted course reflects similar or complementary content/skills.

- As a reasonable accommodation for a student with a disability. (See the procedure titled Reasonable Accommodations for Applicants for Admission and Students with Disabilities.)

Noncore courses may not be substituted for courses designated as core requirements for a particular academic award. Adjunct courses may not be used to meet degree requirements other than electives. In programs exceeding twenty-four (24) semester credit hours, no more than one-eighth (1/8) of the total number of credits may be substituted. In programs of fewer than twenty-four (24) semester credit hours, only one (1) course of up to four (4) semester credit hours may be substituted.

Students who wish to request a course substitution should contact the program chairperson in their area of study.

GRADUATION REQUIREMENTS

Students must satisfy the requirements in effect at time of enrollment in their program or the requirements in effect at the time of graduation.

If program requirements are not satisfied within five years of the first term of enrollment in their program of study, students can no longer use those requirements effective at the time they initially enrolled in their program and must complete the program requirements effective at the time of their graduation.

All requirements of the chosen program must be satisfied, although adjustments may be made where program curriculum has changed and courses are no longer available. It is the responsibility of the students to know and to observe the requirements of their curriculum and the rules governing academic work. If students have an unpaid debt to the College, graduation awards will not be conferred.

Graduation Analysis Report
Students may visit the credentials/graduation office or mail a request to receive a report of their progress toward completion of requirements for a program of study. Students are encouraged to request a Graduation Analysis Report at least one semester prior to their planned graduation date to assist with planning their final semester.

Application for Graduation
Candidates for graduation must complete an application for graduation in order to receive their diploma. Students who do not complete requirements for graduation in the term for which they applied must submit a new application. Students who plan to participate in one of the annual commencement ceremonies indicate their intent on the application for graduation. There is no graduation fee. Students who plan to receive more than one degree, diploma or certificate need to complete a graduation application for each program. Candidates for graduation should submit their applications to the credentials/graduation office at the Ankeny campus or the Student Services Office at the other DMACC campuses by the following dates:

Fall .... October 1

Spring .... February 1

Summer .... February 1
(if students plan to participate in the annual commencement ceremonies)

Summer .... June 1

PROGRAM REQUIREMENTS & GRADUATION

Commencement Ceremonies

Students who graduate at the end of Fall, Spring or Summer terms are invited to participate in the annual commencement ceremonies in May. Participation in commencement ceremonies is free. Ankeny, Newton, Urban and West campuses have a combined commencement ceremony. The Boone and Carroll campuses have individual ceremonies.

Diplomas

Diplomas are mailed to students approximately three to four weeks after final grades are posted. Students seeking degree verification may request a copy of their transcript showing the degree awarded and date granted from the transcript office. Transcripts may be ordered prior to the end of the term to be sent once grades and graduation status are finalized. There is no charge for transcripts unless special services are requested.

GRADUATION HONORS

Phi Theta Kappa

Phi Theta Kappa is a national scholastic honor society for students of two-year colleges. There are chapters on all DMACC Campuses. Membership may be conferred upon students who have completed at least 12 semester hours of course work with a 3.50 grade-point average in courses that apply toward a two-year associate degree program. In addition, potential members must have high moral character and desirable qualities of citizenship and leadership. Interested students should contact the Phi Theta Kappa advisor at their campus for details about their campus chapter.

Graduation With Program Honors

Candidates for graduation who earn a cumulative grade-point average of at least 3.50 in course work applicable to their program of study will graduate with program honors.

GENERAL EDUCATION

General Education integrates curricula in all degree and diploma programs at DMACC. It focuses on the knowledge and skills necessary for the understanding and effective application of many fields that include written/oral communications, pure/applied science, mathematics, social/behavioral sciences and humanities. The essential importance of general education remains a central principle in curriculum development at Des Moines Area Community College.

Students will acquire skills for lifelong learning by:

1. Understanding and demonstrating effective communication.

   a. Write organized, clear and grammatically correct English, appropriate to purpose and audience.

   b. Read a document and demonstrate an understanding of its content, such as drawing inferences and distinguishing between major ideas and supporting detail and between fact and opinion.

   c. Present an organized oral message, appropriate to purpose and audience, using correctly spoken English.

   d. Listen attentively, respectfully and sensitively to a message and demonstrate an understanding of the message.

   e. Work collaboratively.

   f. Use technical communication effectively.

2. Understanding and demonstrating logical and critical thinking.

   a. Develop reasoned and thorough arguments.

   b. Analyze the arguments of others, distinguishing fact from opinion and identifying assumptions and inferences.

   c. Recognize and value the existence of different points of view.

   d. Analyze the conditions of a given problem and design solutions to it.

   e. Develop research techniques and acquire knowledge of bibliographic citation.

3. Developing an understanding of fundamental scientific principles and their application.

   a. Demonstrate an understanding of basic scientific principles.

   b. Apply scientific principles to analyze and solve problems in nature, culture and society.

   c. Make informed decisions, as citizens, on matters of public policy related to science.

4. Developing an understanding of fundamental mathematical principles and their application.

   a. Obtain correct mathematical results with or without technological assistance.

   b. Develop logical thinking skills that permit the selection of models appropriate to problems.

   c. Express models numerically, graphically and symbolically.

   d. Identify, interpret and manipulate relevant data.

5. Developing an understanding of human society and cross-cultural variation and perspective.

   a. Demonstrate an understanding of social and behavioral sciences and their application to the study of cultural diversity.

   b. Demonstrate an understanding of social and behavioral sciences and their application to the study of global cultures.

6. Developing a knowledge of and appreciation for the human condition as expressed in works of human imagination and thought.

   a. Demonstrate a fundamental knowledge of history, philosophy, literature or the arts.

   b. Demonstrate an understanding of the impact of human expression on culture and of culture on human expression.

   c. Recognize the significance of historical context to culture and human expression.

DEGREES AWARDED

DMACC awards the Associate in Arts (AA), Associate in Science (AS), Associate in Applied Science (AAS) and Associate in General Science (AGS) degrees plus Diplomas, Advanced Standing Diplomas and Certificates of Specialization. Course availability varies by campus.

Degrees

The requirements for the AA, AS, AAS, AGS degrees and the Diploma and the Certificate listed below represent the minimum content required in any program offering these degrees at Des Moines Area Community College. Specific programs may and often do require additional course work. Students must refer to the programs of study, which are approved by the State Department of Education and published in this college catalog. For specific programs, see the program section for course requirements and listing.

Associate in Arts Degree (AA)

To receive an AA degree, students must:

1. Maintain a 2.00 grade-point average on all work applicable for the AA degree.

2. Earn at Des Moines Area Community College a minimum of 1/3 of the semester credit hours applicable to the degree being pursued. No more than 43 transfer semester credit hours may be applied toward the degree.

3. Complete the final 10 semester credit hours at DMACC (or petition to the Registrar for an exception).

4. Complete a minimum of 64 semester credit hours.

PROGRAM REQUIREMENTS & GRADUATION

5. Include at least 48 semester credit hours of core courses.

- Communications . . . . .9 credits
- Social & Behavioral Sciences . . .9 credits
- Math & Sciences . . . . .9 credits
- Humanities . . . . .9 credits
- Distributed requirements . . . . .12 credits

6. Include at least 16 semester credit hours of elective credit.

   a. Students may include no more than 16 semester credit hours of vocational/technical credit.

   b. Students may have up to 8 semester credit hours of independent study courses; a limit of 4 semester credit hours of independent study may be earned in any single semester.

For specific programs, see program section for program requirements and course listing.

Associate in Science Degree (AS)

To receive an AS degree, students must:

1. Maintain a 2.00 grade-point average on all work applicable for the AS degree.

2. Earn at Des Moines Area Community College a minimum of 1/3 of the semester credit hours applicable to the degree being pursued. No more than 43 transfer semester credit hours may be applied toward the degree.

3. Complete the final 10 semester credit hours at DMACC (or petition to the Registrar for an exception).

4. Complete a minimum of 64 semester credit hours.

5. Include at least 28 semester credit hours of core courses.

- Communications . . . . .9 credits
- Social & Behavioral Sciences . . . . .6 credits
- Math & Sciences . . . . .6 credits
- Humanities . . . . .3 credits
- Distributed requirements . . . . .4 credits

6. Include at least 36 semester credit hours of elective credit.

   a. Students may include 16 semester credit hours of vocational/technical credit.

   b. Students may have up to 8 semester credit hours of independent study courses; up to 4 semester credit hours of independent study may be earned in any single semester.

For specific programs, see program section for program requirements and course listing.

Associate in General Studies Degree (AGS)

To receive an AGS degree, students must:

1. Maintain a 2.00 grade-point average on all work applicable for the AGS degree.

2. Earn at Des Moines Area Community College a minimum of 1/3 of the semester credit hours applicable to the degree being pursued at DMACC. No more than 43 transfer semester credit hours may be applied toward the degree.

3. Complete the final 10 semester credit hours at DMACC (or petition to the Assistant Registrar for an exception).

4. Complete a minimum of 12 semester credit hours at DMACC after the effective date of the AGS degree (January 1, 1992).

5. Complete a minimum of 64 semester credit hours.

6. Complete the following core requirements:

- Communications .3 credits
- Social & Behavioral Science/Humanities . . . . .3 credits
- Math & Sciences . . . . .3 credits
- Distributed requirements . . . . .3 credits

7. Electives . . . . .52 credits

   Students may include no more than 8 semester credit hours of Independent Study courses; no more than 4 semester credits of Independent Study may be earned in any single semester.

Associate in Applied Science Degree (AAS)

Programs of study that lead to an Associate in Applied Science degree include specific courses required for the degree in addition to the core and general education requirements listed below. Refer to individual AAS programs of study in this catalog to learn degree requirements in addition to these general requirements.

To receive an AAS degree, students must:

1. Maintain a 2.00 grade-point average on all work applicable for the AAS degree.

2. Earn at Des Moines Area Community College a minimum of 1/3 of the semester credit hours applicable to the degree being pursued at DMACC. No more than 43 transfer semester credit hours may be applied toward the degree.

3. Complete the final 10 semester credit hours at DMACC (or petition to the Registrar for an exception).

4. Complete all required courses in a particular program of study. (Minimum of 64 semester credit hours.)

5. Satisfy the following core:

   a. Communications - 3 credits
   ENG 105, ENG 106, ENG 108, COM 703, ADM 157

   b. Social & Behavioral Sciences/Humanities - 3 credits

   d. Distributed Requirement - 3 credits

   Choose one course from 1, 2 or 3 above or SPC 101, 126 or ELT 368.

Diploma

To receive a diploma, students must:

1. Maintain a 2.00 grade-point average on all work applicable for the diploma.

2. Earn at DMACC a minimum of 1/3 of the semester credit hours applicable to the degree being pursued.

3. Complete the final 10 semester credit hours at DMACC (or petition to the Registrar for an exception).

4. Complete all required courses in a particular

program of study. (Minimum of 30 semester credit hours.)

5. Complete the following core requirements:
- One Communications course
- One Social & Behavioral Science course
- One Math course

Course options for the above core are listed in specific programs of study.

Advanced Standing Diploma

To receive an advanced standing diploma, students must:

1. Prior to entry into the program, complete
   - An associate degree or at least 64 semester credits of college-level course work from an accredited institution of higher education.
   - One Communications Core course
   - One Social & Behavioral or Humanities Core Science course
   - One Math Core course
2. Maintain a 2.00 grade-point average in all work applicable to the advanced standing diploma.
3. Earn at DMACC a minimum of 1/3 of the semester credit hours applicable to the diploma being pursued.
4. Complete the final 10 semester credit hours at DMACC (or petition to the Registrar for an exception).
5. Complete a minimum of one general education course as part of the program of study.
6. Complete all required courses in the particular program of study, which will include a minimum of 30 semester credit hours.

Certificate of Specialization

To receive a certificate, students must:

1. Maintain a 2.00 grade-point average on all work applicable for the certificate.
2. Earn at DMACC a minimum of 1/3 of the semester credit hours applicable to the certificate being pursued.
3. Complete the number of semester credit hours required in a particular program of study.
4. Complete all required courses in a particular program of study.

Certificate of Completion

A certificate of completion is issued to signify that a student has satisfactorily completed a program of instruction other than those listed above. Certificates are normally issued to students at the completion of a specific short- term program of study.

STUDENT SERVICES

ACADEMIC ACHIEVEMENT CENTERS

The Academic Achievement Centers located on each campus are available to all full-time and part-time students in the following categories:

1. Students seeking assistance with college course work, especially in the areas of math, science, English, reading and study skills.
2. Adults working toward high school completion (GED or adult high school diploma) or completing a program of basic literacy skills (ABE).
3. Students pursuing studies for academic upgrading, prerequisites or enrichment.

Instructors will diagnose academic skill levels, establish individual programs of study and assist in the learning process. Students progress at a pace based on ability, interest, needs, and time available for learning.

Computer services are also available in the Academic Achievement Centers. These services include various educational and support programs in many areas and a computer-based educational system (PLATO).

Contact the Academic Achievement Center at each campus for additional information.

ALUMNI ASSOCIATION

Des Moines Area Community College has an active Alumni Association. Headed by a volunteer Alumni Board of Directors, the Association strives to remain in contact with and provide service and benefits to alumni. Through annual fund-raising activities, the Association provides scholarships and grants to deserving DMACC students. For more information, contact the Alumni Office.

ASSESSMENT CENTERS

The COMPASS assessment is available for current and prospective students at each of the six DMACC campuses. Please call for an appointment.

Ankeny Campus......................515-964-6595

Boone Campus........................515-432-5096

Carroll Campus 712-729-8303

Newton Campus 641-791-1730

Urban Campus........................515-248-7218

West Campus..........................515-633-2426

The Ankeny Assessment Center offers:

ACT, VUE, EMT-B & First Responder, LSAT, MCAT, MPRE, PRAXIS, and Plumbers & Steamfitters Local Union Math Test.

The Boone Assessment Center also offers CLEP testing.

STUDENT SERVICES

CAMPUS SECURITY

Law enforcement and security are provided to help ensure the safety and security of our campuses. DMACC provides 24-hour/7-day security officer patrol of the Ankeny Campus. At the Urban Campus, security officer patrol is 7 a.m. to 10:30 p.m., Monday to Thursday; 7:00 a.m. to 3:00 p.m. Friday; and 8:00 a.m. to 12:30 p.m. Saturday. Security measures may include uniformed security guards, closed circuit-television, building security systems, exterior lighting, courtesy phones, and attention to landscape materials. In addition, the Ankeny, Des Moines, Boone, Carroll, Newton, and West Des Moines Police Departments patrol and assist the College in their respective jurisdictions. DMACC Security personnel administer traffic and parking regulations, ensure safety and security, and provide assistance to the College community.

CAREER AND TRANSFER RESOURCE CENTER (CTRC)

The CTRC offers assistance and informational resources to students, prospective students and career changers, for all stages of career planning. The CTRC has up-to-date information about hundreds of occupations. There are many resources available for Iowa's two-year and four-year colleges and universities, as well as information on colleges throughout the United States. Students will find tips and information for transfer planning. CHOICES, a computerized career-guidance system, is an excellent resource.

Appointments are preferred, but walk-in assistance is also available.

The CTRC resources will enable students to learn about job requirements, job trends and salaries. Students will be better prepared for making decisions about school majors and costs. Career planners will organize personal interests and skills for making better choices. Call for appointment at 515-964-6474.

CHILD CARE

The DMACC Child Development Center on the Ankeny Campus provides child care for the children of students and staff. Children ages 2–5 are eligible for child care during normal College business hours. Children must attend on a full- or part-time, regularly scheduled basis. The child care center is open year-round on student contact days only.

There is generally a waiting list. To request an application or for more information, call 515-964-6588.

Children should not be brought to class or left unattended at any time in a classroom, at clinical sites, or on College property.

COLLEGE BOOKSTORES

The College bookstores are located at all DMACC campuses to serve students, faculty and staff.

In addition to course requirements, the bookstores stock supplemental study aids, paper products, office supplies, calculators, cassette recorders, computer supplies, seasonal and everyday greeting cards, imprinted gift items and up-to-date college fashions.

Hours of operation vary at each campus. Check with each bookstore for more information. During the first week of each semester, hours will be extended to accommodate evening and weekend students. During student breaks, all bookstores will close early and hours will be posted.

A cash register or financial aid receipt is required for a full refund or exchange of any textbook. Textbooks may be returned within 14 days from the beginning of each semester, as long as the textbook is in the same condition as when purchased. Check with the bookstore for further details of the Bookstore Return Policy. Materials purchased with a check require 10 working days for a refund in the form of a DMACC check.

Students whose books do not qualify for a refund are encouraged to use our book buyback at the end of each semester. Check with the bookstore about further details regarding the Buyback Policy. Representatives from wholesale companies may be present at the beginning of the semester and at mid-term. Notices will be posted at least two weeks before the end of the semester with all necessary information.

Textbook purchases should be made at the campus location of your class. Mail orders from the Ankeny Campus bookstore are available for other off-campus courses. Online class book purchases may be made through the DMACC website www.dmacc.edu. Online class books are available ONLY at the Ankeny Campus bookstore. MasterCard, VISA and Discover charge cards are accepted. A picture ID is required when writing a check in the bookstore. Students with prewritten checks from parents must also present a picture ID Checks must be written for the amount of purchase only and payable to DMACC or Knowledge Knook Bookstore.

Students receiving funds from an agency must pick up a voucher in Student Accounts before purchasing books and supplies.

Picture IDs are required for all Financial Aid and Voucher purchases.

COUNSELING SERVICES

The College provides professional counselors to assist students in career and educational planning and in solving problems of a personal nature. Counselors help students make decisions and plan for a successful future. Counselors are available to help students choose an educational program or career direction, recommend and interpret career tests and inventories, examine mid-career options, discuss anticipated academic difficulties and develop an appropriate course of study.

Students who experience difficulty or dissatisfaction with their curriculum are encouraged to make use of the counseling services to explore options or an alternative course of action. Counselors can also provide assistance with study skills, developing satisfying personal and social relationships, solving financial problems and getting through a crisis.

Counseling services are available to assist all students including those in evening classes and at off-campus sites. Contact the most convenient campus for further information.

COLLEGE PREPARATORY EDUCATION

College Preparatory Education offers a variety of academic and personal support services to help students succeed in reaching their educational and career goals. These services are particularly designed for students who need to strengthen their academic skills before enrolling in college-level courses.

Staff are available to counsel and advise students prior to registration and during their enrollment. Instructional services provided by the program include a career planning course and preparatory courses in reading, writing, mathematics and study skills. Although credits from the college preparatory courses do not count toward a degree or diploma, they do help students fill in any gaps in the skills needed for success in college-level courses. The Academic Achievement Centers provide the following support services to students enrolled in college preparatory courses: tutoring, individualized instruction, homework help, assessment of basic skills and vocational interest, and academic planning

EDUCATIONAL ADVISING

Educational advisors are available to assist students in planning their educational programs, meeting graduation requirements,

STUDENT SERVICES

further developing their academic skills and using resources of the College to meet their educational needs. Assistance is given in selecting a transfer institution and the transferring of credits. The value of the degree, diploma and certificate programs is explained.

FOOD SERVICES

Vending machines are available at each campus. The Ankeny, Boone, Urban and West Campuses have food services where food is prepared onsite. For formal dining, the Culinary Arts students on the Ankeny Campus operate the Bistro, located in Building 7.

RECREATION AND WELLNESS PROGRAMS

Fitness and intramural sports opportunities are available for students at Des Moines Area Community College. Facilities are located on the Ankeny and Boone Campuses. A schedule of intramural events and rules for participation are available online and in the Recreation & Wellness Center on the Ankeny Campus. Free fitness classes and discounted personal training services are also available to currently enrolled DMACC students on the Ankeny Campus. All currently enrolled DMACC students as well as card-carrying alumni are eligible to utilize the Recreation and Wellness Center free of charge on the Ankeny campus. Basketball, volleyball and other court sports as well as fitness classes take place on the gym floor. A walking/running track is also available in the gym. The fitness center houses a variety of cardiovascular and strength training equipment. Locker rooms and shower facilities are also available. Locker rentals and towel services are available for a nominal fee per semester.

The facility hours are posted online at www.dmacc.edu/wellness/ and are subject to change. Guests are welcome for a small fee. Family members and other guests are welcome as long as they are accompanied by a valid DMACC student or eligible alumni. No children under 12 years of age are allowed in the fitness center. All patrons must follow all posted facility rules.

INTRAMURAL SPORTS

Intramural sports are available for students on the Ankeny and Boone Campuses. Opportunities exist year-round for both individual and team sports. Applications for participation are available online at www.dmacc.edu/wellness/welcome.asp and in the Recreation & Wellness Center on the Ankeny Campus.

INFORMATION CENTER

The main DMACC Information Center is located in Building 1 on the Ankeny Campus. The Center is designed to help students, prospective students and visitors to the College. Material is available on all college programs, current course listings and general DMACC information. Information can also be obtained at the Student Life or Student Development/ Counseling & Advising offices of the Boone, Carroll, Newton, Urban and West Campuses.

STUDENT EMPLOYMENT ASSISTANCE

Services include: lists of job openings (full-time and part-time) available in the area; assistance to students wanting to obtain work in the College Work-Study Program; referrals for internship and summer employment; on-campus recruitment and interviews by employers; labor market information, resource videos and books, and a list of helpful websites for research from home.

Individual assistance with resume writing, application letters, interviewing and job-seeking skills is readily available.

Also available is a free online employment service to help students find careers that match their degrees: www.iowacareer.net. To register for assistance, go to www.dmacc.edu/student_services/job-placement.asp.

For further information, contact the Ankeny Student Employment Assistance Office (515-964-6463), or the Student Services Offices on the Boone, Carroll, Newton, Urban and West Campuses.

LIBRARIES

Library services are provided at the Ankeny, Boone, Carroll and Urban Campuses. The DMACC Libraries' website provides access to information from any computer on the College network at www.library.dmacc.edu. Remote access is also available to patrons who have a current DMACC library card. DMACC provides access to INNOPAC, the online catalog; several EBSCO host databases, Lexis-Nexis Academic, both of which include full text articles from over 8,000 periodicals as well as abstracting and indexing for more than 10,000 titles. Also available are other resources such as CQ Researcher, Grolier Online Encyclopedia, online catalogs of other Iowa libraries, online reference service, and library news and information. The DMACC Libraries are full members of the Online Computer Library Center, Inc. (OCLC), an internationally recognized bibliographic utility, which provides important products and services to libraries and their users. DMACC is a member of the Polk County Biomedical Consortium, a group of health science libraries affiliated with the National Library of Medicine. DMACC also participates in the State Library of Iowa's Open Access program, which allows our cardholders to borrow materials from other participating libraries.

Ankeny Campus

The Ankeny Campus Library has 40,000 volumes in the book collection, 200 periodical subscriptions and 3,000 videos and other audiovisual materials. The collections emphasize subjects related to the College curriculum, including the humanities, social sciences, natural and health sciences, business and technology. Interlibrary loan service is available at no charge to DMACC students and staff for

STUDENT SERVICES

books and articles not owned by our libraries. Other services include reference assistance, coin-operated photocopiers, group study rooms, an individualized listening/viewing room and library orientation sessions for individual classes at the request of the instructor.

Boone Campus
The Boone Campus Library has a collection of approximately 19,000 circulating and reference books, 175 periodical subscriptions, compact discs, audio books and a large collection of videos. Material not owned by the Library can be obtained through interlibrary loan at no charge. It also participates in the Open Access program through the State Library. The Library also provides access to the 40-station student computer lab at the Boone Campus. In addition, a Library Instruction class (SDV171) and an Internet Research class (SDV172) is offered by the staff each semester.

Carroll Campus
The library at the Carroll campus has a collection of books, periodicals, audiovisual materials and electronic resources. The library collections of all DMACC campuses are located on the INNOPAC, the electronic database, and students can intra-campus loan these materials. Library orientation classes and additional instruction on computer database searching are provided upon request at the Carroll Campus Library. These resources provide students with the tools to locate the materials needed for assignments and lifelong learning. The Carroll Campus Library facilities include a computer

lab, testing center, academic achievement center, an elementary curriculum library and multimedia storage area for media equipment availability and checkout.

Newton Campus
The Interactive Learning Center (ILC) at the Newton Campus houses a growing collection of academic, research and leisure reading books, as well as a number of periodical, newspaper and audiovisual titles. Students may conduct online research via the DMACC Library website (www.library.dmacc.edu) at the computer stations located in the ILC or from their home computers. The ILC also houses instructor reserve materials and is the designated location for students to take makeup exams and quizzes. Students enrolled in telecourses may view telecourse videotapes for these courses in the ILC. Students may borrow materials housed at any of the other DMACC libraries by processing an interlibrary loan request at the ILC.

Urban Campus
The library at Urban Campus has a book collection of more than 13,000 volumes. This collection reflects the courses of study for the College, including a reference collection unique to the Urban Library that complements the legal assistant program.

In addition to the book collection, the Urban Campus Library subscribes to a large number of periodicals and has many more periodicals available online along with other reference databases. There is a collection of videotapes that supplements the textbooks in accounting and mathematics, videotapes for the telecourse division of the College and videotapes to amplify a variety of subjects. There is a pamphlet file of materials to use in research.

Students can access materials from other libraries through interlibrary loan services. Study facilities and audio/visual equipment are available in the library. Assistance in the use of the library and its materials can be obtained from the library staff.

West Campus
The Interactive Learning Center (ILC) at West Campus will assist students in accessing the resources available through the Ankeny Campus and other participating libraries.

REHABILITATION COUNSELING

Through an agreement with Iowa Vocational Rehabilitation Services, a vocational rehabilitation counselor is assigned to the College to provide rehabilitation services to eligible students with disabilities. Individualized services to help the student achieve his/her vocational goals are identified

in a jointly developed written rehabilitation plan. Vocational rehabilitation counseling is provided to eligible students by a professional counselor who has expertise in disability and vocational areas.

SERVICES FOR STUDENTS WITH DISABILITIES

DMACC is committed to providing an accessible environment that supports students with disabilities in reaching their full potential. Support services are available for students who have visual, hearing, mobility, learning or other types of disabilities to ensure equal access to educational opportunities. Specialized software, adaptive equipment, alternative testing, classroom accommodations and sign language interpreting are examples of the support services offered.

DMACC employs a special needs coordinator to work with students to develop and coordinate services based on individual student need. If you are a student with a disability who requires reasonable accommodation to participate fully at DMACC, follow the steps listed below.

1. Contact the special needs coordinator at (515) 964-6850 V, (515) 964-6809 TTY or the counseling and advising office on any of the six campuses for an Application for Accommodation.

2. Submit the completed application and supporting documentation to:

   Des Moines Area Community College
   Attention: Special Needs Coordinator
   2006 South Ankeny Boulevard, Bldg. 6-10b
   Ankeny, Iowa 50023-8995

3. Schedule a time to meet with the special needs coordinator, counselor or advisor to discuss coordination of these services.

4. Contact the special needs coordinator with any questions during this process.

STUDENT HOUSING

For student housing options and area apartment information, please refer to www.dmacc.edu/student_services/housing.asp. For more information about student housing at the Boone Campus, contact the housing liaison, Steve Krafcisin, at 515-433-5026. For information about the independently owned and operated housing on the Ankeny Campus, contact the manager of Campus View Apartments at 515-964-7474. The College Information Center in Building 1 of the Ankeny Campus also provides information about other housing options near the Ankeny and Urban Campuses.

Information about housing for the Carroll,
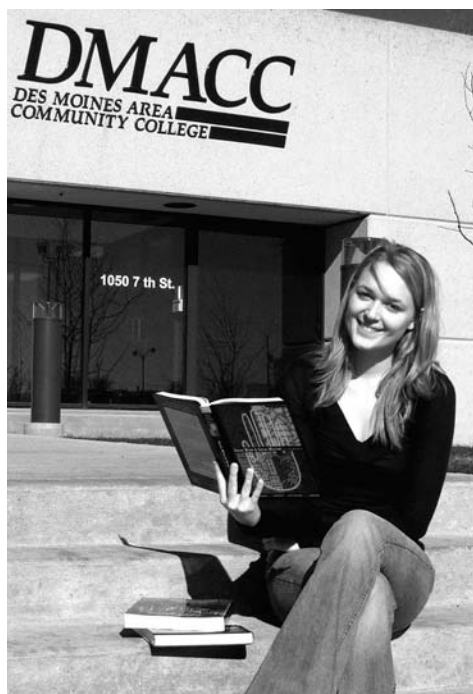

STUDENT SERVICES/STUDENT ACTIVITIES

Newton & West Campuses is available from the Student Services Offices at the respective campuses or on DMACC's website.

TESTING CENTER

The Testing Center provides a site for make-up testing when students have missed class on a test day. The center also serves as a site for administering correspondence tests for courses taken at other institutions and challenge tests for DMACC courses.

Students must arrange with their instructors to have tests sent to the Testing Center. When they arrive to take their exams, they will be required to present picture identification, such as a driver's license. For Testing Center hours, students should contact the Information Desk at the Newton Campus and the Testing Center or Academic Achievement Center at the Ankeny, Boone, Urban campuses and the Learning Resource Center at the West campus.

TUTORING

The Tutoring Office provides peer tutors to assist students who have difficulty with a particular course or courses. Knowledgeable tutors can assist students by reviewing the course material, answering questions and reviewing for exams. Students can be scheduled individually or with a group. For more information call the Tutoring Office on the Ankeny campus at 515-965-7004 or stop by Building 6, room 20. Students interested in tutoring on the Boone, Carroll, Newton, Urban and West campuses should contact the Academic Achievement Center at the campus attended. The college cannot guarantee the availability of tutors.

Employment Opportunities:

The tutoring offices hire students as peer tutors. Come work in a fun, flexible environment and earn extra money while on campus. Contact the Tutoring Office on the Ankeny Campus at 515-965-7004 or the Academic Achievement Center on the Boone, Carroll, Newton, Urban and West campuses.

STUDENT HANDBOOK

For more information about services, procedures and policies at Des Moines Area Community College, pick up a copy of the Student Handbook at any Student Services office. The Handbook includes information on student rights and responsibilities, student conduct and discipline policies, parking policies, academic appeals, policies regarding tobacco, alcohol and weapons on campus and more.

STUDENT ACTIVITIES

DMACC CHOIRS

The DMACC music program offers students the opportunity to participate in a variety of choral music ensembles. Concert Choir (MUS 143; 2 credits) is offered on the Ankeny and Boone Campuses. The rehearsal schedule is not the same on both campuses, but is always shown in the current DMACC semester course schedule. Concert Choir is open to anyone without an audition; however, it is expected that students who enroll will have the ability to learn and sing the voice part to which they are assigned. On the Ankeny Campus, singers in Concert Choir may audition to sing in the Chamber Ensemble (MUS 150; 1 credit; formerly Chamber Choir), which rehearses on the same days as Concert Choir. Students must have the choral conductor's permission to enroll in Chamber Ensemble. Choral music credits may be used toward DMACC degrees as electives for four semesters, but, there is no limit to the number of times singers may register for the ensembles. Volunteer choral ensembles, which are open to any DMACC student who can learn and sing choral parts, are organized on the Ankeny Campus on a semester-to-semester basis. These are promoted on flyers posted in many Ankeny Campus buildings. Anyone wanting more information may contact the choral conductor in Building 5, Room 41 on the Ankeny Campus or by checking with the office on the Boone Campus. Ankeny Campus maintains its Internet presence at www.dmacc.edu/music/.

DMACC DRAMA

The DMACC drama program offers students the opportunity to gain practical experience in theatre production on the Ankeny and Boone Campuses. Students can earn college credit in a variety of areas, including acting, lighting, costumes, directing, promotion and scenery work. Annual playwriting contests for students may allow them to see their work produced on campus.

INTRAMURAL ATHLETICS

Intramural activities provide an opportunity for students to participate in a wide variety of sports activities on a recreational basis. A year-round program of tournaments and team sports provides for participation on an individual or team basis.

INTERCOLLEGIATE ATHLETICS

Student athletes may compete on a national level at the Boone Campus. DMACC is a member of the Iowa Community College Athletic Conference (ICCAC) and the National Junior College Athletic Association. Currently, the College offers women's intercollegiate athletics in basketball, volleyball and golf as well as men's intercollegiate athletics in, basketball and baseball on the Boone Campus.

STUDENT ACTIVITIES COUNCIL

The Student Activities Council, as the primary student body representative, is an integral part of the College. Through its work, students are provided an opportunity to participate in the democratic process. Meetings are held on a regular basis. The Council serves as a liaison between the administration, faculty, staff and student body in areas of mutual interest. The purpose of the organization is to promote college spirit, provide a focal point for discussions between students and the College staff and to give students a representative voice in college affairs. Any student, administrator or faculty member may attend meetings of the Student Activities Council and take part in discussion, but only members may vote.

STUDENT ACTIVITIES

Much of a student's growth is the result of participation in activities, clubs and organiza-tions. It is the philosophy of the College that co-curricular activities complement the academic program. The activities are financed by a portion of the service fee that is charged each term in addition to regular tuition. Student representatives elected to the Student Activities Council are responsible for assessment and disbursement of these funds.

STUDENT CENTERS

Student lounge and recreation areas are provided for student use during nonclassroom hours. Various types of game equipment are available, and food and beverage facilities are located in or near each of these areas.

STUDENT CLUBS AND ORGANIZATIONS

Students are encouraged to participate in campus clubs and organizations. Students may form a new club by contacting the Student Activities Office for information. Most recognized organizations fall into one of the

BUSINESS RESOURCES/CONTINUING EDUCATION

following classifications:

1. Preprofessional and departmental clubs are joined by students wishing to pursue interests that contribute to the development of career fields.

2. Service organizations have as their primary purpose activities that will contribute positively to the College and the community.

3. Scholastic honorary organizations offer membership on the basis of academic excellence and performance.

4. Special interest organizations are planned by students who desire to develop or broaden their interest in some particular aspect of their lives.

STUDENT PUBLICATIONS

On the Boone Campus, students publish the "Banner" and on the Ankeny Campus students publish "The Chronicle." On the Urban Campus, students publish "The Urban Vibe." These are student newspapers that emphasize news, features, entertainment, sports and college events. For additional information, contact the publications advisor at the Ankeny, Boone or Urban Campus.

TICKET SALES

Discount tickets to various activities and attractions are available at the Student Activities office at Ankeny, the Advising Office at Carroll, or the Business Offices at Boone, Newton, Urban, and West Campuses. The Ankeny Campus offers discount tickets to Civic Center events, Worlds and Oceans of Fun, Adventureland Park, Ankeny Springwood Theater, Copper Creek Theater in Pleasant Hill, Woodland Hills Golf Course, and Carmike Movie Theaters in Des Moines. The Carroll Campus offers Adventureland Park, Carroll Community Theatre, Worlds/Oceans of Fun, and Carroll Theater V discounted tickets. Urban Campus offers discount tickets to Adventureland Park, Carmike Theaters and discounted bus passes for Metro Transit Authority. Ticket offerings vary at the Boone, Newton and West Campuses. Check in the main offices for details. Cash and personal checks are accepted at all campuses. Credit cards are accepted at the Urban Campus.

BUSINESS RESOURCES

DMACC BUSINESS RESOURCES (DBR)

Des Moines Area Community College Business Resources (DBR) provides businesses, governmental agencies and nonprofit organizations with the training and consulting they need to optimize performance through improved employee and managerial skills. DBR provides a broad spectrum of training services, including technical training in manufacturing and maintenance, management and supervisory skills, employee workplace skills, organizational change, and waste management and control. From needs assessment to the customized design and implementation of training programs, DBR consultants ensure schedules and budgets are met. Training can be provided at the business, on one of our six campuses in Central Iowa, online, or at any other convenient location.

CONTINUING EDUCATION & SPECIALIZED PROGRAMS

ADULT BASIC EDUCATION ABE/HSE/ESL

The Adult Basic Education Program (ABE) provides opportunities for adults in need of literacy skills and refresher basics in reading, writing and math. ABE classes are offered at various locations in and around Des Moines and in cooperation with local schools and organizations.

Individualized instruction allows students to focus on their immediate needs. ABE classes are provided free of charge.

GED classes, or High School Equivalency (HSE) preparation, provide instruction to prepare adults for the General Education Development Test (GED) and earn the High School Equivalency Diploma. Individual and small group instruction allow students to progress through the five subject areas evaluated on the GED exam. These include: Test 1, Writing Skills; Test 2, Social Studies; Test 3, Science; Test 4, Reading; and Test 5, Math.

DMACC GED Testing Centers:

DMACC Ankeny Campus

DMACC Boone Campus

DMACC Carroll Campus

DMACC Urban Campus

DMACC Newton Campus

DMACC Success Center

DMACC West Campus

ENGLISH AS A SECOND LANGUAGE

English as a Second Language is a program for people who speak, read and write best in a language other than English and desire to improve their use of the English language. Entry-level English through college-prep English is available.

For more information, call 515-287-8700 or 800-362-2127, ext. 8700, or check our website www.dmacc.edu/success/.

CONTINUING EDUCATION & SPECIALIZED PROGRAMS

CONFERENCE AND EVENT PLANNING SERVICES

The DMACC campuses provide an ideal location for your meetings, workshops or conferences.

DMACC provides event planning services including:

- Experienced conference planning staff
- Documentation of mandatory professional Continuing Education
- Registration services
- Marketing and brochure development
- Facility and meal planning
- Consulting services
- Campuses—Auditorium Seating, AV & Satellite downlink,
- Free parking
- ADA compliant

Call DMACC for your conference planning needs: 1-800-362-2127, ext. 6214 or 515-964-6214.

Conference Center - Newton

The DMACC Newton Conference Center is located on the DMACC Newton Campus in Newton, Iowa. Serving groups from 5 to 350, the DMACC Newton Conference Center offers a 325-seat, state-of-the-art auditorium, a 4,800-square-foot subdividing banquet room, reception area and breakout rooms. Parking is conveniently located at the facility with access to complete food and beverage service, audio/visual equipment and other conference services.

For further information, please contact the conference center staff at 641-792-1850.

CONTINUING EDUCATION

The Continuing Education division provides a wide range of educational experiences. Activities and courses may begin at any time and do not necessarily coincide with the College's academic calendar. A variety of noncredit vocational and avocational classes, seminars, conferences and workshops are offered at various locations to assist individuals in continued professional and personal development. Topic areas may include: business/management, health occupations and personal growth. Specific classes are also designed to meet the continuing education requirements for licensing and recertification of professionals in areas such as child care, insurance, nursing, emergency medical services, cosmetology, real estate, long-term care and social work.

The Continuing Education division works with local businesses, service agencies, institutions, organizations, and associations to tailor courses or conferences specifically for employees or members. For more information, call 515-965-6024.

DISTANCE LEARNING

Distance learning provides alternative delivery of credit classes throughout the district, state and nation. College credit classes are provided via Online Courses utilizing the World Wide Web, the Iowa Communications Network (ICN) and through television courses aired on Mediacom Cable, College Channel 16 and Iowa Public Television Channel 11 in Central Iowa. For more information, see the Distance Learning Homepage at www.dmacc.edu/distance/welcome.htm or call 515-964-6422.

Noncredit and continuing education opportunities are also available through online classes.

For more information regarding noncredit and continuing education classes offered online, call 515-964-6699 or 800-362-2127, ext. 6699.

EVENING/WEEKEND COLLEGE

Courses offered evenings and weekends provide opportunities for degree completion, career development/enhancement and cultural enrichment, in both credit and continuing education format, for students who are unable to take classes during the day.

The Evening/Weekend College provides support to the full range of services offered for students, faculty and staff during evening and weekend hours. These include Registration, Student Accounts, Limited Financial Aid, Student Records and Admissions. Support is also provided for the Distance Learning classes, and Continuing Education courses. For further information on the Ankeny Campus, call 515-964-6286 or 1-800-362-2127, ext. 6286. For services available at the Boone, Carroll, Newton, Des Moines Urban and West Campus in West Des Moines, call their main campus numbers. Evening counselor and advisor appointments available 4:00–7:00 pm. Monday–Thursday.

TRANSPORTATION INSTITUTE COMMERCIAL VEHICLE

Commercial Vehicle Operator Program

The Transportation Institute commercial vehicle operator program is one of approximately 50 in the U.S. certified by the Professional Truck Drivers Institute. The 240-hour, noncredit program uses the U.S. Department of Transportation Model Curriculum. Students may complete the program in the daytime in six weeks or during the evenings in 12 weeks.

The Institute provides customized programs and services to individuals and companies including: remediation and evaluation services, advanced driver programs, Defensive Driving Course (DDC), driver/dispatcher relationships and driver retention programs. It also offers a Train the Trainer Program that allows carriers to train their driver finishers, ensuring a higher success rate with their student program and online web-based course for DOT-mandated entry-level driver certification.

RV SAFETY AND EDUCATION PROGRAM

RV Safety and Education Program students become confident when traveling in situations they may encounter in the RV lifestyle after receiving training in all phases of driving, maneuvering and backing a recreational vehicle. The RV program is a total of 16 hours, 8 hours in the classroom and 8 hours hands-on driving. The program specializes in safety, respect, patience and confidence in a variety of vehicles of all sizes from class A, B, & C motor homes, to fifth-wheel trailers to travel trailers.

We also have RV (Recreation Vehicle) training and educational programs aimed at present and prospective RV drivers to provide the best information and training possible about RVs and the RV lifestyle. DMACC is the second school nationwide to offer this RV training.

DMACC INITIATIVES

COMMON COURSE NUMBERING

All of the community colleges in Iowa are participating in a joint project to develop common numbers for all of our courses. Because of this initiative, all of our course subject names and most of our course numbers at DMACC changed effective fall semester, 2006. If you need to know the former acronym and course number for one of our courses, an interactive conversion chart is available on our web site at http://www.dmacc.edu/rod/matrix/. For questions about common course numbering at Des Moines Area Community College you can call 515 964-6332 in the Ankeny or Des Moines Areas or toll free 800 362-1727, extension 6332.

DES MOINES AREA COMMUNITY COLLEGE CENTERS

In addition to the six campuses that comprise Des Moines Area Community College, the college participates in the Des Moines Higher Education Collaborative at 1200 Grand Ave. in downtown Des Moines and operates two centers:

SUCCESS CENTER

The DMACC Success Center opened its doors in October of 2002. Located conveniently on Porter Avenue on Des Moines' south side, this center provides programming for Youth-at-Risk (YAR), English as Second Language (ESL) and Adult Basic Education (ABE) populations from the metro area and surrounding communities and some college credit courses. More information is available on web site for the Success Center at http://www.dmacc.edu/success/. The telephone number for the Success Center is 515 287-8700.

DMACC CAREER ACADEMY, HUNZIKER CENTER

The new $5 million DMACC Career Academy, Hunziker Center opened its doors, August 14, 2006. The center is located at the northwest corner of Interstate 35 and U.S. Highway 30 in Ames. Through a partnership with Story County's seven school districts, the Academy offers career and technical programs to high school students during the day. Some of the high school educational programs include state-of-the-art labs for building trades, culinary arts, information technology, health careers, automotive technology and manufacturing technology. In the afternoon

and at night there will be a wide variety of college credit liberal arts courses offered through the Boone campus. The telephone number for the DMACC Career Academy, Hunziker Center is 515 663-6700.

TRANSFER PROGRAMS FOR BACHELOR'S DEGREES AND PROFESSIONAL PROGRAMS

Student who plan to transfer to a four-year college or university usually select the Associate in Liberal Arts or the Associate in Science degree to prepare for transfer. Des Moines Area Community College advisors work hand-in-hand with colleagues at colleges and universities in Iowa and the surrounding states to provide for a smooth transition for our students. Students should contact educational advisors or counselors to review transfer plans or tailor a transfer plan to their own situation and education goals for a seamless transition. Our staff members also help students get in touch with the appropriate contacts at the college or university of their choice. The receiving institution is the final authority on all transfer credit.

Des Moines Area Community College's Liberal Arts Associate in Arts and Associate in Science degrees provide the flexibility and opportunity to get a solid start on your four-year degree while earning an associate degree. Our faculty and staff have worked together to develop plans of study for students who wish to pursue a professional career. Pre-professional tracks for students interested in a bachelor's degree in education, engineering, and physical therapy or interested in a master's degree to be a physician's assistant are published on our web site at: http://www.dmacc.edu/programs/pdp/

DMACC entered into a new partnership program with Iowa State University this past year. Information about that program is listed under the Program Requirements and Graduation section of this catalog. DMACC faculty and staff continue to work on new partnerships with other colleges and universities. Contact a counselor or academic advisor for details.

Choose a Career Path

The following steps may help you identify a program of study if you are uncertain of a career path.

STEP 1 Complete this Personal Career Profile. Check the items from each category listed below that describe you. Understanding your interests, values, skills and talents is helpful information when selecting a successful career and work environment.

Values
The most important values for the workplace are:

- To influence others
- To help others
- To compete
- To think creatively
- To be flexible
- To acquire knowledge/skills
- To be physically challenged
- To have power/prestige
- To be financially secure
- Other _____

Skills
The skill areas I most like to use are:

- Reasoning
- Communicating
- Investigating
- Hands-on
- Organizing
- Managing
- Analyzing
- Working with details
- Initiating
- Working under pressure
- Working as a team
- Serving the customer
- Other _____

School Subjects
The subjects I did well in and enjoy are:

- Office courses
- Math
- English
- Science
- Social Sciences
- Fine Arts
- Computers
- Business courses
- Voc/Tech, i.e., construction, mechanics
- Family/Consumer Science
- Foreign Language
- Other _____

Interests
The interest areas I enjoy most are:

- People
- Things (hands-on)
- Data
- Ideas
- Other _____

Other areas to consider are:
Special awards received
Enjoyable work experience
Hobbies
Clubs and organizations
Special talents

Take the information you circled and write a statement that may help summarize your career profile.

My career profile is:

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

STEP 2 Are you a match?

Skills, values, interests and subjects that are specific to program areas at Des Moines Area Community College are listed below. Use that information with the Personal Career Profile in Step 1 to help you find a match. Continue on your path with Step 3 and Step 4. Complete the "Are You a Match?" activity. Compare the items you identified in your "Personal Career Profile" to the items checked in the "Are You a Match?" activity. If there is a match, you may want to explore programs offered within that division. Select the programs that appear to meet most of the items you checked in both activities.

Arts & Sciences – College Transfer
- Need credit in an academic area to enter a four-year plan of study
- Want to improve your skill in a certain academic area
- Want to explore courses to determine areas of interest
- Interested in problem-solving, decision-making, and critical thinking skills
- Interested in learning about the arts and humanities
- Interested in learning about people, culture, and social issues
- Want to use written and oral communication skills

Agricultural/Natural Resources:
- Like to work outdoors
- Have knowledge in science
- Would enjoy growing and selling horticulture products
- Would enjoy managing a farm or livestock operation
- Enjoy finding solutions to problems
- Prefer physical activity
- Managing/marketing an ag-related business

Art
- Operate computers
- Create or copy drawings to use in advertising
- Enjoy expressing my feelings
- Can visually express ideas
- Have good spatial perception
- Work well under stress

Business & Information Management
- Have organizational and accuracy skills
- Operate computers and other business machines
- Help customers
- Work with detailed forms, records and claims
- Manage a business
- Persuade others
- Enjoy using numerical concepts
- Enjoy business/office subjects
- Like working as a team member
- Have good communication skills

Health
- Like to help people
- People trust me
- Enjoy biology, chemistry or physics
- Like working a flexible schedule
- Like to work with the sick or injured
- Think critically and creatively
- Can be physically demanding
- Like to work with data
- Use math principles in practical situations

Hospitality
- Enjoy preparing food
- Use math principles in practical situations
- Like working with the public
- Comfortable working a flexible schedule, sometimes under pressure
- Have a pleasant, accommodating manner
- Make creative designs with food
- Good organizational skills

Industrial Technology
- Enjoy working with data
- Like to install/repair/service equipment
- Enjoy operating equipment and computers
- Like math
- Have good problem-solving skills
- Like computers
- Work alone
- Like vocational technical classes
- Customer service skills

Public & Human Services
- Can take the initiative
- Be involved in helping people with personal problems
- Help people in legal situations
- Work with small children
- Persuade individuals to take certain actions
- Have good communication skills
- A team player
- Have flexible schedule
- Like social science courses

STEP 3 Schedule an appointment with the program counselor/advisor at the campus offering the program(s) that interest you. This appointment will provide you with more details about the program and its requirements and will help confirm your program choice.

STEP 4 Contact the counseling/advising staff at the campus you plan to attend for more in-depth career assistance if needed. The Ankeny and Urban Campuses can also provide additional resources and services through their Career Resource Centers.

PROGRAMS AVAILABLE

Degrees and Diplomas

Arts & Sciences

The Arts and Sciences division of the college offers traditional college freshman/sophomore courses in communications, humanities, math, science and social sciences. It provides liberal arts and preprofessional courses; paraprofessional courses in disciplines such as biotechnology, criminal justice and human services; selected general education courses for vocational programs; and remedial courses in mathematics, reading and writing for students who need academic assistance before undertaking college-level work.

Students who graduate from the Arts and Sciences division are expected to demonstrate the ability to think and to communicate effectively both orally and in writing; to use mathematics meaningfully, not just punch in numbers on a calculator; to understand the modes of inquiry of the major disciplines; to be aware of our culture and of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; to develop the capacity for self-understanding and problem solving; and finally, to gain sufficient depth in some field of knowledge to contribute to society.

DMACC students will acquire skills for lifelong learning by:

1. Understanding and demonstrating effective communication.

2. Understanding and demonstrating logical and critical thinking.

3. Developing an understanding of fundamental scientific principles and their application.

4. Developing an understanding of fundamental mathematical principles and their application.

5. Developing an understanding of human society and cross-cultural variation and perspectives.

6. Developing a knowledge of and appreciation for the human condition as expressed in works of human imagination and thought.

Associate in Arts Degree (AA)

The Associate in Arts Degree provides the courses of study equivalent to those offered to freshman and sophomore level students attending any four-year college/university. If students receive the AA from DMACC, this degree, in most cases, will meet the lower division requirements of four-year colleges/universities and will admit them to the junior status level. The degree requirements consist of both their general education requirements and elective courses to be used in preparation for a major area of study.

Students should contact the specific institution to which they wish to transfer regarding any unique requirements of that institution. The DMACC Advising and Counseling staff can also assist students with the transfer process. (See transfer tips in the Tips for Student Success section of the catalog.)

College transfer work is offered in the following disciplines:
Many four-year colleges/universities have joined with DMACC to develop articulation agreements and specific major transfer guides to assist students. Students should visit personnel from each college for the most current information.

Accounting	Education	Mathematics	Physician's Assistant
Anthropology	Engineering	Medicine	Sociology
Architecture	English	Music	Social Work
Art	French	Nursing	Spanish
Business Administration	Geography	Optometry	Speech
Chemistry	History	Pharmacy	Veterinary
Chiropractic	Humanities	Philosophy	
Computer Science	Journalism	Physics	
Drama	Law	Political Science	
Dentistry	Literature	Psychology	

AA Degree requirements
To receive an AA degree, students must:

A. Maintain a 2.0 grade-point average on all work applicable to the AA degree.

B. Earn a minimum of 1/3 of the semester credit hours applicable to the degree being pursued at DMACC. No more than 43 transfer semester credit hours may be applied toward the degree.

C. Complete the final 10 semester credit hours at DMACC (or petition to the Credentials Office for an exception).

D. Complete a minimum of 64 semester credit hours.

E. Include at least 48 semester credit hours of core courses:

- Communications   9 credits
- Social & Behavioral Sciences   9 credits
- Math & Sciences   9 credits
- Humanities   9 credits
- Distributed requirements   12 credits

F. Include at least 16 semester credit hours of elective credit.

1. Students may include 16 semester credit hours of vocational/technical credit.

2. Students may have up to 8 semester credit hours of Independent Study Courses; up to 4 semester credit hours of Independent Study may be earned in any single semester.

Communications   9 Credits

Students must take three courses:

1. ENG 105 Composition I

2. ENG 106* Composition II or ENG 108 Comp II: Technical Writing
   Students who plan to transfer to a four-year institution are advised to take ENG 105 and ENG 106.

3. One speech course from the following list:

   SPC 101 Fundamentals of Oral Communication

   SPC 126 Interpersonal and Small Group Communication

Social & Behavioral Sciences   9 Credits

NOTE: Students must complete at least 3 courses. Each course must be from a distinct discipline (reflected by a distinct acronym).

LIT 110	American Literature to Mid 1800s		

Distributed Requirement   12 Credits

Complete 12 additional credits from any of the courses in categories of Communications, Social and Behavioral Science, Math & Science and Humanities.

Electives   16 Credits

1. Students may include no more than 16 semester credit hours of vocational courses.

---

2. Students may may include no more than 8 semester credit hours of Independent Study courses; no more than 4 semester credit hours of independent Study may be earned in any single semester.

Total AA Degree Requirements   64 Credits

Associate in Science Degree (AS)

The Associate in Science degree is awarded upon satisfactory completion of a program of college-level courses designed to prepare students for transfer to a four-year college/university or for skills preparation for entry-level employment in a specific occupation (Career Option Programs) where a bachelor's degree is usually needed. For advancement in the field, a bachelor's degree is typically required.

Career Option Programs available at DMACC are:

Accounting Information Systems	Fitness & Sports Management
Accounting Paraprofessional	Fire Science Technology
Biotechnology	Health Care Administration
Business Administration	Human Services
Early Childhood Education	Legal Assistant
Criminal Justice	Management Information Systems

Information on each program is found in this catalog. See Index for page numbers.

Associate in Science Requirements

To receive an AS degree, students must:

A. Maintain a 2.0 grade-point average on all work applicable to the AS degree.

B. Earn at Des Moines Area Community College a minimum of 1/3 of the semester credit hours applicable to the degree being pursued. No more than 43 transfer semester credit hours may be applied toward the degree.

C. Complete the final 10 semester credit hours at DMACC (or petition to the Credentials Office for an exception).

D. Complete a minimum of 64 semester credit hours.

E. Include at least 28 semester credit hours of core courses:

• Communications	9 credits
• Social & Behavioral Sciences	6 credits
• Math & Sciences	6 credits
• Humanities	3 credits
• Distributed requirements	4 credits

F. Include at least 36 semester credit hours of elective credit.

Core Requirements   28 credits

Communications   9 credits

Students must take three courses:

1. ENG 105 Composition I

2. ENG 106* Composition II or ENG 108 Comp II: Technical Writing

   *Students who intend to transfer to a four-year institution are advised to take ENG 105 and ENG 106.

3. One speech course from the following list:
   SPC 101 Fundamentals of Oral Communication
   SPC 126 Interpersonal and Small Group Communication

PROGRAMS AVAILABLE

Social and Behavioral Sciences 6 credits

ANT 100	Introduction to Anthropology		POL 121	International Relations
ANT 105	Cultural Anthropology		POL 125	Comparative Gov't & Politics
ECN 120	Principles of Macroeconomics		POL 171	Intro to Public Administration
ECN 130	Principles of Microeconomics		PSY 111	Introduction to Psychology
GEO 111	Intro to Geography		PSY 121	Developmental Psychology

LIT 130	African American Literature			

Distributed Requirement 4 Credits

Complete 12 additional credits from any of the courses in categories Communications, Social and Behavioral Science, Math & Science and Humanities.

Electives 36 Credits

1. Students may include no more than 16 semester credit hours of Vocational courses.

2. Students may include no more than 8 semester credit hours of Independent Study courses; no more than 4 semester credit hours of Independent Study may be earned in any single semester.

Total AS Degree Requirements **64 Credits**

Associate in General Studies (AGS)

The Associate in General Studies degree provides students an opportunity to select their coursework to meet specific educational goals and interests. The AGS degree is generally not designed to meet college transfer requirements. Students wishing to complete an AGS degree are encouraged to consult with a counselor or advisor in the Student Development Office for assistance.

Associate in General Studies requirements:
To receive an AGS degree, students must:

A. Maintain a 2.0 grade-point average on all work applicable for the AGS degree.

B. Earn at Des Moines Area Community College a minimum of 1/3 of the semester credit hours applicable to the degree being pursued. No more than 43 transfer semester credit hours may be applied toward the degree.

C. Complete the final 10 semester credit hours at DMACC (or petition to the Credentials Office for, and receive, an exception).

D. Complete no more than 8 semester credit hours of Independent Study courses; no more than 4 credits of Independent Study may be earned in a single semester.

E. Complete a minimum of 64 semester credit hours.

F. Satisfy the following core:

- Communications 3 credits
- Social & Behavioral Science/Humanities 3 credits
- Math or Sciences 3 credits
- Distributed requirements 3 credits

Communications 3 Credits

COM 703	Communication Skills		ENG 108	Comp II: Technical Writing
ENG 105	Composition I		ADM 157	Business English
ENG 106	Composition II

ASEP - General Motors

The Automotive Service Educational Program (ASEP), co-sponsored by DMACC and General Motors, is a two-year automotive program designed to prepare students for employment as a GM dealership technician. The curriculum, designed by General Motors and DMACC, leads to the associate degree in Automotive Technology. The program involves classroom lecture, laboratory experience, and dealership work experience.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement, aptitude and ability tests and be accepted by General Motors as a participant. In addition, all program participants must be employed by a participating General Motors dealership. Students start in October each year.

Graduation Requirements

To earn an ASEP General Motors AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

ATG 312	GM Specialized Electronics Training	4
ATG 317	GM Shop Fund and Minor Service	3
ATG 318	GM Steering/Suspension/Brakes	4
ATG 329	Technical Internship I	3
ATG 326	GM Auto Air Conditioning Systems	3
ATG 327	Minor Service/Repair-GM Engines	3
ATG 328	Diagnosis/Repair-GM Electrical Systems	3
ATG 330	Technical Internship II	3
ATG 333	Major Service Procedures/GM Engines	3
ATG 336	GM Carb and Fuel Induction Systems	3
ATG 337	GM Tune-Up Proc and Emission Control	4
ATG 340	Technical Internship III	3
ATG 344	GM Manual Drivetrains	4
ATG 345	GM Automatic Drivetrains	4
ATG 350	Technical Internship IV	3
ATG 354	Advanced GM Motors Systems	5

Accounting & Bookkeeping

The Accounting and Bookkeeping program prepares you for a career in accounting. Many career opportunities exist for you upon completion of the Accounting and Bookkeeping program. You will identify, analyze, summarize, communicate and record business transactions.

You will take specialized courses in accounting including payroll, financial and managerial computers and accounting procedures, equipping you with marketable skills for any business environment. You will receive not only conceptual training but actual "hands-on" training that will provide you with the important abilities needed for success. You will complete an internship in a professional work environment where many of the skills and procedures studied in the classroom are practiced under the combined guidance of a teacher and a cooperating employer. You will find employment opportunities in the profit and nonprofit private and governmental sectors.

Locations: Boone, Urban
Selected courses in this program are offered at other campuses.

Program Entry Requirements
- Complete an application, satisfy the assessment requirement and attend any required information/registration session.
- Successful completion of ADM 105 Intro to Keyboarding or keyboarding skills of 25 NWPM is strongly recommended.
- Students start fall term.

Graduation Requirements
To earn an Accounting and Bookkeeping diploma, a student must complete the requirements for the degree and maintain a 2.0 grade-point.

Term 1–Select 1 Course from Each Option

ACC 131	Principles of Accounting I		4
ACC 124	Accounting Professionalism		3
BUS 112	Business Math		3
CSC 110	Intro to Computers		3
MGT 145	Human Relations in Business	Opt 1	3
PSY 111	Introduction to Psychology	Opt 1	3
ECN 120	Principles of Macroeconomics	Opt 1	3
ECN 130	Principles of Microeconomics	Opt 1	3
ENG 105	Composition I	Opt 2	3
ADM 157	Business English	Opt 2	3

ECN 120 or ECN 130 is strongly recommended for students pursuing business majors at a four-year institution.

Term 2

ACC 132	Principles of Accounting II		4
ACC 191	Financial Analysis		3
ACC 311	Computer Accounting		3
ACC 361	Accounting Spreadsheets		3
ACC 161	Payroll Accounting		3

Term 3–Select 1 Course from Option 3 and 1 Course from Option 4

ACC 946	Accounting Career Seminar		1
ACC 932	Accounting Internship	Opt 3	3-4
ENG 106	Composition II	Opt 4	3
ENG 108	Comp II: Technical Writing	Opt 4	3
COM 703	Communication Skills	Opt 4	3

Students planning to transfer to a four-year institution should select ENG 106.

Total minimum credits required to complete this program   42

Accounting Certificate I & Accounting Certificate II

Accounting Information Systems

The Accounting Information Systems program prepares you for a career in accounting and for a liaison position between accounting and the information systems. You will receive strong information technology skills in addition to traditional accounting skills. You will become proficient in commercial and customized accounting software and spreadsheets.

You will take courses in accounting for taxes and payroll on computers along with programming that will allow you to seek advanced placement in accounting or information systems. Optional courses in programming allow you to select a mainframe or a personal computer environment. You will find

employment opportunities in the profit and nonprofit private and governmental sectors.

Locations: Ankeny, Boone, Urban
Selected courses in this program are offered at other campuses.

Program Entry Requirements
- Complete an application, satisfy the assessment requirement and attend any required information/registration session.
- Successful completion of ADM 105 Intro to Keyboarding or keyboarding skills of 25 NWPM is strongly recommended.
- High school Algebra II or higher with a grade of "C" or better or MAT 073 and/or MAT 141 at DMACC.
- Students start fall term at Boone and Urban campuses, spring term at Ankeny and Carroll campuses. Course sequence will vary at Ankeny; see a counselor/advisor for details.

Graduation Requirements
To earn an Accounting Information Systems AS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1

ACC 131	Principles of Accounting I		4
CSC 110	Intro to Computers		3
ECN 120	Principles of Macroeconomics		3
ENG 105	Composition I		3
Any AA/AS degree Core MAT or BUS course			3-4

Students planning to transfer to a four-year institution should check with that institution regarding math requirements before selecting math courses for this program.

Term 2–Select 1 Course from Option 1

ACC 132	Principles of Accounting II		4
ENG 106	Composition II		3
CIS 125	Intro to Program Logic w/lang		3
ACC 311	Computer Accounting		3
ACC 161	Payroll Accounting	Opt 1	3
ACC 191	Financial Analysis	Opt 1	3

Term 3–Select 1 Course from Option 2

ACC 231	Intermediate Accounting I		4
ECN 130	Principles of Microeconomics		3
SPC 101	Fundamentals of Oral Communication		3
CIS 402	COBOL	Opt 2	3
CIS 604	Visual Basic	Opt 2	3
CIS 161	C++	Opt 2	3
Any AA/AS degree Core MAT or BUS course			3-4

Students planning to transfer to a four-year institution should check with that institution regarding math requirements before selecting math courses for this program.

Term 4–Select 1 Course From Option 3

ACC 261	Income Tax Accounting		3
ACC 272	Accounting Information Systems		4
ACC 361	Accounting Spreadsheets		3
CIS 413	COBOL II	Opt 3	4
BCA 113	Computer Network Literacy	Opt 3	3
Any AA/AS Degree Core BIO, CHM, ENV or PHY course			3
Any AA/AS Degree Core Humanities course			3

Students planning to transfer to a four-year institution should check with that institution regarding requirements for science and humanities before selecting courses for this program.

Total credits required to complete this program   67

Accounting Paraprofessional

The Accounting Paraprofessional program prepares you for an accounting career. You will be on a pre-CPA/CMA track that is articulated with selected four-year institutions to facilitate the completion of a Bachelor's degree. You will be able to identify, analyze, summarize, communicate, record and interpret business transactions and financial statements. You will become proficient in commercial and customized accounting software and spreadsheets. The program is 68 credits and you can complete it in four regular semesters.

You will study professional and ethics case studies for business and obtain oral and written communication skills that are necessary for success in business. Courses in accounting, taxes and payroll with commercial software allow you to seek advanced placement in accounting or information systems departments.

Employment opportunities are found in the profit and nonprofit private and governmental sectors.

Locations: Ankeny, Boone, Carroll, Urban
Selected courses in this program are offered at other campuses.

Program Entry Requirements
- Complete an application, satisfy the assessment requirement and attend any required information/registration session.
- Successful completion of ADM 105 Keyboarding I or keyboarding skills of 25 NWPM is strongly recommended.
- High school Algebra II or higher with a grade of "C" or better or MAT 073 and/or MAT 141 at DMACC.
- Students start fall term at Urban and Boone campuses, spring term at Ankeny and Carroll campuses. Course sequence will vary at Ankeny and Carroll; see a counselor/advisor for details.

Graduation Requirements
To earn an Accounting Paraprofessional AS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average. A grade of "C" or better is required in all ACCT course work.

Term 1

ACC 131	Principles of Accounting I	4
CSC 110	Intro to Computers	3
ECN 120	Principles of Macroeconomics	3
ENG 105	Composition I	3
Any AA/AS degree Core MAT or BUS course		4

Students planning to transfer to a four-year institution should check with that institution regarding math requirements before selecting math courses for this program.

Term 2

ACC 132	Principles of Accounting II	4
ACC 191	Financial Analysis	3
ACC 311	Computer Accounting	3
ACC 161	Payroll Accounting	3
ENG 106	Composition II	3

Term 3

ACC 231	Intermediate Accounting I	4
ACC 222	Cost Accounting	4
ECN 130	Principles of Microeconomics	3
SPC 101	Fundamentals of Oral Communication	3
Any AA/AS degree Core MAT or BUS course		4

Students planning to transfer to a four-year institution should check with that institution regarding math requirements before selecting math courses for this program.

Term 4–Select 1 Course From Each Option

ACC 261	Income Tax Accounting		3
ACC 272	Accounting Information Systems		4
ACC 361	Accounting Spreadsheets		3
Any AA/AS Degree Core BIO, CHM, ENV or PHY course		Opt 1	3
Any AA/AS Degree Core Humanities course		Opt 2	3

Students planning to transfer to a four-year institution should check with that institution regarding requirements for science and humanities before selecting courses for option 1 and 2 in this program.

Total minimum credits required to complete this program   67

Accounting Specialist

The Accounting Specialist program prepares you for an accounting career. You will be able to identify, analyze, summarize, communicate, record and interpret business transactions and financial statements. You will learn commercial and customized accounting software and spreadsheets and you will apply the skills via intensive accounting applications.

You will study professional and ethical behavioral case studies for business, as well as attain oral and written communication skills that are necessary for success. Technical courses in accounting, taxes and payroll with commercial software will allow you to seek advanced placement in accounting or information systems departments. You will experience a professional work environment under the combined guidance of a teacher and a cooperating employer where many of the skills and procedures studied in the classroom are observed and practiced.

You will find employment opportunities in the profit and nonprofit private and governmental sectors.

Locations: Boone, Urban
Selected courses in this program are offered at other campuses.

Program Entry Requirements
- Complete an application, satisfy the assessment requirement and attend any required information/registration session.
- Successful completion of ADM157 Intro to Keyboarding or keyboarding skills of 25 NWPM is strongly recommended.
- High school Algebra II or higher with a grade of "C" or better or MAT073 and/or MAT141 at DMACC.
- Students start fall term at Urban and Boone.

Graduation Requirements
To earn an Accounting Specialist AAS degree, a student must complete the requirements for the degree, maintain a 2.0 grade-point average and receive a grade of "C" or above in all ACC course work.

Term 1–Select 1 Course from Option 1

ACC 131	Principles of Accounting I		4
ACC 124	Accounting Professionalism		3
CSC 110	Intro to Computers		3
ENG 105	Composition I	Opt 1	3
ADM 157	Business English	Opt 1	3
Any AA/AS degree Core MAT or BUS course			4

Students planning to transfer to a four-year institution should check with that institution regarding math requirements before selecting math courses for this program.

Term 2–Select 1 Course from Option 2

ACC132	Principles of Accounting II		4
ACC311	Computer Accounting		3
ACC161	Payroll Accounting		3
ACC191	Financial Analysis		3
ENG106	Composition II	Opt 2	3

ENG 108	Comp II: Technical Writing	Opt 2	3
COM 703	Communication Skills	Opt 2	3

Students planning to transfer to a four-year institution should select ENG106.

Term 3–Select 1 Course from Option 3

ACC 946	Accounting Career Seminar		1
SPC 101	Fundamentals of Oral Communication		3
ACC 932	Accounting Internship	Opt 3	3-4

Term 4–Select 1 Course from Option 4

ACC 231	Intermediate Accounting I		4
ACC 222	Cost Accounting		4
Any AA/AS degree Core MAT or BUS course			4
BUS 185	Business Law I	Opt 4	3
ECN 120	Principles of Macroeconomics	Opt 4	3

Students planning to transfer to a four-year institution should check with that institution regarding math requirements before selecting math courses for this program.

Term 5–Select 1 Course from Option 5

ACC 261	Income Tax Accounting		3
ACC 272	Accounting Information Systems		4
ACC 361	Accounting Spreadsheets		3
MGT 145	Human Relations in Business	Opt 5	3
PSY 111	Introduction to Psychology	Opt 5	3
ECN 130	Principles of Microeconomics	Opt 5	3

Students planning to transfer to a four-year institution should select courses numbered from 100 to 199. ECN 120 is strongly recommended for business majors. Students planning to transfer to a four-year institution should check with that institution regarding science and humanities requirements before selecting courses for this program.

Total minimum credits required to complete this program   68

Administrative Assistant

Today's business offices have a need for highly-skilled employees who possess the skills and confidence necessary to handle a wide variety of office tasks. The Administrative Assistant degree provides a strong foundation in office skills, including the technological aspects, and combines course work and hands-on computer experience. The curriculum includes comprehensive work skills preparation necessary for the administrative assistant to work in business, professional offices and other employing agencies.

Students will be prepared to demonstrate good communication skills, problem-solving skills, effective human relations skills, and skilled use of computer applications and office procedures.

Locations: Ankeny, Boone, Carroll, Urban
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn an Administrative Assistant AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1

BUS 112	Business Math	3
MGT 145	Human Relations in Business	3
ADM 157	Business English	3
BCA 133	Word Processing Skill Development I	4
ADM 131	Office Calculators	1

Aging Services Management

The Aging Services Management program provides students with the opportunity to develop the knowledge and skills needed to perform the duties of a health care administrator in long-term care facilities and residential care facilities; director in assisted living and adult day care programs; or management with adult services agencies. An administrator or director may be responsible for planning, organizing, staffing, directing and budgeting of a facility or agency that works with the older adult population. Students in this program will explore specific administration areas such as management, services, financial, legal regulations and human relations. There are four tracks for students to select a career path. The Aging Services Management programs provide classes on the web, TV, and weekends to meet the needs of the nontraditional student.

Students completing the AS degree will have the option of seeking employment in a health-care-related field, or transferring to a four-year college or university.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement, and attend any required information/registration session. Students may start any term.

Graduation Requirements
To earn an Aging Services Management AS degree with an emphasis in either the Long-Term Care Administration track or the Adult Services track, a student must complete the standard core requirements for the degree, plus the required and option courses and maintain a 2.0 grade-point average.

Long-Term Care Administration Track

The Long-Term Care Administration AS degree track provides students with the knowledge and skills needed to perform the duties of a nursing home administrator. Administrators play a vital role in planning, organizing, staffing, directing and controlling the operation of a long-term care facility.

IMPORTANT NOTE: Students are strongly advised to contact one of the staff members in Aging Services Management in Bldg. 9, Room 3 on the Ankeny Campus or call 515-964-6814 or 515-964-6262 regarding additional important information to meet state licensure requirements for nursing home administrator.

Required Courses

Complete AS degree Core Requirements			28
ASM 278	Management in Senior Care Services		3
ASM 279	Health Care Human Resources		3
ASM 280	Health Care Delivery Systems		2
ASM 282	Aging Services In the Continuum/Care		2
ASM 283	Aging Policies & Government Programs		2
SOC 225	Social Gerontology/Applications		4
SOC 226	Issues in Aging		2

Practicum:

ASM 251	Governance of NF/SNF		2
ASM 252	Governance of Supported Living		2
ASM 253	LTC Practicum: Psychosocial Needs		2
ASM 254	LTC Practicum: Physical Needs		2
ASM 255	LTC Practicum: Administration		2
ASM 257	Capstone		2

Option Courses–Select a Mimimum of 10 Credits from Option 1

ACC 131	Principles of Accounting I	Opt 1	4
ACC 111	Intro to Accounting	Opt 1	3
ASM 238	Financial Management in Aging Services	Opt 1	3
ASM 239	Information Systems in Health Care	Opt 1	2
ASM 274	Law and Ethics in Health Care	Opt 1	3

Adult Services Track

The Adult Services AS degree track provides students with the course work to qualify to be administrators or directors of Residential Care Facilities, Assisted Living programs, Adult Day Care programs, home, and community-based services and agencies that work with the elderly. Administrators or directors play a vital role in planning, organizing, staffing, directing and controlling the operation of adult services programs.

NOTE: If you are planning to work in a residential care facility it is recommended that you take SOC 110 Introduction to Sociology and PSY 111 General Psychology to fulfill the Social and Behavioral Sciences component of the AS degree core requirements.

Long-Term Care Administrator

(see Certificate Section page 81)

Agri-Business

The Agri-Business program is designed to prepare students for the rapidly expanding food fiber and natural resources industry. Students are given an option of emphasizing agricultural supply and service and farm management.

This program provides the student with training in the latest developments in technical agriculture in both the classroom and industry settings. The program also includes on-the-job employment experience in the industry.

Students who elect to take agricultural supply and service courses will be capable of filling entry-level jobs including agronomist, or livestock, grain and petroleum marketing specialist. Other job opportunities may be found within the seed, chemical, banking and commodity brokerage industry.

Students who elect to take farm management courses may enter production agriculture or find employment as a farm management specialist.

Students should visit with program instructors and counselors for information regarding courses that transfer to four-year institutions.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn an Agri-Business AAS degree, students must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

Airbrush Art (see Certificate Section page 78)

Architectural Millwork

The Architectural Millwork program will give students the training to produce one-of-a-kind cabinetry, millwork (wood trim) and solid surface products, such as solid surface counter tops. Students will receive classroom

instruction as well as hands-on training and experience using modern millwork equipment. Graduates of the program will earn a diploma, which will prepare them for entry-level positions in the architectural millwork field.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements

To earn an Architectural Millwork diploma, complete all course work as prescribed and maintain a 2.0 (C) grade-point average.

ALL MLW courses are reserved for students accepted into the full-time Architectural Millwork program.

Term 1

MLW 440	Blueprint Reading and Layout	3
MLW 441	Material Identification and Usage	3
MLW 442	Introduction to Portable Tools	3
MLW 443	Stationary Equipment	4
HSC 102	Emergency Care	1
MAT 772	Applied Math	3

Term 2

MLW 444	Advanced Equipment Techniques	3
MLW 445	Millimeter Cabinet Techniques	3
MLW 446	Millwork Techniques	4
MLW 447	Introduction to Application	3
COM 703	Communication Skills	3

Term 3

MLW 448	Advanced Millwork Applications I	5
MLW 449	Advanced Millwork Applications II	5
Total credits required to complete this program		**43**

Architectural Technologies

The Architectural Technologies program is designed to develop the proper manual and computer skills and knowledge required for satisfactory entrance into the field of architectural drafting and detailing.

Graduates are employed by architects, structural, mechanical and electrical engineers, contractors, subcontractors and building equipment and material suppliers. Students visit a construction site to observe actual construction practices and architectural offices to experience their future work environment.

Location: Ankeny
Selected courses offered at Urban campus

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Submit evidence of grade "C" or above in one year of high school algebra or the equivalent (DMACC Academic Achievement Center Algebra I & II or MAT 063).

Students start summer term.

> NOTE: BCA 113 has a prerequisite of CSC 110 Introduction to Computers.

The requirement for MAT 772 & 773 can be fulfilled with evidence of a grade of "C" or above in MAT 130 or an equivalent mathematics course; and a COMPASS Trigonometry score of 35. When students meet their math requirement this way additional credits to meet the 65 credit program requirement must come from courses in Option 1 or as approved by the program chair.

Graduation Requirements

To earn an Architectural Technologies diploma or AAS degree, students must complete all course work as prescribed and maintain a 2.0 (C) grade-point average.

Term 1

ARC 114	Architectural Drafting I		5
ARC 165	Materials & Assemblies I		3
ARC 116	Construction Estimating		2
CAD 119	Intro to Computer Aided Drafting		3

Term 2

Auto Collision Technology

The Auto Collision Technology program is designed to prepare students for employment in the highly technological auto collision industry and to update those already employed.

The Auto Collision diploma option prepares graduates for entry into auto collision jobs related to paint, refinishing and major structural repairs.

In addition, individual courses may be taken to satisfy the person who wants only specific segments of the complete program.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall or spring term.

Graduation Requirements

To earn an Automotive Collision Technology diploma or AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Auto Mechanics Technology

The Auto Mechanics Technology program is designed to prepare students for employment in the high-technology automotive service industry and to update those already employed.

The Auto Mechanics Technology Associate of Applied Science (AAS) degree program is a comprehensive training program designed to cover all aspects of automotive repair. Graduates with an AAS degree find employment in dealerships, independent service facilities, corporate repair facilities and automotive parts establishments. They are employed as automotive technicians, insurance claims adjusters, automotive instructors and repair technicians in related fields.

There are three separate diploma options that can be taken individually or in combination. One option prepares graduates for job entry in current automotive technology tune-up and engine repair. Another option prepares graduates to enter the automotive industry trained in the latest power train and chassis repair techniques. A third option prepares graduates to enter the automotive industry as a maintenance and light repair technician. Diploma recipients may receive an AAS degree by completing the additional courses required for the Auto Mechanics Technology AAS degree.

Location: Ankeny, selected courses offered at the other campuses.
Auto Maintenance & Light Repair diploma is available only at the Urban campus.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Ankeny and Urban campus students start fall term, Carroll campus students start spring term.

Graduation Requirements
To earn a diploma in Auto Engines and Tune Up, Auto Chassis and Power Train or Maintenance Light Repair, or an AAS degree in Auto Mechanics Technology, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Auto Engines & Tune-up

This diploma option prepares graduates for job entry in current automotive technology tune-up and engine repair.

Required Courses

Biotechnology

The Biotechnology program is designed to prepare students to work as Biotechnology technicians in this rapidly expanding field that includes research and development, quality control, manufacturing or related areas. Biotechnology is a broad term spanning several different disciplines. Specific career opportunities could require skills related to genetic engineering of plants or microorganisms, gene therapy to correct human health problems, DNA fingerprinting, vaccine development, or production of food, drugs and other consumer products.

The program is structured to allow students to develop marketable job skills while incorporating the requirements for a two-year liberal arts degree. Most of the credits will transfer to four-year institutions. The program includes many lab-based courses, which enables students to apply what they learn in chemistry, math and statistics, biology, microbiology, genetics and molecular biology. Specific skills such as written and oral communications, critical thinking, problem-solving, computer skills and small group collaboration are an integral part of the program. Students participate in internships in cooperation with potential employers.

Students planning to transfer to a four-year program after completion of this program should take CHM 165 and 175 instead of CHM 122 and 132. CHM 263 and 273 may also be taken depending on the program being considered. In addition, many four-year programs will require calculus (MAT 211 and/or 217) and physics (PHY 213 and 223) which can be taken at DMACC. *Additional credit hours in humanities and the social sciences may also be helpful. Please check with the program chairperson for Biotechnology or an advisor for additional information or assistance.*

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. In addition, students must complete:

1. One year of high school chemistry or Academic Achievement Chemistry I & II or successful completion of CHM 122

2. Two years of high school algebra or MAT 063 and 073

3. Demonstration of satisfactory writing skills on college entrance or assessment exam.

Students start fall or spring term.

Graduation Requirements
To earn a Biotechnology AS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

BIO 104	Introductory Biology w/Lab	3
BIO 100	Opportunities in Biology	1
ENG 105	Composition I	3
CHM 122*	Intro to General Chemistry	4

Building Maintenance Certificate

Building Trades

The Building Trades program provides students with the skills and knowledge necessary to enter either residential or commercial construction fields.

Classroom work focuses on familiarizing the students with basic knowledge of construction materials. Laboratory activities emphasize practical hands-on skills needed in the building trades.

The last term is devoted to applying classroom theory and lab skills in an actual construction job, either residential or commercial.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements
To earn a Building Trades diploma, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1

CON 333	Materials/Construction Theory	5
CON 334	Construction Techniques	7
CON 336	Care/Use of Hand/Power Tools	1

Degrees and Diplomas

Business Administration

The Business Administration program offers the student a number of career and educational opportunities. The curriculum is designed for career-oriented students who desire career positions in business; college transfer students who wish to complete a four-year degree; working adults who want to complete their associate degree, gain advancement opportunities, or who are considering a career change.

Unique features of the Business Administration curriculum include: introductory business studies in business administration areas, a complement of arts and science transfer courses and an Associate in Science degree.

This program helps prepare the student for a career, or should the student decide to transfer to a four-year college, this program provides a curriculum that will satisfy most freshman and sophomore Business Administration requirements of four-year colleges. The Student Development Office can provide course check sheets from the various colleges identifying which DMACC courses should be taken for college transfer. Students planning on transferring to a four-year college should contact a counselor or advisor for course planning assistance.

Locations: Ankeny, Boone, Carroll, Newton, Urban, West

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Business Administration AS degree, a student must complete the standard core requirements for the degree, plus the Business Administration required courses and options and maintain a 2.0 grade-point average.

BUS 102	Intro to Business	3
BUS 220	Intro to International Business	3
BUS 185	Business Law I	3
CSC 110	Intro to Computers	3
ECN 120	Principles of Macroeconomics	3
ECN 130	Principles of Microeconomics	3
Total		**54**

NOTE: ECN 120 and ECN 130 can be used to satisfy the Social and Behavioral Sciences component of the AS degree core. Students choosing this option will need to complete an additional 6 credit hours from either AS degree core or General Business Option courses to meet program requirements.

In addition to the required courses, students must choose one of the following plans:

1. College Transfer Plan
Students planning to transfer to a four-year institution should complete:

Additional Course Requirements
a. Any AS degree Core MAT or BUS Course 4 credits.
Students should check with the four-year institution regarding math requirements before selecting a MAT or BUS course for this program.

b. AS degree Core Requirement Course 3 credits. Students should check with the four year institution regarding requirements for Social and Behavioral Sciences, Science, or Humanities before selecting courses for this program.

c. One Course from the General Business Option Course Plan below 3 credits

Total minimum credits required for the College Transfer Plan   64

Business Information Systems

The Business Information Systems program is intended for the student who is interested in a programming career in a client/server environment or in the areas of electronic commerce or database applications. This is especially true of the career opportunities in the PC-related programming fields, as well as the newer fields of electronic commerce and databases.

The BIS degree will allow a student to study a variety of different areas related to PC programming and related applications. This program emphasizes flexibility to allow a student to take courses that relate to specific areas of interest. It is also possible for the student to take course work from several different but related areas of study. For example, many electronic commerce applications use databases as an integral part of their business. These combined skills will give the student a more marketable background.

Information Technology careers require more diversity of skills and abilities than in the past. Employers are looking for employees with a variety of skills in related areas. Many projects today require a variety of computer-related skills and business knowledge. This degree will address those demands through more flexible course selection and exposure to a variety of programming skills and tools.

Location: Ankeny, Newton, Urban, West
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Business Information Systems AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

CAP - Chrysler

The Chrysler Automotive Program (CAP), cosponsored by DMACC and Daimler Chrysler Company, is a two-year automotive program designed to upgrade the technical competence and professional level of the incoming Daimler Chrysler dealership technician. The curriculum, designed by Daimler Chrysler and DMACC, leads to the associate degree in Automotive Technology. The program involves classroom lecture, laboratory experience and dealership work experience.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement, aptitude and ability tests and be accepted by Daimler Chrysler as a participant. In addition, all program participants must be employed by a participating Chrysler dealership. Students start in October each year.

Graduation Requirements

To earn a CAP Chrysler AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

ATC 312	Chrysler Electrical/Electronics	4
ATC 317	Shop Fundamentals and Minor Service	4
ATC 318	Basic Brakes	4
ATC 320	Technical Internship I	3
ATC 328	Chrysler Electrical Systems Repair	4

Total credits required to complete this program		**74**

Caterpillar Technology

The Caterpillar Technician program prepares students for a career in the area of diesel repair, focusing on Caterpillar products. Instruction is in the repair, maintenance and testing of diesel engines, power trains and components of trucks and construction equipment.

This program is accredited by the AED Associated Equipment Distributors www.AEDNET.org.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements

To earn a Caterpillar Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

DSL 356	Diesel Engines I		6
DSL 366	Diesel Engines II		6
DSL 546	Power Trains I		6
DSL 605	Hydraulics and Brakes		5
DSL 145	Basic Electricity		5
DSL 733	Air Conditioning		3
DSL 830	Operation and Maintenance		5
DSL 555	Power Trains II		5

Chemical Dependency Counseling

(see Certificate Section page 78)

Civil Engineering Technology

The Civil Engineering Technology program prepares the student for a career as a technician in the areas of design, surveying, construction and materials testing. This is designed to be a two-year degree program.

This program is designed to fill an increasing demand for technically skilled people in the civil engineering technology field, and demand is expected to continue well into the 21st century.

Career opportunities with this degree are with construction firms; surveying firms; consulting engineering firms; federal, state and local government agencies; materials testing labs and many other areas of the private sector that support the transportation industry.

Location: Boone

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students must have earned a grade of "C" or above in a high school algebra course, or be placed in MAT

773 by the results of a Compass test. If students are not placed in MAT 773, they will be required to take remedial math courses to be brought up to the level of MAT 773 before taking that course.

This program is designed to start in the fall semester. Students who desire to start other terms may be accepted, but may not graduate in four semesters due to the sequencing of course work. If starting other than fall, please contact the Civil Engineering Technology department.

Graduation Requirements

To earn a Civil Engineering Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

CET 102	Fundamentals of Civil Engineering	3
CET 119	Survey I	3
CET 135	Materials I	3
CET 138	Construction I	3
CET 169	Survey II	4
CET 173	Highway Design I	4
CET 178	Automated Design I	4
CET 192	Statics	4
CET 219	Survey III	4
CET 222	Soils and Foundations	3
CET 235	Construction II	3
CET 244	Materials II	3
CET 278	Automated Design II	4
CET 283	Highway Design II	4
CET 291	Structure Design and Construction	3
MAT 773	Applied Math	3
CSC 110	Intro to Computers	3
CET 305	Field Coop	5

With faculty approval, students may take the folllowing in place of CET 305

CET307	Field Orientation	2

AND 1 of the following courses:

MGT145	Human Relations in Business	3

OR

PSY11	Intro to Psychology	3

Option Courses–Select Both Option 1 Courses, OR Both Option 2 Courses, AND 1 Course from Option 3

COM 703	Communication Skills	Opt 1	3

SPC 101	Fund of Oral Communication	
MAT 130	Trigonometry	
SRV 215	Intro to Land Information Systems	

Commercial Horticulture

The Commercial Horticulture program provides students with technical training in the broad horticultural field through classroom, greenhouse, turf lab, tree nursery and practical on-the-job employment experiences.

Graduates of the program will be capable of filling jobs in fields such as greenhouse operator and management involving greenhouse production, scheduling and marketing; landscaping involving design, planting and maintaining trees, shrubs, turf and foliage plants for the beautification of home, commercial, public and recreational grounds. Other jobs may include turf management involving establishing, managing and maintaining grassed areas for ornamental and/or recreational purposes; nursery operation and management concerned with the production of trees, shrubs and turf for the purpose of transplanting or propagating them. Employment may also be found in garden center merchandising and management, merchandising of flowers and foliage plants and their design. Certificates of specialization are offered in Greenhouse Production, Landscape Design and Turf Maintenance.

In addition to the required and option courses listed, there are elective courses that may be taken for additional credit. Those courses are AGH 160 Irrigation Systems, AGH 241 Sports Turf.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements

To earn a Commercial Horticulture AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

AGA 157	Soil Fertility*	1
AGA 154	Fundamentals of Soil Science*	3
AGH 159	Landscape Drafting	2
AGH 221	Principles of Horticulture	3
AGH 142	Construction, Safety & Maintenance	3
AGH 123	Woody Plant Materials	3
AGH 132	Introduction to Greenhouse	3
AGH 111	Intro to Turfgrass Management*	2
AGH 154	Residential Landscape Design I	3
AGH 805	Horticulture Internship I	2
AGH 233	Plant Propagation I	3
AGH 155	Landscape Design II	2
AGH 251	Insects and Diseases	2
AGH 120	Herbaceous Plant Materials	3
AGH 283	Pesticide Application Certification*	2
SDV 220	Pre-Employment Strategies	2
AGH 281	Arboriculture	3
AGH 292	Garden Center Management	3
AGH 815	Horticulture Internship II	2
AAS Degree Core science course		3

For the Turf Maintenance Emphasis, the following course is required

AGH 211	Advanced Turfgrass Management II*	3

For the Greenhouse Production Emphasis, the following course is required

AGH 133	Greenhouse Production Techniques	3

Option Courses Either Plan–Select 1 Course from Option 1, 2 and 3

MAT 141	Finite Mathematics	Opt 1	4
MAT 772	Applied Math*	Opt 1	3

ENG 105	Composition I	Opt 2	3
COM 703	Communication Skills	Opt 2	3
MGT 145	Human Relations in Business	Opt 3	3
PSY 111	Introduction to Psychology	Opt 3	3
PSY 102	Human and Work Relations	Opt 3	3
Either Plan - Select 2 Courses from Option 4			
ACC 111	Intro to Accounting	Opt 4	3
MKT 140	Selling	Opt 4	3
CSC 110	Intro to Computers	Opt 4	3
Either Plan - Select 1 Course from Option 5			
AGH 262	Fruit and Vegetable Science	Opt 5	3
AGH 272	Nursery Production I	Opt 5	3
Total minimum credits required for the Greenhouse Production emphasis			**71**
Total minimum credits required for the Turf Maintenance emphasis			**71**

In addition to the courses required for this degree, students may take the following courses to enhance their background or for personal enrichment:

AGH 160	Irrigation Systems*		2
AGH 241	Sports Turf*		2

*(Courses marked with * are required for the Turf Maintenance Certificate)*

Computer-Aided Design Technology

Computer-Aided Design (CAD) Technology prepares students for a career in a variety of design drafting disciplines. The CAD technology student will be exposed to different CAD software packages and computer operating systems. Students will learn how to create CAD models and drawings to meet international and U.S. customary drafting standards.

Students can obtain a one-year diploma or a two-year associate degree in CAD technology. Students enrolled in the one year diploma will be taught basic drafting and CAD practices with emphasis on entry-level drafting job skills. Students enrolled in the associate degree program will complete the first-year diploma requirements and in the second year apply advanced CAD software operations including three-dimensional (solid) modeling, computer analysis and rendering. Associate degree students will also be taught a variety of specialized drafting standards in their respective field of interest.

Engineering and manufacturing design drafting, computer animation and graphics, technical publishing and independent CAD contracting are areas where Computer-Aided Design Technology program graduates may find employment.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Successful completion of CSC 110 (Introduction to Computers) or equivalent; or approval of the program counselor. Students start fall term.

Graduation Requirements
To earn a Computer-Aided Design Technology diploma or AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1–Select 1 Course From Option 1

CAD 151	CAD Graphics I	6
CAD 155	Networking Systems Involving CAD	3
MAT 772	Applied Math	3

MGT 145	Human Relations in Business	Opt 1	3

Computer Applications and Computer Languages Certificate

(see Certificate Section page 79)

Criminal Justice - AA or AS

The Criminal Justice program prepares students for a career in such areas as law enforcement, corrections, security and juvenile justice. The program allows students to choose either an AA or AS degree. All students must complete the basic Criminal Justice requirements, then select other Criminal Justice classes in areas of primary interest.

NOTE: Students who have a criminal background history may make it through the program, but it is NOT likely that they will find employment in the Criminal Justice field, and students with a criminal history may NOT be eligible for an internship that is required for the AS degree.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Criminal Justice AA or AS degree, a student must complete the standard core requirements for the degree, plus the Criminal Justice required courses and options and maintain a 2.0 grade-point average.

AA Degree

Required Courses

CRJ 100	Intro to Criminal Justice	3
CRJ 119	Community Relations	3
CRJ 132	Constitutional Law	3
CRJ 107	Survey/Criminal Justice Agencies	3

POL 171*	Intro to Public Administration		3
SOC240	Criminology		3
Complete remaining AA Degree Core Requirements			**45**

POL 171 is a required course for this program and may also be used to fulfill 3 credits of Social & Behavioral Science AA Core

Option Courses–Select 12 Credits from Option 1

CRJ 130	Criminal Law	Opt 1	3
CRJ 137	Juvenile Law	Opt 1	3
CRJ 109	Theories of Interviewing	Opt 1	3
CRJ 229	Penology	Opt 1	3

Culinary Arts

The DMACC Culinary Arts program has been designated the Iowa Culinary Institute, signifying world-class prominence of the program.

The Culinary Arts program prepares students to enter culinary positions with hotels, restaurants, clubs or institutions and some select jobs in dining room service, catering or management. By the end of the program graduates will have taken courses in food preparation, nutrition, menu planning, purchasing, garde manger and baking. International cuisine, restaurant management and advanced culinary cuisine are practicum courses and a valuable part of the training. These courses are management designed and offer students practical knowledge of the restaurant industry.

Upon successful completion of terms 1 through 5, students will receive a Culinary Arts AAS degree. The first three terms must be completed before enrollment is allowed in terms 4 and 5. Students with a shorter-term educational goal may receive a diploma upon completion of terms 1, 2 and 3.

The Culinary Arts Program is accredited by the American Culinary Federation.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements

To earn a Culinary Arts AAS degree or diploma, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1–Select 1 Course from Option 1

HCM 100	Sanitation and Safety		2
HCM 104	Sanitation and Equipment Lab		1
HCM 143	Food Preparation I (lec)		3
HCM 144	Food Preparation I Lab		3
HCM 320	Intro to Hospitality Industry		2
BUS 112	Business Math	Opt 1	3
MAT 772	Applied Math	Opt 1	3
Any MAT or BUS course designated as AAS Core		Opt 1	3

Term 2–Select 1 Course from Option 2

HCM 110	Baking (Lab)		2
HCM 200	Dining Room Service		2

Total credits required to complete the AAS degree			**67**

PROGRAMS AVAILABLE

Degrees and Diplomas

Data Entry I and Data Specialist Certificates (see Certificate Section page 79)

Dental Assistant

The Dental Assistant program prepares the student, as a member of the dental health team, to assist the dentist in all phases of dentistry. The program includes general and specialty dentistry, chairside procedures, radiology and laboratory and business office assisting.

An integral part of the educational program is clinical experience; this is provided by rotation through various dental facilities.

The Dental Assistant program is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the Council of Postsecondary Accreditation and the United States Department of Education.

Criminal background checks will be completed on each student. Criminal convictions or documented history of abuse may delay or prevent students from participating in clinical education experiences. Students unable to participate in clinical education will be unable to complete the Dental Assistant program.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Keyboard skills of 35 WPM with no more than 5 errors is strongly recommended. High school biology is strongly recommended. Submit proof of high school graduation or GED prior to enrollment. Students start fall term.

Graduation Requirements
To earn a Dental Assistant diploma, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1

DEA 253	Dental Science I	4
DEA 256	Dental Anatomy	2
DEA 424	Dental Materials Lab	1
DEA 507	Principles of Dental Assisting	6
DHY 221	Dental Materials	2
DHY 161	Oral Radiology	3

Term 2

DEA 321	Dental Radiography II	2
DEA 591	Dental Assisting Seminar	1
DEA 576	Dental Assisting Clinic I	3
DEA 263	Dental Science II	2
DEA 615	Clinical Dental Assisting	5
DEA 702	Dental Office Procedures	2
ENG 105	Composition I	3

Term 3

DEA 297	Ethics/Jurisprudence Seminar	1
DEA 577	Dental Assisting Clinic II	4
PSY 102	Human & Work Relations	3
SPC 101	Fund of Oral Communication	3

Graduates may immediately sit for the National Board exam to become a Certified Dental Assistant.

Total credits required to complete this program   **47**

Dental Hygiene

The Dental Hygiene curriculum is designed to prepare graduates for positions in general and specialty dental offices, hospitals, schools, public health agencies and industrial agencies.

Students are trained in educational methods and preventive clinical services that qualify them as dental health educators and competent clinicians. Emphasis is placed on the correlation between prevention, education and the clinical phases of dental hygiene practice, as well as basic and social sciences.

The Dental Hygiene program is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the Council of Postsecondary Accreditation and the United States Department of Education.

Location: Ankeny

Program Entry Requirements
Complete an application. Attend a Dental Hygiene program information session. Provide proof of high school graduation or GED completion. Complete required COMPASS testing obtaining satisfactory scores in reading (81 or above) and writing (70 or above) or ACT scores in Reading (19 or above) and English (19 or above). Complete the following courses with a grade of "C" (not C-) or better in each:

1. BIO 164 EssentialAnatomy/Physiology OR BOTH BIO 733 Health Science Anatomy AND BIO 734 Health Science Physiology

2. CHM 122 Introduction to General Chemistry

3. BIO 187 Microbiology w/lab OR BIO 732 Health Science Microbiology

When transferring equivalent courses to DMACC, an official transcript must be sent to the Admissions Office as courses are completed.

Wait List Processing
Position of the Wait List will be determined by the number of support courses completed.

CHM 132 Introduction to Organic/Biochemistry, PSY 111 Introduction to Psychology, SOC 110 Introduction to Sociology, ENG 105 Composition I, SPC101 Fundamentals of Oral Communication OR SPC 126 Interpersonal & Small Group Communication

When there is no completion of any remaining support courses for three years from the date the student's name went on the Wait List, the applicant will be deleted from the list.

Graduation Requirements
To earn a Dental Hygiene AAS degree, a student must successfully complete all dental hygiene and liberal arts support courses required in the curriculum, achieving a grade of "C" (not C-) or better in each course. In order to progress to the next term of the Dental Hygiene program, all required courses in the current term must be completed with a grade of "C" or better.

NOTE: Criminal background checks will be completed on each student. Criminal convictions or documented history of abuse may prevent students from participating in clinical experiences. Students who do not participate in clinical education will be unable to complete the program.

Term 1–CPR Certification

CHM 132	Intro to Organic/Biochemistry	4
DHY 170	Principles of Dental Hygiene	2
DHY 171	Principles of Dental Hygiene Practicum	3
DHY 121	Oral Histology and Embryology	2

Diemaking (See Tool & Diemaking)

Diesel Technology

The Diesel Technology program prepares students for a career in the area of diesel repair. Instruction is in the repair, maintenance and testing of diesel engines, power trains and components of trucks and heavy construction equipment.

This program is accredited by the AED Associated Equipment Distributors www.AEDnet.org

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements

To earn a Diesel Technology diploma or AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses–Diploma

DSL 356	Diesel Engines I	6
DSL 366	Diesel Engines II	6
DSL 546	Power Trains I	6
DSL 605	Hydraulics and Brakes	5
DSL 145	Basic Electricity	5
DSL 733	Air Conditioning	3
DSL 830	Operation and Maintenance	5

Select 1 Course from Each Option

COM 703	Communication Skills	Opt 1	3

Early Childhood Education

The Early Childhood Education program prepares students for careers working with young children in a variety of settings. Students who successfully complete the program are competent to assume a position of responsibility in early childhood education.

Course work includes early childhood development, guidance techniques, assessment, curriculum planning, infant and toddler care, health, safety and nutrition and emergency care.

Students will have the opportunity to participate in the Des Moines Area

PROGRAMS AVAILABLE

Community College Child Care Center as well as a community-based program as they develop their competencies in the field of early childhood education.

When course work is completed, students will assume positions in a variety of settings such as child care centers, preschools, child development homes and public and private schools working with infants and toddlers, preschoolers or school-age children. A second degree option, Early Childhood Education Associate, is also available.

DHS criminal history record checks will be completed on each student. Criminal convictions or documented history of abuse will prevent students from participating in practicum and participation experiences. Students unable to complete these classes will not receive a degree in Early Childhood Education.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend required information/registration session. Students start fall term.

Graduation Requirements
To earn an Early Childhood Education diploma, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Recommended Course of Study
A recommended course of study, listed below, has been created to ensure that each student completes the program in the minimal amount of time required. However, the course of study can be tailored to meet the specific needs of each student.

Required Courses 1st Semester

ECE 173	Early Childhood Development	3
ECE 101	Intro to Early Childhood Education	1
ECE 242	Early Childhood Guidance	2
ECE 147	Assessment Planning - Young Children	1
ECE 148	Group Exp. for Early Childhood Programs	2
ECE 149	Curriculum - Preschool Children	3
ECE 130	Emergency Care	1
ECE 265	Student Participation I	3
	Total	16

Required Courses 2nd Semester

Early Childhood Education-Associate

The Early Childhood Education Associate program is designed to build on those skills developed in the Early Childhood Education diploma program and to broaden the student's background in general education. Further competence in early childhood education is developed through course work in administration of programs for children and field practicum settings.

Students completing the Early Childhood Education diploma program plus the additional requirements listed will earn an Early Childhood Education Associate in Science degree. They may take one of the many jobs available in early childhood education. Students who intend to transfer should contact the Early Childhood Education program chair or program counselor regarding important information concerning articulation agreements with four-year institutions. This program is not intended for students who are in Elementary Education.

Students who intend to transfer to a four-year institution should contact the Early Childhood Education program chair or program counselor to obtain information about articulation agreements.

DHS criminal history record checks will be completed on each student. Criminal convictions or documented history of abuse will prevent students from participating in practicum and participation experiences. Students unable to complete these classes will not receive a degree in Early Childhood Education.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn an Early Childhood Education AS Degree, a student must complete the standard core requirements for the degree plus the Early Childhood Education program required courses and options and maintain a 2.0 grade-point average.

Recommended Course of Study
A recommended course of study, listed below, has been created to ensure that each student completes the program in the minimal amount of time required. However, the course of study can be tailored to meet the specific needs of each student.

Required Courses 1st Semester

ECE 173	Early Childhood Development	3
ECE 101	Intro to Early Childhood Education	1

Electrical Construction Trades

The Electrical Construction Trades program prepares students for entry-level positions in residential, commercial and industrial wiring. At the completion of the program, students should be able to install electrical wiring to meet National Electric Code® (NEC) code in residential and commercial settings. In addition, students should be able to install motor-controlled equipment in industrial operations using more complex systems such as Programmable Logic Controllers.

Location: Newton
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements
To earn an Electrical Construction Trades diploma, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1

MAT 772	Applied Math	3
CON 337	Construction Blueprint Reading	1
ELT 303	Principles of Electricity	3
ELT 158	NEC® Residential	3
ELT 159	NEC® Residential Lab	3

Term 2

ELT 172	NEC® Commercial/Industrial	3
ELT 173	NEC® Commercial/Industrial Lab	4
ELT 134	Motor Controls	3
COM 703	Communication Skills	3
CSC 110	Introduction to Computers	3

Term 3

ELE 141	Advanced Motor Controls	3
ELT 174	Electrical Grounding	2
ELT 119	Programmable Logic Controllers	3
MGT 145	Human Relations in Business	3

Total credits required to complete this program 40

Electronics, Robotics & Automation

The Electronics, Robotics and Automation program prepares students for a career as a technician in industrial manufacturing. At the end of the program, students should be able to diagnose and repair industrial equipment ranging from the basic motor control devices used in hard automation to the sophisticated industrial robots and computer-integrated manufacturing cells that utilize microprocessors for programming and servo control.

The curriculum includes both the fundamental technologies and system applications. Upon program completion, students may seek employment with area manufacturers, maintaining plant equipment or with companies that produce process control or robotic devices.

Location: Ankeny

Program Entry Requirements
1. Complete an application.
2. Satisfy the assessment requirement and attend any required information/registration session.
3. Complete the required COMPASS testing, obtaining a satisfactory score in algebra (60 or higher) or ACT scores with a math sub score of 19 or higher, or
4. Successful completion of CSC 110 Intro to Computers or equivalent; or approval of the program counselor

Students start fall term.

PROGRAMS AVAILABLE

Electronics Systems Servicing Technology

The Electronics Systems Servicing Technology program prepares the student for a career as a technician for servicing electronic systems. Upon completion of this program, students should be able to diagnose and repair electronic equipment including personal security systems, business machines and medical electronics.

The curriculum includes the fundamental technologies, systems applications and an internship. Upon program completion, graduates may seek employment with local and regional electronic systems servicing companies.

The last term of the ESST program requires an internship (ELT 932). Before students enroll in the ELT 932 Internship course, they will be required to achieve a grade of "C" or higher in the DMACC courses pertaining to their chosen internship area. Students may choose an internship emphasis from one of the following four categories:

Consumer Electronics: Courses requiring a grade of "C" or higher are ELT 474 and 475.

Security Systems: Courses requiring a grade of "C" or higher are ELT 482 and 483.

Business Machines: Courses requiring a grade of "C" or higher are ELT 478 and 479.

Medical Electronics: Courses requiring a grade of "C" or higher are ELT 484 and 485.

Location: Ankeny

Program Entry Requirements

1. Complete an application.
2. Satisfy the assessment requirement and attend any required information/registration session.
3. Complete the required COMPASS testing obtaining a satisfactory score in algebra (60 or higher) or ACT scores with a math sub score of 19 or higher, or
4. Successful completion of CSC 110 Intro to Computers or equivalent; or approval of the program counselor

Students start fall term.

Graduation Requirements

To earn an Electronics Systems Servicing Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1–Select 1 Course from Option 1

ELT 385	Electronic Circuit Analysis I		4

Fashion Certificate
(see Certificate Section page 80)

Fashion/Design

Challenges and rapid advancement opportunities set in an exciting atmosphere of change, fast-paced business decisions and competition are offered to you in a fashion career. Take part in the action where style becomes a way of expression in apparel and accessories, as well as interior design. A career in the fashion industry could include management, designing, buying, marketing or promotion, sales, customer service or visual merchandising.

The curriculum has been designed with the help of employers in both the apparel and interior design industries. Many students achieve management positions upon graduation or shortly thereafter because of the specialized course work and individual effort. Graduates interested in apparel design or interior design usually transfer to a four-year program.

Instruction is based on lectures, labs, internships, speakers and a variety of conferences and field studies in fashion centers such as New York City. These activities offer the student a chance to interact with key industry professionals and develop an invaluable employment network.

Two awards are offered in the Fashion program. Upon successful completion of the Fashion/Design program, students will receive an AAS degree. Students with a shorter-term educational goal may receive a diploma.

Fashion/Design emphasizes career development along with transfer options for students planning on attending a four-year college. Contact a DMACC Fashion/Design instructor, counselor or advisor for transfer planning assistance.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

PROGRAMS AVAILABLE

Fire Specialist (see Certificate Section page 80)

Fire Science Technology

The Fire Science Technology program provides a fundamental base of knowledge for people seeking career opportunities in the broad field of fire protection.

During the program, students complete general education core requirements and specific fire science courses. The latter examine the causes and behavior of fire and the means of minimizing its destructive effects through design, detection, suppression and prevention.

Students who possess a Fire Fighter I Certification can apply for four elective credits toward the AS degree in Fire Science Technology. Students who possess a Fire Fighter II Certification can apply for three elective credits toward the AS degree in Fire Science Technology. The Certification is based on the National Fire Protection Association Standard NEPA 1001 and accredited by a nationally recognized fire service accreditation agency.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Fire Science Technology AS degree, a student must complete the standard core requirements for the degree, plus the Fire Science Technology required courses and maintain a 2.0 grade-point average.

Fitness and Sports Management

Fitness and Sports Management is designed to give students three different areas to choose from: Fitness Management, Sports Management, or Health. This degree is designed to be a two-year degree. The degree is designed for individuals who would like to pursue a career in the fitness, sports, recreation or health fields.

The Fitness and Sports Management A.S. degree is a transfer degree, designed to prepare students for a Fitness Management, Sports Management and Health program at a 4 year school. Graduates from the program may also be able to find entry-level positions at parks and recreation departments, YMCA/YWCAs, private health clubs, golf courses, schools, hospitals, or other facility management positions.

Location: Boone
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. A program orientation will be required for all students entering the program. Students start any term.

Graduation Requirements
To earn a Fitness and Sports Management AS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

In addition to the required courses for all students, each student must choose one of the following emphasis plans: Fitness Management, Health, or Sports Management and complete the requirements for their chosen emphasis.

Fitness Management Emphasis

Required Courses

PEH 141	First Aid	2
PEH 265	Leadership Techniques for Fitness Program	2
MGT 101	Principles of Management	3
PET 110	Intro to Athletic Training	2
PSY 121	Developmental Psychology	3
Any AS degree Core Humanities		6
Any AS degree Core Social Sciences		3
Elective		1

Option Courses–Select 1 Course from Each Option

MAT 130	Trigonometry	Opt 1	3
MAT 157	Statistics	Opt 1	4
PHY 106	Survey of Physics	Opt 2	4
PHY 162	College Physics I	Opt 2	4

Health Emphasis

Required Courses

BIO 112	General Biology I	4
PEH 141	First Aid	2
MAT 157	Statistics	4
MKT 110	Principles of Marketing	3
PSY 121	Developmental Psychology	3

PSY 261	Human Sexuality		3
Any AS degree Core Humanities			6
Any AS degree Core Social Sciences			3
Elective			2

Sports Management Emphasis

Required Courses

ACC 131	Principles of Accounting I		4
PEH 255	Principles - Sports Management		3
MAT 141	Finite Math		4
MGT 101	Principles of Management		3
MKT 110	Principles of Marketing		3
SOC 110	Introduction to Sociology		3
Any AS Degree Core Humanities			3
Elective			2

Option Courses–Select 1 Course From Option 3

PSY 111	Introduction to Psychology	Opt 3	3
PSY 121	Developmental Psychology	Opt 3	3

Recommended Electives

AGH 241	Sports Turf		2
JOU 165	Principles of Advertising		3

PEH 110	Personal Wellness		2
PEC 161	Sports Officiating		3
PEH 262	Wellness Programming/Planning/Organization		3
PEH 264	Fitness Testing/Programming		3

Total credits required to complete this program with a Fitness Management, Health or Sports Management emphasis   65

Graphic Design (previously Commercial Art)

The Graphic Design program prepares students for a career in graphic communications. Skills emphasized stress the ability to successfully design and produce a wide variety of materials for use in this challenging field. The development of "portfolio quality" work is stressed throughout the training program.

Courses utilizing the traditional methods along with desktop publishing prepare students for entry-level positions. Required courses such as design, typography, electronic photo editing and computer graphics allow students to seek advanced opportunities. Electives in photography, printing, airbrush and advanced computer graphics will allow students to specialize.

Internship and portfolio preparation courses focus on the placement of students in the "real world." Instructors have all been employed in the career field and are teaching courses directly related to their expertise.

When the program is completed, students may find employment in art studios, advertising agencies, in-house art departments, printing companies, publishing firms and other establishments in need of creative communications.

Location: Ankeny

Program Entry Requirements

Complete an application and attend a Graphic Design Realities Exploration Day, obtaining a satisfactory score on an art portfolio. Although not a requirement for acceptance into this program, students are encouraged to take the COMPASS assessment. Students start fall term.

Graduation Requirements

To earn a Graphic Design AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

GRD 401	Graphic Design Orientation		3
GRD 403	Communication Design I		3

Graphic Technologies

The Graphic Technologies program is designed to fill an increasing demand for technically skilled people in printing and publishing. Students learn technical skills including basic layout, digital publishing, digital photo editing, digital prepress functions, variable data publishing, database management, and printing methods in the areas of offset, screen, flexography and digital. Cost estimating and print job management and planning are also stressed. Students work individually and collaboratively to accurately develop and produce printed projects. The goal is for all students to leave the program with

advanced skills and a technical portfolio. In addition to working on class projects, students experience real-world work situations through internship and working with customers in the classroom setting.

In the third term, students choose an emphasis in either printing technologies or digital publishing. Students choosing a printing technologies emphasis take advanced courses in offset and specialty printing technologies. Students choosing a digital publishing emphasis take advanced digital publishing image enhancement courses. By taking some additional courses, students can also apply for one of three specialty certificates: Printing Technologies, Digital Publishing & Prepress, or Graphic Sales and Customer Service.

Upon successful completion of Terms 1, 2 and 3 of the Graphic Technologies curriculum or the required courses, students may receive a diploma. By completing the entire program, students receive an AAS Degree. When students complete the program they may find employment in a variety of graphic communications companies including small and large printing companies, in-house publishing and printing departments, publishing firms, full-service graphic services providers and other companies in need of individuals with printing and digital publishing expertise.

Location: Ankeny

Program Entry Requirements
Complete an application and attend a Graphic Technologies Information Session. Students must obtain a minimum score of 42 in English and 25 in Math on the COMPASS test. Basic keyboarding skills are recommended. Students start fall term.

Graduation Requirements
To earn a Graphic Technologies diploma or AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1–Select 1 Course from Option 1

GRT 400	Intro to Printing Methods	4
GRT 401	Intro to Graphic Communication	3
GRT 406	Digital Publishing I	3
BCA 212	Intro to Computer Business Appl	3
AAS Core Communications		3

Term 2

GRT 410	Printing Methods I	4

Heating, Air Conditioning, Refrigeration Technology

The Heating, Air Conditioning, Refrigeration Technology program provides the theory, knowledge and skills of refrigeration, air conditioning, heating and ventilation equipment for systems in residential and light commercial structures. Students in air conditioning and refrigeration are taught in the classroom and laboratory on models and equipment to prepare the student for satisfactory entrance and advancement in the HVAC-R field.

By completing the first three terms, a student can receive a diploma. An AAS degree will be awarded upon completion of all five terms.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Obtain a satisfactory score on a math proficiency assessment. Students start fall term.

Graduation Requirements
To earn a Heating, Air Conditioning, Refrigeration Technology diploma or AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1

HCR 307	Fundamentals of Refrigeration		5
HCR 260	HVAC Trade Skills I		3
HCR 404	Electricity		5
MAT 772	Applied Math		3

Term 2–Select 1 Course from Option 1

Hotel and Restaurant Management

The Hotel and Restaurant Management program prepares students for a career in the hospitality field. Most graduates will enter the industry either in cooking positions or line management positions with hotels, restaurants and clubs.

Students who complete the program will have taken courses in sanitation, dining room fundamentals, business math, food preparation, marketing, purchasing, hotel services, menu planning and hotel administration. These courses are management designed and offer the student practical knowledge of either the restaurant management industry or the hotel management industry, depending on the student's chosen emphasis.

Terms 1, 2 & 3 must be completed before entry is allowed into terms 4 & 5 to receive the AAS degree. Students planning on transferring to a four-year college should see an advisor or the program chair before registration.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Graduation Requirements
To earn a Hotel and Restaurant Management AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

Term 1–Select 1 Course from Option 1

HCM 100	Sanitation and Safety		2
HCM 200	Dining Room Service		2
HCM 320	Intro to Hospitality Industry		2

Human Services

The Human Services program prepares students for entry-level jobs or for transfer to a four-year degree program. By the end of the program, students will be able to interact effectively with clients in a human services agency.

The program emphasizes skills needed in working with clients such as interviewing, determining eligibility for services, making appropriate referrals and assisting with counseling. A supervised field experience allows students to apply their skills in a work setting.

A specialization certificate is offered in chemical dependency counseling.

When the program is completed, students may find employment in a wide variety of settings, including public and private social services agencies, treatment centers, group homes, hospitals, supported living and work programs and state or county departments of social services.

Locations: Ankeny, Newton, Urban
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Human Services AS degree, a student must complete the standard core requirements for the degree, plus the Human Services required courses and options and maintain a 2.0 grade-point average.

Required Courses

HSV 109	Introduction to Human Services		3
HSV 230	Community Organization		3
HSV 220	Survey Mental Health Treatment		3

Information Processing Support

(see Certificate Section page 81)

Information Technology/ Network Administrator

The ITNA program will provide students with a foundation in the basic technologies of computer networking, both as an objective and measurable skill set, as well as a preface to certification. In addition, students may also earn CISCO certification by choosing to take the CISCO option courses. The modular design of the core/certification integration is designed to allow the future addition of other professional certifications.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
1. Complete an application.
2. Satisfy the assessment requirement and attend any required information/registration session.
3. Complete the required COMPASS testing obtaining a satisfactory score in algebra (60 or higher) or ACT scores with a math sub score of 19 or higher, or
4. Successful completion of CSC 110 Intro to Computers or equivalent; or approval of the program counselor.

Students start fall term.

Graduation Requirements
To earn an Information Technology Network Administration AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

All students take the first three terms.

Term 1–Select 1 Course from Each Option

Interior Design Consultant

(see Certificate Section page 81)

Interpretation and Translation

The Interpretation and Translation program prepares functionally bilingual students for entry-level employment in the rapidly expanding language interpretation and translation field or for transfer to a four-year degree program in translation/interpretation studies. At the completion of the program, students will be able to provide basic interpreting and translation service between English and their other language(s) in general contexts, as well as in at least one specialty area: judicial or healthcare. The program is designed for students who wish to add interpretation and translation skills to their current set of job skills, as well as those students who wish to prepare themselves for the certification exams and further academic studies that are necessary to become professional interpreters and translators.

Students in the program complete general education core requirements, a generalist track in interpretation/translation, and one of the following emphases in interpretation/translation: judicial or healthcare. All students complete an internship under the supervision of a professional interpreter/translator, during which they use the skills and apply the knowledge gained in the classroom. Interested applicants who hold a prior college degree may seek the Certificate in General Interpretation and Translation, plus one or both of the following: Certificate in Judicial Interpretation and Translation or Certificate in Healthcare Interpretation and Translation.

A program chairperson and a program counselor are available to assist students with educational and career planning.

Graduates of the Interpretation and Translation program may find employment in the courts, law enforcement agencies, healthcare institutions, social services agencies, educational institutions, nonprofit organizations, government agencies and businesses. The program also prepares students for certification exams or for further studies in the field.

Location: Urban

Selected courses in this program may be offered at other campuses or through distance learning.

Program Entry Requirements

1. Complete an application.

2. Attend any required information/registration session or a program conference.

3. Provide evidence of proficiency in English with one of the following:

   a. ACT score on the English subtest of 19 or above

   b. A minimum COMPASS writing score of 70

   c. Completion of ENG 105 with a grade of "C" or better

   d. TOEFL score of 173 on the computer test or 500 on the paper test

   e. Completion of two-years of college study with a minimum GPA of 2.0 (or equivalent) at an institution where English is the medium of instruction

   f. Other evidence demonstrating English proficiency may be approved by the program chair

4. Show proficiency in a second language with one of the following:

   a. Evidence of completion of high school in a country where the language is spoken

   b. Two years of college study with a minimum GPA of 2.0 (or equivalent) at an institution in a country where the language is spoken

   c. Completion of a college minor in the second language with a minimum grade of "C" for all courses taken in the second language

   d. Proficiency may be demonstrated with other evidence, but must be approved by the program chair

NOTE: Students will need computer skills to be successful in the program. If students do not have these skills, completion of CSC 110 or BCA 212 is strongly recommended.

Students start any term; however, close contact with an academic advisor is recommended for planning, because many courses are only offered once per year.

PROGRAMS AVAILABLE

Graduation Requirements

To earn an Interpretation and Translation AS degree, a student must complete the standard core requirements for the degree, plus the Interpretation and Translation required courses and options, maintain a 2.0 grade-point average and receive a grade of "C" or above in all ITR course work.

Required Courses

Complete AS degree Core Requirements		28
ITR 101	Introduction to Interpretation and Translation	3
ITR 102	Tools for the Interpreter and Translator	3
ITR 111	Fundamentals of Interpretation	3
ITR 115	Fundamentals of Translation	3
ITR 910	Emphasis Seminar	3
ITR 120	Ethics for the Interpreter/Translator	1

In addition to the required courses, students are required to select one of the following Emphasis Options:

Judicial Interpretation/Translation Emphasis

(17 credits)

PRL 103	Introduction to Law	3
ITR 128	Legal Terminology & Sight Translation	3
ITR 130	Judiciary Interpreting I	3
ITR 132	Judiciary Interpreting II	3
ITR 137	Judiciary Translation	3
ITR 800	Judiciary Interpreting/Translation Internship	2
Electives		3

Students in the Judiciary Interpreting/Translation Emphasis are encouraged to take POL 111 or POL 112 as part of their core requirements, and PRL 112 as their elective choice.

Healthcare Interpreting/Translation Emphasis

(17 credits)

BIO 156	Human Biology w/Lab	3
ITR 150	Healthcare Interpreting I	3
ITR 152	Healthcare Interpreting II	3
ITR 155	Healthcare Terminiology & Sight Translation	3
ITR 158	Healthcare Translation	3
ITR 810	Healthcare Interpreting & Translation Internship	2
Electives		3

Students in the Healthcare Interpreting/Translation Emphasis are encouraged to take CHM 105 as part of their core requirements, and BIO 733 or BIO 734 as their elective choice.

Total minimum credits required to complete this program   64

Land Surveying

The Land Surveying program prepares students for a career as a land surveyor in the state of Iowa. This program is designed to fill an increasing demand for technically skilled people in the land surveying field, and demand is expected to continue well into the 21st century. A graduate of this program may be eligible to sit for the Iowa Professional Land Surveying exam after completing state licensing board requirements.

Career opportunities are with surveying firms; construction firms; consulting engineering firms; federal, state and local government agencies; and many other areas of the private sector that support the surveying industry. Many licensed surveyors own and operate their own surveying firms.

Location: Boone

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session.

* Students must have earned a grade of "C" or above in a high school algebra course or

* be placed in MAT 773 by the results of a COMPASS test.

If students are not placed in MAT 773, they will be required to take remedial math courses to be brought up to the level of MAT 773 before taking that course.

This program is designed to start in the fall semester. Students who desire to start other terms may be accepted but may not graduate in four semesters due to the sequencing of course work. If starting other than fall, please contact the Land Surveying department.

Graduation Requirements

To earn a Land Surveying AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

CET 102	Fundamentals of Civil Engineering		3
CET 119	Survey I		3
CET 135	Material I		3
CET138	Construction I		3
CET 169	Survey II		4
CET 178	Automated Design I		4
CET 219	Survey III		4
SRV 120	U.S. Public Lands Survey System		5
SRV 215	Intro to Land Information Systems		2
SRV 220	Boundary Surveying		3
SRV 225	Surveying Ethics		2
SRV 230	Land Subdivision		3

Landscape Design (see Certificate Section page 81)

Legal Assistant

Legal Assistants perform a variety of legal tasks under the supervision of an attorney. Legal Assistants are also known as Paralegals. They work for attorneys in private practice, state agencies and public service organizations. Legal assistants work with the attorney in virtually every area of legal practice. They do not give advice or represent clients since that would be the actual practice of law.

Our objective is to educate students to become legal assistants who are capable of performing a variety of legal tasks. Graduates of the program should be able to provide a broad spectrum of services needed by attorneys. This objective is met by providing intensive and practical instruction by attorneys with experience and expertise in their fields of instruction. This program is approved by the American Bar Association.

Students in the program complete general education core requirements and legal specialty courses. Course offerings include torts and litigation, family law, business law, probate and income tax. All students complete an internship, under the supervision of an attorney, during which they use the skills and apply the knowledge gained in the classroom. Interested applicants who hold a prior college degree may seek the Legal Assistant Certificate.

A program chairperson and a program counselor are available to assist students with educational and career planning.

Graduates of the Legal Assistant program are employed in private law firms, the courts, public agencies and legal departments of large companies. Additionally, some students work in law-related jobs such as investigation, collections and bank trust departments.

Location: Urban

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students may start any term.

IMPORTANT NOTE: Students entering the program need satisfactory computer skills.
BCA 212 Intro Computer Business Applications is highly recommended as a developmental course.

Graduation Requirements
To earn a Legal Assistant AS degree, a student must complete the standard core requirements for the degree, plus the Legal Assistant required courses and options, maintain a 2.0 grade-point average and receive a grade of "C" or above in all PRL course work.

Management

The Management program will prepare you with people skills and organizational systems knowledge to succeed and earn promotions in the company or institutional environment of your choice. Experience and leadership skills are gained through on-the-job training and participation in a local, state and national management development association.

Course work in the Management program includes communications and human relations, management and supervision, information processing, problem-solving and computer applications, team building and leadership development, and organizational and human resource development.

Graduates of the program have found positions as general managers, supervisors, assistant personnel managers, office managers, manufacturing and distribution managers, production supervisors, parts and inventory managers, business owners, customer service representatives, training coordinators, sales managers, buyers and purchasing agents. Advanced management positions are available to those who enter the work force and demonstrate strong, individual skills and knowledge.

The Management program emphasizes career development along with transfer options for students planning on attending a four-year college. Contact a DMACC Management instructor, counselor or advisor for transfer planning assistance.

Location: Ankeny, Newton
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn a Management AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Manufacturing Technology

The DMACC Manufacturing Technology program prepares applicants for a wide variety of manufacturing tasks in the industry. Successful applicants will learn the basic elements of welding, automation, computer numerical controlled machine operation, computer-aided drafting and design, machining and workplace skills. Graduates will be positioned for employment by a wide variety of manufacturers throughout the state and nation.

At completion of this two-year Associate of Applied Science degree program, graduates will be prepared for a large number of skilled careers in the manufacturing industry. Opportunities exist in many different types of manufacturing.

To apply for this program, call 515-964-6277 during business hours to request information.

Marketing

Looking for a growth-oriented career something fast-paced, ever-changing and challenging, with opportunities for advancement and pay to match? Today a career in Marketing offers all of this and more. You could be working for some of the fastest-growing companies and brightest leaders in business today. By using your skills and creativity you will become part of the future in American business.

Course work is designed with the help of successful marketers who know what it takes to succeed. Classroom instruction is based on lectures, labs, speakers, internships and study tours. Major areas of study include

marketing, sales, advertising, promotion and understanding buyer behavior in small business, retail and business-to-business marketing environments. The Marketing Program also offers many opportunities to develop and demonstrate leadership skills.

Many graduates of the Marketing program have gone on to become marketing managers, regional marketing supervisors, professional sales and customer service representatives. Some have gone on to own their own businesses and others have found careers as managers, merchandisers and buyers in the retail community. Graduates from the Marketing program are responsible for creating and/or executing marketing strategies, hiring, training and supervising employees. They are also responsible for buying and selling product offerings and planning promotions and advertising campaigns. Careers in marketing are listed as one of the fastest-growing areas for the foreseeable future. Research indicates that about one-third of the labor force is now employed in marketing. Marketing careers offer flexibility, mobility and pay to match your ability.

The Marketing program emphasizes career development along with transfer options for students planning on attending a four-year college.

Contact a DMACC Marketing instructor, counselor or advisor for transfer planning assistance.

Medical Administrative Assistant

The Medical Administrative Assistant program is designed to prepare the student to work in a variety of medical settings, including hospitals/medical centers, clinics, physician offices, health insurance companies and other health-related businesses.

In addition to detailed office duties, the medical administrative assistant acts as a liaison between the physician and the patient and is an important person in building and maintaining good relations with those people who are seeking medical assistance.

The medical administrative assistant has a variety of responsibilities such as receptionist, transcriptionist, insurance claims specialist and/or bookkeeper.

Upon successful completion of Terms 1, 2 and 3 of the Medical Administrative Assistant curriculum, a student may receive a diploma. Upon completion of the diploma program and Term 4, a student may receive an AAS degree.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Submit evidence of typing skill of 40 WPM for a five-minute timing. Students start fall term.

Graduation Requirements
To earn a Medical Administrative Assistant diploma or AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Medical Assistant

The Medical Assistant program is designed to prepare students to be employed in a private physician's office, a clinic, hospital, or laboratory. As multiskilled health professionals, medical assistants perform a variety of clinical procedures and administrative functions in these settings.

Students gain a basic knowledge of anatomy and physiology, laboratory procedures, administrative procedures and patient care techniques. These subjects are presented in the classroom, through laboratory experience and in a 10-week supervised clinical experience in the field. The students will not receive pay during the clinical rotation.

The DMACC Medical Assisting program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Curriculum Review Board of the American Association of Medical Assistants Endowment (AAMAE). Commission on Accreditation of Allied Health Education Programs, 1361 Park Street, Clearwater, FL 33756. Phone 727-210-2350. DMACC graduates are eligible to take the certification examination (CMA) given by the Certifying Board of the American Association of Medical Assistants. Graduates are also able to take the State of Iowa Limited Radiographer examination upon completion of the program.

Criminal background checks will be completed on each student. Criminal convictions or documented history of abuse may delay or prevent students from participating in clinical education experiences. Students unable to participate in clinical education will be unable to complete the Medical Assistant program. A felony conviction may prevent applicants from being eligible for the AAMA Certified Medical Assistant examination.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Submit evidence of grade "C" or better in one year of high school biology or equivalent (DMACC Academic Achievement Center Biology I & II or BIO 156). Must also submit evidence of typing/word processing skill of 35 WPM with 5 errors or less. Submit proof of high school graduation or GED prior to enrollment. Students start fall term.

Graduation Requirements
To earn a Medical Assistant diploma, a student must complete all course work as prescribed and maintain a 2.0 grade-point average. A grade of 2.0 (C) or better is required in all MAP courses. A student must receive a grade of "C" or better in the first course of a sequential course offering before enrolling in the second level course of the sequence. Sequential courses include MAP 544 & MAP 554; MAP 225 & MAP 228; MAP 347 & MAP 348; MAP 110 & MAP 118; MAP 250 & MAP 252; and MAP 118 & MAP 130. Several courses have corequisites as listed in the catalog.

Term 1–Select 1 Course from Option 1

Medical Laboratory Technology

The Medical Laboratory Technology program prepares the student to perform complex laboratory procedures with a limited amount of supervision. This training includes a six-month hospital laboratory assignment.

The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 8410 West Bryn Mawr Avenue, Ste. 670, Chicago, IL 60631-3415, info@naacls.org, www.naacls.org.

Graduates are eligible to take national certification examinations. Job opportunities are found in hospitals, clinics, doctors' offices, public health laboratories, veterinarians' offices and industrial laboratories.

Background checks for criminal history may be done by clinical affiliates. This may prevent placement for clinical/practicum courses, which will affect successful program completion.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Submit evidence of grade "C" or better in one year of high school biology, algebra and chemistry or equivalent (DMACC Academic Achievement Center Biology I & II or BIO 156; Academic Achievement Center Algebra I & II or MAT 063 and Academic Achievement Center Chemistry I & II). The following criteria is recommended: minimum of a high school diploma (GPA of 2.5) or equivalent (GED of 55), grade of "C" or better in high school-level Algebra II, ACT score of 19 or above, COMPASS scores (writing 70, reading 81, algebra 49). Students start fall term.

Graduation Requirements
To earn a Medical Laboratory Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average. A grade of "C" or better is required in all MLT courses.

Term 1

Mortuary Science Advanced Standing

The Mortuary Science program will prepare students who have earned a minimum of an Associate Degree to work within the funeral service profession. The Mortuary Science program is a field of human and community services that prepares an individual to become a mortuary science practitioner or funeral director.

The Mortuary Science Program at Des Moines Area Community College is accredited by the American Board of Funeral Service Education (ABFSE, 3432 Ashland Ave., Suite U, St. Joseph, MO 64506, www.abfse.org).

The Aims and Purposes of the Mortuary Science program at DMACC are:

1. To enlarge the background and knowledge of students about the funeral service profession.
2. To educate students in every phase of funeral service, and to help enable them to develop the proficiency and skills necessary of the profession.
3. To educate students concerning the responsibilities of the funeral service profession to the community at large.
4. To emphasize high standards of ethical conduct.
5. To provide a curriculum at the postsecondary level of instruction.
6. To encourage research in the field of funeral service.
7. To provide students the business and legal knowledge, philosophical/ethical principles, and specific techniques and skills to enable them to be successful within the funeral service profession.
8. To educate and prepare individuals for active contribution to the service and welfare of their communities.

Location: Ankeny

Program Entry Requirements

1. Complete a DMACC Application.

2. Satisfy DMACC's general assessment requirement and attend any required information/registration session.

3. Submit evidence of a high school diploma or equivalent.

4. a. Submit a transcript of all completed college work that indicates the awarding of a minimum of an Associate degree (AA, AS, AAS, AGS) from a regionally accredited college or university, or

   b. Submit a transcript of all completed college work that indicates having earned a minimum of 64 college credits from a regionally accredited college or university with a grade average of "C" or above.

5. Submit evidence that a minimum of 15 of the credits earned are in general education; that includes one communications course, one mathematics course, and one social and behavioral science course. A listing of courses meeting these requirements can be found in the DMACC catalog or linked from the Mortuary Science website at http://funeral.dmacc.edu.

Classes start fall term only.

Graduation Requirements

To earn a Mortuary Science–Advanced Standing diploma, a student must complete all course work as prescribed and maintain a 2.0 grade-point average, and earn a grade of "C" or above in all courses in the program.

To prevent delays in the scheduling of courses and graduation, students should complete a required biology course (BIO 733 or BIO 185) and the required business courses (ACC 111 or ACC 131, and BUS 185) prior to beginning the MOR courses.

Required Courses–Select 1 Course from Option 1

ACC 131	Principles of Accounting	Opt 1	4
ACC 111	Intro to Accounting	Opt 1	3
BIO 733	Health Science Anatomy	Opt 2	3
BIO 164	Essential Anatomy & Physiology	Opt 2	5
BUS 185	Business Law I		3

MOR 345	Restorative Art		3
MOR 346	Restorative Art Lab		1
MOR 350	Funeral Home Operations		2
MOR 941	Practicum*		4
MOR 360	Thanatochemistry		2
MOR 365	Survey of Infectious Disease		2

Total minimum credits required to complete this program   48

During MOR 941* Practicum, each student is required to take the National Board Exam as a graduation requirement.

The annual passage rate of first-time takers on the National Board Examination (NBE) for the most recent three-year period for this institution and all ABFSE accredited funeral service education programs is posted on the ABFSE web site (www.abfse.org).

State licensure requirements vary from state to state. Applicants must meet all state requirements. For complete licensure requirements, contact the State Board of Professional Licensure in the state you intend to practice. In Iowa, call 515-281-4287.

Nurse Aide

Nursing - Advanced Standing

This program offers the opportunity for current Iowa Licensed Practical Nurses to complete an Associate degree in Nursing. Applicants with the equivalent of the first two terms of the Nursing Program are also eligible for admission. Students enter the third term of the Associate degree Nursing curriculum. Upon successful completion of Terms 3, 4 and 5, students are eligible to take the NCLEX exam for Registered Nurse Licensure (NCLEX-RN). The program is approved by the Iowa Board of Nursing and accredited by the National League for Nursing Accrediting Commission (NLNAC), 61 Broadway - 33rd Floor, New York City, NY 10006, 212-363-5555.

Locations: Ankeny, Boone

Ankeny, Boone - Summer and Fall Term

Part-time option may be available on select campuses. Selected liberal arts courses in this program are offered at other campuses.

Program Entry Requirements

1. Complete an application.

2. Attend required information session, registration meeting and a nursing program orientation.

3. Provide proof of completion of an approved Practical Nursing Program with a cumulative GPA of 2.0 or above.

4. Provide a copy of current Iowa LPN licensure (or other state licensure, recognized by Iowa pursuant to the Nurse Licensure Compact).

5. Complete required COMPASS testing, obtaining satisfactory scores in reading (81 or above) and math (44 or above) or ACT of 19 or above in reading and math subscores.

6. Completion of the following courses with a grade of "C" (not C-) or better in each: BIO 733 Health Science Anatomy, BIO 734 Health Science Physiology, ENG 105 Composition I, PSY 111 Introduction to Psychology, PSY 121 Developmental Psychology

7. Provide proof of high school graduation or GED completion.

Graduation Requirements

To earn an Associate Degree Nursing AAS degree, a student must complete all course work as prescribed and have a grade of "C" or above in all ASDN and support courses in the curriculum.

In both the Practical and Associate degree levels of the nursing program, all nursing and liberal arts support courses must be successfully completed with a grade of "C" or above. In order to progress to the next term, courses must be successfully completed in the term identified or a previous term.

Nursing Program
Practical Nursing Associate Degree Nursing

The Nursing Program is designed as a career ladder program. The first two semesters provide a common core of nursing theory and skills for both the Practical Nursing and Associate Degree Nursing students.

The student who completes two terms is prepared to become a Licensed Practical Nurse (LPN). LPNs provide nursing care under the supervision of a Registered Nurse or a physician. The LPN is prepared to provide basic therapeutic, rehabilitative and preventative care for individuals of all ages, primarily in a structured care setting such as hospitals, long-term facilities or clinics.

Upon successful completion of Terms 1 and 2, the student is eligible to take the National Council Licensure Exam for Practical Nurse Licensure (NCLEX–PN).

An Associate Degree in Nursing and a career as a Registered Nurse are available to students who continue in the program and successfully complete Terms 3, 4 and 5. As members of the nursing profession, registered nurses are accountable for their own nursing practice. The Associate Degree Nurse utilizes more complex nursing knowledge and skills to assess, plan, provide, evaluate and manage nursing care for patients in hospitals, long-term care facilities and a variety of community-based health care settings.

Upon successful completion of Terms 1–5 of the nursing curriculum, the student is eligible to take the National Council Licensure Exam for Registered Nurse Licensure (NCLEX - RN).

Program Locations: Ankeny, Boone, Carroll, Newton–Practical Nursing only, Urban–part-time option
Selected liberal arts courses in this program are offered at other campuses.

The Nursing program is approved by the Iowa Board of Nursing and accredited by the National League for Nursing Accrediting Commission (NLNAC), 61 Broadway - 33rd Floor, New York City, NY 10006, 212-363-5555.

Program Entry Requirements

1. Complete an application.

2. Attend required information session, registration meetings, and a nursing program orientation.

3. Successful completion of HSC 172 or an equivalent 75-hour (or more) Certified Nurse Assistant course from an approved program—January 1992 or after.

4. Completion of the following courses with a grade of "C" (not C-) or better in each: BIO 733 Health Science Anatomy, PSY 111 Introduction to Psychology

5. Complete required COMPASS testing, obtaining satisfactory scores in reading (81 or above) and math (44 or above) or ACT of 19 or above in reading and math subscores.

6. Proof of high school graduation or GED completion.

Practical Nursing starts:
Ankeny, Boone—Fall and Spring Terms; Carroll, Newton—Fall Term Only; Urban—Part-time, Fall Term only in even years

Associate Degree Nursing starts:
Ankeny, Boone—Summer, Fall Terms; Carroll—Summer Term Only; Urban—Part-time, Fall Term only in even years

In both the Practical and Associate Degree levels of the program, all nursing and liberal arts support courses must be successfully completed with a grade of "C" or above. In order to progress to the next term, these courses must be successfully completed in the term identified or a previous term.

Continuation in the Associate Degree program at the Ankeny, Boone, Carroll and Urban campuses requires successful completion of Terms 1 and 2 of the Practical Nursing curriculum. Students who successfully complete the Practical Nursing program at Newton campus may apply for theAdvanced Standing program.

Graduation Requirements
To earn a Practical Nursing diploma, a student must complete all course work as prescribed in Terms 1 and 2 and have "C" or above in all Nursing and support courses in the curriculum.

To earn an Associate Degree Nursing AAS degree, a student must complete all course work as prescribed in Terms 1–5 and have a grade of "C" or above in all PNN, ADN and support courses in the curriculum.

Practical Nursing
Students should take required liberal arts support courses in advance when possible.

In both the Practical and Associate Degree levels of the program, all nursing and liberal arts support courses must be successfully completed with a grade of "C" or above. In order to progress to the next term, these courses must be successfully completed in the term identified or a previous term.

Continuation in the Associate Degree program requires successful completion of Terms 1 and 2 of the Practical Nursing curriculum.

Prerequisite

BIO 733	Health Science Anatomy	3
PSY 111	Introduction to Psychology	3

Term 1

BIO 734	Health Science Physiology	3
PNN 151	Fundamentals of Nursing	4
PNN 152	Nursing Practice I	4
PNN 153	Success in Nursing	2

Total credits required to complete the AAS degree			**71**

Office Assistant

The Office Assistant diploma curriculum is for individuals who want to develop or refresh their office skills in order to qualify for general office work.

Students gain a basic knowledge of English, math, computer applications and human relations skills. By selecting an emphasis during Term 2, students are able to customize their curriculum and gain specialized skills.

Locations: Ankeny, Boone, Carroll, Urban
Selected courses in this program are offered at other campuses

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements
To earn an Office Assistant diploma, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1

BUS 112	Business Math	3
MGT 145	Human Relations in Business	3
ADM 157	Business English	3
BCA 133	Word Processing Skill Development I	4
ADM 131	Office Calculators	1
BCA 212	Intro Computer Business Appl	3

Term 2

SDV 153	Pre-Employment Strategies	2
ADM 162	Office Procedures	3
ADM 154	Business Communication	3
ADM 259	Professional Development	3

In addition to the required courses in Term 2, students are required to select one of the following Emphasis Options:

Professional Emphasis Option

BCA 137	Word Processing Skill Dev II	3
ADM 265	Supervised Practical Experience	2
ADM 937	Prof Office Careers Seminar	1

Information Processing Emphasis Option

BCA 137	Word Processing Skill Development II	3
BCA 213	Intermediate Computer Business Appl	3

Office Management Emphasis Option

BCA 113	Computer Network Literacy	3
MGT 115	Administrative Management	3

PROGRAMS AVAILABLE

Respiratory Therapy

The Respiratory Therapy program provides students the opportunity to learn the dynamic profession of respiratory care. Respiratory care is an allied medical specialty involved in the diagnosis, treatment and prevention of diseases and conditions that affect the respiratory and cardiovascular systems. Respiratory therapists work closely with physicians to plan, provide and evaluate direct care to persons with pulmonary and cardiovascular diseases.

The curriculum includes a variety of supervised clinical practicum experience in local health care facilities. Graduates will acquire the knowledge, skills and attitudes needed to begin successful careers in respiratory care.

Graduates of the program receive an Associate of Applied Science (AAS) degree. The program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) and graduates are eligible for all credentialing examinations currently offered by the National Board of Respiratory Care (NBRC) and licensure by the Iowa Department of Public Health.

Employment opportunities are found in hospitals, clinics, physicians' offices, home health care agencies, equipment and supply sales and rehabilitation and continuing care.

Criminal background checks will be done and results shared with cooperating agencies, who may delay or deny placement for clinical/practicum courses. This will affect successful program completion.

Location: Ankeny

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Meet with a Respiratory Therapy faculty advisor. Students must also:

- Submit to Admissions office evidence of high school graduation or GED prior to enrollment.
- Submit to Admissions office evidence of grade "C" or above in two semesters of high school Algebra II or the equivalent (Academic Achievement Center Algebra III & IV or MAT073 Elementary Algebra II).
- Submit to Admissions office evidence of grade "C" or above in two semesters of high school Chemistry or equivalent (Academic Achievement Center Chemistry I & II or CHM122 Introduction to General Chemistry).
- Submit to Admissions office evidence of grade of "C" or above in BIO 733 Health Science Anatomy or BIO 164 Essentials Anatomy and Physiology or equivalent courses.

Students start fall term.

Graduation Requirements
To earn a Respiratory Therapy AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average. A minimum of grade "C" or above is required in all RCP courses.

Term 1

RCP 100	Intro to Respiratory Care		3
RCP 240	Respiratory Therapeautics		4

Retailing

Retail organizations are constantly recruiting individuals with training in the areas of retailing, sales, store management and customer relations. Retailing provides a dynamic and exciting work environment that rewards high performance with rapid job promotions and pay increases to match.

Retailing is a growth industry with almost an endless number of career opportunities available to graduates of the program. Past graduates are now in careers that include store managers, department managers, visual merchandisers, chain store supervisors, professional sales of automotive, home improvement and computer products and owners of their own businesses.

Personal, professional and leadership development is provided through lectures, study tours, labs and speakers. Practical experience is gained through a paid internship with leading retail companies.

Students completing the Retailing program can transfer all of their credits into any of DMACC's two-year Marketing or Management programs.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start any term.

Graduation Requirements

Sales and Management

The Sales and Management program offers sales and management skill development. Many opportunities exist for the highly motivated, people-oriented, goal-setting individual who wants to quickly move into a sales or management industry-sponsored training program.

Specific benefits of the program include rapid development of sales and management skills, total transferability into any of DMACC's two-year Marketing and Management AAS degree programs and the satisfaction of gaining self-confidence as marketing skills are acquired.

Students will have the opportunity to enroll in the program for either day or evening classes at the beginning of each term. In addition, the program offers opportunities to earn as you learn through on-the-job training, opportunities to gain advanced standing with prior occupational experience (after evaluation by the program chairperson) and leadership training at local, state and national levels through involvement in the Sales and Management Club.

Location: Ankeny
Selected courses in this program are offered at other campuses.

Surgical Technology

The Surgical Technology program is designed to prepare students to be employed in a hospital or surgery center. As a skilled health professional the surgical technologist is able to circulate with a Registered Nurse and scrub independently for a variety of specialties and procedures.

Students gain a basic knowledge of anatomy, physiology, microbiology, aseptic technique, surgical techniques and procedures, and patient care techniques. These subjects are presented in the classroom, through laboratory experience and in a supervised clinical setting.

Prior criminal records may prevent applicants from being eligible for the National Exam. Most employers perform criminal history and dependent adult/child abuse background checks.

Location: Urban
Selected courses in this program are offered at other campuses.

Program Entry Requirements
Complete an application, satisfy the assessment requirement and attend required information session.

*Submit evidence of grade "C" or better in one year of high school biology or equivalent (DMACC Academic Achievement Center Biology I & II or BIO 156 Human Biology w/Lab).

*One year of high school chemistry or equivalent (DMACC Academic Achievement Center Chemistry I & II or CHM 122 Intro to General Chemistry) is recommended.

*Submit proof of high school graduation or GED prior to enrollment.

Students start fall term.

Graduation Requirements
To earn a Surgical Technology diploma, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

*Students must earn a grade-point of 2.0 (C) or better in all Surgical Technology courses.

* Students must earn a grade-point of 2.0 (C) or better in the first course of a sequential course offering before enrolling in the second level course of the sequence.

PROGRAMS AVAILABLE

Sequential courses include: SUR 140 Fundamentals of Surgical Technology I and SUR 142 Fundamentals of Surgical Technology II SUR805, Clinical Practicum I and SUR 810, Clinical Practicum II.

*There are several corequisite courses in the program that are identified as such.

Term 1

Technical Management

(see Certificate Section page 84)

Telecommunications Technology

The Telecommunications Technology program begins with areas that are most familiar to the student and progresses to the new technologies that are the driving force of the information age. The program provides a blend of lecture and hands-on training courses that gradually introduce students to a variety of areas within the field of telecommunications. Graduates may pursue a career in several different areas of telecommunications.

Location: West
Selected courses in this program are offered at other campuses.

Program Entry Requirements
1. Complete an application
2. Attend any required information/registration session including a Telecom program orientation.
3. Complete required COMPASS testing obtaining a satisfactory score in MAT (40 or above) or ACT score of 19 or above.
4. Proof of high school graduation or GED completion.

Students start fall term.

Graduation Requirements
To earn a Telecommunications Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Term 1

ELT 106	Basic Math for Electronics	3
ELT 368	DC & AC Fundamentals	3
ELT 369	DC & AC Fundamentals Lab	3
TEL 210	Telecommunications I	3
TEL 213	Introduction to Telephony Lab	3

Telecommunications Certificate

(see Certificate Section page 84)

Tool & Diemaking

The Tool and Diemaking program prepares students to meet the demands for qualified personnel in either the conventionally controlled or computer numerical controlled (CNC) tooling industry.

There are two separate diploma options available: Machinist Technology or Diemaking. Machinist Technology graduates should have the skills required to work in a general machine shop. Diemaking graduates should have the skills necessary to work as tool planners, tool makers, die makers, etc. By completing the core courses required for all students plus the courses in the two diploma options, students may receive a Tool & Diemaking AAS degree.

PROGRAMS AVAILABLE

Location: Ankeny

Machinist Technology diploma is available at Newton.

Program Entry Requirements Machinist Technology Diploma

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students start fall term.

Diemaking Diploma

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Submit proof of Machinist Technology Diploma or equivalent. Students start fall term.

Graduation Requirements

To earn a Machinist Technology or Diemaking diploma, or a Tool and Diemaking AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

All Students Must Complete the Following AAS Degree Requirements:

Required Courses

MAT 772	Applied Math		3
MAT 773	Applied Math II		3

Select 1 Course from Each Option

COM 703	Communication Skills	Opt 1	3
ENG 105	Composition I	Opt 1	3
MGT 145	Human Relations in Business	Opt 2	3
PSY 111	Introduction to Psychology	Opt 2	3
PSY 102	Human and Work Relations	Opt 2	3
SOC 110	Introduction to Sociology	Opt 2	3

Machinist Technology Diploma

Students Who Choose the Machinist Technology Diploma Option Must Complete the Following Courses:

MFG 276	Hand & Bench Machine Tools	1
MFG 250	Engine Lathe Theory	1
MFG 251	Engine Lathe Operations Lab	2
MFG 260	Mill Operations Theory	1
MFG 261	Milling Operations Lab I	2
MFG 252	Engine Lathe Theory II	2
MFG 253	Engine Lathe Operations Lab II	3
MFG 273	Mill Operations II	2
MFG 274	Mill Operations Lab II	3
MFG 121	Machine Trade Printreading I	2
MFG 132	Machine Trade Printreading II	3
MFG 105	Machine Shop Measuring	3
MFG 290	Heat Treatments	1
MFG 270	Grinders Theory	1
MFG 271	Grinders Lab	3
MFG 350	CNC Lathe Operations Theory	1
MFG 351	CNC Lathe Operations Lab	2
MFG 330	CNC Mill Operations Theory	1
MFG 331	CNC Mill Operations Lab	2
Plus AAS Degree Core Requirements		**12**

Total credits required to complete the Machinist Technology diploma   **48**

Diemaking Diploma

Students must complete the Machinist Technology diploma or equivalent prior to enrolling in the Diemaking diploma.

Students Who Choose the Diemaking Diploma Option Must Complete the Following Courses:

Required Courses

CAD 119	Intro to Computer Aided Drafting	3
CAD 139	Intro to CAD/CAM	3
MFG 402	Basic Diemaking Theory	4
MFG 403	Basic Diemaking Lab	6
MFG 411	Progressive Die Design	3
MFG 412	Advanced Diemaking Theory	4
MFG 413	Advanced Diemaking Lab	6
MFG 452	Moldmaking	3
MFG 381	EDM Fundamentals	3
MFG 140	Geometric Dimensioning/Tolerance	1
Plus AAS Degree Core Requirements		**12**

Total credits required to complete Diemaking diploma   **48**

Tool and Diemaking AAS Degree

To Earn the Tool and Diemaking AAS Degree, Students

Must Complete the AAS Degree Core Requirements	12
Plus the Requirements for Both Diplomas	72

Total credits required to complete the Tool and Diemaking AAS degree   **84**

Turf Maintenance

Veterinary Technology

Veterinary technicians provide professional technical support to veterinarians, biomedical researchers and other scientists. As a veterinary technician, you will care for hospitalized animal patients; assist the doctor in surgery; perform physical exams, lab work and technical procedures (blood draws, IV placement); take health histories and X-rays; give and monitor anesthesia; provide client education; and perform reception duties. There will be opportunities to work with a variety of animals including dogs, cats, horses, cows, pigs, sheep, birds, snakes, guinea pigs, hamsters and rats.

Most Veterinary Technician graduates find work in small-mixed- or large animal practices. Other opportunities exist in humane societies, animal shelters, zoos, specialty veterinary practices, pet shops, biological research labs, animal control agencies, veterinary teaching hospitals, and state and federal agencies.

An Associate of Applied Science (AAS) degree will be awarded to those students who successfully complete the Veterinary Technology curriculum. This program is accredited. Students who have successfully completed the program will have the opportunity to sit for the Veterinary Technician National Examination (RVT) and the state qualifying exam.

Location: Ankeny

Program Entry Requirements

1. Complete an application, satisfy the assessment requirement and attend any required information/registration session.

2. COMPASS Exam: DMACC requires assessment of all new full-time students (12 credit hours or more Fall and Spring semesters, 8 credit hours or more Summer semester). This assessment provides information about students' academic skills in reading, writing and mathematics. Assessment information is then used in course selection and schedule planning.

PROGRAMS AVAILABLE

ACT scores or transferred composition course work from another institution may be submitted in lieu of the COMPASS placement exam. If you choose this route, make sure an original transcript is sent from your previous institution to the Admissions Office at Des Moines Area Community College.

3. Biology Competency Exam: All applicants must take this exam and receive a minimum score of 30 out of 50 on the exam to qualify for a seat in the starting fall class. This score does not guarantee that a seat is available to you. Your biology score and the application date as processed by the College Admissions office will determine the 30 students who will receive an invitation for the program interview, orientation and registration.

At the time the college formally processes your admission application, you will receive additional information regarding all required assessments for this program.

4. Program Conferences: Applicants as determined by biology scores and admission dates will be invited to a program conference with the Veterinary Technology Program Chair or the Chairperson of the Agriculture and Natural Resources Department.

Students start fall term.

Graduation Requirements

To earn a Veterinary Technology AAS degree, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

AGS 319	Animal Nutrition	3
AGV 120	Veterinary Medical Terminology	1
AGV 139	Intro Veterinary Pharmacology	1
AGV 124	Intro to Veterinary Technology	1
AGS 128	Domestic Animal Physiology	3
AGV 160	Anesthesia & Surgical Assistance	3

Welding

Welding is the term used to describe numerous methods of joining metals. Students are provided with entry-level welding skills and knowledge essential for employment in the industrial manufacturing, job shop and pipe welding industries.

Ferrous and nonferrous metals are joined using the oxy-acetylene, shielded metal arc, gas tungsten arc and gas shielded arc welding processes. Freehand and machine flame cutting are also taught.

Classroom theory, blueprint reading and technical math are part of the instructional program. The listed sequence of course offerings may be altered.

The Welding program offers open-entry and open-exit courses. Students will be allowed to enroll in these open-entry/open-exit courses as long as there is space available.

Location: Ankeny

Program Entry Requirements

Complete an application, satisfy the assessment requirement and attend any required information/registration session. Students must meet with the program chair before admission to the program can be confirmed. Students start any term.

Graduation Requirements

To earn a Welding diploma, a student must complete all course work as prescribed and maintain a 2.0 grade-point average.

Required Courses

COM 703	Communication Skills	3
MAT 772	Applied Math	3
WEL 120	Oxy-Fuel Welding/Cutting	2
WEL 150	Arc Welding I (SMAW)	2
WEL 165	Arc Welding II (SMAW)	3
WEL 166	Arc Welding III (SMAW)	2
WEL 111	Welding Blueprint Reading	3
WEL 167	Arc Welding IV (SMAW)	3
WEL 168	Arc Welding V (SMAW)	3
WEL 169	Arc Welding VI (SMAW)	2
WEL 181	Gas Metal Arc Welding	2
WEL 190	Gas Tungsten Arc Welding	2
Total credits required to complete this program		**30**

Welding Certificates are available: Blueprint Reading, Gas Metal Arc, Gas Tungsten Arc, Oxy-acetylene, Pipewelding, Shielded Metal Arc and Structural Welding (see Certificate Section page 85).

Woodworking

(see For more informations see Architectural Millwork)

Certificates of Specialization

Accounting Certificate I

The Accounting Certificate I prepares the student for an entry-level position in the field of accounting. Upon completion, the successful candidate will be able to distinguish, analyze, summarize, communicate and record business transactions.

Employment opportunities are currently found in commercial businesses, government offices, public accounting firms and similar enterprises.

Required Courses

BUS 112	Business Math		3
CSC 110	Intro to Computers		3
ADM 138	Data Entry		3

Option Courses–Select 1 Course from Each Option

ACC 131	Principles of Accounting I	Opt 1	4
ACC 111	Intro to Accounting	Opt 1	3
ENG 105	Composition I	Opt 2	3
COM 703	Communication Skills	Opt 2	3
ADM 157	Business English	Opt 2	3
MGT 145	Human Relations in Business	Opt 2	3
SPC 101	Fundamentals of Oral Communication	Opt 2	3
SPC 126	Interpersonal & Small Group Comm	Opt 2	3
SDV 153	Pre-Employment Strategies	Opt 3	2
ACC 124	Accounting Professionalism	Opt 3	3

Total minimum credits required to complete this certificate   17

These credits are applicable to the AAS degree in Accounting Specialist. The majority of these credits are also applicable to the AS degree in Accounting Paraprofessional and the Accounting and Bookkeeping diploma.

Accounting Certificate II

The Accounting Certificate II prepares the student for an entry-level position in the field of accounting and bookkeeping. Upon completion, the successful candidate will be able to distinguish, analyze, summarize, communicate and record business transactions.

Technical courses in intermediate accounting, computers and cost accounting allow students to seek advanced level placement in some cases.

Employment opportunities are currently found in commercial businesses, government offices and public accounting firms.

Required Courses

ACC 261	Income Tax Accounting		3
ACC 161	Payroll Accounting		3

Option Courses–Select 1 Course From Each Option

ACC 131	Principles of Accounting I	Opt 1	4
ACC 132	Principles of Accounting II	Opt 1	4
BCS 164	Basic Databases	Opt 2	1
BCA 212	Intro Computer Business Appl	Opt 2	3
ACC 191	Financial Analysis	Opt 3	3
ACC 251	Gov't & Nonprofit Accounting	Opt 3	3
ACC 192	Accounting Procedures/Mgt.	Opt 3	4
BCA 213	Intermediate Computer Business Appl	Opt 3	3

Total credits required to complete this certificate   14

These credits are applicable to the AAS degree in Accounting Specialist. The majority of these credits are also applicable to the AS degree in Accounting Paraprofessional and the Accounting and Bookkeeping diploma.

Adult Services

Students in the Adult Services Specialist Certificate program have the opportunity to increase their knowledge of the older adult and the agencies that provide services for this expanding population. No prior degree is required to enroll in this program.

IMPORTANT NOTE: Students are strongly advised to contact one of the staff members of Aging Services Management in Bldg. 9, Room 3 on the Ankeny Campus or call 515-964-6262 or 515-964-6814 for additional important information.

If you plan to work in a residential care facility it is recommended that you also take the following courses: SOC 110 Introduction to Sociology and PSY 111 Introduction to Psychology

Required Courses

ASM 278	Management in Senior Care Services		3
ASM 279	Health Care Human Resources		3
ASM 280	Health Care Delivery Systems		2
ASM 282	Aging Services in the Continuum		2
ASM 283	Aging Policies and Government Programs		2
SOC 225	Social Gerontology/Applications		4
SOC 226	Issues in Aging		2
ASM 257	Capstone		2
ASM 256	Agency Experience		2
ASM 239	Information Systems in Health Care		2
ASM 274	Law and Ethics in Health Care		3

Option Courses–Select 1 Course from Option 1

ACC 111	Intro to Accounting	Opt 1	3
ACC 131	Principles of Accounting I	Opt 1	4

Total credits required to complete this certificate   30

These credits are applicable to the AS degree in Aging Services Management.

Agri-Business - Agronomy

The Agronomy certificate prepares the student for an entry-level position in the agronomic field. Upon completion, the successful candidate will be able to formulate fertilizers and identify weeds, insects and soil nutrient deficiencies. Marketing skills will be enhanced through the application of enterprise analysis and current commodity management tools.

The course work within this certificate will serve as a strong preparatory base for the "Certified Crop Advisor" (CCA) program.

Required Courses

AGA 381	Crop Scouting		3
AGA 114	Principles of Agronomy		3
AGA 157	Soils Fertility		1
AGB 235	Intro to Agricultural Markets		3
AGP 333	Precision Agriculture Applications		3
AGA 154	Fundamentals of Soil Science		3
AGA 211	Grain and Forage Crops		3

Option Courses–Select 1 Course from Option 1

AGA 284	Pesticide Application Certification	Opt 1	3
AGB 802	Agribusiness Internship I	Opt 1	2
AGA 222	Grain Management	Opt 1	2

Total credits required to complete this certificate   21

These credits are applicable to the AAS degree in Agri-Business.

PROGRAMS AVAILABLE

Agri-Business - Animal Science

The Animal Science certificate prepares the student for an entry-level position in the livestock industry. Upon completion, the successful candidate will be able to formulate livestock rations, identify common diseases and select appropriate facilities for livestock handling. Marketing skills will be enhanced through the application of enterprise analysis and current commodity management tools.

Required Courses

AGS 319	Animal Nutrition I		3
AGS 323	Animal Nutrition II		3
AGS 113	Survey of the Animal Industry		3
AGS 242	Animal Health		3
AGB 235	Intro to Agricultural Markets		3
AGB 802	Agribusiness Internship I		2

Option Courses–Select 1 Course from Option 1

AGS 225	Swine Science	Opt 1	3
AGS 226	Beef Cattle Science	Opt 1	3
Total credits required to complete this certificate			**20**

These credits are applicable to the AAS degree in Agri-Business.

Agri-Business - Farm Management

The Farm Management certificate prepares the student for an entry-level position in farm management. Upon completion, the successful candidate will be able to operate an entrepreneurial enterprise in the crop or livestock industry. Marketing skills will be enhanced through the application of enterprise analysis and current commodity management tools.

Required Courses

AGA 381	Crop Scouting		3
AGS 113	Survey of the Animal Industry		3
AGA 114	Principles of Agronomy		3
AGB 235	Intro to Agricultural Markets		3
AGB 330	Farm Business Management		3
AGB 101	Agricultural Economics		3

Option Courses–Select 1 Course from Option 1

ACC 111	Intro to Accounting	Opt 1	3
AGB 802	Agribusiness Internship I	Opt 1	2
BUS 185	Business Law I	Opt 1	3
CSC 110	Introduction to Computers	Opt 1	3
Total credits required to complete this certificate			**20**

These credits are applicable to the AAS degree in Agri-Business.

Agri-Business - Sales and Service

The Sales/Service certificate prepares the student for an entry-level position in the agricultural sales and service industry. Upon completion, the successful candidate will be able to utilize a general knowledge of the industry to more effectively serve the customers within the sales and service sector. Marketing skills will be enhanced through the application of enterprise analysis and management tools.

Required Courses

AGS 113	Survey of the Animal Industry		3
AGA 114	Principles of Agronomy		3
AGB 235	Intro to Agricultural Markets		3
AGB 331	Agri-Business Management		3

Certificates of Specialization

AGB 101	Agricultural Economics		3
MKT 140	Selling		3

Option Courses– Select 1 Course from Option 1

AGB 802	Agribusiness Internship I	Opt 1	2

CSC 110	Introduction to Computers	Opt 1	3
MGT 145	Human Relations in Business	Opt 1	3
PSY 111	Intro to Psychology	Opt 1	3
SOC 110	Introduction to Sociology	Opt 1	3
Total credits required to complete this certificate			**20**

These credits are applicable to the AAS degree in Agri-Business.

Airbrush Art

The purpose of the Airbrush Art certificate is to provide design theory and practice in the techniques of airbrush regardless of the specialized application.

Airbrush is used in practically every phase of the graphic design field—in illustration, such as figure, mechanical, advertising, architectural and technical illustration; and in design, such as textile, plastic products, greeting cards and posters.

Required Courses

GRD 449	Airbrush I		4
GRD 451	Airbrush II		4
Total credits required to complete this certificate			**8**

These credits are applicable to the AAS degree in Graphic Design.

Building Maintenance

The Building Maintenance certificate is a series of job related courses that provide a person with an understanding of how to keep a commercial or industrial type of building operating efficiently and effectively. Skill training enables a maintenance specialist to do the job from the first day of employment.

Required Courses

BMA 165	Boiler Room Maintenance		1
ELT 305	Principles of Electricity		3

Option Courses–Select 3 Credits From Option 1

BMA 167	Steam Plant Operations	Opt 1	2
BMA 175	Basic Plumbing	Opt 1	2
HSC 102	Emergency Care	Opt 1	1
Total credits required to complete this certificate			**7**

Chemical Dependency Counseling

This certificate is designed for individuals with an Associate in Arts or Associate in Science Degree, a Bachelor's Degree or Graduate Degree who wish to update or develop skills in chemical dependency. For those who do not have a degree, this certificate may be completed as part of the two-year Associate in Science degree in Human Services.

Entry Requirements:

1. Complete an application.

2. Satisfy the assessment requirement.

3. Schedule a departmental interview with the program chair of the Human Services program.

Students must participate in a chemical dependency practicum. Students can contact the program chair of the Human Services program for possible

practicum site options. Practicums may have additional costs to the student. One possibility of a practicum site is Powell Chemical Dependency Center in Des Moines.

Students must be accepted into a chemical dependency practicum before being admitted into the Chemical Dependency Certificate program at DMACC.

Required Courses

ENG 105	Composition I	3
HSV 220	Survey Mental Health Treatment	3
HSV 130	Interviewing/Interpersonal Relations	3
HSV 286	Intervention Theories/Practice I	3
HSV 287	Intervention Theories/Practice II	3
HSV 802	Field Experience	3
HSV 813	Practicum: Chemical Dependency Counsel I	3
HSV 814	Practicum: Chemical Dependency Counsel II	3
HSV 255	Addictive Disease Concepts	3

Option Courses–Select 1 Course from Each Option

BIO 156	Human Biology w/Lab	Opt 1	3
PSY 121	Developmental Psychology	Opt 1	3
PSY 241	Abnormal Psychology	Opt 1	3
SOC 115	Social Problems	Opt 2	3
SPC 101	Fundamentals of Oral Communication	Opt 2	3
Total credits required to complete this certificate			**33**

These credits are applicable to the AAS degree in Human Services.

Computer Applications

The Computer Applications certificate provides students with a basic understanding of the computer applications that may be performed in an office. A student will be able to use the following applications: word processing, data base, desktop publishing, graphics, presentation, spreadsheet, e-mail, internet and operating systems.

Required Courses

BCA 133	Word Processing Skill Dev I	4
BCA 137	Word Processing Skill Dev II	3
BCA 212	Intro Computer Business Applications	3
BCA 213	Intermediate Computer Business Applications	3
BCA 113	Computer Network Literacy	3
Total credits required to complete this certificate		**16**

These credits are applicable to the diploma in Office Assistant and the AAS degree in Administrative Assistant.

Computer Languages

The purpose of the Computer Languages certificate is to provide the student who is presently employed in computer operations or who has strong business computer applications experience in word processing, spreadsheets and databases with the knowledge of how to design, write and execute computer programs to solve specific business problems.

Required Courses

ACC 131	Principles of Accounting I	4
CIS 125	Intro to Programming Logic w/lang	3
CIS 402	COBOL	3
CSC 110	Intro to Computers	3
CIS 421	COBOL - Intermediate	4
CIS 505	Structure Systems Analysis	4

Option Courses–Select a Minimum of 6 Credits

CIS 604	Visual BASIC	Opt 1	3
CIS 612	Advanced Visual BASIC	Opt 1	3
BCA 113	Computer Network Literacy	Opt 1	3
CIS 593	Mainframe Operations	Opt 1	4
CIS 431	COBOL - Advanced	Opt 1	3
CIS 435	COBOL on the World Wide Web	Opt 1	3
CIS 161	C++	Opt 1	3
CIS 583	Assembler	Opt 1	4
CIS 164	Advanced C++	Opt 1	3
CIS 303	Introduction to Data Base	Opt 1	3
CIS 332	Data Base and SQL	Opt 1	3
CIS 338	SQL/Oracle	Opt 1	3
CIS 346	Data Base Design	Opt 1	3
Total credits required to complete this certificate			**27**

Data Entry I

The purpose of the Data Entry I certificate is to provide classroom and simulated office experience in preparation for entry-level employment for data entry operators.

Graduates of the Data Entry I program locate employment in public and private organizations and agencies of all sizes and missions. Beyond entry-level positions as operators, one may advance to department supervisor.

Required Courses

SDV 153	Pre-Employment Strategies	2
MGT 145	Human Relations in Business	3
ADM 138	Data Entry	3
Total credits required to complete this certificate		**8**

Database Specialist

The purpose of the Database Specialist certificate is to add to the specialization of study at DMACC. This certificate can also assist the student to prepare for Oracle certification as an Oracle Application Developer, which is desirable for positions in the database area.

Required Courses

CSC 110	Intro to Computers	3
CIS 125	Intro to Programming Logic w/lang	3
CIS 402	COBOL	3
CIS 303	Introduction to Data Base	3
CIS 332	Data Base and SQL	3
CIS 338	SQL/Oracle	3
CIS 346	Data Base Design	3
Total credits required to complete this certificate		**21**

The majority of these courses are applicable to the AAS degree in Computer Programming.

Dietary Manager Specialist

The Dietary Manager is responsible for the management of food operations in a dietary department. This includes the management of food service personnel, food/kitchen supplies and the routine nutritional aspects of food service. Working with a consultant dietitian, the dietary manager assists in providing quality nutritional care services in food service departments, hospitals and health care facilities. All students must attend a Dietary Manager Specialist orientation.

PROGRAMS AVAILABLE

Required Courses

DTM 350	Health Field	1
DTM 351	Food Preparation	1
DTM 352	Sanitation/Meal Service	2
DTM 353	Nutrition Life Cycle	1
DTM 354	Modified Diets	1
DTM 355	Food Production Management	1

Digital Publishing & Prepress

The Digital Publishing & Prepress certificate is designed for students in the Graphic Technologies program who wish to specialize in their degree, or for individuals with prior printing experience who are looking to update their skills or are seeking advancement in the graphics/printing industry. The program will provide up-to-date technical information regarding tools, equipment and processes.

The curriculum and instruction are geared to provide both lecture and laboratory settings that will build upon the individual's prior knowledge and experience. Instruction and practical experience will be provided in desktop publishing, website development, digital image enhancement, and electronic prepress applications.

Required Courses

GRT 416	Digital Publishing II		3
BCA 212	Intro to Computer Business Appl		3
GRT 421	Electronic Prepress I		4
GRT 425	Electronic Image Control		4
GRT 431	Electronic Prepress II		4

Option Courses–Select 1 Course from Option 1

CIS 207	Fundamentals of Web Programming	Opt 1	3
GRD 462	Computer Graphics II	Opt 1	3
Total credits required to complete this certificate			**21**

E-Commerce Design

This certificate allows students to combine computer oriented graphic skills with E-Commerce concepts and web page development skills. The student will be able to design and develop web pages for E-Commerce applications. This includes the ability to create, enhance and manipulate a variety of graphic elements to take advantage of delivery using the Internet. Students will have exposure to a variety of web development tools and graphic application tools including FrontPage, Dreamweaverm Photoshop, Fireworks and Flash.

Required Courses

BUS 150	E-Commerce on the Web	3
CIS 207	Fund of Web Programming	3
CIS 240	E-Commerce Website II	3
GRD 403	Communication Design I	3
GRD 462	Computer Graphics II	3
GRD 463	Electronic Photo Editing	3
GRD 301	Intro to Desktop Publishing	3
Total credits required to complete this certificate		**21**

Certificates of Specialization

Emergency Medical Technician - Basic

The Emergency Medical Technician-Basic certificate is designed to provide an introductory learning experience for persons interested in the field of emergency medicine. This course includes practical and written testing in the classroom, as well as clinical experience in area hospitals and with local ambulance services. National Registry Certification tests will be available at course completion in both the written and skill areas. Area ambulance units and some hospital emergency departments utilize EMT-B's.

Required Course

EMS 210	Emergency Medical Tech Basic	6

Prerequisite: Proof of successful and current completion of either American Heart Association Health Care Provider CPR or Red Cross Professional Rescuer CPR training.

Entrepreneurship

The Entrepreneurship certificate introduces the student to creative and tested ways to start and operate a small business. Innovative marketing strategies, creative financing methods and employee development skills are emphasized in the program. Both day and evening courses are offered and all course work transfers into the one-year Entrepreneurship diploma program.

Required Courses

BUS 138	Small Business Marketing		3
BUS 141	Small Business Start-Up		3
BUS 135	Managing Entrepreneuial Venture		3
BUS 220	Introduction to International Business		3

Option Courses–Select 1 Course From Each Option

ACC 131	Principles of Accounting I	Opt 1	4
ACC 111	Intro to Accounting	Opt 1	3
BUS 131	Small Business Management Strategies	Opt 2	3
BUS 181	Basic Law for Entrepreneurs	Opt 2	2
ACC 311	Computer Accounting	Opt 3	3
BUS 240	Virtual Business Firm	Opt 3	3
BUS 150	E-Commerce on the Web	Opt 3	3
Total credits required to complete this certificate			**20**

Fashion

The purpose of the Fashion certificate is to provide an individual either currently employed in or wanting to enter the apparel and accessories field with specialized skills to enhance his/her knowledge of retailing and selling, as well as to develop fashion awareness.

Required Courses

APP260	Fashion Analysis & Design	3
APP110	Visual Merchandising & Design	2
APP211	Textiles	3
MKT160	Principles of Retailing	3
MKT140	Selling	3
Total credits required to complete this certificate		**14**

These credits are applicable to the AAS degree in Fashion/Design.

Fire Specialist

The Fire Specialist certificate provides basic technical knowledge for people working in the fire protection field.

Course work covers the scientific principles that affect fire, its causes and behavior and the means of minimizing its destructive effects through design, detection, suppression and prevention.

Required Courses

FIR 230	Fire Behavior and Investigation	3
FIR 232	Property Insurance - Fraud Investigation	3
FIR 124	Building Construction	3
FIR 152	Fire Protection Systems	3
FIR 182	Hazardous Materials	3
FIR 220	Planning for Fire Protection	3
FIR 212	Emergency Scene Management	3
Total credits required to complete this certificate		**21**

These credits are applicable to the AS degree in Fire Science Technology.

Graphic Sales & Customer Service

The Graphic Sales & Customer Service certificate is designed for students in the Graphic Technologies or Marketing programs who wish to specialize in their degree, or for individuals with prior experience who are looking to update their skills or are seeking advancement in the area of marketing or graphic communications. The program will provide up-to-date technical information regarding printing methods, cost estimating, sales and marketing.

The curriculum and instruction are geared to provide both lecture and laboratory settings that will build upon the individual's prior knowledge and experience. Instruction and practical experience will be provided in the areas of printing methods, cost estimating, sales and marketing.

Required Courses

GRT 400	Intro to Printing Methods	4
GRT 401	Intro to Graphic Communications	3
GRT 409	Project Planning & Management	3
MKT 110	Principles of Marketing	3
MKT 140	Selling	3
MKT 150	Principles of Advertising	3
Total credits required to complete this certificate		**19**

These credits are applicable to the AAS degree in Graphic Technologies.

Greenhouse Production

The Greenhouse Production certificate will allow students to earn recognition for work completed in the area of greenhouse production. This certificate will provide students with the opportunity to develop specific skills related to horticulture chemicals, botany and greenhouse production techniques.

Required Courses

AGA 157	Soils Fertility	1
AGA 154	Fundamentals of Soil Science	3
AGH 132	Intro to Greenhouse	3
AGH 283	Pesticide Application Certification	2
AGH 221	Principles of Horticulture	3
AGH 233	Plant Propagation I	3
AGH 133	Greenhouse Production Techniques	3
MAT 772	Applied Math	3
Total credits required to complete this certificate		**21**

These credits are applicable to the AAS degree in Commercial Horticulture

Information Processing Support

The Information Processing Support certificate prepares students for an entry-level position in an office emphasizing information support. This curriculum includes business English and written communications. Students receive training on computers using office software applications with an emphasis on word processing.

Required Courses

ADM157	Business English	3
ADM154	Business Communication	3
BCA133	Word Processing Skill Development I	4
BCA137	Word Processing Skill Development II	3
BCA212	Intro to Computer Business Appl	3
BCA213	Intermediate Computer Business Applications	3
Total credits required to complete this certificate		**19**

These credits are applicable to the diploma in Office Assistant and the AAS degree in Administrative Assistant.

Interior Design Consultant

The Interior Design Consultant certificate is designed for currently employed individuals who have an interest in adding specialized training in interior home products to their credentials. The focus of the Interior Design Consultant certificate is to provide training needed at the wholesale or retail levels in interior home product sales, marketing or customer service.

Required Courses

MKT 140	Selling	3
MKT 110	Principles of Marketing	3
INT 124	Interior Design Analysis	3
INT 125	Interior Design Planning	3
APP 110	Visual Merchandising & Design	2
APP 211	Textiles	3
Total credits required to complete this certificate		**17**

These credits are applicable to the Fashion diploma or the AAS degree in Fashion/Design.

Interpretation & Translation - Generalist

The Interpretation & Translation Generalist certificate is a vocational credential for preparing functionally bilingual students for entry-level employment as general, nonspecialized interpreters or translators. Upon completion, students should be able to provide basic interpreting and translation services between English and their other languages(s) in nonspecialized contexts. The program is designed for students who wish to add general interpreting and translation skills to their current set of job skills.

Certificate students complete basic courses in interpretation and translation, as well as ethics. All students complete an internship under the supervision of a professional interpreter/translator, during which time they use the skills and apply the knowledge gained in the classroom. Credits earned for the Interpretation and Translation Generalist certificate can also be applied to the Judiciary Interpretation and Translation A.S. and Certificate programs, or to the Healthcare Interpretation and Translation A.S. and Certificate programs.

A program chairperson and a program counselor are available to assist students with education and career planning.

Employment opportunities for general Interpretation and Translation interpreters and translators are currently found in all industries and businesses where nonspecialized interpretation and translation services are needed. There are also many volunteer opportunities.

NOTE: Interpretation and translation employment in specialized areas, including legal, medical, social services, education fields and many businesses require additional specialized training and/or certification. Students interested in those fields should consider the Judiciary Interpretation and Translation A.S. or Certificate programs or the Healthcare Interpretation and Translation Certificate programs.

Location: Urban

Program Entry Requirements:

1. Complete an application.

2. Attend any required information/orientation or a program conference.

3. Provide evidence of proficiency in English with one of the following:

PROGRAMS AVAILABLE

a. ACT score on the English subtest of 19 or above
b. Minimum COMPASS score of 70
c. Completion of ENG 105 with grade of "C" or better
d. TOEFL score of 173 on the computer test or 500 on the paper test
e. Completion of 2 years of college study with a minimum GPA of 2.0 (or equivalent) at an institution where English is the medium of instruction
f. Other evidence demonstrating English proficiency may be approved by the program chair

4. Show proficiency in a second language with one of the following:
a. Evidence of completion of high school in a country where the language is spoken
b. Two years of college study with a minimum GPA of 2.0 (or equivalent) at an institution in a country where the language is spoken
c. Completion of a college minor in the second language with a minimum grade of "C" for all courses taken in the second language
d. Proficiency may be demonstrated with other evidence, but must be approved by the program chair
e. Students will need computer skills to be successful in the program. If students do not have these skills, completion of BCA 212 or CSC 110 is strongly recommended, but the course will be an extra course and will not apply toward program requirements.

Students may start any term; however, students should contact an academic advisor for planning, as many courses are only offered once per year.

Required Courses

ITR 101	Intro to Interpretation & Translation	3
ITR 102	Tools for the Interpreter & Translator	3
ITR 111	Fundamentals of Interpretation	3
ITR 115	Fundamentals of Translation	3
ITR 120	Ethics for the Interpreter/Translator	1
ITR 805	Generalist I/T Internship	2
Total credits required to complete this certificate		**15**

These credits (except ITR 805) are applicable to the AS degree in Interpretation & Translation.

Interpretation & Translation - Healthcare

The Interpretation & Translation Healthcare certificate is for functionally bilingual students with a Bachelor's degree, Associate in Science or Associate in Arts degree who wish to work as healthcare interpreters or translators. Upon completion, students should be able to provide basic interpreting and translation services between English and their other language(s) in healthcare contexts. The program is designed for students who wish to add healthcare interpreting and translation skills to their current set of job skills.

Certificate students complete basic courses in interpretation and translation, as well as ethics. All students complete an internship under the supervision of a professional interpreter/translator, during which they use the skills and apply the knowledge gained in the classroom. Some credits earned for the Interpretation and Translation Healthcare certificate can also be applied to the Judiciary Interpretation and Translation AS and certificate programs, or to the Interpretation and Translation Generalist certificate programs.

A program chairperson and a program counselor are available to assist students with education and career planning.

Employment opportunities are currently found in healthcare facilities where specific interpretation and translation related to healthcare services are needed. There are also many volunteer opportunities.

NOTE: Interpretation and translation employment in specialized areas, including legal, medical, social services, education fields and many businesses requires additional specialized training and/or certification. Students interested in legal interpretation and translation should consider the Judiciary Interpretation and Translation AS degree or Certificate programs.

Certificates of Specialization

Landscape Design

The Landscape Design certificate will allow students to earn recognition for work completed in the area of landscape design. This certificate will provide students with the opportunity to develop specific skills related to plant materials, construction techniques and design.

Required Courses

AGA 157	Soil Fertility	1
AGA 154	Fundamentals of Soil Science	3
AGH 154	Residential Landscape Design	3
AGH 159	Landscape Drafting	2
AGH 221	Principles of Horticulture	3
AGH 155	Landscape Design II	2
AGH 142	Construction, Safety & Maintenance	2
AGH 123	Woody Plant Materials	3
AGH 120	Herbaceous Plant Materials	3
Total credits required to complete this certificate		**23**

The majority of these credits are applicable to the AAS degree in Commercial Horticulture.

Legal Assistant

The Legal Assistant certificate is for students with a Bachelor's degree, Associate in Science or Associate of Arts degree who wish to work as a legal assistant. A legal assistant performs a variety of legal tasks and provides a broad spectrum of services for attorneys in private practice, state agencies and public service organizations. The legal assistant works with the attorney in virtually every aspect of the legal profession except giving advice or representing clients in court (the actual practice of law). To earn a Legal Assistant certificate, a student must submit proof of having earned a prior degree. Students must receive a grade of "C" or above in all PRL course work.

Required Courses

PRL 103	Introduction to Law		3
PRL 131	Torts & Litigation I		3
PRL 141	Business & Corporate Law I		3
PRL 280	Legal Internship & Ethics		4
PRL 112	Legal Research & Writing I		3
PRL 113	Legal Research & Writing II		3

Option Courses–Select 15 Credits from Option 1

PRL 132	Torts & Litigation II	Opt 1	3
PRL 161	Family Law	Opt 1	3
PRL 142	Business & Corporate Law II	Opt 1	3

HSC120	Medical Terminology I	3
MTR120	Medical Transcription I	3

Term 2

HSC121	Medical Terminology II	3
MTR121	Medical Transcription II	3

Term 3

MAP532	Human Body - Health and Disease	3
MTR122	Medical Transcription III	3

Total credits required to complete this certificate   24

The majority of these credits are also applicable to the AAS degree in Medical Administrative Assistant.

Microcomputers

This certificate is designed for people who desire to learn about operating and networking systems and who have strong business computer applications skills in word processing, spreadsheets and databases. It is most appropriate for people employed in small businesses where the employer wants employees to upgrade their business computer applications skills and assume responsibility for a network.

Required Courses

BUS 102	Introduction to Business	3
CIS 125	Intro to Programming Logic w/lang	3
CIS 402	COBOL	3
CSC 110	Intro to Computers	3
BCA 113	Computer Network Literacy	3

Option Courses–Select a Minimum of 6 Credits

ACC 131	Principles of Accounting I	Opt 1	4
ACC 132	Principles of Accounting II	Opt 1	4
ACC 311	Computer Accounting	Opt 1	3
ACC 361	Accounting Spreadsheets	Opt 1	3
CIS 413	COBOL II	Opt 1	4
CIS 604	Visual BASIC	Opt 1	3

CIS 612	Advanced Visual BASIC	Opt 1	3
CIS 161	C++	Opt 1	3
CIS 164	Advanced C++	Opt 1	3
CIS 303	Introduction to Data Base	Opt 1	3
CIS 332	Data Base and SQL	Opt 1	3
CIS 338	SQL/Oracle	Opt 1	3
CIS 346	Data Base Design	Opt 1	3
Total credits required to complete this certificate			**21**

The majority of these credits are applicable to the AS degree in Accounting Information Systems and the AAS in Business Information Systems.

Network Security Manager

The purpose of the Network Security Manager certificate is to provide students who is already are employed in the area of information technology the knowledge and skills needed to prepare for careers as security systems analysts, security business analysts, database administrators or system development managers. Students learn basic concepts and terminology in computer networks and data communications, as well as project initiation, fact gathering, procedures, forms, system implementation and evaluation. They also study legal and ethical issues, security technologies, risk management, network and system security, cryptography, and information security maintenance. Students learn to detect and analyze data stored or hidden on computer systems and to implement database security and auditing in order to protect data.

Prior to enrolling in the Network Security Manager certificate courses, students must successfully complete the following courses: CSC 110 Intro to Computers, CIS 125 Intro to Programming Logic w/lang, CIS 402 COBOL or equivalent courses or have instructor approval.

Required Courses

BCA 113	Computer Network Literacy	3
CIS 303	Introduction to Data Base	3
CIS 505	Structured Systems Analysis	4
NET 612	Fundamentals of Network Security	3
NET 715	Database Security & Auditing	3
NET 730	Computer Forensics & Investigation	3
Total credits required to complete this certificate		**19**

Nurse Aide

The Nursing Assistant Specialist certificate is designed for individuals seeking employment in any healthcare setting. The skills and knowledge learned will meet the requirements of many job titles from Psychology Tech to Emergency Department Tech. You will earn from $7.00 to $12.00 per hour. You will be drug-free and have no criminal or felony record. You will need to be flexible and be able to take direction and be a team member. A uniform is required.

Required Courses

HSC 102	Emergency Care		1
HSC 172	Nurse Aide 75 Hours		3
HSC 182	Advanced Nurse Aide		3
Option Courses–Select 1 Course from Option 1			
HSC 183	CCDI Dementia Illness Training	Opt 1	1
MAP 129	Medical Terminology	Opt 1	1
Total credits required to complete this certificate			**8**

Office Specialist

The Office Specialist certificate provides students with basic entry-level skills for office support positions. These skills include computer operations, business English, human relations and office calculators. Students who complete all courses will qualify for a variety of entry-level clerical positions.

Required Courses

BUS 112	Business Math	3
MGT 145	Human Relations in Business	3
ADM 157	Business English	3
BCA 133	Word Processing Skill Development I	4
ADM 131	Office Calculators	1
BCA 212	Intro Computer Business Appl	3
Total credits required to complete this certificate		**17**

These credits are applicable to the AAS degree in Administrative Assistant and the diploma in Office Assistant.

Phlebotomy

A phlebotomist draws blood from patients for diagnostic medical tests. Most phlebotomists are employed in hospitals. The program runs approximately nine weeks and is offered fall and spring term.

Background checks for criminal history will be done and results will be shared with cooperating agencies, which may prevent placement for clinical practicum. This will affect successful program completion.

NOTE: Proof of immunizations required prior to beginning of clinical rotation.

Required Courses

MLT 112	Principles of Phlebotomy	2
PHB 280	Phlebotomy Clinical	2
Total credits required to complete this certificate		**4**

Printing Technologies

The Printing Technologies certificate is designed for students in the Graphic Technologies program who wish to specialize in their degree, or for individuals with prior printing experience who are looking to update their skills or are seeking advancement in the graphics/printing industry. The program will provide up-to-date technical information regarding tools, equipment and processes.

The curriculum and instruction are geared to provide both lecture and laboratory settings that will build upon the individual's prior knowledge and experience. Instruction and practical experience will be provided in offset, flexography, screen printing. Job planning, cost estimating and finishing methods will also be covered.

Required Courses

GRT400	Intro to Printing Methods	4
GRT401	Intro to Graphic Communications	3
GRT409	Project Planning & Management	3
GRT410	Printing Methods I	4
GRT420	Printing Methods II	4
GRT427	Specialty Printing Methods	4
Total credits required to complete this certificate		**22**

These credits are applicable to the AAS degree in Graphic Technologies.

PROGRAMS AVAILABLE

Production Art

The purpose of the Production Art certificate is to provide training for entry-level positions as production artists in large printing and publishing companies and companies with small publications departments.

Required Courses

GRD 407	Production Art I	3
GRD 415	Production Art II	3
Total credits required to complete this certificate		**6**

These credits are applicable to the AAS degree in Graphic Design.

Retailing

The Retailing certificate offers skills for entering the world of retail marketing and merchandising and for those already employed who wish to move to higher levels of responsibility.

A growing number of job openings exist for those who want a career that is both challenging and rewarding.

Required Courses

MKT 160	Principles of Retailing	3

MGT 145	Human Relations in Business	Opt 3	3
PSY 111	Introduction to Psychology	Opt 3	3
Total credits required to complete this certificate			**18**

These credits are applicable to the diploma in Sales & Management, the AAS degree in Management and the AAS degree in Marketing.

Telecommunications

This certificate program prepares the student for working in the telecommunications outside plant field. The course work prepares students to work on local installations of communication services in both business and residential settings. Training includes installation and repair, line troubleshooting, working aloft and pole climbing, and basic business communication system programming and repair.

Required Courses

ELT368	DC & AC Fundamentals	3
ELT369	DC & AC Fundamentals Lab	3
TEL210	Telecommunications I	3
TEL213	Introduction to Telephony Lab	3
CSC110	Intro to Computers	3
ADM105	Intro to Keyboarding I	1
TEL220	Telecommunications II	4
TEL222	Telecommunications Outside Plant	4
TEL223	Telecom Transport Lab	3
Total credits required to complete this certificate		**27**

These credits are applicable to the AAS degree in Telecommunications Technology.

PROGRAMS AVAILABLE

Turf Maintenance

The Turf Maintenance certificate will allow students to earn recognition for work completed in the area of turf maintenance. This certificate will provide students with the opportunity to develop specific skills related to the maintenance of such turf grass areas as lawns, parks, sports fields and golf courses.

Required Courses

AGA 157	Soil Fertility		1
AGA 154	Fundamentals of Soil Science		3
AGH 283	Pesticide Application Certification		2
AGH 160	Irrigation Systems		2
AGH 241	Sports Turf		2
AGH 111	Intro to Turfgrass Management		2
AGH 211	Advanced Turfgrass Management		3
MAT 772	Applied Math		3

Option Courses–Select 1 Course from Option 1

ENV 115	Environmental Science	Opt 1	3
AGH 221	Principles of Horticulture	Opt 1	3
Total credits required to complete this certificate			**21**

The majority of these credits are applicable to the AAS degree in Commercial Horticulture.

Welding

In an effort to meet the needs of interested students and local industry, the Welding program is offering open entry and open-exit courses designed for the inexperienced as well as more advanced and experienced welders. This flexibility allows students to take only those portions of the program they need at any given time. Students will be allowed to enroll as long as there is space available. Emphasis is placed on skill and knowledge that is required for the student to enter employment in the welding field, or for the student's own personal gain.

Oxy-acetylene Welding

WEL 120	Oxy-Fuel Welding/Cutting	2

These credits are applicable to the diploma in Welding.

Shielded Metal Arc Welding

WEL 150	Arc Welding I (SMAW)	2
WEL 165	Arc Welding II (SMAW)	3
WEL 166	Arc Welding III (SMAW)	2
WEL 167	Arc Welding IV (SMAW)	3
WEL 168	Arc Welding V (SMAW)	3
WEL 169	Arc Welding VI (SMAW)	2
Total credits required for Shielded Metal Arc Welding		**15**

These credits are applicable to the diploma in Welding.

Gas Metal Arc Welding

WEL181	Gas Metal Arc Welding	2

These credits are applicable to the diploma in Welding.

Gas Tungsten Arc Welding

WEL190	Gas Tungsten Arc Welding	2

These credits are applicable to the diploma in Welding.

Blueprint Reading

WEL111	Welding Blueprint Reading	3

These credits are applicable to the diploma in Welding.

Certificates of Specialization & Certificate of Completion

Structural Welding

WEL 176	Advanced Arc Welding I (SMAW)	2
WEL 177	Advanced Arc Welding II (SMAW)	3

Pipe Welding

WEL 303	Pipe Welding (SMAW)	3

Certificate of Completion

Transportation Institute Commercial Vehicle

Commercial Vehicle Operator Program

The Transportation Institute commercial vehicle operator program is one of approximately 50 in the U.S. that has been certified by the Professional Truck Drivers Institute of America. The 240-hour, noncredit program uses the U.S. Department of Transportation Model Curriculum. Students may complete the program in the daytime in six weeks or during the evenings and Saturdays in 12 weeks.

The Institute provides customized programs and services to individuals and companies including remediation and evaluation services, advanced driver programs, Defensive Driving Course (DDC), driver/dispatcher relationships and driver retention programs. It also offers a 24-hour Train the Trainer Program that allows transportation carriers to qualify their drivers to become certified driver finishers.

Features

1. Placement with companies prior to beginning of training.
2. Extensive in-truck training with two-students-per-instructor ratio.
3. Student loan availability for students who qualify.
4. Graduation with a Commercial Drivers License (CDL)
5. Earning potential—$25,000–$40,000 first year.
6. Excellent career opportunities within the industry.

Required Courses	Contact Hours
Basic Operations	81.75
Safe Operational Practices	44.50
Advanced Operating Procedures	38.00
Vehicle Maintenance	16.75
Non-Vehicle Activities	59.00

RV Safety and Education Program

RV Safety and Education Program students become confident when traveling in situations they may encounter in the RV lifestyle after receiving training in all phases of driving, maneuvering and backing a recreational vehicle. The RV program is a total of 16 hours, eight hours in the classroom and eight hours hands-on driving. Additional driving time and private lessons are available. The program specializes in safety, respect, patience and confidence in a variety of vehicles of all sizes from class A, B & C motor homes, to fifth-wheel trailers to travel trailers. For students who do not own their own equipment, most varieties are available.

We also have RV (Recreation Vehicle) training and educational programs aimed at present and prospective RV drivers to provide the best information and training possible about RVs and the RV lifestyle. DMACC is the second school nationwide to offer this RV training.

COURSE DESCRIPTIONS

How to read our Course Descriptions

The following are standard, approved subjects. Availability of any subject depends on the scheduling, program and student needs at the time. The receiving college or university determines the transferability of courses.

Credits
Lecture Hours
Lab Hours
Practicum
Hours
Course Type

Course — ACC222   4 4 0 0 0
Course Name — COST ACCOUNTING
Course Description — OPEN

An introduction to accounting concepts of product costing systems.
Topics include: classification of costs, process costing, job order costing, joint and by-product costs and standard cost systems, with variable analysis.

Prerequisite : ACC132   **Pre- or Corequisites***

ADJUNCT
Adjunct courses may be temporary or experimental and may be used to fulfill elective credit in programs that lead to a degree or diploma. Adjunct courses may not be used to fulfill or substitute for required or option courses in any degree or program.

GENERAL
Non-core courses identified as freshman-sophomore courses.

OPEN
Occupationally specific courses corresponding to courses in certain professional programs at four-year institutions.

VOC/TECH
Occupationally specific courses. Transferability is generally limited. Only 16 credits can apply to the AA/As degree.

CORE
Traditional liberal arts courses in the first two years of a baccalaureate degree.

COLLEGE PREPARATORY
College preparatory and skill building courses. College Preparatory courses cannot be used to fulfill degree requirements.

(P/F)
|Indicates courses taken pass/fail.

PREREQUISITES
Successful completion of a course or other criterion necessary for a student to succeed in a higher level course.

COREQUISITES
A course that must be taken concurrently with or prior to the course.

An instructor may deny enrollment in or drop a student from a specific course if the course prerequisite has not been met.

Adjunct Courses cannot be used to fulfill or substitute for required or option courses in any degree or diploma program

---

ACC111   3 3 0 0 0
INTRO TO ACCOUNTING   OPEN
An introductory course in accounting fundamentals and procedures. Includes capturing and analyzing business data and financial statement preparation.

ACC124   3 3 0 0 0
ACCOUNTING PROFESSIONALISM   VOC/TECH
Covers all aspects of accounting career goalsetting, developing prospective accounting employer lists, resume writing, job application forms, employment tests, personal appearance, interviewing, and follow-up. Instructs in meeting protocol according to Roberts Rules of Order. Covers meeting presentation skills and report writing. Discusses the duties of an accounting professional to the community. Reviews office etiquette and common professional courtesy. (P/F)

ACC131   4 4 0 0 0
PRINCIPLES OF ACCOUNTING I   GENERAL
Introduces the student to the principles of accounting with emphasis placed on the users and uses of accounting information. The double-entry bookkeeping system is presented with a focus on the end result of the accounting cycle, the financial statement.

ACC132   4 4 0 0 0
PRINCIPLES OF ACCOUNTING II   GENERAL
A continuation of Principles of Accounting I. Introduces accounting procedures related to corporations, manufacturing and branch operations. The course also includes an introduction to capital budgeting, analysis of financial statements and decision-making by managers.
Prerequisite: ACC131

ACC161   3 3 0 0 0
PAYROLL ACCOUNTING   VOC/TECH
Covers payroll laws, state and federal withholding taxes, state and federal forms, salary deductions including cafeteria insurance plans and pension plans, and computerized payroll software packages. **Prerequisite: ACC131 or ACC111**

ACC191   3 3 0 0 0
FINANCIAL ANALYSIS   VOC/TECH
An analytical study of accounting information and financial statements. The course focuses on financial ratio analysis that is used to interpret data and reports for financial decision making. **Prerequisite: ACC131**

ACC192   4 3 2 0 0
ACCOUNTING PROCEDURES/MGMT   VOC/TECH
A project approach to accounting systems and records management. Includes topics in receivables, payables, banking records, planning and organizing, leadership, human relations and communications. **Prerequisite: ACC131, BUS112, ADM131**

ACC222   4 4 0 0 0
COST ACCOUNTING   OPEN
An introduction to accounting concepts of product costing systems. Topics include: classification of costs, process costing, job order costing, joint and by-product costs and standard cost systems with variable analysis. **Prerequisite: ACC132**

ACC231   4 4 0 0 0
INTERMEDIATE ACCOUNTING I   OPEN
Emphasis on theory, standards and principles—the "why" of accounting. The framework goes beyond the procedural level to the conceptual level. Topics include preparation of income statements, balance sheets and related footnotes. Applicable FASB pronouncements are presented.
Prerequisite: ACC132

ACC232   4 4 0 0 0
INTERMEDIATE ACCOUNTING II   OPEN
Continuation of Intermediate Accounting I. Topics include: long-term debt, investments, equity, pensions, leases, accounting changes, earnings per share and accounting for inflation. **Prerequisite: ACC231**

ACC241 – ADJUNCT   3 3 0 0 0
TREASURY & CASH MANAGEMENT   VOC/TECH
Introduces the requisite skills and knowledge for entry-level positions in the treasury and cash management operation. Utilizes case studies and articles relevant to treasury management practice. Relates directly to accounting and financial management topics.

ACC251   3 3 0 0 0
GOV'T & NONPROFIT ACCOUNTING   OPEN
An introduction to the accounting and reporting principles, standards and procedures applicable to federal, state and local government. Also includes nonprofit institutions such as hospitals and universities. **Prerequisite: ACC131**

ACC261   3 3 0 0 0
INCOME TAX ACCOUNTING   OPEN
An introduction to personal income tax. Emphasizes computation of federal and state income taxes and preparation of tax forms. **Prerequisite: ACC131 or ACC111**

ACC272   4 4 0 0 0
ACCOUNTING INFORMATION SYSTEMS   VOC/TECH
Identifies the information required by accountants as it relates to financial and managerial accounting. It provides an overview of systems design and development process.
Prerequisite: ACC132, CSC110

ACC281 – ADJUNCT   3 3 0 0 0
AUDITING   VOC/TECH
An introduction to auditing concepts, internal control procedures, preparation of audit programs and working papers, application of methods and procedures for conducting an audit. The legal and ethical responsibilities of auditors. Preparation of audit reports. **Prerequisite: ACC231**

ACC311   3 2 2 0 0
COMPUTER ACCOUNTING   VOC/TECH
Emphasizes application of computerized financial software used in business. Topics include setting up a company, receivables, payables, inventory control, payroll, time tracking and job estimating. **Prerequisite: ACC131 or ACC111**

ACC361   3 2 2 0 0
ACCOUNTING SPREADSHEETS   VOC/TECH
Microcomputer operations with an emphasis on financial and managerial uses. Includes topics in spreadsheet modeling, spreadsheet commands. **Prerequisite: ACC131, CSC110**

ACC850 – ADJUNCT   3 2 2 0 0
TAX ASSISTANCE INSTITUTE   VOC/TECH
An opportunity to participate in a volunteer income tax assistance program by applying classroom skills to actual experience. Includes training to provide community service of free tax assistance and preparation of basic tax returns for older, handicapped and low income taxpayers. (P/F)
Prerequisite: ACC261

ACC932   3-4 0 0 0 12-16
ACCOUNTING INTERNSHIP   VOC/TECH
An opportunity to gain practical experience through on-the-job training in an approved business or governmental office. May be taken for 3 or 4 credits. (P/F) Prerequisite: Successful completion of 11 credits of ACC courses
Corequisite: ACC946

ACC946   1 1 0 0 0
ACCOUNTING CAREER SEMINAR   VOC/TECH
Designed to provide in-depth discussion of accounting/bookkeeping/accounting specialist work experiences. Prerequisite: Successful completion of 11 credits of ACC credit courses; permission of the department and demonstrable job readiness with computer literacy.
Corequisite: ACC932

ADM105   1 0 2 0 0
INTRO TO KEYBOARDING   VOC/TECH
Basic instruction on a personal computer to learn the touch system for the alphabetic keyboard, number keyboard and ten-key numeric pad.

COURSE DESCRIPTIONS

ADM131 1 0 2 0 0
OFFICE CALCULATORS VOC/TECH
Electronic calculator operations. Emphasis on speed and accuracy. Includes topics in addition, subtraction, multiplication and division; also the use of constants, chain computations and prorations.

ADM138 3 0 6 0 0
DATA ENTRY VOC/TECH
Competency-based course to give students an introduction to current practices, equipment and various job-related applications in data entry. The main focus is on speed and accuracy in entering data in a terminal. Recommend keyboarding skills of at least 30 NWPM

ADM154 3 3 0 0 0
BUSINESS COMMUNICATIONS VOC/TECH
Principles and procedures of effective business communication. The student is required to be computer literate as computer software programs are used to develop communication skills for office correspondence and presentations. Recommend keyboarding skills of at least 25 NWPM. **Prerequisite: ADM157, BCA212**

ADM157 3 3 0 0 0
BUSINESS ENGLISH VOC/TECH
The fundamentals of proofreading grammar, spelling, punctuation, word usage, capitalization, abbreviations and number usage.

ADM162 3 2 2 0 0
OFFICE PROCEDURES VOC/TECH
Office Procedures is the integration of knowledge and skills needed to function in an office environment. Topics include telecommunication techniques, components of customer relations and various responsibilities of the administrative assistant. **Prerequisite: ADM157, BCA133**

ADM164 3 2 2 0 0
ADMINISTRATIVE
OFFICE APPLICATIONS VOC/TECH
This course incorporates simulated office activities into realistic workplace integration. Students use integrated software to complete specialized tasks. Workplace basic skills including interpersonal skills, communication, teamwork, creative thinking and problem-solving will be developed. **Prerequisite: ADM162, BCA213**

ADM208 3 3 0 0 0
LEGAL TERMINOLOGY VOC/TECH
Provides training in spelling, defining and pronouncing terms common in the legal field.

ADM215 3 3 0 0 0
MEDICAL OFFICE PROCEDURES VOC/TECH
A study of medical science, ethics and medical law. Various management duties and responsibilities, such as filing, insurance processing, mail schedules, computerized accounting and telephone procedures. **Prerequisite: HSC120, BCA137**

ADM259 3 3 0 0 0
PROFESSIONAL DEVELOPMENT VOC/TECH
Designed to make students aware of their personal strengths and identify areas for improvement. Concentrates on helping students develop marketable personal and professional skills. Presents strategies to assist students in maintaining employment and in demonstrating a professional image and work behavior.

ADM265 2 0 0 0 8
SUPERVISED
PRACTICAL EXPERIENCE VOC/TECH
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills and knowledge. (P/F) **Prerequisite: ADM157, BCA133, 212; Corequisite: ADM937**

ADM300 1 1 0 0 0
CPS REVIEW SEC. I–ECONOMICS
& LAW VOC/TECH
Section I assists students to pass part one of the Certified Professional Secretary Examination by reviewing economic, accounting and business law fundamentals. In addition to 1 hour of credit, students will be awarded 1.5 CEUs.

ADM305 1 1 0 0 0
CPS REVIEW SEC. II –
OFFICE SYSTEMS VOC/TECH
Section II assists students to pass part two of the Certified Professional Secretary Examination by reviewing office technology, administration and communications. In addition to 1 hour of credit, students will be awarded 1.5 CEUs.

ADM310 1 1 0 0 0
CPS REVIEW SEC. III –
MANAGEMENT VOC/TECH
Section III assists students to pass part three of the Certified Professional Secretary Examination by reviewing behavioral science in business and human resource management. In addition to 1 hour of credit, students will be awarded 1.5 CEUs.

ADM937 1 1 0 0 0
PROF. OFFICE CAREERS SEMINAR VOC/TECH
An examination of topics relevant to the office internship experience, sharing workplace problems encountered and the solutions found to those problems. **Prerequisite: ADM157, BCA133, 212; Corequisite: ADM265**

ADN126 2 1 2 0 0
PASSPORT TO ADN NURSING OPEN
Assists preparation for a successful transition to the ADN program. Focuses on curriculum design, knowledge components, student expectations, study/time management skills. PN to RN role changes, application of nursing process with emphasis on health assessment and nursing skills across the life span. **Prerequisite: Acceptance into Advanced Standing Program**

ADN416 5 3 0 6 0
FAMILY HEALTH NURSING OPEN
Provides an in-depth study of family health nursing, including childbearing, parenting, and illnesses of children and adolescents. Concepts of acute and chronic illness, disability and dying are included. **Prerequisite: PNN605, 606, 351, ENG105, SPC126, BIO732 or 187 Corequisite: ADN611**

ADN474 5 3 0 6 0
MENTAL HEALTH NURSING OPEN
Provides an in-depth study of mental health nursing, including mental health needs, mental illness and addictive disorders. Communication and principles of group process are emphasized. **Prerequisite: PNN605, 606, 351, ENG105, SPC126, BIO732 or BIO187 Corequisite: ADN611**

ADN551 7 4 0 9 0
ADULT HEALTH NURSING OPEN
Provides an in-depth study of nursing care and therapeutic interventions for adults with complex health problems. The student applies management, collaboration and clinical decision making skills. **Prerequisite: ADN 416, 474, 611, SOC110**

ADN611 2 1 2 0 0
PROFESSIONAL NURSING PRACTICE OPEN
Introduces the role of the professional registered nurse, including comprehensive planning, client care management, collaborative relationships and performances of complex skills. **Prerequisite: PNN605, 606, 351, ENG105, SPC126, BIO732 or BIO187**

ADN821 3 1 0 6 0
NURSING SEMINAR OPEN
Emphasizes the transition from nursing student to entry-level professional nurse. Clinical preceptorship occurs in a variety of health care settings. **Prerequisite: ADN551**

AGA114 3 3 0 0 0
PRINCIPLES OF AGRONOMY VOC/TECH
An introductory course in the general principles of crop production and management. Major areas of study are food production, crop classification, plant growth factors, seed production and variety selection.

AGA154 3 3 0 0 0
FUNDAMENTALS OF SOIL SCIENCE VOC/TECH
An extended course in soils and fertilizers. A study of the physical, chemical and biological properties of soils. Also includes the study of fertilizers, their composition, manufacture and use. **Corequisite: AGA157**

AGA157 1 0 2 0 0
SOIL FERTILITY VOC/TECH
An introductory course in soils and nutrients. A study of the physical, chemical and biological properties of soils. Also includes the study of nutrients, land measurement and environmental concerns and soil management. **Corequisite: AGA154**

AGA211 3 3 0 0 0
GRAIN & FORAGE CROPS VOC/TECH
An advanced course using the problem-solving approach to crop management. Principles and practices of agronomic science are used in the discussion of management problems related to corn, soybeans, forage, small grain, sorghum and alternative crops. **Prerequisite: Permission of instructor or AGA381, 114, 154**

AGA222 2 2 0 0 0
GRAIN MANAGEMENT VOC/TECH
Designed to acquaint the student with the complete cycle of grain from the farm to the country elevator. Major areas of study are the management of facilities, equipment, personnel and finances, warehouse requirements, grain grading, grain conditioning and grain inventory management.

AGA284 3 3 0 0 0
PESTICIDE APPLICATION
CERTIFICATION VOC/TECH
Common features of pests, methods of control, how pesticides work, pesticide labels, application equipment, calibration, laws and regulation governing pesticide use.

AGA381 3 2 2 0 0
CROP SCOUTING VOC/TECH
The course develops an understanding of the factors that affect plant growth. Plant nutrients are considered as students gain experience in identifying major and micro nutrient deficiency symptoms in plants by means of soil tests, plant tests and observations.

AGB101 3 3 0 0 0
AGRICULTURAL ECONOMICS VOC/TECH
A study of economic principles and the application of these principles to the distribution of agricultural supplies.

AGB235 3 3 0 0 0
INTRO TO AGRICULTURAL MARKETS VOC/TECH
Focus on the futures market and how it can be used as a marketing tool. Major areas of study include hedging, speculation, price forecasting, spreading, technical and fundamental analysis. The use of options as an economical marketing tool will be covered.

AGB330 3 3 0 0 0
FARM BUSINESS MANAGEMENT VOC/TECH
Includes management problem identification and solution using business and economic principles, enterprise and total farm budgeting, adjusting to uncertainty, investment decisions, farm business organization, farm records and business analysis.

AGB331 3 3 0 0 0
AGRI-BUSINESS MANAGEMENT VOC/TECH
A study of the role and organization of several aspects of agribusiness including financial management and control, marketing, operation and resource management in agribusiness.

AGB802 2 0 0 0 8
AGRIBUSINESS INTERNSHIP I VOC/TECH
Students will have the opportunity to experience an agricultural career through participation in an internship experience. The internship will provide career exploration through a structured evaluation. **Prerequisite: AGS113 or AGA114**

AGB812 2 0 0 0 8
AGRIBUSINESS INTERNSHIP II VOC/TECH
Students will have the opportunity to participate in an internship within the agribusiness industry. The internship may provide experiences within the agronomic, animal science, management, sales and service sectors that affect the food, fiber and environmental sciences. **Prerequisite: AGB802**

AGH103
FLORAL DESIGN I 1 0 2 0 0
Construction and mechanics of merchandising flowers and plants at retail.

AGH104
GLORAL DESIGN II 1 0 2 0 0
An advanced class in commercial floral design, flower shop organization and management. Advanced wedding work, funeral work and commercial flower arrangements will be taught. **Prerequisite: AGH 103**

AGH111 2 2 0 0 0
INTRO TO TURFGRASS MANAGEMENT VOC/TECH
The study of soil and turf relationships as to planning, seed bed preparation, seed selection, fertilization, sowing and establishing of turf and lawn. The student receives practical experience in starting and maintaining new lawn areas. **Prerequisite: AGH221, AGA157, 154**

AGH120 3 2 2 0 0
HERBACEOUS PLANT MATERIALS VOC/TECH
The identification, morphology, landscape use and culture of native and non-native plants of the upper midwest. Emphasis on early and mid-season perennials and annuals. **Prerequisite: The following courses should be completed or taken currently: AGH155, 123**

COURSE DESCRIPTIONS

AGH123   3 1 4 0 0
WOODY PLANT MATERIALS   VOC/TECH
The identification, morphology, landscape use and culture of native and non-native woody plants of the Upper Midwest. First 10 weeks emphasis is on deciduous plants, last 5 weeks emphasis is on evergreens. **Corequisite: AGH159**

AGH132   3 2 2 0 0
INTRODUCTION TO GREENHOUSE   VOC/TECH
An introduction to greenhouse structures, heating and environmental control systems and watering. Winter and spring commercial pot plants, cut flowers and bedding plant crops will be explored vocationally in the college greenhouses. **Prerequisite: AGH221, AGA157, 154**

AGH133   3 2 2 0 0
GREENHOUSE PROD TECHNIQUES   VOC/TECH
Greenhouse maintenance, nutrition, watering, cooling systems and pest control will be developed further in college greenhouse facilities. Summer and fall crops will be grown by students. **Prerequisite: AGH132**

AGH142   3 2 2 0 0
**CONSTRUCTION, SAFETY
& MAINTENANCE**   VOC/TECH
Principles and practices of residential landscape construction. Encompasses process from initial client contact to installation of plant material and hardscape. Laboratory work involves landscape installation using various landscape materials and techniques.

AGH154   3 1 4 0 0
RESIDENTIAL LANDSCAPE DESIGN   VOC/TECH
Fundamentals of landscape design for homes presented. Introduction to principles of landscaping as they apply to residential landscaping. Student is given the opportunity to draw basic residential landscape plans. **Prerequisite or Corequisite: AGH159, 123 must be taken concurrently with or prior to this course**

AGH155   2 1 2 0 0
LANDSCAPE DESIGN II   VOC/TECH
Course will include design of residential, commercial, public areas and annual and perennial flower beds. Use of landscape construction materials in design and materials and labor estimates will be developed. **Prequisite: AGH154, 159, 123 Corequisite: AGH120**

AGH159   2 2 0 0 0
LANDSCAPE DRAFTING   VOC/TECH
Introduction to landscape drafting and associated drafting equipment and materials. **Corequisite: AGH123**

AGH160   2 1 2 0 0
IRRIGATION SYSTEMS   VOC/TECH
A study of the design, installation, use, the maintenance and repair of the different types of irrigation systems used in the production of a wide variety of horticulture crops. Irrigation system components, materials and estimates of installation, maintenance and operation costs will be addressed. **Prerequisite: AGA157, 154, AGH111**

AGH211   3 2 2 0 0
ADVANCED TURFGRASS MANAGEMENT   VOC/TECH
Turf management practices on golf and recreation areas with practical experience in maintaining turf on outdoor campus facilities. **Prerequisite: AGH111**

AGH221   3 3 0 0 0
PRINCIPLES OF HORTICULTURE   VOC/TECH
A course designed to introduce the student to the principles of botany that are basic to plant life. Topics covered include plant cell chemistry, cell structure, functions, photosynthesis, transpiration.

AGH233   3 2 2 0 0
PLANT PROPAGATION I   VOC/TECH
An introduction to plant propagation with emphasis on grafting, herbaceous and hardwood cuttings and greenhouse and nursery seeds. Propagation schedules, equipment, structures and growth regulators will be discussed. **Prerequisite: AGH221, AGA157, 154**

AGH241   2 1 2 0 0
SPORTS TURF   VOC/TECH
Introduction to the variety of sports contests played on turfgrass fields. Students will study the sport, site selection and preparation, turfgrass species selection, establishment and maintenance of the field. Pre-competition practices of field layout along with post-competition practices of repair and field recovery will be discussed. **Prerequisite: AGH111, AGA157, 154**

AGH251   2 2 0 0 0
INSECTS & DISEASES   VOC/TECH
Identification of diseases and insects that frequently infest horticultural crops and plant materials. Structures, functions and life cycles of those pests will be studied with environmental conditions favoring development. Chemical, organic, biological and mechanical control methods will be presented. A collection will aid I.D. process.

AGH262   3 2 2 0 0
FRUIT & VEGETABLE SCIENCE   VOC/TECH
A study of tree fruits, small fruits and vegetable culture, including varietal selection, planting, pruning, fertilizing, disease and insect control programs. **Prerequisite: AGH221, AGA157, 154**

AGH272   3 2 2 0 0
NURSERY PRODUCTION I   VOC/TECH
Introduces the student to site selection, equipment and supplies with an introduction to field production, harvesting and marketing. Basic nursery and landscape skills will be developed on and off campus. **Prerequisite: AGH221, AGA157, 154**

AGH281   3 2 2 0 0
ARBORICULTURE   VOC/TECH
A study of tree culture with emphasis on propagation, pruning, transplanting, pest control, urban environmental concerns and recognition of hazards and liabilities. Methods of evaluation of values also studied. **Prerequisite: AGH221, AGA157, 154**

AGH283   2 2 0 0 0
**PESTICIDE APPLICATION
CERTIFICATION**   VOC/TECH
Types of chemicals will be identified and how to use and apply them properly will be studied. The safe handling of chemicals and calibration of spray equipment will be covered. Includes study of core manual and category for commercial pesticide license.

AGH292   3 3 0 0 0
GARDEN CENTER MANAGEMENT   VOC/TECH
Display, promotion and merchandising in the modern garden center will be stressed. Problems of distribution functions of marketing and their costs will be studied. Management's role in organizing a business and financial planning will be discussed.

AGH805   2 0 0 0 10
HORTICULTURE INTERNSHIP I   VOC/TECH
Experience in a business setting related to the student's career objective. Taken over a five-week period. (P/F) **Prerequisite: AGH132, 111, 123**

AGH815   2 0 0 0 10
HORTICULTURE INTERNSHIP II   VOC/TECH
A final opportunity for the student to gain employment experience in their specialization. In many instances they will continue as full-time employees upon completion of the program. Taken over a five-week period. (P/F) **Prerequisite: AGH805**

AGM335   3 3 0 0 0
**PETROLEUM PRODUCTS
IN AGRICULTURE**   VOC/TECH
Designed to acquaint students with the petroleum industry and its terminology. Major areas of study will be fuels and lubricants with emphasis on applications and selection, equipment operations, storage and handling procedures and federal regulations.

AGP333   3 2 2 0 0
**PRECISION AGRICULTURE
APPLICATIONS**   VOC/TECH
This course is an introduction to the general principles of Precision Agriculture. Major topic areas will include Global Positioning Systems (GPS), yield mapping, Geographic Information Systems (GIS) and remote sensing equipment.

AGS113   3 3 0 0 0
**SURVEY OF THE ANIMAL
INDUSTRY**   VOC/TECH
An analysis of the livestock industry with emphasis on reproduction, inheritance, performance testing, selection and marketing.

AGS128   3 2 2 0 0
DOMESTIC ANIMAL PHYSIOLOGY   VOC/TECH
Beginning anatomy and physiology with veterinary clinical emphasis. Provides the basis for study of conformation, production and pathological processes of diseases of dogs, cats, horses, sheep, cattle, swine and laboratory animals. **Corequisite: AGV120**

AGS222   3 2 2 0 0
SURVEY OF AQUACULTURE   VOC/TECH
A study of the ecology and management of aquaculture systems with emphasis on fish production. A focus on environmental issues relating to water quality will be implemented through laboratory exercises.

AGS225   3 3 0 0 0
SWINE SCIENCE   VOC/TECH
The practical application of technical information to life-cycle swine production including production systems, breeding and genetics, herd health, housing, marketing, management and nutrition. **Prerequisite: Permission of instructor or AGS319, 113**

AGS226   3 3 0 0 0
BEEF CATTLE SCIENCE   VOC/TECH
The practical application of technical information to life-cycle beef production with emphasis on cow-calf production and feedlot management. **Prerequisite: Permission of instructor or AGS319, 113**

AGS242   3 3 0 0 0
ANIMAL HEALTH   VOC/TECH
A survey of diseases of large domestic animals, including discussion of causes, transmission, prevention and control.

AGS245   1 1 0 0 0
INTRODUCTION TO ANIMAL DISEASES   VOC/TECH
This course covers the disease processes, primary and contributing causes, treatments and prevention of common medical and surgical diseases in domestic animals. **Corequisite: AGV120**

AGS319   3 3 0 0 0
ANIMAL NUTRITION   VOC/TECH
The identification and study of feed ingredients, nutrients and additives. Determine feed requirements of various livestock classes. Ration balancing and feed formulation are computed.

AGS323   3 3 0 0 0
ANIMAL NUTRITION II   VOC/TECH
The practical application of feeding principles. An in-depth study of the various nutrients, their requirements and uses. An analysis of research feeding trials, research procedures and manufacturing terminology. **Prerequisite: AGS319**

AGV120   1 1 0 0 0
VETERINARY MEDICAL TERMINOLOGY   VOC/TECH
This course covers the origins of common medical terms used in the veterinary field. Using analysis of the word parts, the students will be able to determine the definition of medical terminology. **Prerequisite: Instructor approval for program admission**

AGV124   1 1 0 0 0
INTRO TO VETERINARY TECHNOLOGY   VOC/TECH
This course introduces the basics of animal identification, husbandry, behavior, safety and health care to the student. Career opportunities in animal related fields are explored. The student will also complete the American Red Cross Animal First Aid and CPR certification. **Prerequisite: AGV120**

AGV133   3 2 2 0 0
VETERINARY CLINIC PATHOLOGY I   VOC/TECH
This course covers parasite identification and testing and various sample collections, procedures and interpretation for common diagnostic testing performed in the veterinary laboratory. **Prerequisite: AGV120**

AGV134   3 2 2 0 0
VETERINARY CLINICAL PATHOLOGY II   VOC/TECH
This course is designed to further the processes learned in the introductory class with introduction to advanced procedures. **Prerequisite: AGV133**

AGV139   1 1 0 0 0
**INTRO TO VETERINARY
PHARMACOLOGY**   VOC/TECH
This course covers the laws regarding medication use in the United States and discusses the basic groups of pharmaceuticals and their use in veterinary medicine. This includes dosage calculations, proper labeling, storage, inventory control, record-keeping and dispensing of medications. **Prerequisite: AGV120**

AGV141   1 1 0 0 0
**ADVANCED VETERINARY
PHARMACOLOGY**   VOC/TECH
This course is designed to provide advanced knowledge in specific medication classification, usage and effects. **Prerequisite: AGV139**

AGV160   3 2 2 0 0
ANESTHESIA/SURGICAL ASSISTANCE   VOC/TECH
This course is designed to introduce the student to the common surgical procedures performed in the veterinary clinic. Emphasis is placed on sanitation, patient observation, surgical preparation, assisting in anesthesia and post-operative patient management. **Prerequisite: AGV120**

COURSE DESCRIPTIONS

AGV164 2 1 2 0 0
CLINICAL MGMT OF DOMESTIC SPECIES VOC/TECH
This course covers the management and husbandry of animals housed in a hospital or shelter situation. Proper kennel cleaning and disinfection, record keeping, monitoring of health parameters, nutrition, bathing, administration of common medications and diagnostic sampling. **Prerequisite: AGV120**

AGV165 2 1 2 0 0
CLINICAL MGMT LAB/EXOTIC SPECIES VOC/TECH
This course is designed to introduce the common species, husbandry procedures and basic nutrition, restraint and handling, common diseases, diagnostic procedures and medications used in various laboratory and exotic pet settings. **Prerequisite: AGV120**

AGV166 3 2 2 0 0
VETERINARY NURSING CARE VOC/TECH
This course is designed to provide practice for the principles covered in prerequisite classes and to introduce advanced techniques and emergency handling. **Prerequisite: AGV160**

AGV172 3 2 2 0 0
LARGE ANIMAL MEDICINE/SURGERY VOC/TECH
This course is designed to introduce common species, husbandry and management procedures, proper restraint and handling, common procedures, medication administration and surgical concerns for common species of domestic large animals. **Prerequisite: AGV160**

AGV178 3 2 2 0 0
ADV VETERINARY ANATOMY PHYSIOLOGY II VOC/TECH
Studies anatomy and physiologic principles of domestic animals. Continuation of physiological principles of Animal Anatomy and Physiology. **Prerequisite: AGS128**

AGV180 2 2 0 0 0
VETERINARY RADIOLOGY VOC/TECH
This course is designed to introduce the student to radiologic imaging. Topics include safety, patient positioning, processing of film, proper machine use and quality control. **Prerequisite: AGV172**

AGV802 1 0 0 0 4
VETERINARY ASSISTANT INTERNSHIP VOC/TECH
Students will have the opportunity to experience through participation in a veterinarian related business. **Prerequisite: AGV120, 139**

AGV803 3 0 0 0 12
VETERINARY TECHNICIAN INTERNSHIP VOC/TECH
Internship experience within a veterinarian related business with emphasis on animal care procedures. **Prerequisite: AGV166, 802**

ANT100 3 3 0 0 0
INTRODUCTION TO ANTHROPOLOGY CORE
This course is an introduction to the comparative study of humankind from biological and cultural perspectives. It surveys anthropological theory, methods and major findings regarding human origins and variations, cultural development and change, cultural systems and cross-cultural comparisons of people throughout the world.

ANT105 3 3 0 0 0
CULTURAL ANTHROPOLOGY CORE
The study of human cultures and their diversity. Those who take this course should develop some understanding not only of the differences that people all over the world experience in their lives and in their perceptions of others, but also those elements that are common to the human experience. This course will entail application of principles and theory to various aspects of field work. While successfully completing Introduction to Anthropology would be helpful, it is not required.

ANT110 – ADJUNCT 3 3 0 0 0
FACES OF CULTURE GENERAL
A television course in cultural anthropology that presents culture as the expression of human values, behavior and social organization existing in unique and varied forms throughout the world. The course focuses on culture as an adaptive mechanism that provides for the survival of the species.

APP110 2 1 2 0 0
VISUAL MERCHANDISING/DESIGN VOC/TECH
Includes design/display planning activities, store fixturing and the total merchandise presentation in a store. Emphasis is placed on actual design of window and interior displays by students.

APP211 3 3 0 0 0
TEXTILES VOC/TECH
Focus will be on an application-oriented study of natural and manufactured fibers. Popular weaves, technologies used to produce, qualities achieved and costs incurred will be analyzed. Printing and dyeing processes, in addition to the finishes available today, will be studied.

APP230 3 3 0 0 0
FASHION COORDINATION & PROMOTION VOC/TECH
Focus is on researching, analyzing and forecasting fashion trends. Information on emerging fashion trends is communicated through a PowerPoint computer presentation. Use of this information results in creation of a promotional plan to establish fashion leadership. **Prerequisite: APP260**

APP250 3 3 0 0 0
DESIGN CONCEPTS VOC/TECH
Includes a study of the history of fashion design, the effective use of design principles and analysis of future fashion trends. New industry-based computer design software will be used to design contemporary fashion apparel for women, men or children.

APP260 3 3 0 0 0
FASHION ANALYSIS & DESIGN VOC/TECH
Emphasis is on how the fashion business works, from concept to consumer. The fashion business entails buying supplies, creating and developing a new product and marketing the product. Fashion designers, manufacturers, buyers, as well as retailers work together to develop and sell "good" design. Focus is on analyzing styles and creating and implementing the principles of design into product development, as well as researching past and present designers to understand their contribution to fashion.

APP270 3 3 0 0 0
FASHION BUYING VOC/TECH
Fashion moves quickly and the buyer must be in tune with current trends and suppliers who can provide the best quality merchandise, delivery and pricing. Vendor analysis, open-to-buy and timing are studied, including the development of a six-month merchandise plan.

APP291 1 0 2 0 0
FASHION STUDY TOUR VOC/TECH
The student will participate in a supervised study tour, location to be announced, in which a concentrated time will be spent touring a market center and researching a variety of fashion businesses from manufacturing and marketing to merchandising, promoting and selling apparel. **Prerequisite: APP260**

ARC114 5 2 6 0 0
ARCHITECTURAL DRAFTING I VOC/TECH
Practical application of the basic skills of drafting involving the necessary thought process. A complete set of residential drawings will be developed by hand, involving plans, elevations, sections, and details.

ARC116 3 3 0 0 0
CONSTRUCTION ESTIMATING VOC/TECH
An orderly process of accounting for the items involved in the construction project.

ARC127 5 2 6 0 0
ARCHITECTURAL DRAFTING II VOC/TECH
This course will apply the basic skills of drafting involving the mechanics and the necessary thought process. **Prerequisite: ARC114, CAD401**

ARC128 5 2 6 0 0
ARCHITECTURAL DRAFTING III VOC/TECH
Drawings will be developed of a small commercial building using Building Information Modeling software. **Prerequisite: ARC127**

ARC165 3 3 0 0 0
MATERIALS & ASSEMBLIES I VOC/TECH
An introduction to building materials through the Construction Specification Institute's MasterFormat accounting and management system.

ARC167 2 2 0 0 0
MATERIALS & ASSEMBLIES II VOC/TECH
An introduction to building materials and assemblies through the Construction Specifications Institute's MasterFormat accounting and management system. **Prerequisite: ARC165**

ARC169 3 3 0 0 0
MATERIALS & ASSEMBLIES III VOC/TECH
An introduction to building materials and assemblies through the Construction Specifications Institute's MasterFormat accounting and management system. **Prerequisite: ARC167**

ARC180 2 2 0 0 0
BUILDING CODES VOC/TECH
A look into building codes and their interpretations.

ARC181 2 2 0 0 0
CONSTRUCTION DOCUMENTS TECHNOLOGY VOC/TECH
An investigation into the Construction Specification Institute's Construction Documents Technologist certification material and examination.

ART101 3 3 0 0 0
ART APPRECIATION CORE
A general survey course that explores in chronological sequence many artists, their lives, styles and media. The student will use art to recognize global cultural diversity and connect to universal human experience as expressed through art.

ART102 3 2 2 0 0
ARTS ELEMENTARY SCHOOL GENERAL
Designed for students in Education and Recreation to assist them with design, construction and planning of multi-art forms and materials for instructional situations.

ART133 3 0 6 0 0
DRAWING GENERAL
Lab study of tools and techniques necessary for entry level visual arts in drawing. Emphasis on still life using gesture, contour, shape, plane, volume and value/tonal techniques. Basic drawing skills with pencil, charcoal and eraser are explored.

ART136 3 0 6 0 0
LIFE DRAWING GENERAL
Drawing and painting a live model. Emphasis on structure, movement and expression.

ART143 3 0 6 0 0
PAINTING GENERAL
Acrylic painting with emphasis on still life, landscape and individual composition.

ART148 – ADJUNCT 3 0 6 0 0
LANDSCAPE PAINTING GENERAL
Landscape painting using any water-based media. Study of the elements of art to aid in composition and development of a personal painting style. Field trips will be required.

ART173 – ADJUNCT 3 0 6 0 0
CERAMICS GENERAL
Comprehensive "hands-on" introductory experience working clay. The discovery "process" of finding one's unique sense of touch is stressed. Fundamental techniques demonstrated in handbuilding and wheel-throwing. Concepts in ceramic art discussed, connecting cultures, artists and contemporary objects.

ART174 – ADJUNCT 3 0 6 0 0
CERAMICS II GENERAL
Series of forms, individual help from a professional artist. Topics in ceramics: the "figure," large-scale works, architectural terra-cotta restoration, outdoor claybodies, building slide portfolio, photographing work, shows and galleries. Kiln firing. **Prerequisite: Instructor permission.**

ART176 – ADJUNCT 3 0 6 0 0
TILEMAKING GENERAL
Design and fabricate tiles for specific applications, while emphasizing critical process of working with clay. Transforms two-dimensional drawings to pieces in three dimensions. Study new theories in "Visual Communication."

ART184 3 2 2 0 0
PRINCIPLES OF PHOTOGRAPHY OPEN
Students will learn the basic principles of photography. Topics will include basic camera operation, film developing, darkroom techniques and special effects. The camera will become an instrument to explore and communicate ideas, goals and visions effectively.

ART185 3 2 2 0 0
ADVANCED PHOTOGRAPHY OPEN
For students who have mastered basic photographic principles and processes. Topics will include photographic lighting and filtration, photojournalism, documentary photography, advanced darkroom techniques, print finishing and display. **Prerequisite: ART184**

COURSE DESCRIPTIONS

ART186　　　　　　3 2 2 0 0
**PRINCIPLES OF DIGITAL
PHOTOGRAPHY**　　　　　OPEN
Students will learn the basic principles of digital photography. Topics will include basic camera operation, composition, metering, computer tips and tricks, and shooting tips and tricks. The digital camera in conjunction with the computer will become instruments to explore visual communication effectively.
This course requires an SLR digital camera, minimum 5.0 megapixal, capable of interchangeable lenses.

ART195　　　　　　3 3 0 0 0
DESIGN: EXPLORING ART MEDIA　　GENERAL
An introduction to basic techniques in media such as papermaking, clay, fibers and soft sculptures. Students will explore a variety of traditional approaches to express a contemporary vision.

ART225 - GENERAL　　　　3 2 2 0 0
PHOTOSHOP FOR PHOTOGRAPHY　OPEN
Whether you shoot film or digital, this hands-on course teaches you everything you need to know to scan, process, manipulate and print high-quality photographs digitally from Adobe Photoshop, the industry-standard software for the digital darkroom.

ART291- ADJUNCT　　　　3 2 2 0 0
TRAVEL PHOTOGRAPHY　　　OPEN
Advanced principles of image making, printing and presentation will be explored with spirit and knowledge that is expected to engender an appreciation for photography, travel and the state of Iowa. **Prerequisite: ART184**

ART292　　　　　　3 2 2 0 0
STUDIO PHOTOGRAPHY　　　VOC/TECH
Students will learn to arrange and compose a photograph in a deliberate process. Students analyze elements in a scene and use artificial light to produce the desired effect. Projects will test for student imagination, creativity, technical skills and willingness to experiment, while improving their photographic expertise. **Prerequisite: ART185**

ASL151　　　　　　5 4 2 0 0
AMERICAN SIGN LANGUAGE I　　CORE
This course is designed for students who have no knowledge of American Sign Language. Topics to be introduced include ASL Linguistic features, cultural protocols and core vocabulary enabling students to function in basic ASL conversation: asking/answering questions, introductions and exchanging personal information, discussing family, friends and surroundings.

ASL181　　　　　　5 4 2 0 0
AMERICAN SIGN LANGUAGE II　　CORE
This course expands the basic principles presented in ASL I. ASL II teaches students to use linguistic features, cultural protocols, and core lexical items to function in basic ASL conversations that include ASL grammar for giving directions, describing, making requests, talking about family, occupations and routines, and attributing qualities to others. **Prerequisite: ASL151 or permission of instructor**

ASL251　　　　　　5 4 2 0 0
AMERICAN SIGN LANGUAGE III　　CORE
This course expands the basic principles presented in ASL II. ASL III focuses on features of time, subject/object, classifiers, nonmanual behaviors and fingerspelling (including numbers and loan signs). In addition, ASL semantics and syntax (including conversational regulators) will be introduced. **Prerequisite: ASL181 or permission of instructor**

ASL291　　　　　　5 4 2 0 0
AMERICAN SIGN LANGUAGE IV　　CORE
This course expands the principles presented in ASL III. This course focuses on different registers of ASL discourse and the use of space in discourse. Most of the work in this course will involve students' production of appropriate, accurate ASL discourse. Areas of vocabulary development include contextually sensitive vocabulary (ex. human sexuality, AIDS), national and world events, politics. **Prerequisite: ASL251 or permission of instructor**

ASM238　　　　　　3 3 0 0 0
**FINANCIAL MANAGEMENT
IN AGING SERVICES**　　　　OPEN
Emphasis on financial practices in organizations that provide health services to seniors. Review cost and labor hour controls, Excel spreadsheets, evaluation of profit/loss and fiscal reports will be addressed. It is suggested that students take ACC131 or ACC111 prior to this course.

ASM239　　　　　　2 2 0 0 0
**INFORMATION SYSTEMS IN
HEALTH CARE**　　　　　OPEN
Emphasis will be placed on the analysis of health care information needs and the development of methods to meet these needs. Fundamental components of computers and computer systems will be examined, including specialized information management systems in health care.

ASM251　　　　　　2 2 0 0 0
GOVERNANCE OF NF/SNF　　OPEN
Emphasis on the changing dynamics of long-term care and the regulatory system. Special attention will focus on the federal and state regulations that govern the long-term health care services. This will include the agencies that originate, implement and monitor the regulations.

ASM252　　　　　　2 2 0 0 0
**GOVERNANCE OF SUPPORTED
LIVING**　　　　　　OPEN
An introduction to the assisted living facility mission, tenant care issues, management, staffing and organization. Includes topics in legislative changes and updates, governance, funding, grant writing, landlord/tenant law, and licensure exam preparation.

ASM253　　　　　　2 0 0 0 9
LTC PRACTICUM: PSYCHOSOCIAL NEEDS　OPEN
During this practical experience, the student will investigate the policies, procedures and techniques used to meet the psychosocial needs of clients residing in nursing care facilities. Special emphasis will be placed on the role and responsibilities of the administrator in assuring client psychosocial needs are met.

ASM254　　　　　　2 0 0 0 9
LTC PRACTICUM: PHYSICAL NEEDS　OPEN
During this practical experience, the student will investigate the policies, procedures and techniques used to meet the physical and environmental needs of clients residing in nursing care facilities. Special emphasis will be placed on the role and responsibilities of the administrator in assuring client physical and environmental needs are met.

ASM255　　　　　　2 0 0 0 9
LTC PRACTICUM: ADMINISTRATION　OPEN
During this practical experience, the student will investigate the policies, procedures and techniques used to meet the administrative and business needs of nursing care facilities. Special emphasis will be placed on the administrative style used by the administrator to carry out his/her rules and responsibilities.

ASM256　　　　　　2 0 0 0 9
AGENCY EXPERIENCE　　　OPEN
During this practical experience, the student will investigate a senior services agency. The student will identify the purpose of the business, client needs, funding and techniques to evaluate the service delivery system. In addition, the student will pay special attention to the role and responsibilities of the administrator or manager in the operation of the agency.

ASM257　　　　　　2 1 0 3 0
ASM CAPSTONE　　　　　OPEN
A capstone is a culminating project that incorporates a student's learning from both classroom and practical experiences. The capstone should include a project of substantial administrative focus and be adapted to meet the student's own learning needs. Student will investigate potential capstone projects with instructor.

ASM274　　　　　　3 3 0 0 0
LAW & ETHICS IN HEALTH CARE　OPEN
An introduction to law and its relationship to senior health care services. The course is designed to provide a basic background in law and ethics by defining the law, the court structure and its procedures and exploring various legal and ethical issues relating to long-term health care services.

ASM278　　　　　　3 3 0 0 0
**MANAGEMENT IN SENIOR
CARE SERVICES**　　　　　OPEN
Relates fundamental management principles in the senior care setting. Focuses on management processes and organizational behavior in senior care organizations, healthcare facilities and other senior health service agencies.

ASM279　　　　　　3 3 0 0 0
HEALTH CARE HUMAN RESOURCES　OPEN
Study of the policies, procedures and the processes in human resource planning. This would include securing, developing and maintaining human resources, labor laws and employee/management rights in health care services settings.

ASM280　　　　　　2 2 0 0 0
HEALTH CARE DELIVERY SYSTEMS　OPEN
Provides a comprehensive overview of the health care delivery systems and services. Includes studies in access and financing health care services and evaluating the delivery of care.

ASM282　　　　　　2 2 0 0 0
AGING SERVICES　　　　OPEN
Relates physical, psychological and sociological needs of seniors to services provided in the continuum of care setting. Includes the services in a therapeutic milieu creating a home environment that includes nursing, dietary, environmental, activities and social services.

ASM283　　　　　　2 2 0 0 0
AGING POLICIES & GOV PROGRAMS　OPEN
Class examines aging policies and government programs at the federal and state levels. Various agencies, advocacy groups, and funding sources are investigated.

ASM292　　　　　　4 4 0 0 0
ACTIVITIES IN LONG-TERM CARE　OPEN
This course is designed to prepare persons to work as activity coordinators in long-term care facilities. The course includes the knowledge and skills necessary to determine facility and resident needs and plan an activity program that will meet these needs. The course has been approved by the Iowa Dept. of Inspections and Appeals.

ASM295　　　　　　3 3 0 0 0
DEATH & DYING　　　　OPEN
An examination of death and the dynamics relating to the grief process, its foundational components, its varied characteristics and its impact on the bereaved, with special emphasis upon appropriate resolution and adjustment.

ATC312　　　　　　4 2 4 0 0
**CHRYSLER ELECTRICAL/
ELECTRONICS**　　　　　VOC/TECH
A study of the electrical and electronics systems used in Chrysler vehicles. The instruction will include fundamentals of electricity, magnetism, series, parallel, series-parallel circuits, service information, wire repair, diodes, transistors and microprocessors. **Prerequisite: Admission to CAP- (Chrysler Automotive Program)**

ATC317　　　　　　4 3 2 0 0
**SHOP FUNDAMENTALS
& MINOR SERVICE**　　　　VOC/TECH
A study of dealership organizational structure as it relates to the technician. Use of service manuals, electronic troubleshooting manuals and service bulletins are practiced. Also provides entry-level maintenance related to automotive task competencies. **Prerequisite: Admission to CAP- (Chrysler Automotive Program)**

ATC318　　　　　　4 3 2 0 0
BASIC BRAKES　　　　　VOC/TECH
Instruction in the theory of operation and service procedures of Chrysler brakes.
Prerequisite: Admission to CAP- (Chrysler Automotive Program)

ATC320　　　　　　3 0 0 0 18
TECHNICAL INTERNSHIP I　　VOC/TECH
The technician will work in a participating dealership. The work will be full-time approximately 40 hours per week. The tasks will be consistent with the technician's ability and previous course work. A task list will be issued to each dealer. **ATC328 and ATC329 are required the same semester.**

ATC328　　　　　　4 3 2 0 0
**CHRYSLER ELECTRICAL
SYSTEMS REPAIR**　　　　VOC/TECH
Instruction in the diagnosis, repair and service of electrical and electronic components and accessories used on current Chrysler vehicles. **Prerequisite: ATC312, MAT772**

ATC329　　　　　　3 1 4 0 0
CHRYSLER STEERING & SUSPENSION　VOC/TECH
Instruction in the theory of operation and service procedures of Chrysler steering and suspension systems. **Prerequisite: ATC317, 318**

ATC330　　　　　　3 0 0 0 18
TECHNICAL INTERNSHIP II　　VOC/TECH
Work experience at a participating dealership. The tasks will be consistent with the technician's ability and previous course work. **Prerequisite: ATC328, 329**

ATC335　　　　　　5 3 4 0 0
SERVICE/REPAIR CHRYSLER ENGINES　VOC/TECH
Principles and operation of Chrysler engines. Service procedures and engine component repair or replacement will be emphasized. Diagnosis of engine problems will also be covered. **Prerequisite: ATC317**

ATC336　　　　　　3 1 4 0 0
CHRYSLER FUEL SYSTEMS　　VOC/TECH
A course designed to acquaint the student with basic fuel system principles. Instruction will be offered in the theory, service, repair and adjustment of automotive fuel systems. **Prerequisite: ATC328**

COURSE DESCRIPTIONS

ATC340   3 0 0 0 18
TECHNICAL INTERNSHIP III   VOC/TECH
Work experience at a sponsoring dealership. The tasks will be consistent with the technician's ability and previous course work. **Prerequisite: ATC335**

ATC346   5 3 4 0 0
CHRYSLER ENGINE PERFORMANCE   VOC/TECH
Diagnosis and service of microprocessor-controlled fuel and injection systems. Oscilloscopes, engine analyzers, digital meters and other high technology instruments will be used. **Prerequisite: ATC335, 336**

ATC347   3 1 4 0 0
CHRYSLER HEATING & A/C   VOC/TECH
Theory and operation of Chrysler air conditioning systems leading to the diagnosis, service and repair of current models of Chrysler vehicles. **Prerequisite: ATC312, 317**

ATC350   3 0 0 0 18
TECHNICAL INTERNSHIP IV   VOC/TECH
Work experience at a participating dealership. Tasks will be consistent with the technician's ability and previous course work. **Prerequisite: ATC340**

ATC354   4 2 4 0 0
CHRYSLER MANUAL DRIVETRAINS   VOC/TECH
Provides an understanding of the principles of operation in manual drivetrains including manual transmissions, transaxles, front and rear differentials, driveshafts and transfer cases. Proper diagnosis, service and repair procedures of these systems are studied and practiced. **Prerequisite: ATC340**

ATC355   4 2 4 0 0
**CHRYSLER AUTOMATIC
DRIVETRAINS**   VOC/TECH
Provides an understanding of the principles of operation in automatic transmissions and transaxles including electronic controls. Proper diagnosis, service and repair procedures of these systems are studied and practiced. **Prerequisite: ATC317, 346**

ATC356   5 3 4 0 0
ADVANCED CHRYSLER SYSTEMS   VOC/TECH
Instruction in techniques and procedures required to diagnose and service current vehicles. New systems developed by Chrysler will be included. **Prerequisite: ATC346**

ATC360   2 0 0 0 12
TECHNICAL INTERNSHIP V   VOC/TECH
Work experience at a participating dealership. Tasks will be consistent with the technician's ability and previous course work. **Prerequisite: ATC350**

ATF280   4 1 6 0 0
**FORD STEERING/SUSPENSION/
BRAKES**   VOC/TECH
Instruction in the theory of operational service procedures used in the maintenance and repair of Ford Motor Company's base steering, suspension and brake systems. **Prerequisite: Admission to Automotive Student Service Ed Training**

ATF290   2 1 2 0 0
ADV. FORD STEERING/SUSP/BRAKES   VOC/TECH
Instruction in the theory of operational service procedures used in the maintenance and repair of Ford Motor Company's base steering, suspension and brake systems. **Prerequisite: Admission to Automotive Student Service Ed Training, ATF328, ATF280**

ATF312   5 3 4 0 0
FORD AUTOMOTIVE ELECTRONICS   VOC/TECH
A study of the electrical and electronics systems used in Ford Motor Company vehicles. The instruction will include fundamentals of electricity, series and parallel circuits, schematics, wire repair, diodes, transistors, microprocessors and digital displays. **Prerequisite: Admission to Automotive Student Service Ed Training**

ATF317   3 2 2 0 0
FORD SHOP FUND & MINOR SERVICE   VOC/TECH
A study of dealership organizational structure as it relates to the technician. Use of service manuals, electronic troubleshooting manuals and service bulletins are practiced. Also provides entry level automotive task competencies. **Prerequisite: Admission to Automotive Student Service Ed Training**

ATF320   3 0 0 0 18
TECHNICAL INTERNSHIP I   VOC/TECH
Work experience at a sponsoring dealership. The tasks will be consistent with the technician's ability and previous course work. **Prerequisite: Admission to Automotive Student Service Ed Training, ATF312, 317**

ATF326   3 2 2 0 0
**FORD AUTO AIR CONDITIONING
SYSTEMS**   VOC/TECH
Theory and operation of Ford Motor Company air conditioning systems leading to the diagnosis, service and repair of current models of vehicles.
Prerequisite: Admission to Automotive Student Service Ed Training, ATF328

ATF328   5 3 4 0 0
**DIAGNOSIS/REPAIR FORD
ELEC SYSTEM**   VOC/TECH
Instruction in the diagnosis, repair and service of electrical and electronic components and accessories used on current Ford Motor Company vehicles.
Prerequisite: Admission to Automotive Student Service Ed Training, ATF312

ATF330   3 0 0 0 18
TECHNICAL INTERNSHIP II   VOC/TECH
Work experience at a participating dealership. The tasks will be consistent with the technician's ability and previous course work. **Prerequisite: Admission to Automotive Student Service Ed Training, ATF318, 320, 328**

ATF333   4 2 4 0 0
FORD ENGINE DIAGNOSIS/REPAIR   VOC/TECH
Evaluating, reconditioning and replacing of major components of Ford Motor Company engines. Will include instruction in machining operations performed in Ford Motor Company dealerships. **Prerequisite: Admission to Automotive Student Service Ed Training, ATF317**

ATF336   3 2 2 0 0
**FORD FUEL SYSTEMS
& INJECTION**   VOC/TECH
Theory of carburization principles and current model fuel delivery systems to include diesel fuel systems, feedback carburetors, gasoline fuel injection, electronic engine controls and Ford EEC specialist certification. **Prerequisite: Admission to Automotive Student Service Ed Training; ATF328, Corequisite: ATF337**

ATF337   4 3 2 0 0
FORD TUNE-UP PROC & EMISSION CON   VOC/TECH
Diagnosis and service of microprocessor-controlled fuel and ignition systems. Oscilloscopes, engine analyzers, digital meters and other high technology instruments will be used. **Prerequisite: Admission to Automotive Student Service Ed Training ATF328; Corequisite: ATF336**

ATF340   3 0 0 0 18
TECHNICAL INTERNSHIP III   VOC/TECH
Work experience at a participating dealership. The tasks will be consistent with the technician's ability and previous course work. **Prerequisite: Admission to Automotive Student Service Ed Training, ATF330, 326, 336, 337, PHY710**

ATF344   2 1 2 0 0
**FORD DRIVELINE & 4X4
DIAG/REPAIR**   VOC/TECH
Students will study rear axle and differential design and operation, driveshaft construction, transfer case design and operation. Students will also perform diagnosis and repair operation of each. **Prerequisite: Admission to Automotive Student Service Ed Training**

ATF345   2 1 2 0 0
FORD MANUAL TRANSMISSIONS   VOC/TECH
This course is the study of Ford manual transmissions design and operation, and clutch systems. It will include diagnosis and repair of clutches and transmissions.
Prerequisite: Admission to Automotive Student Service Ed Training

ATF346   4 3 2 0 0
**FORD TRANSMISSIONS
& TRANSAXLES**   VOC/TECH
Standard and automatic transmissions and transaxles including all components in front- and rear-drive power trains and 4-wheel drive vehicles. **Prerequisite: Admission to Automotive Student Service Ed Training**

ATF350   3 0 0 0 18
TECHNICAL INTERNSHIP IV   VOC/TECH
Work experience at a participating dealership. The tasks will be consistent with the technician's ability and previous course work. **Prerequisite: Admission to Automotive Student Service Ed Training, ATF333**

ATF354   5 3 4 0 0
FORD ADV ENGINE CONTROLS, ELECT   VOC/TECH
Instruction in techniques and procedures required to diagnose and service current vehicles. New systems developed by Ford Motor Company will be included.
Prerequisite: Admission to Automotive Student Service Ed Training, ATF333

ATG312   4 3 2 0 0
**GM SPECIALIZED ELECTRONICS
TRAINING**   VOC/TECH
A study of the electrical and electronics systems used in General Motors vehicles. The instruction includes fundamentals of electricity, series and parallel circuits, schematics, wire repair, diodes, transistors and microprocessors. **Prerequisite: Admission to Automotive Service Educational Program**

ATG317   3 2 2 0 0
GM SHOP FUND & MINOR SERVICE   VOC/TECH
A study of dealership organizational structure as it relates to the technician. Use of service manuals, electronic troubleshooting manuals and service bulletins are practiced. Also provides entry-level automotive task competencies. **Prerequisite: Admission to Automotive Service Educational Program**

ATG318   4 3 2 0 0
GM STEERING/SUSPENSION/BRAKES   VOC/TECH
Instruction in the theory of operation and service procedures used in the maintenance and repair of General Motors steering, suspension and brake systems. **Prerequisite: Admission to Automotive Service Educational program**

ATG326   3 2 2 0 0
**GM AUTO AIR CONDITIONING
SYSTEMS**   VOC/TECH
Theory of operation of General Motors air conditioning systems leading to the diagnosis, service and repair of current models of GM vehicles. **Prerequisite: ATG312, 317**

ATG327   3 2 2 0 0
MINOR SERVICE/REPAIR-GM ENGINES   VOC/TECH
Principles of operation of General Motors engines. Minor service procedures and engine component repair or replacement will be emphasized. Will also include diagnostic procedures. **Prerequisite: ATG317, AUT109**

ATG328   3 2 2 0 0
**DIAGNOSIS/REPAIR-GM
ELECTRICAL SYS**   VOC/TECH
Instruction in the diagnosis, repair and service of electrical and electronic components and accessories used on current GM vehicles. **Prerequisite: ATG312, 317**

ATG329   3 0 0 0 18
TECHNICAL INTERNSHIP I   VOC/TECH
The technician will work in a participating dealership. The work will be full-time approximately 40 hours per week. The tasks will be consistent with the technician's ability and previous course work. A task list will be issued to each dealer. **Prerequisite: ATG312, 317, 318**

ATG330   3 0 0 0 18
TECHNICAL INTERNSHIP II   VOC/TECH
Work experience at a participating dealership. The tasks will be consistent with the technician's ability and previous course work. **Prerequisite: ATG329, 328**

ATG333   3 2 2 0 0
**MAJOR SERVICE PROCEDURES/
GM ENGINES**   VOC/TECH
Evaluating, reconditioning and replacing of major components of GM engines. Instruction will also include diagnostic routines. **Prerequisite: ATG327**

ATG336   3 2 2 0 0
GM CARB & FUEL INDUCTION SYS   VOC/TECH
Theory of carburetion principles and current model fuel delivery systems to include diesel fuel systems, electro-mechanical carburetors and gasoline fuel injection. **Prerequisite: ATG328**

ATG337   4 3 2 0 0
GM TUNE-UP PROC & EMISSION CON   VOC/TECH
Diagnosis and service of microprocessor controlled fuel and ignition systems. Oscilloscopes, engine analyzers, digital meters and other high technology instruments will be used. **Prerequisite: ATG336**

ATG340   3 0 0 0 18
TECHNICAL INTERNSHIP III   VOC/TECH
Work experience at a sponsoring dealership. Tasks will be consistent with the technician's ability and previous course work. **Prerequisite: ATG330, 344, 345**

ATG344   4 2 4 0 0
GM MANUAL DRIVETRAINS   VOC/TECH
Provides an understanding of the principles of operation in manual power trains including manual transmissions and transaxles, front and rear differentials, driveshafts and transfer cases. Proper diagnosis, service and repair procedures of these systems are studied and practiced. **Prerequisite: ATG317, AUT109**

COURSE DESCRIPTIONS

ATG345   4 2 4 0 0
GM AUTOMATIC DRIVETRAINS   VOC/TECH
Provides an understanding of the principles of operation in automatic transmissions and transaxles. Proper diagnosis, service and repair procedures of these systems are studied and practiced. **Prerequisite: ATG317, AUT109**

ATG350   3 0 0 0 18
TECHNICAL INTERNSHIP IV   VOC/TECH
Work experience at a participating dealership. Tasks will be consistent with the technician's ability and previous course work. **Prerequisite: ATG340**

ATG354   5 3 4 0 0
ADVANCED GM MOTORS SYSTEMS   VOC/TECH
Instruction in techniques and procedures required to diagnose and service current vehicles. New systems developed by GM will be included. **Prerequisite: ATG350**

AUT109   3 2 2 0 0
AUTO MEASUREMENT & TOOLS   VOC/TECH
This course provides instruction in the correct selection and use of mechanic's tools and precision measuring devices. Shop safety will be emphasized.

AUT140   2 0 4 0 0
WELDING FOR AUTOMOTIVE
MECHANICS   VOC/TECH
Skills will be developed in oxy-acetylene fusion and braze welding, shielded metallic arc welding, as well as oxy-fuel flame cutting. Safety is emphasized and basic welding theory is discussed. Warnings concerning the danger and liability involved in welding high-strength steels will be stressed (auto body and chassis, etc.). Safety is emphasized.

AUT163   3 2 2 0 0
AUTOMOTIVE ENGINE REPAIR   VOC/TECH
A course to provide instruction in the theory and operation of the four stroke automotive engine. Emphasis will be placed on cylinder head service and repair. **Prerequisite: AUT109**

AUT173   3 1 4 0 0
ADVANCED AUTO ENGINE REPAIR   VOC/TECH
Provides instruction in proper diagnosis of engine malfunctions and repair or replacement of defective components and assemblies. Diagnosis procedures, repair and adjustment will be emphasized. **Prerequisite: AUT163**

AUT242   6 3 6 0 0
BASIC AUTOMOTIVE POWERTRAIN   VOC/TECH
Principles of operation and construction of automotive power trains. Includes instruction in the theory of hydraulic and mechanical systems used in automatic transmissions.

AUT243   6 2 8 0 0
ADV. AUTOMOTIVE POWERTRAIN   VOC/TECH
The student will study powertrain and drive line systems. Proper diagnosis procedures, service and repair will be emphasized through hands-on experience. **Prerequisite: AUT242**

AUT404   4 2 4 0 0
BASIC SUSPENSION & STEERING   VOC/TECH
Instruction in the theory of operation and service procedures of automotive alignment and suspension systems.

AUT503   3 2 2 0 0
AUTOMOTIVE BRAKE SYSTEMS   VOC/TECH
Instruction in the theory of operation and service procedures of automotive brakes.

AUT535   5 2 6 0 0
ADVANCED AUTO BRAKES
& ALIGNMENT   VOC/TECH
The student will study advanced brakes and alignment theory, practice proper diagnosis, service and repair procedures through hands-on experience. **Prerequisite: AUT503, 404**

AUT603   3 1 4 0 0
BASIC AUTOMOTIVE ELECTRICITY   VOC/TECH
Provides instruction in theory and operation of automotive electrical circuits. Safety, meters and services information will be emphasized.

AUT652   3 1 4 0 0
ADVANCED AUTOMOTIVE
ELECTRICITY   VOC/TECH
Provides instruction in the diagnosis, repair and service of electrical and electronic components found on current vehicles. **Prerequisite: AUT603**

AUT704   4 2 4 0 0
AUTO AC & HEATING   VOC/TECH
Provides instruction in the theory of operation of auto air conditioning and heating systems as well as diagnosing and servicing automotive air conditioning and heating systems.

AUT823   4 2 4 0 0
ADVANCED AUTOMOTIVE TUNE-UP   VOC/TECH
Provides instruction in testing, diagnosis and repair of the automobile's ignition, electrical and fuel systems. Modern test equipment, procedures and technology are utilized. **Prerequisite: AUT844**

AUT834   4 2 4 0 0
AUTOMOTIVE FUEL SYSTEMS   VOC/TECH
A course designed to acquaint the student with basic fuel system principles. Instruction will be offered in the theory, cleaning, repair and adjustment of automotive fuel systems.

AUT844   6 3 6 0 0
AUTO ELECTRONIC ENGINE
CONTROL   VOC/TECH
This course builds upon the knowledge and skills in previous automotive courses to prepare the student to service electronically controlled vehicles. The theory and operating principles of automotive computers, sensors and control devices will be emphasized. Lab instruction on late model cars will be included. **Prerequisite: AUT834**

AUT870   2 1 2 0 0
AUTOMOTIVE SERVICE
MANAGEMENT   VOC/TECH
Provides instruction in customer relations, service sales, shop management and business practices in the automotive shop.

The following adjunct Aviation (AVI and AVM) courses are offered in a partnership with Des Moines Public Schools at their facility.

AVI1132 – ADJUNCT   2 2 0 0 0
PRIVATE PILOT GROUND SCHOOL   VOC/TECH
Provides aeronautical knowledge to meet the prerequisites in FAR Part 61 for the FAA Private Pilot Exam.

AVI1213 – ADJUNCT   3 3 0 0 0
INSTRUMENT FLIGHT THEORY   VOC/TECH
Provides the student with the necessary aeronautical knowledge to meet the prerequisites specified in FAR Part 61 for the FAA Private Pilot written exam.

AVM100 – ADJUNCT   1 0 2 0 0
CLEANING/CORROSION CONTROL   VOC/TECH
This course encompasses cleaning and prevention of corrosion on the aircraft. Units of instruction will include identifying and selecting materials, inspecting, removing aircraft corrosion and performing aircraft cleaning.

AVM103 – ADJUNCT   2 1 2 0 0
AIRCRAFT MATERIALS & PROCESSES   VOC/TECH
This course involves basic materials and processes associated with aircraft. Areas of study will include precision measurement, testing of materials, inspection performance, heat treating, identification and installation of aircraft materials.

AVM104 – ADJUNCT   2 1 2 0 0
REGULATIONS & PUBLICATIONS   VOC/TECH
Aircraft maintenance forms and records will be units of instruction. Additional units will include manual utilization. FAA regulations, airworthiness directives and mechanic privileges and limitations.

AVM107 – ADJUNCT   1 0 2 0 0
WEIGHT & BALANCES   VOC/TECH
The student will be given instruction concerning aircraft specifications, aircraft weight and balance records, reading scales, recording weights, nomenclature and algebraic signs.

AVM111 – ADJUNCT   1 0 2 0 0
GROUND OPERATIONS
& SERVICING   VOC/TECH
This course will cover aircraft ground operation and servicing. Units of instruction will include fuel selection, ground operation, servicing and securing aircraft.

AVM112 – ADJUNCT   4 2 4 0 0
AIRCRAFT ELECTRICAL SYSTEMS   VOC/TECH
Electrical systems of aircraft will be covered in this course. Areas of study will include servicing of wire, controls, switches, indicators, protective devices, AC/DC electrical systems, constant speed and integrated speed drive generators, crimping, wiring inspection, repairing pins and sockets of aircraft connectors.

AVM121 – ADJUNCT   1 1 0 0 0
WEATHER & WARNING SYSTEMS   VOC/TECH
This course will cover systems associated with positioning, warning and weather control. Topics covered will include inspection, servicing, configuration, electrical brakes, antiskid systems, landing gear indicators and warning systems and airframe ice and rain control systems.

AVM124 – ADJUNCT   3 1 4 0 0
AIRCRAFT ASSEMBLY & RIGGING   VOC/TECH
This course will involve the study of aircraft components to include the following: Aircraft wing configuration flight theory, landing gear, aircraft maneuvers, structure alignments, assembly components, rigging, primary flight control surfaces, secondary flight control surfaces and aircraft jacking.

AVM125 – ADJUNCT   5 3 4 0 0
AIRFRAME STRUCTURE & REPAIR   VOC/TECH
A course for students in aviation that covers materials associated with the structure of the aircraft. Utilization of proper materials, repair, replacement, testing, finishing of metal and nonmetal materials will be included in this course.

AVM129 – ADJUNCT   2 1 2 0 0
LANDING GEAR & BRAKE SYSTEMS   VOC/TECH
This course involves a complete study of the landing gear and brake systems associated with aircraft. Areas of study include inspection, service, repair, troubleshooting and replacement of various types of landing gear and brake systems.

AVM132 – ADJUNCT   2 1 2 0 0
AIRFRAME/POWER PLANT INSPECTION   VOC/TECH
This course covers inspections related to aircraft engines and airframes. Airframe and engine conformity and airworthiness inspections will be units of instruction.

AVM133 – ADJUNCT   3 1 4 0 0
HYDRAULIC/PNEUMATIC
POWER SYSTEM   VOC/TECH
This course will involve a complete study of the hydraulic and pneumatic systems contained within an aircraft. Components of each area will be covered to include identification, installation, repair, inspection, troubleshooting and replacement of the systems.

AVM139 – ADJUNCT   1 0 2 0 0
INSTRUMENTS FIRE PROTECTION   VOC/TECH
This course will cover aircraft instrument systems, engine fire protection systems and smoke and carbon monoxide detection systems.

AVM141 – ADJUNCT   1 0 2 0 0
CONTROL SYSTEMS   VOC/TECH
This course covers heating, cooling, pressurization, air cycling and oxygen systems.

AVM142 – ADJUNCT   4 2 4 0 0
AIRCRAFT TURBINE ENGINES   VOC/TECH
Course covers turbine engine overhaul, repair of turbine engines, installation of turbine engines, troubleshooting of turbine engines.

AVM145 – ADJUNCT   1 0 2 0 0
AIRCRAFT WELDING   VOC/TECH
This course covers applicable welding procedures associated with materials used to construct aircraft. Proper welding methods for various types of materials will be covered during the course.

AVM147 – ADJUNCT   2 0 4 0 0
AIRFRAME FUEL SYSTEMS   VOC/TECH
This course covers fueling systems throughout the airframe of the aircraft. Topics include inspection, service, troubleshooting, repair and replacement of the system components.

AVM148 – ADJUNCT   1 0 2 0 0
ENGINE LUBRICATION SYSTEMS   VOC/TECH
This course covers engine lubrication systems associated with aircraft. Students will study lubrication systems while performing inspections, service, troubleshooting and repair of the system. System components will be repaired and serviced according to FAA regulations.

AVM151 – ADJUNCT   2 1 2 0 0
ENGINE FUEL METERING   VOC/TECH
A course designed to cover the fuel metering system of aircraft. Topics include inspection service, troubleshooting, repair, replacement of various types of fuel metering systems.

COURSE DESCRIPTIONS

AVM154 – ADJUNCT   8 2 12 0 0
AIRCRAFT ENGINES RECIPROCATING   VOC/TECH
Aircraft engines that are reciprocating will be covered extensively. Units of instruction will include inspection and repairing of a radial engine, overhauling a reciprocating engine, service and repair of a reciprocating engine, engine installations, troubleshooting and removing reciprocating engines.

AVM155– ADJUNCT   3 1 4 0 0
AIRCRAFT PROPELLER SYSTEMS   VOC/TECH
Aircraft propellers will be the topic of the course. Units will include repair, types of propellers, governing systems, installation, removal, troubleshooting, repairing, synchronizing, lubricating, ice control systems and control system components.

AVM157 – ADJUNCT   1 0 2 0 0
INDUCTION COOLING EXHAUST   VOC/TECH
This course introduces students to the induction system and engine airflow systems of aircraft. Inspecting, troubleshooting, servicing and repairing engine ice and rain control systems will be covered. Heat exchangers, superchargers, turbine airflow and temperature control systems will also be covered with carburetors and manifolds.

AVM160 – ADJUNCT   2 0 4 0 0
AIRCRAFT ELECTRICAL SYSTEMS   VOC/TECH
This course is a study of electrical systems of the aircraft engine. Units to be covered include troubleshooting, wiring, controls, switches, indicators, protective devices and component repair.

AVM161 – ADJUNCT   3 1 4 0 0
AIRCRAFT IGNITION SYSTEMS   VOC/TECH
This course will provide a foundation in aircraft ignition systems and aircraft starting systems. Units will cover the magneto, ignition harness, reciprocating ignition systems and turbine ignition systems. **Prerequisite: AVM112**

AVM165 – ADJUNCT   2 1 2 0 0
COMMUNICATION & NAVIGATION   VOC/TECH
Basic units will involve study of autopilot systems, servos systems, approach coupling systems, navigation systems, electronic communication systems, antenna systems, static pressure systems, flight instrument systems and all position indicating systems.

AVM168 – ADJUNCT   1 1 0 0 0
FLUID LINES & FITTINGS   VOC/TECH
Aircraft fluid lines and fittings will be covered in this course. Units of instruction will include rigid and flexible lines, fittings and their fabrication and installation.

AVM170 – ADJUNCT   2 1 2 0 0
AIRCRAFT DRAWINGS   VOC/TECH
A course to develop understanding of aircraft drawings, symbols and system schematics. Blueprint information, graphing, charting and drawing will be topics covered as they relate to aircraft.

BCA111   3 3 0 0 0
EMERGING TECHNOLOGIES   VOC/TECH
Students will explore changing trends in peripheral equipment and software, review technology within the framework of today's business environment and analyze the future of hardware and software usage in various business fields.

BCA113   3 2 2 0 0
COMPUTER NETWORK LITERACY   VOC/TECH
This course is an introduction to basic concepts and terminology in computer networks and data communications. Topics include data communications equipment and media network basics and the Internet. Student will develop a personal web page. **Prerequisite: CSC110**

BCA122   1 0 2 0 0
BASIC WORD PROCESSING   VOC/TECH
Hands-on instruction using Word in the Windows environment. Special features include working with windows, speller, Thesaurus, merge and sort.

BCA133   4 2 4 0 0
WORD PROCESSING SKILL DEV. I
Review of alphabetic and numeric keyboard reaches using a computer. Develop a strong keyboarding foundation using the touch method while utilizing correct techniques. Introduces fundamental word processing functions. Instruction covers word processing concepts, terminology, features and other related skills. Must key at 25 NWPM for three minutes

BCA137   3 2 2 0 0
WORD PROCESSING SKILL DEV. II
Emphasis on developing speed, accuracy and proofreading techniques in preparation of business documents using word processing software. Students develop a broader understanding of software capabilities as they continue to study concepts, vocabulary and additional features. Continued development of speed and accuracy is emphasized. **PREREQUISITE: BCA 133 or MAP 119**

BCA146   1 0 2 0 0
BASIC SPREADSHEETS   VOC/TECH
Orientation to Excel. Topics include spreadsheet layout and terminology, charting, enhancing a worksheet and chart. Designed for beginning users of Excel.

BCA164   1 0 2 0 0
BASIC DATABASES   VOC/TECH
Introduction to Access database management system. Topics include creating, editing, querying, using forms, reports, customizing and managing data and files.

BCA174   1 0 2 0 0
BASIC PRESENTATION SOFTWARE   VOC/TECH
Introduction to presentation software. Topics include creating, enhancing, embellishing and illustrating a presentation with charts, graphs, special effects; converting existing material, printing presentations, speaker's notes and handouts.

BCA212   3 2 2 0 0
INTRO COMPUTER BUSINESS APPL.   VOC/TECH
The focus of this course is to use computer hardware and software as business productivity tools. Training includes a hands-on introduction to computer applications vital in today's business and industry. Course covers operating system, email, internet, word processing, spreadsheet, database and presentation applications.

BCA213   3 2 2 0 0
**INTERMEDIATE COMPUTER
BUSINESS APPL.**   VOC/TECH
Develop a proficiency in decision-making using computer software applications. Producing final documents for real business applications such as file integration, online forms, linked spreadsheets and desktop publishing are emphasized. **Prerequisite: BCA212 or CSC110**

BCA214   3 2 2 0 0
ADV. COMPUTER APPLICATIONS   VOC/TECH
Covers post-advanced applications using Microsoft Office. Working with master documents, creating index and table of contents from long reports, creating online forms, learning to use auditing and data validation tools, customizing forms and administrating a database, and creating complex presentations are emphasized. **Prerequisite: BCA213**

BCA250   3 2 2 0 0
DESKTOP PUBLISHING   VOC/TECH
In a PC environment, use image enhancement software such as Adobe Photoshop to manipulate photo and graphic files. Apply principles of desktop publishing in the development of publications using software such as Microsoft Publisher. Convert files into web-ready format. **Prerequisite: BCA212 or CSC110**

BIO100   1 1 0 0 0
OPPORTUNITIES IN BIOLOGY   GENERAL
An exploration of careers and advanced educational opportunities in the biological sciences at the local, state and national levels.

BIO104   3 2 2 0 0
INTRODUCTORY BIOLOGY W/LAB   CORE
Introduction to basic concepts in biology. Topics include biochemistry, cell structure and function, metabolism and energetics, classical and molecular genetics and the diversity of life at the organismal level. Biology, as an experimental science and biotechnology; will be explored through laboratory experience.

BIO112   4 3 2 0 0
GENERAL BIOLOGY I   CORE
First semester of biology for majors. Topics covered include: chemistry of life, cells, bioenergetics, genetics, evolution, viruses, prokaryotes and protists. **Prerequisite: H.S. biology and H.S. chemistry or equivalent**

BIO113   4 3 2 0 0
GENERAL BIOLOGY II   CORE
Second semester of biology for majors. Topics covered include fungi, plants, animals and ecology. It is recommended that BIO112 be taken prior to this course. **Prerequisite: H.S. biology and H.S. chemistry or equivalent**

BIO138   3 2 2 0 0
FIELD ECOLOGY   CORE
Field and laboratory studies of native plants and animals of Iowa. Emphasis is placed on ecological relationships. Selected field trips are conducted to forest, prairie, marsh and riparian habitats in the local area.

BIO145   3 3 0 0 0
ECOLOGY OF IOWA   GENERAL
Surveys the major landforms of Iowa including the Mississippi River Valley, Northern Prairie Lakes Region, Loess Hills and Southern Hills area. Landforms are emphasized from the standpoint of climate, soils, geology, water resources, forestry, wildlife and environmental concerns. One Saturday field trip.

BIO146   3 3 0 0 0
GENETICS   OPEN
An introductory genetics course for Biology and Biotechnology majors. Topics covered include DNA and chromosome structure and function; Mendelian genetics; molecular genetics in eucaryotes, prokaryotes and viruses; recombinant DNA technology; gene expression; and the genetic basis of immunology. **Prerequisite: BIO112 or BIO187**

BIO156   3 2 2 0 0
HUMAN BIOLOGY W/LAB   CORE
A study of biology that emphasizes the human body. Topics such as the cell, basic chemistry, basic genetics and human ecology are included. Designed for the non-science or inadequately prepared health science major.

BIO164   5 3 4 0 0
ESSENTIALS ANATOMY/PHYSIOLOGY   CORE
A classic integration of human anatomy and physiology at the cellular level and organ/ system level. Includes cat dissection. **Prerequisite: H.S. biology and H.S. chemistry or equivalent**

BIO168   4 3 2 0 0
ANATOMY & PHYSIOLOGY I   CORE
Anatomy and Physiology I covers the structure and function of the human body from the cellular level to organ systems. Topics at the cellular level include the fundamental basics of chemistry, cell structure, and cellular metabolism, genetics and histology. The organ systems studied are the skin and integumentary system, the skeletal and muscular systems, the nervous system, and the senses. Lecture and lab must be taken concurrently. **Prerequisite: A grade of "C" or better in Human Biology or a "C" or better in high school Anatomy within the last five years.**

BIO173   4 3 2 0 0
ANATOMY & PHYSIOLOGY II   CORE
Anatomy and Physiology II is a continuation of Anatomy and Physiology I. The following organ systems are covered: the endocrine system, blood and the cardiovascular system, the lymphatic system and immunity, the respiratory system, the urinary system, the digestive system including nutrition and metabolism, and the reproductive system. Other topics included in the course are the body's balance of water, electrolytes, and acids and bases and an introduction to human growth and development. Lecture and lab must be taken concurrently. **Prerequisite: A grade of "C" or better in Anatomy and Physiology I.**

BIO187   4 2 4 0 0
MICROBIOLOGY W/LAB   CORE
A general microbiology course with laboratory designed for the science major. Emphasis is placed on microbial morphology, physiology and microbial genetics as well as virology and basic immunology. **Prerequisite: One semester of any college-level biology course**

BIO243   1 1 0 0 0
TOPICS IN BIOTECHNOLOGY   OPEN
An exploration of recent advancements in biotechnology as well as current practices in research and development, manufacturing, quality control/quality assurance and safety. **Prerequisite: BIO250**

BIO249   3 0 0 12
BIOTECHNOLOGY INTERNSHIP   OPEN
This internship is the final requirement for completion of the Biotechnology AS degree requirements. It will be conducted in cooperation with potential employers. During this period, students will be expected to demonstrate their technical skills and practicum competencies in a professional manner, showing progressive independence, greater efficiency and confidence. **Prerequisite: Permission of instructor**

COURSE DESCRIPTIONS

BIO250   5 2 6 0 0
CELL & MOLECULAR BIOLOGY   OPEN
Cell and Molecular Biology for Biotechnology majors. Topics covered include immunochemistry; recombinant DNA methods and principles; the human genome project; protein analysis and characterization; and chromatography principles and methods. **Prerequisite: BIO104, 112, 113, 187**

BIO260   3 3 0 0 0
BIOLOGY OF AGING   GENERAL
This course is designed for individuals planning to work with the elderly population. The course describes changes that occur in body systems due to the normal aging process, as well as some of the most common dysfunctions and diseases associated with aging. Furthermore, environmental factors, effects of diet and exercise in the aging process will be discussed.

BIO732   4 3 2 0 0
HEALTH SCIENCE MICROBIOLOGY   OPEN
Basic concepts and applications of medical microbiology. Topics include morphology and physiology of microorganisms, pathology, epidemiology and immunology. Designed for the health science major. It is recommended that high school chemistry be taken prior to this course.
Prerequisite: H.S. biology or equivalent

BIO733   3 2 2 0 0
HEALTH SCIENCE ANATOMY   OPEN
Offers the student basic concepts in human anatomical structure with relation to body functions. The course covers all major body systems with emphasis on structure. The accompanying lab will reinforce lecture with cat dissection. **Prerequisite: H.S. biology and chemistry or equivalent**

BIO734   3 2 2 0 0
HEALTH SCIENCE PHYSIOLOGY   OPEN
Detailed human physiology of the nervous, circulatory, respiratory, digestive, urinary and endocrine systems. Designed for the health science major. **Prerequisite: BIO733 164 or equivalent**

BMA165   1 1 0 0 0
BOILER ROOM MAINTENANCE   VOC/TECH
Boiler accessories, fittings, controls, water treatment and fundamentals for beginners.

BMA167   2 2 0 0 0
STEAM PLANT OPERATIONS   VOC/TECH
High-pressure steam boilers, operation, controls, burning equipment instruments. **Prerequisite: BMA165**

BMA175   2 2 0 0 0
BASIC PLUMBING   VOC/TECH
Plumbing, plumbing components, plumbing codes and reading blueprints.

BMA177   3 2 2 0 0
INDUSTRIAL PLUMBING
& PIPEFITTING   VOC/TECH
A course in fundamental plumbing and pipefitting. Topics covered include the properties of torque, the use of torque and the application of torque; the development and use of piping schematics; elementary pipe layout and joint construction with various materials; the purpose, use, construction and operation of valves and process control equipment used in manufacturing.

BUS102   3 3 0 0 0
INTRO TO BUSINESS   GENERAL
An overview of the ever-changing world of business. Provides information in the areas of ownership, management, marketing, insurance, economic systems and finance, as well as the role of government.

BUS112   3 3 0 0 0
BUSINESS MATH   OPEN
Mathematical computations are reviewed and strengthened with emphasis on facility and accuracy. Includes topics in the mathematics of buying and selling, banking, payroll, markups and markdowns, discounts, interest, consumer math and other related business applications.

BUS131   3 3 0 0 0
SMALL BUSINESS
MANAGEMENT STRATEGIES   VOC/TECH
Emphasizes human resource concepts and their applications to small business operations. Leadership development, management styles and decision making strategies are stressed.

BUS135   3 3 0 0 0
MANAGING ENTREPRENEURIAL
VENTURE   OPEN
Examines introductory business applications and strategies needed to start and operate a small business. Topics include entrepreneurship preparation, idea feasibility, business plan content, introductory marketing, management and finance concepts for small business.

BUS138   3 3 0 0 0
SMALL BUSINESS MARKETING   VOC/TECH
Discussions and focus is on marketing applications. Workshops and strategies such as: market research, product development, pricing, distribution, promotion, marketing campaigns and budgets.

BUS141   3 3 0 0 0
SMALL BUSINESS START-UP   VOC/TECH
This course includes information, examples, forms and activities needed for business start-up and for development of a successful business operation. Topics include market research and assessment; naming your business; finding a location; determining asset needs and forecasting sales; identifying job tasks and determining human resource needs; and writing a business plan.

BUS150   3 3 0 0 0
E-COMMERCE ON THE WEB   VOC/TECH
This course will introduce the student to the basic elements of electronic commerce. It will focus on business and technical issues faced by a company that enters into the e-commerce marketplace. Topics include products, advertising, resource requirements, third-party options, technical and operational issues.

BUS181   2 2 0 0 0
BASIC LAW FOR THE ENTREPRENEUR   VOC/TECH
This course is designed to acquaint business students and those currently involved in operating small businesses with the general areas of law that may be problematic for the entrepreneur and create risks resulting in lawsuits.

BUS185   3 3 0 0 0
BUSINESS LAW I   GENERAL
Provides introductory overview of the sources of law of the American legal system, the structure of the court systems, torts, contract law and sales law.

BUS186   3 3 0 0 0
BUSINESS LAW II   GENERAL
Provides an overview of negotiable instruments, debtor/creditor law (collecting judgments,) secured transactions, agency relationships and selecting the right business formation. **Prerequisite: BUS185**

BUS211   4 4 0 0 0
BUSINESS STATISTICS   CORE
Tabular and graphical presentation, measures of central tendency and variability, standard elementary procedures involving the binomial, normal, student's t's, chi-squares and f distributions, correlation, regression, analysis of variance and several nonparametric procedures. Same content as MAT157; credit will not be granted for both.
Prerequisite: 2 years of H.S. algebra or MAT073 or deparment permission

BUS213   2 2 0 0 0
STATISTICAL BUSINESS APPLICATIONS   OPEN
This is the second course in the statistics sequence. Course content includes application and interpretation of probability and statistics as applied to business situations by using sampling, confidence intervals, control charges, simple linear regression analysis, multiple regression analysis, correction analysis, data analysis, time series analysis, hypothesis testing and computer analysis. Same content as MAT160; credit will not be granted for both.
Prerequisite: BUS211 or MAT157

BUS215   1 1 0 0 0
INVESTING IN REAL ASSETS   OPEN
Course analyzes procedures in residential real estate purchases. An evaluation of residential home, mobile home and condominium purchasing versus renting is discussed. Additional topics include investments in REITs, commercial property, undeveloped land, limited partnership, collectibles and gold.

BUS216   1 1 0 0 0
ESTATE PLANNING   OPEN
The goal of this course is to establish a desirable and efficient dissolution of one's assets and liabilities at death. Course includes identifying goals for estate planning, both pre death and postmortem. Estate tax and gift tax issues are examined.

BUS218   1 1 0 0 0
LONG-RANGE FINANCIAL PLANNING   OPEN
This course is designed to increase awareness of the need for identifying a desired retirement lifestyle within the context of the anticipated financial retirement inflows. Assessment will be made of retirement resources from employee, business and government sources. Individual retirement resource strategies are investigated. Healthcare and housing issues are examined

BUS220   3 3 0 0 0
INTRO INTERNATIONAL BUSINESS   OPEN
The International Business course is designed for students to understand the dynamics of global trade. This course examines the cultural, economic, legal, political, social and technological environment of international business. The course also provides an overview of marketing, management, distribution and job opportunities available for business students.

BUS231   4 4 0 0 0
QUANT METHODS/BUS
DECISION-MAKING   GENERAL
An introduction to management research methods that are used in business. Topics include probability, breakeven analysis, inventory control, statistics and transportation models. **Prerequisite: MAT073 or intermediate algebra or 2 years of high school algebra or department permission.**

BUS240   3 1 4 0 0
VIRTUAL BUSINESS FIRM   OPEN
The Virtual Business Firm is a virtual enterprise, set up and run by students to prepare them to work in a real-world business environment. With the instructor playing the role of facilitator, students determine the nature of their business, incorporating all of the elements of a business plan, including company description, management and organizational structure, products and/or services, marketing and sales strategies, and financials within a global context. Students engage in daily operations running the virtual business, as if it were a real business, via a closed worldwide network of virtual business firms. **Prerequisite: All Business Administration or Entrepreneurship program required courses or instructor permission**

BUS250   3 3 0 0 0
PRINCIPLES OF REAL ESTATE   OPEN
Fundamental principles, economics, law, working concepts and terminology. Focuses on real estate law and assists those preparing for the apprentice salesperson examination.

BUS260   3 3 0 0 0
INTRO TO INSURANCE   OPEN
An introduction to managing risks and making the best use of insurance. Various forms of personal and property insurance coverages are introduced. Insurance coverages as they relate to both business operations and personal situations are discussed.

BUS904 – ADJUNCT   1 0 2 0 0
LEGAL STUDY TOUR   VOC/TECH
The student will participate in a supervised study tour in which time will be spent touring a government center to view how the government runs, including the history of this country to current legal policies and procedures. **Prerequisite or corequisite: BUS185 or POL111 or CRJ132 or instructor permission**

CAD119   3 2 2 0 0
INTRO TO COMPUTER
AIDED DRAFTING   VOC/TECH
This course will introduce the student to computer-aided drafting and design. Basic computer hardware, software and operating systems will be discussed. Basic two-dimensional CADD drawing creation and editing techniques will be covered. Drawings will be created and plotted. **Prerequisite: Basic computer literacy**

CAD125   3 2 2 0 0
INTERMEDIATE CADD-MECHANICAL   VOC/TECH
This course will introduce the student to advanced computer-aided drafting and design applications. Program customization, file manipulation/translation and library creation/usage will be covered. Three-dimensional concepts will be discussed. **Prerequisite: CAD119**

CAD126   3 2 2 0 0
INTERMEDIATE CADD–
ARCHITECTURAL   VOC/TECH
This course will apply architectural drafting practices to the CADD environment. Two-dimensional plans (including plumbing, HVAC, electrical, etc.) will be developed. Site plans and presentation are some of the topics that will be discussed. **Prerequisite: CAD119**

CAD139   3 2 2 0 0
INTRODUCTION TO CAD/CAM   VOC/TECH
The objectives of this course will be to apply computer aided design software and computer aided manufacturing software for numerically controlled (CNC) machine tools.

COURSE DESCRIPTIONS

CAD148   3 2 2 0 0
INTRO TO FINITE ELEMENTARY
ANALYSIS   **VOC/TECH**
This course will introduce CAD students to analysis of simple structures. Analysis will be examined then verified using computer analysis software in conjunction with CAD. Basic engineering statics will be taught. **Prerequisite: CAD152, 153, 246, MAT773**

CAD151   6 4 4 0 0
CAD GRAPHICS I   **VOC/TECH**
Drawing formats, geometric construction and lettering will be taught on computer-aided drafting (CAD) software. Drafting standards will be covered. CAD operations and commands will be addressed. Sketching and fundamentals of orthographic projection are stressed. Prints will be prepared. **Prerequisite: CSC110 or equivalent**

CAD152   6 4 4 0 0
CAD GRAPHICS II   **VOC/TECH**
Advanced geometric description applicable to all fields of drafting will be emphasized. Auxiliary views will be created. Descriptive geometry principles will be examined. Intermediate and advanced dimensioning techniques will be covered including dimensional tolerance analysis. CAD applications will be taught. **Prerequisite: CAD151, MAT772**

CAD153   3 2 2 0 0
CAD APPLICATIONS I   **VOC/TECH**
Mechanical components and processes that are used in product design will be covered. Geometric dimensioning and tolerancing will be taught. Preparation of welding drawings will be presented with the emphasis on proper usage of American Welding Society symbols. Precision bending of sheet metal will be covered. **Prerequisite: CAD151, MAT773**

CAD154   3 2 2 0 0
CAD APPLICATIONS II   **VOC/TECH**
Precision bending of sheet metal will be covered. Students will gain knowledge of heating, ventilation and air conditioning (HVAC) applications and HVAC CAD symbology. Hydraulic systems and applications will be addressed. Hydraulic symbology will be covered. Mechanical power transmission will be a subject of study. Bearings, bearing seals and sealing systems will be addressed. **Prerequisite: CAD153, MAT773**

CAD155   3 2 2 0 0
NETWORKING SYSTEMS
INVOLVING CAD   **VOC/TECH**
Network system key features and functionality will be covered. System file management will be addressed. Operating systems and hardware will be examined. Relationships between computer hardware and software will be taught.

CAD162 – ADJUNCT   3 2 2 0 0
INTRODUCTION TO MULTIMEDIA   **VOC/TECH**
Basic three-dimensional concepts and applications are covered. Rendering, animating and application of basic color manipulation are discussed and used. **Prerequisite: CAD119**

CAD196   3 2 2 0 0
ENGINEERING DISCIPLINES
& PRACTICES   **VOC/TECH**
Types of engineering disciplines and their application of drawings will be examined. Drawing styles, engineering units and professional standards (ANSI, ASME, etc.) will be covered. **Prerequisite: CAD151**

CAD215   3 2 2 0 0
MECHANICAL SYSTEMS   **VOC/TECH**
Standard and nonstandard fastening systems will be examined. CAD part libraries and applications will be covered. Basics of power train/mechanical components will be introduced. Mechanical bearings and hydraulic/pneumatic sealing systems will be addressed. **Prerequisite: CAD152, MAT773**

CAD220   3 2 2 0 0
MICROSTATION CAD   **VOC/TECH**
This course will introduce the student to MicroStation CAD software. Basic two-dimensional CAD drawings will be taught. Drawings will be created and plotted. **Prerequisite: CAD155, CAD151**

CAD240   3 2 2 0 0
APPLIED MATERIALS & PROCESSES   **VOC/TECH**
Standard industrial raw materials and forming processes will be examined. Students will see various machining, forming and welding operations. Field trips to industry will be offered.

CAD242
MANUFACTURING INTERFACES   3 1 2 0 0
Computer interfaces between manufacturing and engineering will be the primary focus of the class. File exchange formats, data compilation and machining interpretation of the model file will be addressed. Tool path generation and robotic controls will be discussed. Manufacturing system integration will be covered. **PREREQUISITES: MAT772**

CAD246   3 2 2 0 0
PARAMETRIC CAD I   **VOC/TECH**
Parametric solid model CAD basics will be taught. Parametric concepts with design intent will be covered. Solid CAD models will be built and edited. Mechanical assemblies will be created. Part and assembly drawings with part lists will be created and plotted. **Prerequisite: CAD152, 240, MAT773**

CAD248   3 2 2 0 0
PARAMETRIC CAD II   **VOC/TECH**
Parametric solid model CAD intermediate commands will be taught. Parametric concepts with design intent will be covered. Solid CAD models will be built and edited. Mechanical assemblies will be created. Part and assembly drawings with part lists will be created and plotted. **Prerequisite: CAD153, 252, MAT773**

CAD252   4 2 4 0 0
DESIGN PROJECT I   **VOC/TECH**
Detailing individual parts, types of assembly drawings and parts lists will be covered on an individual basis. The design process and procedures will be discussed. The student shall conform to industry standards for their design project. **Prerequisite: CAD152, 196, 240, MAT773**

CAD254   5 2 6 0 0
DESIGN PROJECT II   **VOC/TECH**
Continuation of CAD252, Design Project I. Detailing individual parts, types of assembly drawings, and parts lists will be covered on an individual basis. Design process and procedures will be discussed. The student will conform to industry standards for their design project. **Prerequisite: CAD153, 215, 252**

CAT430   4 2 4 0 0
CATERPILLAR FUEL SYSTEMS   **VOC/TECH**
The student will be introduced to basic Caterpillar fuel system principles and theory for mechanical and electronic engines. General repair and diagnostic procedures will also be covered. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: DSL366, 546, 605, 145**

CAT431   2 1 2 0 0
CATERPILLAR FAILURE ANALYSIS   **VOC/TECH**
The student will determine the root cause of failure, how to properly prepare the parts for inspection and determine what is normal and abnormal wear. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: DSL366, 546, 605**

CAT432   2 1 2 0 0
CATERPILLAR LS/PC – HYDRAULICS   **VOC/TECH**
This course will cover the design and theory of LS/PC hydraulic systems as well as cover the function, operation and diagnosis of LS/PC hydraulics. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: DSL605, 145**

CAT433   2 2 0 0 0
CATERPILLAR SERVICE INFO SYSTEM   **VOC/TECH**
Instruction covers basic computer skills related to Caterpillar computer systems. Students will learn how to operate SIS, Parts Integrator, DBS Parts orders and work orders.

CAT434   4 0 0 0 16
CATERPILLAR INTERNSHIP   **VOC/TECH**
Work experience at a local Caterpillar dealership. The work experience will be compatible with the student's ability and previous course work. **Prerequisite: DSL366, 546, 605, 145**

CAT435   2 0 4 0 0
CATERPILLAR MULTIMEDIA   **VOC/TECH**
The student will complete Caterpillar computerized tests and review modules. **Prerequisite: DSL366,546, 605, 145**

CET102   3 3 0 0 0
FUNDAMENTALS OF CIVIL
ENGINEERING   **VOC/TECH**
Introduces concepts of the civil engineering technician career. Topics include civil engineering technician disciplines and career structures; construction and civil engineering industry; introduction to basic engineering principles; layout of civil plans; introduction to design methods; standards and equipment used in design and manual drafting.

CET119   3 2 2 0 0
SURVEY I   **VOC/TECH**
This course will develop a working knowledge of surveying fundamentals. Topics will include an introduction to surveying instruments and equipment; measurement of distances and angles; determining elevation; note keeping, traversing, triangulation, mapping, researching of monuments and benchmarks.

CET135   3 3 0 0 0
MATERIALS I   **VOC/TECH**
To develop a working knowledge of sampling and testing basic materials used in the highway construction industry (aggregate and concrete). Iowa Department of Transportation materials certifications (AGG I, AGG II, PCC I) will be given to students upon successful completion of state certification exams given during the course.

CET138   3 3 0 0 0
CONSTRUCTION I   **VOC/TECH**
This course will develop a working knowledge of construction inspection fundamentals. Topics will include introduction to construction reviews, pre-construction planning, permits process, embankment construction, drainage solutions, stabilization methods, equipment used in construction, placement work, paving procedures, estimating of time and materials. **Prerequisite: CET102 or department approval**

CET169   4 3 2 0 0
SURVEY II   **VOC/TECH**
A continuation of Survey I. Topics will include control surveys; topographic survey, construction survey, coordinate systems (i.e., state plane); spheres; watersheds; aerial photography; photogrammetry; legal descriptions; right of way; electronic data collection and global positioning will be utilized; data downloading and editing. Legal principles of land boundaries, public domain survey systems. **Prerequisite: CET119 or department approval**

CET173   4 4 0 0 0
HIGHWAY DESIGN I   **VOC/TECH**
This course will develop a working knowledge of civil design plans and design principles. Topics will include: design criteria and standards; typical roadway sections; traffic data; cross sections; earthworks; survey data, historical project information, bid items, design manuals, geometric design, hydrology, staging, records management, vertical profile design, environmental project information. GEOPAK will be utilized. **Prerequisite: CET102 or department approval**

CET178   4 4 0 0 0
AUTOMATED DESIGN I   **VOC/TECH**
This course will introduce the student to Micro Station CAD software. Basic two-dimensional CAD drawings will be taught. Drawings will be created and plotted. Drawing formats, geometric construction and lettering will be taught on computer-aided drafting (CAD) software. Drafting standards will be covered. Sketching and fundamentals of orthographic projection are stressed. **Prerequisite: CET102 or department approval**

CET192   4 4 0 0 0
STATICS   **VOC/TECH**
This course is designed to acquaint the student with basic structural concepts. Emphasis is placed on the use of free body diagrams in understanding the forces acting on a structural member. **Prerequisite: MAT773 or instructor approval**

CET219   4 3 2 0 0
SURVEY III   **VOC/TECH**
This course illustrates the application of survey concepts to a highway survey. Topics will include legal description research, route surveying, horizontal and vertical curve layout, closed and open loop survey, bench level circuits; subdivision surveying, construction surveying; electronic data collection and global positioning will be utilized. **Prerequisite: CET169 or department approval**

CET222   3 2 2 0 0
SOILS & FOUNDATIONS   **VOC/TECH**
The student will learn to recognize soil relationships with landforms and the effect on engineered construction. Concepts of geology and engineering properties including soil type, classification, strength, and deformation will be covered. Principles of soil mechanics and construction observation techniques will be learned and applied to real-world examples. **Prerequisite: MAT773 or instructor approval**

COURSE DESCRIPTIONS

CET235   3 3 0 0 0
CONSTRUCTION II   VOC/TECH
This course will involve the definition, interpretation and utilization of drawings, specifications, agreements, bidding forms, general considerations, bonds, subcontracts, shop drawings, material approvals and related documents, record keeping and materials measurement as building plans. **Prerequisite: CET138 or department approval**

CET244   3 2 2 0 0
MATERIALS II   VOC/TECH
This course will develop a working knowledge of soils and materials used in the construction industry. Topics will include soil types; aggregates; subsurface explorations, engineering property of soils and aggregates such as moisture content, compaction, permeability; soils plan creation; soil borings; concrete properties; concrete mixes; asphalt properties; sampling methods; testing of materials; testing equipment; calibration of equipment. **Prerequisite: CET135 or department approval**

CET278   4 4 0 0 0
AUTOMATED DESIGN II   VOC/TECH
This course will introduce the student to intermediate MicroStation CAD commands. Advanced two-dimensional CAD drawing and editing techniques will be taught. Basic three-dimensional applications and editing will be introduced. Drawings will be created and plotted. GEOPAK fundamentals will be taught to include project manager, horizontal alignment, vertical alignment, point manipulation, chains, existing cross-section creation, proposed cross-section creation, quantity outputs and criteria. **Prerequisite: CET178 or department approval**

CET283   4 4 0 0 0
HIGHWAY DESIGN II   VOC/TECH
Application of design concepts and standards to a highway design project. A complete project design is required with a written and oral presentation. The finished project will be created utilizing GEOPAK that includes determining design criteria; determining horizontal and vertical alignment layout; intersection and interchange design, selection of typical, standard notes and design standards; hydrology; generating and analyzing cross sections; determining right of way needs; earthwork to include quantities, a mass diagram and mass ordinates; detailed material list and cost estimates (preliminary and final). The presentation will include a three-dimensional drive-through of the project. **Prerequisite: CET173 or department approval**

CET291   3 3 0 0 0
STRUCTURAL DESIGN & CONSTRUCTION VOC/TECH
This course is an introduction to the understanding of load and resistance factor design (LRFD) method. Topics considered include material properties, tension, compression, bending, beam columns, simple connections, base plates, bearing plates. **Prerequisite: CET102**

CET305   5 0 0 0 20
FIELD COOP   VOC/TECH
Practical experience through on-the-job training in an approved civil engineering technician setting. Tasks will be consistent with student's career objectives, skills and knowledge. **Prerequisite: Successful completion of 32 credit hours of CET credit courses and/or department approval**

CET307   2 2 0 0 0
FIELD ORIENTATION   VOC/TECH
This course is required for students who do not take the Field Coop. It will acquaint a student with field operations. The role of the superintendent and project manager will be discussed, as well as the relationship between the contractor and owner. Visits will be made to a local project to observe construction procedures. **Prerequisite: Successful completion of 32 credit hours of CET credit courses. Written permission from CET faculty to substitute this course for 2 credits of the 5 credit CET305**

CHM105   3 2 2 0 0
SURVEY OF CHEMISTRY   CORE
An introduction to chemical topics with little mathematics. Topics include energy, food chemistry, air and water pollution, agricultural chemicals, detergents, and drugs. For students who need one semester of laboratory science.

CHM122   4 3 2 0 0
INTRODUCTION TO GENERAL
CHEMISTRY   CORE
A study of the concepts of general chemistry including atomic structure, bonding, reactions, stoichiometry, gas laws, solutions, acids and bases, equilibrium, nuclear chemistry and an introduction to organic chemistry. Problem-solving is emphasized. For nonscience majors and students in health-related programs. **Prerequisite: 1 year H.S. algebra or MAT063**

CHM132   4 3 2 0 0
INTRO TO ORGANIC/BIOCHEMISTRY   CORE
A continuation of the study of organic chemistry and a study of biochemistry. Organic topics include the structure of organic molecules, the nature and reactions of functional groups and stereochemistry. Biochemistry topics include carbohydrates, proteins, lipids, nucleic acids, enzymes and metabolism. **Prerequisite: CHM122 or equivalent**

CHM165   4 3 3 0 0
GENERAL/INORGANIC CHEMISTRY I   CORE
A thorough treatment of general chemistry including atomic structure, stoichiometry, chemical bonding, states of matter, solutions, acids and bases, reaction rates, equilibrium, thermodynamics and electrochemistry. This course is intended for science, engineering, pre-vet, pre-med, pre-dental and pre-optometry majors. **Prerequisite: 1 yr. H.S. chemistry or CHM122 & 2 yrs. H.S. algebra or MAT073**

CHM175   4 3 3 0 0
GENERAL/INORGANIC CHEMISTRY II   CORE
A continuation of General and Inorganic Chemistry I. **Prerequisite: CHM165 or equivalent**

CHM263   5 3 4 0 0
ORGANIC CHEMISTRY I   CORE
A study of the principles of organic chemistry including the nomenclature and chemistry of the various organic functional groups. Structure, bonding, synthesis, reaction mechanisms and spectroscopy are emphasized. The sequence is designed to satisfy the one year of organic chemistry required by most medical schools. **Prerequisite: CHM132 or 175 or 1 year college level general chemistry**

CHM273   5 3 4 0 0
ORGANIC CHEMISTRY II   CORE
A continuation of Organic Chemistry I. **Prerequisite: CHM263 or equivalent**

CIS125   3 3 0 0 0
INTRO TO PROGRAMMING
LOGIC W/LANG   OPEN
This course provides students with a firm foundation in problem-solving methods in computer programming and facilitates the development of good, structured programming skills for solving business problems. Students will define and analyze problems, design computer solution algorithms and prove the correctness of the solution.

CIS130   3 3 0 0 0
COMPUTER PROGRAMMING   VOC/TECH
Basic programming techniques such as writing algorithms, drawing of flow charts and developing programs that include loops and subroutines.

CIS152   3 3 0 0 0
DATA STRUCTURES   OPEN
An object-oriented language will be used to introduce commonly used data structures. Programs using these data structures will be developed, written, tested and debugged. **Prerequisite: CIS125 or equivalent**

CIS154   3 3 0 0 0
COMPUTATIONAL STRUCTURES   OPEN
Relates mathematics as a tool and language to the computer. An object-oriented language will be used to acquaint students with application areas in computer science. **Prerequisite: CIS125**

CIS161   3 3 0 0 0
C++   VOC/TECH
Students will examine the structure of typical C++ programs, explore the concepts of object oriented programming and design eight small to medium sized programs in C++. **Prerequisite: CIS125 or equivalent**

CIS164   3 3 0 0 0
ADVANCED C++   VOC/TECH
Review and extend the concepts of class hierarchies, encapsulation, inheritance and polymorphism. Explore class libraries, templates, streamable classes and exception handling. Develop code for both DOS and Windows applications. **Prerequisite: CIS161**

CIS169   3 3 0 0 0
C#   VOC/TECH
This course is an introduction to the C# language. Object-oriented programs will be developed by the students. **Prerequisite: CIS125**

CIS171   3 3 0 0 0
JAVA   VOC/TECH
Students will learn the basic features of the Java programming language and explore the concepts of object-oriented programming, event handling, user interface programming and graphics techniques. Students will gain practical experience creating and modifying Java applications and applets and embedding Java applets in web pages. **Prerequisite: CSC110 or equivalent**

CIS178   2 2 0 0 0
JAVA PROGRAMMING I   VOC/TECH
Learn Java programming techniques related to Information Technology Network Administration. **Prerequisite: NET223, 623, 628**

CIS179   2 2 0 0 0
JAVA PROGRAMMING II   VOC/TECH
Learn advanced Java programming techniques related to Information Technology Network Administration. **Prerequisite: CIS178**

CIS182   3 3 0 0 0
JSP & SERVLETS   VOC/TECH
Students will learn server side features of the Java programming language and explore the concepts of enterprise development. Gain practical experience creating and modifying Java servlets. Java Server Pages (JSP) and Enterprise Java Beans (EJB). Database connectivity will also be examined. **Prerequisite: CIS171, 207**

CIS204   3 3 0 0 0
INTRO TO WEBSITE DEVELOPMENT   VOC/TECH
Introduces HTML and DHTML concepts and technologies. Includes HTML, XHTML, CSS, Javascript and the Document Object Model (DOM). Students will use a variety of current software development tools to build and publish business-oriented website applications. **Prerequisite: CSC110**

CIS207   3 2 2 0 0
FUND OF WEB PROGRAMMING   VOC/TECH
This course introduces the student to basic concepts, languages and tools used in the development of an e-commerce website. Student will identify effective design concepts and characteristics of successful websites. They will use current tools and techniques to design and create e-commerce website. **Prerequisite: CSC110 or BCA212**

CIS210   3 3 0 0 0
WEB DEVELOPMENT I   VOC/TECH
This course is designed to teach students how to install, configure and maintain a Web Server with an emphasis on web page creation and website authoring. Students will learn to use state-of-the-art technology and software in this course. Students are introduced to relational databases and how to use SQL to access them. Students will learn to install a Web Server, a Relational Database, and create dynamic web content containing text, graphics, hyperlinks, tables, forms and frames. **Prerequisite: NET223, 623, 628**

CIS211   3 3 0 0 0
WEB DEVELOPMENT II   VOC/TECH
This course is designed to teach students how to create a website where customers can purchase products over the Internet (eCommerce). Students will learn to work with the most widely used server side scripting languages and common gate interfaces including SSI, ASP, JSP, C, Perl and PHP. After completing this course, students will be able to install a Web Server, a relational database, and create dynamic web content for eCommerce. **Prerequisite: CIS210**

CIS215   3 3 0 0 0
SERVER SIDE WEB PROGRAMMING   VOC/TECH
This course introduces the students to a current selection of application-programming languages referred to as "scripting languages." These languages are used to crate small self-contained programs that are used to add unique functions and special handling capabilities to website applications. The students will learn the basic concepts and applications of these languages and how they can be included within a website. **Prerequisite: CIS207 or BCA113**

CIS240   3 3 0 0 0
E-COMMERCE WEBSITE II   VOC/TECH
Introduces Dynamic HTML, cascading style sheets and XML, work with advanced features of Frontpage and will introduce another website development tool. **Prerequisite: CIS207**

CIS247   3 3 0 0 0
INTRO TO XML   VOC/TECH
Introduces XML concepts and coding requirements. Students will create, display, transform and transfer data in XML format as part of an Internet based application. Course includes XML, XHTML, XSL, and XSLT. **Prerequisite: CSC110**

COURSE DESCRIPTIONS

CIS303 3 3 0 0 0
INTRODUCTION TO DATABASE VOC/TECH
This course provides a comprehensive foundation that enables students to understand and use commercially available relational DBMS products effectively. **Prerequisite: CSC110, CIS125, 402**

CIS332 3 2 2 0 0
DATABASE & SQL VOC/TECH
This course is an introduction to SQL as a database programming language to those already familiar with basic relational database concepts. Students will write executable SQL statements to create and maintain database objects. **Prerequisite: CIS303**

CIS338 3 2 2 0 0
SQL/ORACLE VOC/TECH
Students will use advanced techniques to retrieve data format reports and create script files to generate SQL. The course also provides the opportunity to students to write COBOL programs that utilize embedded SQL statements. **Prerequisite: CIS332**

CIS346 3 3 0 0 0
DATABASE DESIGN VOC/TECH
Students learn a systematic approach to database development using entity-relationship models, normalization and relational database design. Students will use this approach to identify and define business information requirements, create entity-relationship models and transform the requirements into an initial database design. **Prerequisite: CIS303**

CIS402 3 3 0 0 0
COBOL OPEN
Introduces the programming language COBOL. Topics include move, logical testing, control, page breaks, totals and others. Emphasis is given to business applications.

CIS413 4 4 0 0 0
COBOL II OPEN
Introduces advanced COBOL programming techniques. Emphasis is given to the SORT verb, multiple level tables and ISAM file access techniques. **Prerequisite: CIS402**

CIS421 4 3 2 0 0
COBOL – INTERMEDIATE VOC/TECH
COBOL VSE structured programming involving sequential disk, table processing and file update processing, using IBM ICCF text editor, VSE/ESA JCL on an IBM ES/900 Mainframe. **Prerequisite: CIS402**

CIS431 3 2 2 0 0
COBOL – ADVANCED VOC/TECH
ANS COBOL involving advanced editing programs, table processing, VSAM file process, programs linkage and report writer. **Prerequisite: CIS593 and 421**

CIS435 3 3 0 0 0
COBOL ON THE WORLD WIDE WEB VOC/TECH
Apply COBOL to the WWW using Net Express from Merant. Topics include CGI programs. Data access on the server, GUI development for HTML-based applications. **Prerequisite: CIS402**

CIS463 4 4 0 0 0
CICS VOC/TECH
Provides theory and working knowledge of telecommunication programming. Students will code programs using CICS. **Prerequisite: CIS431**

CIS485 6 4 4 0 0
PROGRAMMING PROJECTS- MAINFRAME VOC/TECH
Individual projects are assigned that require the student to apply the programming knowledge gained in prerequisite courses to the design and implementation of assigned business applications. **Prerequisite: CIS463**

CIS505 4 4 0 0 0
STRUCTURED SYSTEMS ANALYSIS VOC/TECH
Designed to acquaint the student with the various considerations in the design of a system. The course considers project initiation, fact gathering, procedures, forms, system implementation and evaluation. **Prerequisite: CSC110, CIS402**

CIS583 4 3 2 0 0
ASSEMBLER VOC/TECH
An introductory course in the syntax rules of assembler language programming. Business problems are analyzed and programmed. **Prerequisite: CIS593**

CIS588 3 3 0 0 0
COMPUTER ORGANIZATION VOC/TECH
This course focuses on the relationship between computing hardware and machine language instruction sets. Computer system and microprocessors will be examined along with supporting hardware and the organization of their instruction sets. Programming in assembly language is studied in detail. **Prerequisite: CIS125, 154**

CIS593 4 3 2 0 0
MAINFRAME OPERATIONS VOC/TECH
Provides an individual with a working knowledge of disk operating systems/virtual storage extended (DOS/VSE) job control language. **Prerequisite: CIS402**

CIS604 3 3 0 0 0
VISUAL BASIC VOC/TECH
An elementary course in the use of the visual BASIC programming language. The various commands will be presented; and students design, code and test several programs including file processing. **Prerequisite: CIS125 or equivalent**

CIS612 3 3 0 0 0
ADVANCED VISUAL BASIC GENERAL
"Applications" approach developed around data file programming. Manipulation of string variables, data entry, formats, error checking routines and SQL database processing. **Prerequisite: CIS604**

CIS720 3 3 0 0 0
HELP DESK OPERATIONS VOC/TECH
The purpose of this course is to provide students with a comprehensive understanding of the helpdesk environment and the knowledge, skills and abilities necessary to work in the user support industry. Students will learn problem-solving and communication skills that are very valuable when providing user support. Through hands-on exercises and case projects, students will learn how to apply their knowledge and develop their ideas and skills. They will also learn how to work individually and in teams that will prepare them for a team-oriented work environment. **Prerequisite: CSC110**

COM703 3 3 0 0 0
COMMUNICATION SKILLS VOC/TECH
Reading, writing, speaking and listening are studied as methods of exploring and evaluating technological advances in trades and industry. Adapting communication for different audiences, evaluating industry-related literature and basic business writing are emphasized.

CON333 5 5 0 0 0
MATERIALS/CONSTRUCTION THEORY VOC/TECH
An introduction to the materials used in the construction industry and the methods involved in the application of these building materials.

CON334 7 0 15 0 0
CONSTRUCTION TECHNIQUES VOC/TECH
A practical "hands-on" introductory experience that covers the construction process including rough and finish carpentry.

CON336 1 0 2 0 0
CARE/USE OF HAND/POWER TOOLS VOC/TECH
Proper care, use and selection of hand and power tools with an emphasis on maintenance and safety.

CON337 1 0 2 0 0
CONSTRUCTION BLUEPRINT READING VOC/TECH
Fundamentals of blueprint reading designed to allow the student to translate plans into practical job experiences.

CON338 1 0 2 0 0
MATERIALS TAKEOFF VOC/TECH
A study of the techniques needed to create a materials list by reading a blueprint. CON337 should be taken concurrently with or prior to this course.

CON341 2 1 2 0 0
CONSTRUCTION DRAFTING & DESIGN VOC/TECH
An introduction to the fundamentals of design and basic drafting methods. Includes the preparation of the blueprint used to construct the student-built project. **Prerequisite: CON337**

CON342 3 0 7 0 0
INTERIOR TRIM PRACTICES VOC/TECH
Advanced lab experience that emphasizes complex finish skills. The student will be able to demonstrate the skills and work habits necessary to complete tasks in a safe manner and to adapt previously learned skills to complete more complex building tasks. **Prerequisite: CON334**

CON346 4 1 6 0 0
CONCRETE SYSTEMS & FORMING VOC/TECH
An introduction to concrete as a material; concrete design, placement and finish. Identification and application of forming systems will be studied in the classroom and applied in the lab. **Prerequisite: CON336**

CON480 5 0 10 0 0
CONST. PROCEDURE/APPLICATION I VOC/TECH
This course includes footings, drainage, foundation, basement insulation and decking. (5-week session). **Prerequisite: CON333, 346, 342**

CON481 5 0 10 0 0
CONST PROCEDURE/APPLICATION II VOC/TECH
Course includes exterior wall construction, interior wall construction, ceiling joist framing, rafter framing, exterior trim, window installation and roofing. (5-week session). **Prerequisite: CON480**

CON482 5 0 10 0 0
CONST PROCEDURE/APPLICATION III VOC/TECH
Course includes concrete flatwork, insulation, drywall application, cabinet work and interior trim. (5-week session). **Prerequisite: CON481**

CRJ100 3 3 0 0 0
INTRO TO CRIMINAL JUSTICE GENERAL
An in-depth examination of the three components of the criminal justice system and the roles they play in society.

CRJ101 3 3 0 0 0
ETHICS IN CRIMINAL JUSTICE OPEN
Focuses on philosophical and theoretical issues and analyzes research findings to determine their implications for future practice. The student will learn how to identify and confront difficult ethical decisions they are likely to face in their daily routines.

CRJ107 3 2 2 0 0
SURVEY/CRIMINAL JUSTICE AGENCIES OPEN
Study of the criminal justice system through an examination of actual agencies, focusing on theoretical versus real roles and functions of the agencies. Includes on-site visits. **Prerequisite: 24 hours of CRJ courses or instructor permission**

CRJ108 – ADJUNCT 3 3 0 0 0
ORIENTATION TO PUBLIC SAFETY VOC/TECH
An introduction to the three areas of public safety: law enforcement, corrections and firefighting. This course covers the internal organization culture, the changing external culture and public safety work requirements. The course involves observing and riding with police officers, community corrections officers, visiting a correctional facility and touring a firefighter's work area.

CRJ109 3 3 0 0 0
THEORIES OF INTERVIEWING OPEN
The process of gathering information from others: the interviewee, the setting, types of questions, non verbal communication, deception and theories of communication.

CRJ119 3 3 0 0 0
COMMUNITY RELATIONS OPEN
Examination of the role of criminal justice personnel in a democratic society; emphasis on ethical uses of discretion, analysis of officer stress and the popular perceptions of the criminal justice system.

CRJ130 3 3 0 0 0
CRIMINAL LAW GENERAL
An examination of the elements of offenses and the procedural safeguards in the criminal process.

CRJ132 3 3 0 0 0
CONSTITUTIONAL LAW GENERAL
A study of the application of constitutional principles to social and political questions including the powers of the national government versus state government through focus on the incorporation issue, examination of the evolution of civil liberties guarantees.

CRJ136 3 3 0 0 0
CORRECTIONAL LAW OPEN
Law in the field of corrections: procedural and substantive rights of both convicts and the state, "good time" detainers, multiple sentences and double jeopardy. Emphasis on sentencing and classification; efforts to reduce sentencing disparity.

CRJ137 3 3 0 0 0
JUVENILE LAW GENERAL
The social and legal aspects plus theories of juvenile delinquency, examination of procedures, legislation, juvenile court and prevention programs.

CRJ141 3 3 0 0 0
CRIMINAL INVESTIGATION OPEN
Rudiments of criminal investigation: techniques, principles, problems, sources of information and evidentiary processes.

COURSE DESCRIPTIONS

CRJ147　3 3 0 0 0
CRIMINAL INVESTIGATION II　OPEN
An in-depth study of investigative techniques as applied to specific offenses. Courtroom presentation will also be emphasized.

CRJ204　3 3 0 0 0
INTRODUCTION TO SECURITY　OPEN
Fundamental principles and practices of physical security, internal security, defense systems and fire safety are discussed in detail. Specific problems in hospital, transportation, retail and computer security are analyzed.

CRJ222　3 3 0 0 0
CORRECTIONAL TREATMENT METHODS　OPEN
Institutional options for preventing recidivism. Introduction to therapeutic techniques. Comparison of punishment, Freudian treatments and behavior modification systems. Student presentation required.

CRJ229　3 3 0 0 0
PENOLOGY　OPEN
Social organization and goals of correctional programs. Principles of institutional corrections and the social structure within institutions. Examination of noninstitutional alternatives include probation and parole.

CRJ248　3 3 0 0 0
SCIENTIFIC INVESTIGATION　OPEN
An introduction to investigative techniques that stresses the identification and examination of physical evidence from the time of its discovery until a final disposition by the courts.

CRJ932　3 0 0 0 12
INTERNSHIP　OPEN
Involves one-hundred fifty hours of active internship for students in an agency other than one in which they may be employed. Synthesis paper required. (P/F) **Prerequisite: 24 hrs of CRJ courses with minimum grade of C in each, CRJ107**

CRR101　2 0 4 0 0
SHEET METAL WELDING　VOC/TECH
Basic skills will be developed in oxygen-acetylene fusion welding and flame cutting. Gas Metal Arc (MIG) welding equipment; and attain basic understanding of procedures related to auto collision area. Safety is emphasized.

CRR150　1 1 0 0 0
BASIC SHOP SAFETY　VOC/TECH
A course designed to acquaint the student with the hazards in an auto collision facility. Emphasis on EPA regulations, OSHA guidelines and personal health and safety in the shop area.

CRR202　3 2 2 0 0
PLASTIC REPAIR　VOC/TECH
The wide variety of solid plastics, flexible panels, plastic compounds and reinforced plastic panels now used in automobile manufacturing require separate repair procedures. Repair, replacement and refinishing of the substrates will be studied in classroom and lab. **Prerequisite: CRR841**

CRR325　5 2 6 0 0
SHEET METAL FUNDAMENTALS　VOC/TECH
Automobile design, the materials used in construction, collision and corrective forces and procedures for repair and services are analyzed through class and lab study. **Prerequisite: CRR101 must be taken concurrently with or prior to this course.**

CRR502　2 1 2 0 0
FRAME DAMAGE ANALYSIS　VOC/TECH
Unibody design and construction has created a need for methods of damage analysis, gauging, measuring and sequencing total collision repair. This course emphasizes these new technologies.

CRR655　5 1 8 0 0
ADVANCED COLLISION REPAIR　VOC/TECH
This course builds upon the knowledge and skill in previous auto collision courses to prepare the student to diagnose and repair conventional frame and unibody structural components. The theory and operating principles of unibody structural components will be emphasized. Lab instruction on late model vehicles will be included. **Prerequisite: CRR502, CRR101**

CRR742　2 1 2 0 0
ESTIMATING THEORY　VOC/TECH
Vehicle damage estimating skills are needed to provide a written report. This report can then be used as a repair guide, a legal document, an analysis report and for business evaluation. Ability to use estimating guides and write estimates accurately will be emphasized.

CRR760　2 2 0 0 0
ADVANCED ESTIMATING　VOC/TECH
Estimating, customer relations and service selling are all important skills of ownership and managership. Hand and computer estimates will be written. Labor, parts and material cost and profits will be studied. Customer and employee relations will be studied. **Prerequisite: CRR742**

CRR841　5 3 4 0 0
PRINCIPLES OF REFINISHING　VOC/TECH
This course will give the student an overall understanding of the complexities of today's auto refinishing. Developing industry standard preparation habits and spray painting skills with various chemicals will be studied.

CRR876　6 3 6 0 0
REFINISHING PRODUCTION　VOC/TECH
Industry application of colors and clear coats require the latest information on repair and refinishing of today's vehicles. This course covers the latest manufacturer's preferred methods for repair using current colors and chemicals. Color matching will be emphasized. **Prerequisite: CRR877, 202**

CRR877　7 3 8 0 0
REFINISHING APPLICATIONS　VOC/TECH
This course covers the application techniques and equipment used in auto collision repair shops for refinishing and will deal with potential problems with chemicals. Sheet metal and plastic parts repair and replacement in preparation for painting will also be studied in the lab. Shop and personal safety will be emphasized. **Prerequisite: CRR841**

CSC110　3 2 2 0 0
INTRO TO COMPUTERS　OPEN
Presents the basic concepts of computers and the effect that computers are having and will continue to have, in the future. Incorporates theory as well as hands-on practice. Includes an introduction to Windows, Word, Excel, Access and the Internet.

DEA253　4 4 0 0 0
DENTAL SCIENCE I　VOC/TECH
Introduction to the various sciences necessary for the dental assistant. Microbiology and oral pathology are covered. **Prerequisite: DEA256 must be taken concurrently with or prior to this course**

DEA256　2 2 0 0 0
DENTAL ANATOMY　VOC/TECH
The study of head, neck and dental anatomy is combined to give the student background information for application in dental assisting courses.

DEA263　2 2 0 0 0
DENTAL SCIENCE II　VOC/TECH
A continuation of Dental Science I. Emphasis on effects of drugs and emergency procedures. **Prerequisites: CPR certification DEA253, 256**

DEA297　1 1 0 0 0
ETHICS/JURISPRUDENCE SEMINAR　VOC/TECH
Continuation of DEA591. Also includes the study of the ethics and legal responsibilities of the dental profession, as well as the functions and jurisprudence of the auxiliary personnel. **Prerequisite: Second semester standing in Dental Assisting program. Corequisite: DEA577**

DEA321　2 1 2 0 0
DENTAL RADIOGRAPHY II　VOC/TECH
A continuation of Dental Radiography I. Weekly seminars for basic interpretation of radiographs and laboratory experience to develop student competence in making oral radiographic surveys. **Prerequisite: DEA253, 256, 507, DHY161**

DEA424　1 0 2 0 0
DENTAL MATERIALS LAB　VOC/TECH
Through laboratory experience, the student learns techniques in preparation and utilization of dental materials. **Prerequisite: DEA256**

DEA507　6 4 4 0 0
PRINCIPLES OF DENTAL ASSISTING　VOC/TECH
Basic concepts of chairside assisting are covered with emphasis on the role of the team in delivery systems. Terminology, instruments, equipment and basic procedures are covered. **Prerequisite: DEA253, 256, 424; DHY221 must be taken concurrently with or prior to this course.**

DEA576　3 0 0 0 12
DENTAL ASSISTING CLINIC I　VOC/TECH
Application of knowledge and skills as students rotate through dental offices, clinics and hospital clinics. General and specialty practices are included in rotations. **Prerequisites: Current CPR certification DEA253, 256, 507, 424, DHY221, 161; Corequisite: DEA591**

DEA577　4 0 0 0 16
DENTAL ASSISTING CLINICAL II　VOC/TECH
Continuation of DEA576. **Corequisite: DEA297**

DEA591　1 1 0 0 0
DENTAL ASSISTING SEMINAR　VOC/TECH
Discussion and problem-solving from clinical practice. Provides an awareness of types of office situations and discussion of clinical aspects of dental assisting and dentistry. Oral reports and weekly evaluations are required. **Prerequisite: DEA253, 256, 507, 424, DHY221, 161; Corequisite: DEA576**

DEA615　5 3 4 0 0
CLINICAL DENTAL ASSISTING　VOC/TECH
A continuation of Preclinical Dental Assisting (DEA507) with emphasis on operative dentistry, dental specialties and advanced functions. The laboratory phase develops students' competencies in clinical assisting. **Prerequisites: DEA253, 256, 507, 424; DHY221, 161**

DEA702　2 2 0 0 0
DENTAL OFFICE PROCEDURE　VOC/TECH
Covers the business aspects of the dental office: patient relations, appointment book management, financial records, telephone communications, credits and collections, dental insurance, tax records, supply and inventory systems. **Prerequisite: 35 wpm keyboard skills and computer literacy**

DHY114　4 4 0 0 0
DENTAL HYGIENE ANATOMICAL SCIENCES　OPEN
Programmed dental anatomy supplemented by lectures, quizzes and discussions on the development, morphology and function of the teeth. Anatomy and physiology of the head and neck include mastication. **Prerequisite: BIO164**

DHY121　2 2 0 0 0
ORAL HISTOLOGY & EMBRYOLOGY　OPEN
General and oral histology beginning with a consideration of cytology, which is followed by a study of the fundamentals of oral embryology and normal microscopic anatomy of oral tissues. **Prerequisite: BIO164**

DHY133　3 3 0 0 0
PHARMACOLOGY　OPEN
The study of drugs and their action on living tissue including their use as an aid in the diagnosis, treatment and prevention of disease or to control or improve any physiological or pathological condition. **Prerequisite: CHM132, DHY114, 181, 182**

DHY141　3 3 0 0 0
GENERAL & ORAL PATHOLOGY　OPEN
Basic concepts of diseases process and the oral manifestations of inflammation, degenerative changes, neoplasms and developmental anomalies of the oral cavity. **Prerequisite: BIO164, DHY121, 114**

DHY161　3 2 2 0 0
ORAL RADIOLOGY　OPEN
Lecture includes radiation physics, biological effects, radiation safety and protection, properties of x-ray film and techniques of exposing, processing, mounting and evaluating film. Laboratory experiences develop competence in exposing, processing, mounting and evaluating radiographs. **Corequisite: DEA256 and DEA507 or DHY114**

DHY164　2 1 2 0 0
DENTAL RADIOLOGY II　OPEN
A continuation of Dental Radiography I. Weekly seminars in basic interpretation of radiographs and laboratory experience to develop student competence in taking oral radiographic surveys. **Prerequisite: DHY161; Corequisite: DHY182**

DHY170　2 2 0 0 0
PRINCIPLES OF DENTAL HYGIENE　OPEN
Basic principles of clinical dental hygiene are introduced. The etiology of deposits and their effect on oral tissue and the theory and techniques of Instrumentation in removal of deposits are emphasied, in the practicum portion. **Prerequisite: BIO154, CHM122; Corequisite: DHY171**

DHY171　3 0 6 0 0
PRINCIPLES OF DENTAL HYGIENE PRACTICUM　OPEN
Introduction to the clinical practice of dental hygiene. **Prerequisite: BIO164, CHM122 Corequisite: DHY170**

COURSE DESCRIPTIONS

DHY181   2 2 0 0 0
DENTAL HYGIENE I   OPEN
A continuation of the instrumentation techniques. Emphasis is placed on patient assessment and principles of patient education in chairside instruction. Topics also include polishing techniques, topical application of fluoride and supplementary procedure. **Prerequisite: DHY170, 171; Corequisite: DHY182**

DHY182   4 0 8 0 0
CLINICAL DENTAL HYGIENE I   OPEN
See DHY 181. **Prerequisite: DHY170, 171; Corequisite: DHY181, 164**

DHY211   2 2 0 0 0
PERIODONTOLOGY   OPEN
The clinical characteristics, histopathology, etiology, and treatment of periodontal diseases are presented. Special emphasis is placed on the role of the dental hygienist in the prevention and management of periodontal diseases. **Prerequisite: DHY121, 181, 182; Corequisite: DHY282**

DHY221   2 2 0 0 0
DENTAL MATERIALS   OPEN
A study of materials utilized in the practice of dentistry. Properties of dental materials and ADA requirements are presented. **Corequisite: DEA256 and DEA424 or DHY114 and DHY223 must be taken concurrently with or prior to this course.**

DHY223   1 0 2 0 0
DENTAL MATERIALS LAB   OPEN
Through laboratory experience the student learns techniques in preparation and utilization of dental materials. **Corequisite: DHY221**

DHY232   4 4 0 0 0
NUTRITION/ PREVENTIVE
DENTISTRY   OPEN
Lecture-discussion course relating the nutrients and their effects on general and oral health throughout the life cycle. An introduction to the principles of counseling and instruction in preventive dentistry necessary to maintain optimum oral health. **Prerequisite: BIO164, CHM132**

DHY234   1 1 0 0 0
NUTRITION/DENTAL COUNSELING   OPEN
A combined teaching, learning and practice course emphasizing the identification and analysis of diet as it relates to dental health. Students will evaluate caries and periodontal disease risk levels and perform counseling and instruction in elements of nutrition as they relate to the prevention of dental disease. **Prerequisite: BIO164, CHM132, HCM236**

DHY251   3 2 2 0 0
COMMUNITY ORAL HEALTH   OPEN
The course relates the concepts of dental public health and preventive dentistry including principles of biostatistics, epidemiology, dental manpower and delivery systems. Students plan, implement and evaluate a community dental health project. **Prerequisite: DHY261**

DHY261   3 2 2 0 0
DENTAL HEALTH EDUCATION   OPEN
An introduction to the principles of instruction in health care. The course will inlude developing, presenting, evaluating dental health education programs for public schools and community groups. **Prerequisite: DHY170, 171**

DHY281   2 2 0 0 0
DENTAL HYGIENE II   OPEN
A continuation of clinical practices. Further instruction and application in techniques for a complete oral prophylaxis and Phase 1 therapy. Topics include air polishing. **Prerequisite: DH181, 182; Corequisite: DHY282**

DHY282   2 0 0 6 0
CLINICAL DENTAL HYGIENE II   OPEN
Implementation of evidence-based dental hygiene care. **Prerequisite: DHY181, 182; Corequisite: DHY281**

DHY291   2 2 0 0 0
DENTAL HYGIENE III   OPEN
A continuation of clinical practices. Topics include dental hygiene care for individuals with special needs, care planning, third-party payment applications, substance abuse, and dependent adult abuse. **Prerequisite: DHY281, 281; Corequisite: DHY292**

DHY292   5 0 0 1 5 0
CLINICAL DENTAL HYGIENE III   OPEN
Implementation of evidence-based dental hygiene care. **Prerequisite: DHY281, 282 Corequisite: DHY291**

DHY301   2 2 0 0 0
DENTAL HYGIENE IV   OPEN
A continuation of clinical practices. Legal, ethical and mangement aspects of the dental care system are considered. Career alternatives and job seeking skills are demonstrated. **Prerequisite: DHY292, 291; Corequisite: DHY302**

DHY302   5 0 0 1 5 0
CLINICAL DENTAL HYGIENE IV   OPEN
Implementation of evidence-based dental hygiene care. **Prerequisite: DHY292, 291; Corequisite: DHY301**

DRA101   3 3 0 0 0
INTRODUCTION TO THEATRE   CORE
A survey of the elements and techniques of theatre with emphasis on acting, directing and playwriting. Attendance at dramatic production encouraged.

DRA130   3 3 0 0 0
ACTING I   GENERAL
Training of the body, voice and mind as acting instruments. Course includes acting exercises, scene analysis and performance.

DRA147   3 3 0 0 0
CREATIVE DRAMA SCHOOL/REC   GENERAL
Elements of improvisational acting. Students will learn approaches for participating in as well as leading creative drama activities.

DRA945   2 0 4 0 0
PRACTICUM I   GENERAL
Practical experience in acting, directing and stage design. Students will be involved in all stages of production, from auditions to final performance. May be repeated for up to eight semester hours of credit.

DRA946   3 0 6 0 0
PRACTICUM II   GENERAL
See DRA945

DRA948   4 0 8 0 0
PRACTICUM III   GENERAL
See DRA945

DSL145   5 1 8 0 0
BASIC ELECTRICITY   VOC/TECH
An introduction to basic electricity and electronic principles that apply to diesel-powered equipment. Systems and components covered include starting, charging, lighting and accessories.

DSL155   4 1 6 0 0
ADVANCED ELECTRICITY   VOC/TECH
The electrical circuitry on diesel-powered equipment is covered. Included are troubleshooting, diagnosing and repair procedures. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: DSL145**

DSL356   6 1 1 0 0 0
DIESEL ENGINES I   VOC/TECH
Instruction provided in the technical and nontechnical aspects of diesel engines. This information will give the students the basic understanding needed to continue in the Diesel Mechanic program.

DSL366   6 1 1 0 0 0
DIESEL ENGINES II   VOC/TECH
Instruction in diagnosing problems and the nature of repairs needed. Information on preventive measures to eliminate failures. **Prerequisite: DSL356**

DSL407   6 1 1 0 0 0
DIESEL FUEL SYSTEMS   VOC/TECH
The student will be introduced to basic fuel systems principles and operational theory of some commonly used systems as well as general repair and diagnostic procedures. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: DSL366**

DSL409   5 2 6 0 0
DIESEL ELECTRONICS   VOC/TECH
A study of electronic fundamentals, lab work with electronic components and testing equipment. Diesel engines that are computer controlled are used in lab to demonstrate applications of electronics on diesel power that meet demands of the future. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: DSL145**

DSL546   6 2 8 0 0
POWER TRAINS I   VOC/TECH
Class and lab activities in the design and operation of drive train components including clutches, manual transmissions, drive lines, rear axles and wheel bearings.

DSL555   5 1 8 0 0
POWER TRAINS II   VOC/TECH
Instruction will include the basics of automatic transmissions, power shift transmissions, final drives and hydrostat drives. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: DSL546, 605**

DSL605   5 1 8 0 0
HYDRAULICS & BRAKES   VOC/TECH
The study of basic mobile hydraulics. Introduces principles, components, fluid systems and circuits of hydraulic systems. Vehicle braking includes study of hydraulic and air brake systems.

DSL733   3 1 4 0 0
AIR CONDITIONING   VOC/TECH
A course on basic air conditioning theory and design. Emphasis will be placed on various system controls and on service operations.

DSL830   5 1 8 0 0
OPERATION & MAINTENANCE   VOC/TECH
Instruction in the proper methods of maintaining all equipment. Safety will be emphasized.

DSL845   5 1 8 0 0
HEAVY EQUIPMENT REPAIR   VOC/TECH
Instruction in the repair and service of equipment relating to the heavy equipment industry. This includes all phases normally done in a general repair shop. Instruction is given under structured lab and field conditions. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: DSL366, 546, 605, 145**

DSL855   5 1 8 0 0
TRUCK REPAIR   VOC/TECH
Instruction in the repair and service of equipment relating to the trucking industry. This includes all phases normally done in a general repair shop. Instruction is given under structured lab and field conditions. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: DSL366, 546, 605, 145**

DTM350   1 1 0 0 0
HEALTH FIELD   VOC/TECH
Roles of dietary personnel in health facilities, state and federal guidelines. Explore managerial aspects within facilities.

DTM351   1 0 2 0 0
FOOD PREPARATION   VOC/TECH
Basic principles and development of techniques as they apply to preparation of each food group, criterion for evaluating product quality, laboratory experience.

DTM352   2 2 0 0 0
SANITATION/MEAL SERVICE   VOC/TECH
Methods of efficiently serving safe, pleasing food. An awareness of sanitation will be created for all areas of food service.

DTM353   1 1 0 0 0
NUTRITION LIFE CYCLE   VOC/TECH
An in-depth study (social, physiological and psychological need) of residents from infancy to geriatric. Explore the therapeutic role of food.

DTM354   1 1 0 0 0
MODIFIED DIETS   VOC/TECH
Assessment of special diets, using approved diet manual, a review of food guidelines and hints for making modified diets more appetizing.

DTM355   1 1 0 0 0
FOOD PRODUCTION MANAGEMENT   VOC/TECH
Total production needs, equipment layout, work methods, food storage, food preparation, service, sanitation and use of computers in food service.

DTM356   2 2 0 0 0
FOOD SERVICE MANAGEMENT   VOC/TECH
The management functions required to organize and maintain an efficient, quality dietary department are developed.

DTM361   1 0 0 0 4
FOOD PREP FIELD EXPERIENCE   VOC/TECH
Application and evaluation of food preparation in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

COURSE DESCRIPTIONS

DTM362   1 0 0 0 4
SANITATION/MEAL SERVICE
FIELD EXP   VOC/TECH
Application/evaluation of sanitation and meal service in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

DTM363   1 0 0 0 4
NUTRITION LIFE CYCLE FIELD EXP   VOC/TECH
Application/evaluation of nutritional aspects in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

DTM364   1 0 0 0 4
MODIFIED DIET/FIELD EXPERIENCE   VOC/TECH
Application/evaluation of modified diets in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

DTM365   1 0 0 0 4
FOOD PRODUCTION FIELD
EXPERIENCE   VOC/TECH
Application/evaluation of food production in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

DTM366   1 0 0 0 4
FOOD SERVICE MGMT FIELD
EXPERIENCE   VOC/TECH
Application/evaluation of food service management in health care facility. Practical experience in selected health care facility supervised by a registered dietitian. (P/F)

ECE101   1 1 0 0 0
INTRO TO EARLY CHILDHOOD
EDUCATION   OPEN
Course prepares students for employment in the field of early childhood education. State of Iowa child care center licensing/day care home registration requirements are reviewed. Basic job skills are discussed. Training requirements for universal precautions/infectious disease control and mandatory reporting of child abuse are met.

ECE121   2 2 0 0 0
PROFESSIONAL RELATIONSHIPS   OPEN
Course designed to give students an overview of expected professional behaviors and responsibilities as a member of an early childhood team. Focus on relationships with parents, communication skills with parents and coworkers, job-seeking skills, job performance and professional associations and educational opportunities.

ECE130   1 1 0 0 0
EMERGENCY CARE   OPEN
Cardiopulmonary resuscitation according to Iowa Heart Guidelines. Childhood diseases, immunization laws and environmental safety for children are discussed. Designed for day care personnel. Certificate for first aid and CPR awarded upon successful completion. Course may be repeated for a maximum of 3 credits.

ECE133   3 3 0 0 0
CHILD HEALTH, SAFETY
& NUTRITION   OPEN
Provision of a safe and healthy environment for young children in a group setting. Specifically covered are nutrition analysis, menu planning, indoor and outdoor safety principles and assessments, health assessments and policies and the care of children with chronic health problems.

ECE147   1 1 0 0 0
ASSESS PLAN - YOUNG CHILDREN   OPEN
Course presents students with individually and developmentally appropriate assessment and planning skills for the care and early education of children in a variety of inclusive settings. Curriculum planning approached through the use of emergent curriculum concepts, thematic approaches, webbing, curriculum strands and individual education plans and individual family service plans.

ECE148   2 2 0 0 0
GROUP EXP. FOR EC PROGRAMS   OPEN
Topics include assessment, planning and presentation of individually and developmentally appropriate small and large group activities for an inclusive program for preschool age children. Areas of focus include language, music, movement and literature.

ECE149   3 3 0 0 0
CURRICULUM - PRESCHOOL
CHILDREN   OPEN
Planning of developmentally and individually appropriate activities for children three through five years of age. Planning of activities to enhance development in the curricular areas of art, sensory, dramatic play, science, math, literacy, motor and cognitive skills.

ECE173   3 3 0 0 0
EARLY CHILD DEVELOPMENT   OPEN
Course covers typical and atypical development of children from birth through eight years of age in the areas of physical/motor, language/cognitive and social/emotional growth. Emphasis is placed on the effects of interactions between child, family and society within a variety of cultural contexts.

ECE220   3 3 0 0 0
INFANT/TODDLER CARE
& EDUCATION   OPEN
Course focuses on best practices for care and education of children birth through two years of age in an integrated setting. Health, safety, cultural, and communication issues as well as developmentally appropriate activities are covered.

ECE242   2 2 0 0 0
EARLY CHILDHOOD GUIDANCE   OPEN
Course covers various philosophies of and techniques for the application of developmentally and individually appropriate guidance for typically and atypically developing young children.

ECE265   3 0 0 9 0
STUDENT PARTICIPATION I   OPEN
Participation with children in the inclusive day care center on campus under the supervision of a lead teacher. Students have limited responsibilities for curriculum planning. Daily student-teacher conferences are held. **Prerequisite: Enrollment in or completion of a minimum of 8 credits of early childhood education or permission of instructor**

ECE266   3 0 0 9 0
STUDENT PARTICIPATION II   OPEN
A continuation of Student Participation I in which students assume full responsibility for day care center on campus under the supervision of a lead teacher. **Prerequisite: Completion of 10 credits in Early Childhood Education including ECE265 (minimum of a 2.0 GPA in ECE265) or permission of instructor**

ECE267   3 0 0 0 12
EARLY CHILDHOOD ED
ASSOCIATE PRACTICUM   OPEN
Placement for the associate degree student in a community-based program for typically and atypically developing young children in an inclusive setting. The practicum is designed to further build competencies necessary for employment and to develop competencies in the area of program administration. **Prerequisite: cumulative GPA of 2.0 in all early childhood courses, enrollment in or completion of ECE290. Prerequisite: ECE281**

ECE281   2 0 0 0 8
PRACTICUM   OPEN
Placement in a community-based program for typically or atypically developing young children in an inclusive setting. Emphasis is on the development of competencies necessary for employment in a similar setting. **Prerequisite: completion of 10 credits in Early Childhood Education (ECE) courses with a minimum of a 2.0 GPA or permission of instructor**

ECE290   3 3 0 0 0
EARLY CHILDHOOD
PROGRAM ADMIN.   OPEN
Course covers basic principles involved in setting up and administering an early childhood program. Emphasis placed on funding, bookkeeping, business procedures, insurance, enrollment and record keeping. Designed for second year students and persons interested in becoming a center director.

ECN120   3 3 0 0 0
PRINCIPLES OF MACROECONOMICS   CORE
This course is an introduction to basic macroeconomic concepts and principles. It deals with the problems of resource allocation, supply and demand, national income, employment, price levels, fiscal and monetary policy, money and banking systems and elements of global finance. ECN120 is not a prerequisite for ECN130.

ECN130   3 3 0 0 0
PRINCIPLES OF MICROECONOMICS   CORE
This course covers a survey of demand and supply conditions, cost structure, market structure and how these elements affect individual households, business firms, government and global trade. ECN120 is not a prerequisite for ECN130.

EDU213   3 3 0 0 0
INTRO TO EDUCATION   OPEN
Presents a broad overview of the field of education including foundations of American education, roles of teachers and students, history and philosophy and curriculum. Students will complete a 40-hour practicum at the elementary, middle, or high school level. Recommended for students who plan to major in education.

EDU218   2 0 0 0 8
INITIAL FIELD EXPERIENCE   OPEN
Provides opportunity to assist in the school as a teacher aide or to assess one's potential and interest in teaching as a career. **Prerequisite: EDU213**

EDU245   3 3 0 0 0
EXCEPTIONAL LEARNER   OPEN
A survey of exceptional learners in the classroom will be explored. History, philosophy, current issues, trends and mainstreaming will be discussed.

EGT110   2 2 0 0 0
ENGINEERING COMPUTATIONS   OPEN
This course includes the organization, solution and presentation of engineering problems. Topics include S.I. units and selected engineering topics. **Prerequisite: MAT130 must be taken concurrently with or prior to this course.**

EGT128   3 3 0 0 0
STATICS   OPEN
This course includes the vector and scalar analysis of coplanar and non-coplanar force systems, equilibrium concepts, friction, centroids, moments and products of inertia. Mohr's circle, radius of gyration, internal forces, shear and bending moment diagram. **Prerequisite: PHY213; Corequisite: MAT217 must be taken concurrently with or prior to this course**

EGT180   2 2 0 0 0
ENGINEERING FORTRAN   OPEN
The FORTRAN language in batch and interactive modes with an emphasis on solutions to engineering problems. **Prerequisite: MAT130 must be taken concurrently with or prior to this course.**

EGT185   2 2 0 0 0
ENGINEERING C/C++   OPEN
Learn to solve engineering problems by computer using the C/C++ language. Emphasis is placed on program logic, organization and numerical methods. **Prerequisite: MAT130 must be taken concurrently with or prior to this course.**

EGT190   4 2 4 0 0
ENGR GRAPHICS/CONCEPTUAL DESIGN   OPEN
An integration of conceptual design, engineering graphics and computer aided design. This course includes orthographic projection applied to three dimensional geometry and engineering drawing. Instrument and free hand application to an open ended project that includes a formal engineering report. **Prerequisite: MAT130 must be taken concurrently with or prior to this course.**

ELE141   3 2 2 0 0
ADVANCED MOTOR CONTROLS   VOC/TECH
Additional topics in industrial motor controls. Course includes wiring of AC & DC motors, power distribution, solid-state controls, proximity controls, and frequency drives. **Prerequisite: ELT303, ELT134**

ELT106   3 3 0 0 0
BASIC MATH FOR ELECTRONICS   VOC/TECH
Mathematics related to basic electronics. It includes basic algebra, right triangle trigonometry, scientific notation, with applications to DC and AC circuitry.

ELT108   4 4 0 0 0
MATH FOR ELECTRONICS
& COMPUTERS   VOC/TECH
Introduction to mathematical skills need by electronics/computer technicians.

ELT119   3 2 2 0 0
PROGRAMMABLE LOGIC
CONTROLLERS   VOC/TECH
This course covers PLC operation and programming techniques to include relay logic, timers, counters, sequencers, discrete I/O, analog I/O, networking, remote I/O, workstations, advanced programming techniques and interfacing with personal computers. **Prerequisite: ELT134**

COURSE DESCRIPTIONS

ELT125   3 2 2 0 0
ADVANCED PLC   **VOC/TECH**
This course is designed for the student who is already proficient with ladder logic, and the loading programs into PLCs. The course will introduce the student to both hardware and software operator control panels, analog sensor interfacing, analog programming, and exchange of data over networks. A hands-on lab component will give the student the opportunity to install, program, and troubleshoot networked PLC hardware.

ELT126   2 2 0 0 0
INDUSTRIAL ELECTRONICS   **VOC/TECH**
The devices and circuits used in thyristor control of machines are presented. It includes phase control of DC motors, triac control of AC motors, as well as various speed control circuits. **Prerequisite: ELT134**

ELT134   3 2 2 0 0
MOTOR CONTROLS   **VOC/TECH**
An introduction to industrial motor controls. During this course students will use ladder diagrams and control devices to implement practical control systems.

ELT143   3 2 2 0 0
MECHANISMS   **VOC/TECH**
Introductory course covers linear and angular displacement, velocities and accelerations of linkages, gear trains and belt and friction drives. Topics are vectors, simple and complex machines and toggle and intermittent motions mechanisms. **Corequisite: ELT144**

ELT144   2 0 4 0 0
MECHANISMS LAB   **VOC/TECH**
The principles of drives and linkages discussed in ELT143 are evaluated using precision components. Major principles evaluated are speed ratios, torque, power and efficiency. Lab projects are applications of principles of process control and robotics interfacing mechanical motion and energy requirements with programmable control concepts. **Corequisite: ELT143**

ELT158   3 3 0 0 0
NEC RESIDENTIAL   **VOC/TECH**
The basic principles of the NEC for layout and construction for residential wiring systems. Apply code rules to house wiring installations. Discuss security systems, fire and smoke detectors, low-voltage, and remote controls.

ELT159   3 0 6 0 0
NEC RESIDENTIAL LAB   **VOC/TECH**
Utilize the basic principles of the NEC for layout and residential electrical wiring systems. Apply code rules, using hands-on approach for residential electrical installations from simplistic to complicated circuit wiring.

ELT172   3 3 0 0 0
NEC COMMERCIAL/INDUSTRIAL   **VOC/TECH**
The basic principles of the NEC for layout and construction for commercial wiring and industrial wiring systems. Apply basics of wiring into the planning of typical commercial and industrial installations. Configure how load requirements are converted into branch circuits then into feeders, and into main electrical services.

ELT173   4 1 6 0 0
NEC COMMERCIAL/INDUSTRIAL LAB   **VOC/TECH**
Utilize the basic principles of the NEC for layout of commercial and industrial wiring systems. Apply code rules, using hands on approach for commerical and industrial electrical installations from simplistic to complicated wiring.

ELT174   2 2 0 0 0
ELECTRICAL GROUNDING   **VOC/TECH**
The understanding of grounding and eliminating the misconceptions when dealing with NEC requirements for installation.

ELT181   1 1 0 0 0
ADV. MATH FOR ELECTRONICS TECHNICIANS   **VOC/TECH**
This course is a continuation of concepts covered in Math for Electronics & Computers. Topical emphasis includes applications involving trigonomety of vectors and oblique triangles and logarithms. **Prerequisite: ELT108**

ELT209- ADJUNCT   3 3 0 0 0
MOTOR CONTROL   **VOC/TECH**
Troubleshoot electro-mechanical motor controls, gain an understanding of ladder diagrams. Students should have a general knowledge of electricity to take this course.

ELT303   3 2 2 0 0
PRINCIPLES OF ELECTRICITY   **VOC/TECH**
For beginners, theory, controlling electricity, voltage, amps, resistance, wattage, series and parallel circuits, DC and AC, batteries, electric lighting, generators and motors.

ELT307   2 2 0 0 0
DIGITAL CIRCUITS   **VOC/TECH**
An analysis of those circuits that form basic building blocks for a digital system to include logical gates, such as OR, NOR, AND NAND, storage registers and counters. **Corequisite: ELT308**

ELT308   2 0 4 0 0
DIGITAL CIRCUITS LAB   **VOC/TECH**
Laboratory evaluation of small-scale integrated circuits and medium-scale integrated circuits. In addition to basic and/or gates, it includes decoders, encoders, counters and multiplexers. **Corequisite: ELT307**

ELT325   3 3 0 0 0
DIGITAL ELECTRONICS   **VOC/TECH**
An analysis of those circuits that form basic building blocks for a digital system, to include logical gates, such as OR, NOR, and NAND, storage registers, counters and microprocessors. **Corequisite: ELT326**

ELT326   3 0 6 0 0
DIGITAL ELECTRONICS LAB   **VOC/TECH**
Laboratory evaluation of small-scale integrated circuits and medium-scale integrated circuits. In addition to basic and/or gates, it includes comparators, decoders, encoders, counters, multiplexers and microprocessors. **Corequisite: ELT325**

ELT368   3 3 0 0 0
DC & AC FUNDAMENTALS   **VOC/TECH**
An introductory course in DC and AC fundamentals. Subject matter includes Ohm's law, series and parallel circuits and measuring instruments.

ELT369   3 0 6 0 0
DC & AC FUNDAMENTALS LAB   **VOC/TECH**
This laboratory will enable the student to analyze basic L-C-R circuitry. Basic test equipment usage will also be presented. **Prerequisite: ELT368 must be taken concurrently with or prior to this course.**

ELT385   4 4 0 0 0
ELECTRIC CIRCUIT ANALYSIS I   **VOC/TECH**
An analytical introduction to direct and alternating current fundamentals essential in all phases of electricity and electronics. Topics covered include Ohm's law, Kirchoff's law, Thevenin-Norton and Superposition theorems, impedance, resonance, series and parallel circuits, resistors, capacitors, inductors, batteries and meters. **Corequisite: ELT386**

ELT386   2 0 4 0 0
ELECTRIC CIRCUIT ANALYSIS I LAB   **VOC/TECH**
Basic experiments in AC & DC circuit analysis including familiarization with basic test instruments, series and parallel circuits (using resistors, capacitors, inductors, batteries and power supplies) and applications of electrical laws and theorems. **Corequisite: ELT385**

ELT387   3 3 0 0 0
ELECTRIC CIRCUIT ANALYSIS II   **VOC/TECH**
Deals with principles and electrical properties of semi-conductor diodes, transistors, integrated circuits and integrated circuit amplifiers complete with mathematical analysis of equivalent circuits and their evaluation. **Prerequisite: ELT385, 386; Corequisite: ELT388**

ELT388   3 0 6 0 0
ELECTRIC CIRCUIT ANALYSIS II LAB   **VOC/TECH**
Analysis of solid state circuitry. Includes transistor and integrated circuit experiments. Linear amplifiers and active filters are evaluated. Students will attend a minimum of three industrial tours that may take place outside of regular class time. **Prerequisite: ELT385, 386; Corequisite: ELT387**

ELT389   3 1 4 0 0
FABRICATION TECHNIQUES   **VOC/TECH**
Rendering of isometric and orthographic projection drawings. Also soldering techniques, fabrication of sheet metal enclosures, production of printed circuit boards using photographic and etching methods.

ELT474   3 3 0 0 0
COMMUNICATIONS SYSTEMS   **VOC/TECH**
The analysis of communications systems including transmission and reception of AM and FM radio, television, satellite and microwave including antenna and transmission line theory. **Prerequisite: ELT387, 388; Corequisite: ELT475**

ELT475   3 0 6 0 0
COMMUNICATIONS SYSTEMS LAB   **VOC/TECH**
Laboratory experiments in radio, television, satellite and microwave systems including the construction and alignment of a broadcast radio receiver. **Prerequisite: ELT387, 388; Corequisite: ELT474**

ELT478   3 3 0 0 0
BASIC IMAGING DEVICES   **VOC/TECH**
Analysis of various imaging systems, including laser printers, copiers, fax machines, scanners and accessories such as document feeders and sorters, monitors, cameras, LCD displays. **Prerequisite: ELT387, 388; Corequisite: ELT479**

ELT479   3 0 6 0 0
BASIC IMAGING DEVICES LAB   **VOC/TECH**
Experience in troubleshooting, service and repair of copiers, laser printers, fax machines, scanners, peripherals, monitors, cameras, and LCD displays. **Prerequisite: ELT387, 388; Corequisite: ELT478**

ELT482   3 3 0 0 0
SECURITY SYSTEMS   **VOC/TECH**
Analysis of video monitoring systems, fire and intruder alarm systems, climate control systems. **Prerequisite: ELT781, 782 Corequisite: ELT483**

ELT483   4 0 8 0 0
SECURITY SYSTEMS LAB   **VOC/TECH**
Installation, maintenance and troubleshooting of various security systems. **Prerequisite: ELT781, 782 Corequisite: ELT482**

ELT484   3 3 0 0 0
MEDICAL ELECTRONICS SYSTEMS   **VOC/TECH**
This course trains the student in electrical safety testing and the repair, calibration and preventive maintenance of patient monitoring equipment such as ECG, blood pressure, defibrillators, ICU, CCU central station monitoring systems and respiratory instrumentation. Included will be a self-paced study of medical terminology. **Prerequisite: ELT781,782 Corequisite: ELT485**

ELT485   3 0 6 0 0
MEDICAL ELECTRONIC SYSTEMS LAB   **VOC/TECH**
Repair calibration and preventive maintenance of critical care, diagnostic, life support equipment in a "hands-on" environment. **Prerequisite: ELT781, 782; Corequisite: ELT484**

ELT611   2 2 0 0 0
MICROPROCESSORS   **VOC/TECH**
This course covers two major areas of microcomputers and microprocessors. The first is an investigation of the specific architecture of microprocessors and fundamental micro-computer hardware. The second area is software and studies specific assembly language instructions for common routines and program structures. **Prerequisite: ELT307, 308; Corequisite: ELT612**

ELT612   3 0 6 0 0
MICROPROCESSORS LAB   **VOC/TECH**
Includes experiments which exercise microprocessor instruction sets and microcomputer central processing units, memory, and I/O devices. Routines and subroutines are written in assembly language, assembled, down-loaded and tested. Students will participate in a minimum of four 2-hour job-shadowing experiences which may take place outside of regular class time. **Prerequisite: ELT307, 308; Corequisite: ELT611**

ELT643   3 3 0 0 0
PROCESS CONTROL INSTRUMENTATION   **VOC/TECH**
A comprehensive study of process control characteristics such as elements, modes and stability along with detailed knowledge of measurement technique, control mode implementation and final control element functions. In keeping with modern trends, the digital aspects of process control technology are stressed. **Prerequisite: ELT611, 612 or NET132; Corequisite: ELT644**

ELT644   2 0 4 0 0
PROCESS CONTROL INSTR LAB   **VOC/TECH**
This lab includes experiments on transducers used in process control, as well as experiments on proportional, integral and derivative control. **Prerequisite: ELT311, 612; Corequisite: ELT643**

COURSE DESCRIPTIONS

ELT652   4 2 4 0 0
COMPUTER REPAIR & NETWORKING   VOC/TECH
This course is designed for the student who is already proficient with computers and electronic circuitry. The course follows the recommendations of CompTia on the subject and materials to assist the student in learning about computer hardware and functions needed to pass the A Plus exam. A detailed study and hands-on lab component give the student the opportunity to install and troubleshoot computer and networking hardware. **Prerequisite: ELT387**

ELT721   2 1 2 0 0
ROBOTICS   VOC/TECH
Course provides an introduction to robotic fundamentals. The student will examine parameters of robot operation and program robots for various applications.

ELT725   2 1 2 0 0
INTRODUCTION TO FMS CELL   VOC/TECH
This course introduces the student to all aspects of a flexible manufacturing cell. It will familiarize the student with cell software and hardware. It includes labs on all cell components. **Prerequisite: ELT134, 119**

ELT781   2 2 0 0 0
ELECTRO-MECHANICAL SYSTEMS   VOC/TECH
The basic theories, concepts and principles of electro-mechanical devices such as relays, contactors and DC/AC motors will be covered, as well as the basic principles of mechanical relationships including gears, pulleys, belt drives, wheel and axle, inclined plane, screw, wedge and levers. Pneumatic devices such as compressors, motors, valves and actuators are covered. Basic sensors will also be covered. **Prerequisite: ELT387, 388; Corequisite: ELT782**

ELT782   2 0 4 0 0
ELECTRO-MECHANICAL SYSTEMS LAB   VOC/TECH
Application of the basic theories, concepts and principles of electromechanical devices. Projects are applications of principles used in business machines, security systems and medical electronics systems including construction of various examples of compound machines using wheel and axle, gears, levers and belt drives. Projects using basic sensors, pneumatic valves, cylinders and actuators will be constructed. Students will participate in a minimum of four 2-hour job-shadowing experiences which may take place outside of regular class time. **Prerequisite: ELT387, 388; Corequisite: ELT781**

ELT791   3 3 0 0 0
HYDRAULICS & PNEUMATICS   VOC/TECH
The basic principles of fluid power and the operation and application of fluid power components are introduced. Devices such as valves, linear and rotary actuator are evaluated in the laboratory. In addition, pneumatic position control servomechanisms are evaluated. **Corequisite: ELT792**

ELT792   2 0 4 0 0
HYDRAULICS & PNEUMATICS LAB   VOC/TECH
The basic principles of fluid power and the operation and application of fluid power components are introduced. Devices such as valves, linear and rotary activators are evaluated in the lab. **Corequisite: ELT791**

ELT816   2 2 0 0 0
SYSTEMS TROUBLESHOOTING   VOC/TECH
A study of electronic systems troubleshooting theory, methods and techniques. **Prerequisite: ELT478, 479, 474, 475, 482, 433; Corequisite: ELT817**

ELT817   3 0 6 0 0
SYSTEM TROUBLESHOOTING LAB   VOC/TECH
A "hands-on" experience troubleshooting and repairing a variety of electronic equipment such as copiers, security monitors and cameras, radio, television and satellite systems. **Prerequisite: ELT478, 479, 474, 475, 482, 433; Corequisite: ELT816**

ELT870   3 1 4 0 0
ELECTRONICS CAPSTONE PROJECT   VOC/TECH
This course provides hands-on experience in a significant design project involving technological competence, open-ended problem-solving, teamwork, and both written and oral communication skills. **Prerequisite: Successful completion of requirement of first 4 terms of Electronics, Robotics and Automation Program or instructor permission.**

ELT932   5 0 0 0 20
INTERNSHIP   VOC/TECH
A semi-structured experience in the student's chosen field working as an intern with a sponsoring organization. Student has the opportunity to network with professionals and employees in his field. Student will write a resume suitable for employment applications. **Prerequisite: Earn a grade of "C" or higher in courses pertaining to the student's chosen internship area. The courses pertaining to the internship areas are as follows: ELT474, 475; or 482, 483; or 478, 479; or 484, 485.**

EMS105 – ADJUNCT   1 0 2 0 0
IA LAW ENFORCEMENT EMERGENCY CARE   VOC/TECH
Designed to help Iowa Law Enforcement personnel gain the knowledge, skills and attitudes necessary to be a competent, productive and valuable member of the Emergency Medical Service team.

EMS112   3 2 2 0 0
FIRST RESPONDER   VOC/TECH
A 60-hour emergency care course that emphasizes life threatening emergencies, wounds, fractures, medical and environmental emergencies and other emergency situations as outlined by the U.S. Department of Transportation.

EMS210   6 4 4 0 0
EMERGENCY MEDICAL TECH BASIC   VOC/TECH
Prepares rescue personnel for the role and responsibilities of an EMT-B. Includes specific patient assessment and emergency treatment procedures. Students should be at least 18 years of age prior to course completion. State Health Department Certification Exam after successful course completion.

EMS311 – ADJUNCT   4 2 2 3 0
EMT INTERMEDIATE 85   VOC/TECH
An advanced EMT training program developed by the Iowa Dept. of Public Health, Bureau of EMS, which covers techniques of emergency medical care within the scope of responsibilities of the Iowa EMT Intermediate. **Prerequisite: Current certification by State of Iowa as EMT Basic, high school diploma or GED and evidence of successful completion of recognized health care provider CPR.**

EMS429 – ADJUNCT   6 4 4 0 0
EMT IOWA PARAMEDIC I   VOC/TECH
An advanced care EMT training program developed by US Dept. of Transportation and approved by the Iowa State Dept. of Public Health. Covers techniques and emergency medical care within the scope of responsibilities of the Iowa EMT Paramedic. **Prerequisite: Current certification by State of Iowa as EMT Basic or EMT Intermediate. High school diploma or GED. Evidence of successful completion of BCLS Health Care Provider CPR.**

EMS433 – ADJUNCT   7 5 4 0 0
EMT IOWA PARAMEDIC II   VOC/TECH
Continuation of EMT Paramedic I with emphasis on respiratory emergencies, diabetic and allergic reactions, poisonings, environmental, OB/GYN, neonatal and pediatric emergencies. **Prerequisite: Successful completion of EMS429 and current certification by State of Iowa as EMT Basic or EMT Intermediate. Current CPR Health Care Provider course completion.**

EMS438 – ADJUNCT   6 0 0 18 0
EMT IOWA PARAMEDIC III   VOC/TECH
Clinical and field experience that emphasizes skills, knowledge and theory acquired in EMS429 and EMS433. **Prerequisite: Successful completion of EMS433 and current certification by State of Iowa as EMT Basic or EMT Intermediate. Current CPR Health Care Provider course completion.**

ENG060   3 3 0 0 0
COLLEGE PREPARATORY WRITING I   COLLEGE PREP
Introduces students to writing at the basic sentence and paragraph levels including grammar, punctuation, spelling and editing techniques. Students then compose 3-4 essays. Preparation for ENG061 and ENG105. College Preparatory courses cannot be used to fulfill degree requirements.

ENG061   3 3 0 0 0
COLLEGE PREPARATORY WRITING II   COLLEGE PREP
Prepares students for college-level writing while reviewing sentence and paragraph patterns, mechanics and essay development. Explores writing purposes, audience and editing based on assignment criteria. Students write 4-6 essays. For students who have taken ENG060 or meet that course's objectives. Preparation for ENG105. College Preparatory courses cannot be used to fulfill degree requirements.

ENG104 – ADJUNCT   1 1 0 0 0
THE WRITING STUDIO   GENERAL
This course is a supplemental course to ENG105, Composition I. Online resources, evaluation of information validity, collaborative learning groups, peer group tutoring, organizational skills, revision skills, sentence structure and the standard rules of punctuation will be covered. This course must be taken concurrently with ENG105 and is intended for students with weak writing skills as identified by diagnostic testing.

ENG105   3 3 0 0 0
COMPOSITION I   CORE
Designed to help students read and write effectively. Exploration of the relationship of audience to writer and material. Emphasis on developing concrete detail to support main ideas. **Prerequisite: Satisfactory writing skills**

ENG106   3 3 0 0 0
COMPOSITION II   CORE
Expository and persuasive writing developed through critical reading. The course explores structure, style, research and documentation. **Prerequisite: ENG105**

ENG108   3 3 0 0 0
COMP II: TECHNICAL WRITING   CORE
A study of technical/business communication with emphasis on writing in the workplace. Course material includes written and oral communication to a variety of audiences in different situations. There will be special focus on individual career goals. **Prerequisite: ENG105**

ENG221   3 3 0 0 0
CREATIVE WRITING   GENERAL
An introduction to the techniques of writing poetry and fiction. Students will read the works of professional writers and apply the principles of imaginative writing to their own work.

ENG225 – ADJUNCT   3 3 0 0 0
CREATIVE WRITING: POETRY   GENERAL
A course devoted to the advanced study and writing of poetry, emphasizing the development of poetic techniques and an expanded understanding of contemporary poets and their work.

ENG230 – ADJUNCT   3 3 0 0 0
CREATIVE WRITING: FICTION   GENERAL
A course devoted to the advanced study and writing of fiction, emphasizing the development of narrative techniques and an expanded understanding of contemporary fiction writers and their work.

ENG235   3 3 0 0 0
PLAYWRITING & SCREENWRITING   GENERAL
A course devoted to the advanced study and writing of stage-worthy plays and/or marketable screen plays emphasizing appropriate techniques to each dramatic form and expanded understanding of contemporary practitioners.

ENV115   3 3 0 0 0
ENVIRONMENTAL SCIENCE   CORE
This course combines the basic principles of ecology with current environmental issues. Includes energy, land use, pesticides and pollution. Wildlife, fisheries, forestry, soil and water conservation practices are emphasized. Designed for the non-science major.

ENV116   1 0 2 0 0
ENVIRONMENTAL SCIENCE LAB   CORE
Lab supplements discussion course BIOL 118. Lab includes measurement of soil nutrients and water pollutants. Selected field trips deal with soil conservation, wildlife management, wastewater treatment and other aspects of environmental conservation. **Prerequisite: Enrollment in or prior completion of ENV115 or equivalent**

ENV160 – ADJUNCT   3 2 2 0 0
RESTORING PLANT COMMUNITIES   GENERAL
Introduction to restoration of native plant communities in Iowa. Identification of common native prairie, savanna, forest and wetland communities, common plants and animals. Identification of invasive plants. Field techniques for reestablishment and maintenance of native plant communities. Supervised field work at actual restoration sites. **Prerequisite: ENV115, 116, 138 or instructor permission.**

COURSE DESCRIPTIONS

ESL093 – ADJUNCT   3 2 2 0 0
HIGH INTER ESL LISTENING/
CONV SKILLS   **COLLEGE PREP**
For intermediate-level students to improve the accuracy of their pronunciation and to develop the listening and speaking skills needed to communicate in diverse settings. Classroom activities are supplemented by individualized listening and pronunciation exercises. College Preparatory courses cannot be used to fulfill degree requirements.

ESL094 – ADJUNCT   3 2 2 0 0
ADV ESL LISTENING/
CONVERSATION SKILLS   **COLLEGE PREP**
For advanced students to develop fluency in English and to improve the listening and conversation skills needed for careers and academic study. Classroom activities are supplemented by individualized listening and pronunciation exercises. College Preparatory courses cannot be used to fulfill degree requirements.

ESL095   3 2 2 0 0
COMMUNICATIVE GRAMMAR FOR ESL   **COLLEGE PREP**
This course provides nonnative speakers of English with intensive practice in advanced English grammar while promoting the development of communicative skills. Areas of instruction include tenses, passive voice, reported speech, conditions, etc. **Prerequisite: Minimum scores on the TOEFL or Michigan Test.** College Preparatory courses cannot be used to fulfill degree requirements.

ESL096   3 2 2 0 0
READING ENGLISH AS A
SECOND LANGUAGE   **COLLEGE PREP**
This course is designed for nonnative speakers of English. Reading comprehension skills are developed through vocabulary work, guided reading activities and discussion. Reading material is intellectually stimulating but not beyond the student's level of comprehension. Prerequisite: Minimum scores on the TOEFL or Michigan Test. College Preparatory courses cannot be used to fulfill degree requirements.

ESL097 – ADJUNCT   3 3 0 0 0
INTRO TO WRITING SKILLS-ESL   **COLLEGE PREP**
An introduction to the mechanics of word order and sentence patterns of English. Writing skills are designed to meet the needs of ESL students preparing to take basic writing. College Preparatory courses cannot be used to fulfill degree requirements.

FIN101   3 3 0 0 0
PRINCIPLES OF BANKING   **OPEN**
This course surveys the banking functions. It provides a comprehensive introduction to the diversified services offered by the banking industry today.

FIN121   3 3 0 0 0
PERSONAL FINANCE   **OPEN**
This course emphasizes family financial planning including financial statements, budgeting, taxes, risk management and retirement.

FIN180   3 3 0 0 0
INTRODUCTION TO INVESTMENTS   **OPEN**
Provides basic information to familiarize students with various investments including securities, options, commodities, tax shelters and other investment alternatives. Topics include analyzing investment opportunities, review of risks and returns, averages and indexes and analyzing securities.

FIN214   1 1 0 0 0
STOCKS, BONDS & INVESTMENTS   **OPEN**
This course explores personal investment in financial assets. Investing in stocks, bonds and mutual funds is the focus of investigation. Concepts, techniques and strategies related to realizing financial goals with these types of assets are considered.

FIR124   3 3 0 0 0
BUILDING CONSTRUCTION   **OPEN**
Study of building materials, components and design features with regard to their reactions under fire conditions. Course also includes interpretation of Life Safety Code and its application to proposed and existing structures. **Prerequisite: FIR230**

FIR138   3 3 0 0 0
PRINCIPLES OF FIRE PREVENTION   **OPEN**
This course is a survey of the principles of fire prevention. Students will learn to interpret and apply complex fire prevention regulations. Course covers traditional regulatory aspects and functions associated with fire prevention, the fire code process, plan review, inspections, and fire protection systems testing. The investigation process from the fire scene to the courtroom, and state and federal agencies involved in fire investigation are also covered. Other topics are the importance of fire prevention, records and recordkeeping, personnel, and financial management. **Prerequisite: FIR230, 152, 220**

FIR152   3 3 0 0 0
FIRE PROTECTION SYSTEMS   **OPEN**
An examination of devices and systems installed and utilized to support the fire service in the detection and suppression of fire. **Prerequisite: FIR230**

FIR182   3 3 0 0 0
HAZARDOUS MATERIALS   **OPEN**
This course concentrates on principles of response planning for incidents involving the manufacture, transportation, storage and use of hazardous materials, with the objective of minimizing harm to people, property and the environment. **Prerequisite: CHM122, FIR230**

FIR200   3 3 0 0 0
OCCUP S/H IN EMERGENCY SERVICES   **OPEN**
The firefighting profession is one of the most dangerous endeavors undertaken in the name of public service. The goal of this course is to enable firefighters to perform assigned tasks in a safe and effective manner, through an understanding of key Occupational Safety & Health Administration (OSHA) regulations and National Fire Protection Association (NFPA) standards.

FIR212   3 3 0 0 0
EMERGENCY SCENE MANAGEMENT   **OPEN**
Covers emergencies and incident command systems to maintain control in emergencies of fire suppression, mass casualty and hazardous materials. Information, logistics, press, finance, other areas are addressed in incident command system.

FIR220   3 3 0 0 0
PLANNING FOR FIRE PROTECTION   **OPEN**
This course is designed to help develop strategic plans for fire protection of an area, community, multiple building complex and single building. Through the use of data collection systems and other management tools, the student will be able to identify and analyze fire problems and develop alternative solutions.

FIR230   3 3 0 0 0
FIRE BEHAVIOR & INVESTIGATION   **OPEN**
Covers the behavior of fire in confined structures and the methods used to determine point of origin, cause and travel of fire within a structure.

FIR232   3 3 0 0 0
PROPERTY INSURANCE-
FRAUD INVESTIGATION   **OPEN**
Covers principles of property insurance and investigation of incendiary fires with an emphasis on the investigation of insurance fraud fires.

FIR290   4 0 0 0 16
FIRE FIGHTER I CERTIFICATION   **OPEN**
This course is a survey of the basic principles of firefighting as they relate to fire fighter professional qualifications. Especially emphasized are the basic skills needed to become accredited as a Fire Fighter I based on the National Fire Protection Association Standard NFPA 1001. Certification requires successful completion of approximately 120 contact hours of Fire Fighter I training, a written exam, a practical (skills performance) exam, and local documentation, all certified by a nationally recognized fire service accreditation agency.

FIR291   3 0 0 0 12
FIRE FIGHTER II CERTIFICATION   **OPEN**
This course is a survey of the basic principles of firefighting as they relate to firefighter professional qualifications. Especially emphasized are the basic skills needed to become accredited as a Fire Fighter II based on the National Fire Protection Association Standard NFPA 1001. Certification requires successful completion of approximately 86 contact hours of Fire Fighter II training, a written exam, a practical (skills performance) exam, and local documentation, all certified by a nationally recognized fire service accreditation agency. **Prerequisite: FIR290**

FLA141   4 4 0 0 0
ELEMENTARY ARABIC I   **CORE**
This course is an introduction to learning the Arabic language, with emphasis on acquiring basic skills in reading, writing and conversational communications. Thus, recognizing the Arabic alphabet will be strongly dealt with during the class as a basis for future Arabic classes.

FLA142   4 4 0 0 0
ELEMENTARY ARABIC II   **CORE**
Continue to acquire an elementary level of Arabic language skills of reading, writing, grammar and conversational communications. Reading and conversation will be emphasized. **Prerequisite: FLA141 or permission of instructor**

FLA241   4 4 0 0 0
INTERMEDIATE ARABIC I   **CORE**
Continue to acquire a higher level of Arabic language skills of reading, writing, grammar and conversational communications. Writing, grammar and conversation will be emphasized. **Prerequisite: FLA142 or permission of instructor**

FLA242   4 4 0 0 0
INTERMEDIATE ARABIC II   **CORE**
Continue to acquire a higher level of Arabic language skills of reading, writing, grammar and conversational communications. Writing, grammar and conversation will be emphasized within cultural context. **Prerequisite: FLA143 or permission of instructor**

FLC141   4 4 0 0 0
ELEMENTARY CHINESE I   **CORE**
Development of the basic skills of understanding, speaking, reading and writing Chinese. Grammar analysis, classroom conversational practice and some exploration of the Chinese culture.

FLC142   4 4 0 0 0
ELEMENTARY CHINESE II   **CORE**
Continued practice of the four basic skills and grammar analysis. Introduction of short prose selections with conversational emphasis. **Prerequisite: FLC141 or instructor permission**

FLC241   4 4 0 0 0
INTERMEDIATE CHINESE I   **CORE**
Review of essential grammatical construction emphasizing major areas of difficulty for English speakers. Use of Chinese cultural and literary materials to develop conversational skills. **Prerequisite: FLC142 or instructor permission**

FLC242   4 4 0 0 0
INTERMEDIATE CHINESE II   **CORE**
Continued review of grammatical constructions using Chinese cultural materials. Reading, writing and conversation will be emphasized in the context of cultural issues and current events. **Prerequisite: FLC241 or instructor permission**

FLF141   4 4 0 0 0
ELEMENTARY FRENCH I   **CORE**
An introduction to the basic skills in understanding, speaking, reading and writing French. Grammar analysis, classroom conversational practice and some exploration of French culture.

FLF142   4 4 0 0 0
ELEMENTARY FRENCH II   **CORE**
Continued practice of the four basic skills and grammar analysis begun in FLF 141. Introduction to short prose selections with conversational emphasis. **Prerequisite: FLF141 or permission of instructor**

FLF241   4 4 0 0 0
INTERMEDIATE FRENCH I   **CORE**
Review of essential grammatical constructions emphasizing major areas of difficulty for English speakers. Use of cultural and literary materials to develop conversational skills. **Prerequisite: FLF142 or permission of instructor**

FLF242   4 4 0 0 0
INTERMEDIATE FRENCH II   **CORE**
Continued review of grammatical constructions using cultural materials. Reading, writing and conversation will be emphasized in the context of cultural issues and current events. **Prerequisite: FLF242 or permission of instructor**

FLG141   4 4 0 0 0
ELEMENTARY GERMAN I   **CORE**
Development of the basic skills of understanding, speaking and writing German. Grammar analysis, classroom conversational practice and some exploration of the German culture.

FLG142   4 4 0 0 0
ELEMENTARY GERMAN II   **CORE**
Continued practice of the four basic skills and grammar analysis. Introduction of short prose selections with conversational emphasis. **Prerequisite: FLG141 or instructor permission**

COURSE DESCRIPTIONS

FLG241   4 4 0 0 0
INTERMEDIATE GERMAN I   CORE
Review of essential grammatical constructions empha-
sizing major areas of difficulty for English speakers. Use of
German cultural and literary materials to develop conver-
sational skills. **Prerequisite: FLG142 or instructor permis-
sion**

FLG242   4 4 0 0 0
INTERMEDIATE GERMAN II   CORE
Continued review of grammatical constructions using
German cultural materials. Reading, writing and conversa-
tion will be emphasized in the context of cultural issues
and current events. **Prerequisite: FLG241 or instructor
permission**

FLI141   4 4 0 0 0
ELEMENTARY ITALIAN I   CORE
Development of the basic skills of understanding,
speaking, reading and writing Italian. Grammar analysis,
classroom conversational practice and some exploration of
the Italian culture.

FLI142   4 4 0 0 0
ELEMENTARY ITALIAN II   CORE
Continued practice of the four basic skills and grammar
analysis. Introduction of short prose selections with
conversational emphasis. **Prerequisite: FLI141 or instructor
permission**

FLI241   4 4 0 0 0
INTERMEDIATE ITALIAN I   CORE
Review of essential grammatical constructions empha-
sizing major areas of difficulty for English speakers. Use of
Italian cultural and literary materials to develop conversa-
tional skills. **Prerequisite: FLI142 or instructor permission**

FLI242   4 4 0 0 0
INTERMEDIATE ITALIAN II   CORE
Continued review of grammatical constructions using
Italian cultural materials. Reading, writing and conversa-
tion will be emphasized in the context of cultural issues
and current events. **Prerequisite: FLI241 or instructor
permission**

FLJ141   4 4 0 0 0
ELEMENTARY JAPANESE I   CORE
Development of the basic skills of understanding,
speaking, reading and writing Japanese. Grammar
analysis, classroom conversational practice and some
exploration of the Japanese culture.

FLJ142   4 4 0 0 0
ELEMENTARY JAPANESE II   CORE
Continued practice of the four basic skills and grammar
analysis. Introduction of short prose selections with
conversational emphasis. **Prerequisite: FLJ141 or
instructor permission**

FLJ241   4 4 0 0 0
INTERMEDIATE JAPANESE I   CORE
Review of essential grammatical constructions
emphasizing major areas of difficulty for English speakers.
Use of Japanese cultural and literary materials to develop
conversational skills. **Prerequisite: FLJ142 or instructor
permission**

FLJ242   4 4 0 0 0
INTERMEDIATE JAPANESE II   CORE
Continued review of grammatical constructions using
Japanese cultural materials. Reading, writing and
conversation will be emphasized in the context of cultural
issues and current events. **Prerequisite: FLJ241 or
instructor permission**

FLS141   4 4 0 0 0
ELEMENTARY SPANISH I   CORE
Development of the basic skills of understanding,
speaking, reading and writing Spanish. Grammar analysis,
classroom conversational practice and some exploration of
the Hispanic culture.

FLS142   4 4 0 0 0
ELEMENTARY SPANISH II   CORE
Continued practice of the four basic skills and grammar
analysis. Introduction of short prose selections with
conversational emphasis. **Prerequisite: FLS141 or
instructors permission**

FLS241   4 4 0 0 0
INTERMEDIATE SPANISH I   CORE
Review of essential grammatical constructions
emphasizing major areas of difficulty for English speakers.
Use of Hispanic cultural and literary materials to develop
conversational skills. **Prerequisite: FLS142 or instructors
permission**

FLS242   4 4 0 0 0
INTERMEDIATE SPANISH II   CORE
Continued review of grammatical constructions using
Hispanic cultural materials. Reading, writing and conversa-
tion will be emphasized in the context of cultural issues
and current events. **Prerequisite: FLS241 or instructors
permission**

GEO111   3 3 0 0 0
INTRO TO GEOGRAPHY   CORE
Course utilizes basic concepts of cultural geography (area,
landscape, ecology, diffusion and integration) in a system-
atic examination of the contemporary world. Course is
intended to provide elementary acquaintance with field of
geography.

GEO124   3 3 0 0 0
**REG GEOG OF THE NONWEST
WORLD**   CORE
This course systematically surveys the peoples, cultures,
resources and problems of the cultural realms commonly
designated as the Third World (Latin America, Black Africa,
the Islamic World, India and China).

GEO125   3 3 0 0 0
**REGIONAL GEOG OF THE
DEV WORLD**   CORE
This course systematically surveys the peoples, cultures,
resources and problems of the cultural realms commonly
designated as the developed world (Anglo-America,
Europe, Russia, Japan and Australia).

GLS199   2 2 0 0 0
**JAPAN: THE CHANGING
TRADITION**   GENERAL
Focuses on history and changing cultural traditions of
Japan's modern era and the brief period during which
Japan has developed its own distinctive urbanized, indus-
trialized and democratic society.

GLS200   3 3 0 0 0
COUNTRY STUDY   GENERAL
This course is a single and specific study of a selected
country, its culture and people in respect to historical,
geographical, economic, political, and social development.
The country study course offering is dependent upon
instructor selection and student interest.
May be repeated for once for a maximum of 6 credits
provided each study is of a different country.

GLS235   3 3 0 0 0
INTRO TO INTERNATIONAL STUDIES   GENERAL
This course provides an introduction to international issues
and globalization from the perspective of different continents
and countries. The course will cover basic historical,
geographical, political, cultural, economic, health, human
rights, gender, and ethnic issues. Primary emphasis will be on
the issues that face real, ordinary people and societal institu-
tions in various countries and communities around the world.

GRD301   3 1 4 0 0
INTRO TO DESKTOP PUBLISHING   VOC/TECH
Course introduces student to operating system of the
Macintosh computer. Industry standard electronic layout
program is used to introduce the student to the field of
electronic desktop publishing. **Prerequisite: ADM105 or
equivalent**

GRD401   3 3 0 0 0
GRAPHIC DESIGN ORIENTATION   VOC/TECH
A prerequisite for all graphic design courses. Commercial
art terminology, tools and techniques are practiced.

GRD403   3 2 2 0 0
COMMUNICATION DESIGN I   VOC/TECH
This course will create awareness of design use. Topics of
lecture and lab study will include design fundamentals,
the creative process, principles of design and basic adver-
tising design formats with application of design theories in
simple design projects.

GRD404   3 2 2 0 0
TYPOGRAPHY II   VOC/TECH
Typography course including the principles and basic skills
in typographic design on computer. **Prerequisite: GRD405**

GRD405   3 2 2 0 0
TYPOGRAPHY I   VOC/TECH
A study of the history of typography as it relates to adver-
tising design. Includes emphasis on use of copyfitting and
the use of typography in design.

GRD407   3 2 2 0 0
PRODUCTION ART I   VOC/TECH
First of a two-part course that will enable the student to
seek an entry-level position in production art. Problems
and solutions in the preparation of camera-ready art for
printing are studied.

GRD410   3 2 2 0 0
ILLUSTRATION   VOC/TECH
Lab and lecture study of tools and skills necessary for
entry level visual communication in a graphic arts studio
environment. Emphasis on line art, marker rendering,
perspective concepts and basic drawings skills.

GRD411   3 2 2 0 0
COMMUNICATION DESIGN II   VOC/TECH
Lab and lecture study will develop a solid base in technical
and creative skills necessary in the field of graphic design.
Emphasis on packaging design, continuous page layout
and grid design. **Prerequisite: GRD403**

GRD414   3 2 2 0 0
ILLUSTRATION II   VOC/TECH
Lab and lecture study of tools and skills necessary to
create color marker illustrations. Study includes a variety
of surfaces and products as well as the human figure. The
illustrations will be conceived within the context of publi-
cation advertisements. **Prerequisite: GRD410**

GRD415   3 2 2 0 0
PRODUCTION ART II   VOC/TECH
This will add to the student's qualifications from taking
Production Art I by emphasizing two-color & advance
camera-ready art for printing. **Prerequisite: GRD407**

GRD419   2 0 4 0 0
LETTERING & SIGN ART   VOC/TECH
The study of traditional letter forms, typography, hand
lettering skills and design principles for the production of
posters, signs, logos and other graphic images.

GRD421   2 2 0 0 0
INTERNSHIP PREPARATION   VOC/TECH
Students seeking an internship will be required to develop
job interviewing techniques and a presentation portfolio.
The student develops a knowledge of human relations in
the profession through use of goal setting, interpersonal
and group skills.

GRD424   3 1 0 0 8
GRAPHIC DESIGN INTERNSHIP I   VOC/TECH
On-the-job training for graphic design students. Included
is a weekly seminar for exchange of information, review
and evaluation. **Prerequisite: GRD421**

GRD425   3 1 0 0 8
GRAPHIC DESIGN INTERNSHIP II   VOC/TECH
Second semester elective on-the-job training for commer-
cial art students. Included is a weekly seminar for the
exchange of advanced techniques and skills learned on the
job. **Prerequisite: GRD424**

GRD426   3 2 2 0 0
COMMUNICATION DESIGN III   VOC/TECH
An advanced course using skills and understanding devel-
oped in Communication Design I and II. Emphasis is on
image generation, integration of type and design, devel-
opment of a direct mail advertising campaign and outdoor
advertising. **Prerequisite: GRD411**

GRD428   3 2 2 0 0
ILLUSTRATION III   VOC/TECH
Lab and lecture study of color theory and various media.
Emphasis on creative solutions to specific communication
projects. **Prerequisite: GRD414**

GRD430   3 2 2 0 0
PRODUCTION ART III   VOC/TECH
Computer technology is used in the preparation of mate-
rial to be printed. Included are lectures and experiences in
the production of printed portfolio samples. **Prerequisite:
GRD415**

GRD436   3 3 0 0 0
PORTFOLIO PREPARATION I   VOC/TECH
A student seeking employment must have a well-prepared
portfolio. Such a portfolio will be developed and reviewed
by the Graphic Design Advisory Committee in this course.
Prerequisite: GRD424

GRD437   3 2 2 0 0
COMMUNICATION DESIGN IV   VOC/TECH
Lab and lecture study of advanced design problems with
emphasis on the development of professional quality
portfolio pieces. Projects will include development of
multipage publication, corporate identity package and
newspaper advertising. **Prerequisite: GRD426**

COURSE DESCRIPTIONS

GRD440 3 2 2 0 0
PRODUCTION ART IV VOC/TECH
To complete the study of production art, emphasis will be on the development of portfolio projects. **Prerequisite: GRD430**

GRD444 3 3 0 0 0
PORTFOLIO PREPARATION II VOC/TECH
"Portfolio Night" is the highlight of completing this course. The student will be required to present a completed portfolio to graphic design professionals and prospective employers at the annual event. **Prerequisite: GRD436**

GRD449 4 2 4 0 0
AIRBRUSH I VOC/TECH
The fundamental principles of airbrush techniques and application to advertising design and use of airbrush as an illustrative tool.

GRD451 4 2 4 0 0
AIRBRUSH II VOC/TECH
Advanced course in airbrush techniques as necessary for portfolio samples. Emphasis in utilization of advanced skills learned in Airbrush I. **Prerequisite: GRD449**

GRD459 3 2 2 0 0
COMPUTER GRAPHICS VOC/TECH
Use of Adobe Illustrator to produce electronic drawings in 2-D in full color. Includes the study of typeface as a design and illustration element with all creative projects produced electronically.

GRD462 3 1 4 0 0
COMPUTER GRAPHICS II VOC/TECH
Use of Adobe Illustrator and Adobe Dimensions. Advanced study of electronic drawing programs including graph creation, introduction to color separation and creation of full-color art from electronic scanner sources. **Prerequisite: GRD459**

GRD463 3 2 2 0 0
ELECTRONIC PHOTO EDITING VOC/TECH
Introduction to using Adobe Photoshop. The student will learn how to electronically merge and edit color images; such as scanning, color separation, combining photos, using channels and working with type. **Prerequisite: GRD301**

GRT400 4 2 4 0 0
INTRO TO PRINTING METHODS VOC/TECH
A prerequisite for all Graphic Technology courses as an introduction to printing technology. Course will involve lecture and hands-on lab work in the areas of lithography, screen printing and flexography. Bindery and finishing methods will also be covered.

GRT401 3 3 0 0 0
INTRO TO GRAPHIC COMMUNICATION VOC/TECH
A prerequisite for all Graphic Technology courses. Students will explore the graphic communications industry, technology, terminology and related areas through instructor lecture and student activities.

GRT406 3 2 2 0 0
DIGITAL PUBLISHING I VOC/TECH
An introduction to graphic design techniques and terminology. Through a combination of lecture and hands-on projects, students will focus on the creative process, principles of design and production techniques. Students will apply these principles and techniques.

GRT409 3 3 0 0 0
PROJECT PLANNING & MANAGEMENT VOC/TECH
A planning and management course specifically for print communications. Cost estimating, ordering, inventory, quality control, job scheduling and management will be covered. **Prerequisite: GRT400, 401**

GRT410 4 2 4 0 0
PRINTING METHODS I VOC/TECH
In a continuation of Introduction to Printing Methods, students will produce various products using screen, flexography, and offset printing. This course will focus on production techniques of multi-color, multi-panel products. **Prerequisite: GRT400, 401**

GRT416 3 2 2 0 0
DIGITAL PUBLISHING II VOC/TECH
This intermediate-level desktop publishing course will stress creation of complex multiple page documents using industry standard software. Typesetting and graphic formats relative to page layout will be covered, as well as proper file preparation for print and Internet publication. **Prerequisite: GRT401 or instructor approval**

GRT420 4 2 4 0 0
ADVANCED PRINTING METHODS VOC/TECH
A specialization course in offset lithography. The student will do advanced work in multi-color printing. This class will also cover all bindery operations including folding, cutting and stitching. **Prerequisite: GRT400, 401, 409, 410**

GRT421 4 2 4 0 0
ELECTRONIC PREPRESS I VOC/TECH
This course is an introduction to electronic prepress. Students will study desktop publishing and electronic prepress systems and procedures and learn to operate electronic prepress equipment. Color science, calibration techniques, digital scanning and halftone imaging will also be studied. **Prerequisite: GRT400, 401, GRD301, 401**

GRT425 4 2 4 0 0
ELECTRONIC IMAGE CONTROL VOC/TECH
An intermediate course in digital image enhancement and color control. Students will learn advanced digital image manipulation and colorization skills utilizing industry standard photo editing software. Instruction will focus on image enhancement, restoration and color correction for both print and Internet publication. **Prerequisite: GRD301, GRT416, 421**

GRT426 4 2 4 0 0
DIGITAL PUBLISHING III VOC/TECH
An advanced digital publishing course for students pursuing a digital publishing emphasis for either an AAS degree or diploma in Graphic Technologies. This course will develop advanced skills in layout and design. Students will use Adobe Creative Suite software applications to develop a variety of multiple-color projects for print and internet publication. **Prerequisite: GRD301, GRT406, 416**

GRT427 4 2 4 0 0
SPECIALTY PRINTING METHODS VOC/TECH
A course in specialty printing focusing on flexography and screen printing. The students will work in a lab environment to complete multiple color printed projects advancing their skills in both printing technologies. **Prerequisite: GRT400, 401, 409, 410**

GRT431 4 2 4 0 0
ELECTRONIC PREPRESS II VOC/TECH
This course is a continuation of Electronic Prepress I. Students will study more in-depth principles of electronic prepress including digital workflows, file analysis and repair and digital scanning techniques. Students learn to operate electronic prepress equipment in a workshop setting. **Prerequisite: GRT421**

GRT453 4 2 4 0 0
PRINTING METHODS CAPSTONE VOC/TECH
This course is for students pursuing a Graphic Technologies emphasis in printing technologies. Students work collaboratively to produce a capstone project utilizing their skills in print production. Resume and portfolio preparation are also covered. **Prerequisite: Completion of terms 1 and 2 of the Graphic Technologies program and GRT420, 427**

GRT455 4 2 4 0 0
DIGITAL PUBLISHING CAPSTONE VOC/TECH
This course is for students pursuing an emphasis in digital publishing in Graphic Technologies. Students work collaboratively to produce a capstone project utilizing their skills in digital publishing and print production. Resume and portfolio preparation are also covered. **Prerequisite: Completion of terms 1 and 2 of the Graphic Technologies program and GRT425, 426**

GRT932 3 1 0 0 8
GRAPHIC INTERNSHIP VOC/TECH
On-the-job training for Graphic Technologies students. Included is a weekly seminar for the exchange of information, review and evaluation. **Prerequisite: Completion of terms 1, 2 and 3 of the Graphic Technologies program**

HCM100 2 2 0 0 0
SANITATION & EQUIPMENT VOC/TECH
Principles and methods of sanitation safety and equipment. Equipment selection and facilities planning. Also includes preventive maintenance

HCM104 1 0 2 0 0
SANITATION & EQUIPMENT LAB VOC/TECH
The lab consists of sanitation practices. The student will carry out the practice of table service for international cuisine dinners and apply sanitation measures. (P/F)

HCM110 2 0 4 0 0
BAKING (LAB) VOC/TECH
Course offers instruction in baking fundamentals and procedures as applied to bread, rolls, cakes, pastries and cake decorating. Practical experiences in sanitation, safety and the use of large equipment is also emphasized in this course. **Prerequisite: HCM143, 144 or instructor permission**

HCM124 2 0 4 0 0
ADV BAKING/BUFFET DECORATING VOC/TECH
Advanced principles and procedures of producing baked goods, decorative work and display pieces. **Prerequisite: HCM110, 270**

HCM143 3 3 0 0 0
FOOD PREPARATION I VOC/TECH
Introduces the student to the scientific principles used in food preparation. Involves preparation procedures and techniques to be used with fruits, vegetables, starch products, cheese, eggs, meat, poultry and fish. Establishes criteria needed to produce a standard product. **Corequisite: HCM144**

HCM144 3 0 6 0 0
FOOD PREPARATION I LAB VOC/TECH
Preparation of small servings of salads, starch, cheese, egg, meat, poultry and fish products using the techniques studied in lecture. Oral and written evaluation of each product. **Corequisite: HCM143**

HCM152 2 2 0 0 0
FOOD PREPARATION II VOC/TECH
The study of the principles and procedures of quantity food production as they apply to salads, soups, vegetables, entrees and desserts. Emphasis is on organization and recipe standardization. **Prerequisite: HCM143, 144**

HCM153 2 0 4 0 0
FOOD PREPARATION II LAB VOC/TECH
The production of quick breads, desserts, salads, vegetables, soups and main entrees to be sold to the public. Time is spent on an individual recipe production project. **Prerequisite: HCM143, 144**

HCM167 3 0 6 0 0
CULINARY SKILL DEVELOPMENT VOC/TECH
Students produce and serve meals for the public in an actual restaurant experience. Emphasis is on the various management functions required to serve quality foods efficiently and intermediate culinary preparation techniques. **Prerequisite: HCM152, 153**

HCM168 2 2 0 0 0
ADVANCED CULINARY CUISINE VOC/TECH
Discussion of the more intricate and difficult cooking principles and techniques of classical cuisine and planning for advanced culinary cuisine. **Prerequisite: HCM167; Corequisite: HCM169**

HCM169 4 0 8 0 0
CULINARY CUISINE LAB VOC/TECH
Preparation of intricate and difficult classical cuisine dishes. Students will rotate through the cooking stations of the traditional brigade kitchen and then prepare food for service to the public. A la carte preparation is emphasized. **Prerequisite: HCM167; Corequisite: HCM168**

HCM172 3 0 6 0 0
INTERNATIONAL CUISINE (LAB) VOC/TECH
Application of gourmet cooking through actual quantity preparation of eight course international dinners. Four evening gourmet dinners will be prepared and served during the semester. **Prerequisite: HCM152, 153 Corequisite: HCM173**

HCM173 2 2 0 0 0
INTERNATIONAL CUISINE VOC/TECH
Students research and plan international dinners. Emphasis is on menu and production planning for eight-course gourmet dinners. The lecture will also focus on the pronunciation and definition of French terms. **Prerequisite: HCM152, 153; Corequisite: HCM172**

HCM175 3 0 6 0 0
INTERNATIONAL CUISINE LAB II VOC/TECH
Application of gourmet cooking through actual quantity preparation of eight course international dinners. Four evening gourmet dinners will be prepared and served during the semester. **Prerequisite: HCM172, 173**

HCM200 2 0 4 0 0
DINING ROOM SERVICE VOC/TECH
A dining room service course in an actual restaurant experience with emphasis on using sound management techniques and quality customer service.

COURSE DESCRIPTIONS

HCM210   2 2 0 0 0
DINING MANAGEMENT   VOC/TECH
Students will plan menus and meal service in actual restaurant experience. Emphasis is on using sound management techniques for producing high-quality food and service to the public. **Prerequisite: HCM152, 153**

HCM231   2 2 0 0 0
NUTRITION   VOC/TECH
An overview of nutrition-related topics including the psychology of eating and evaluation of food intake.

HCM236   3 3 0 0 0
HUMAN NUTRITION   GENERAL
Understanding and implementing present-day knowledge of nutrition; the use of food for health and satisfaction of the individual and the family.

HCM240   2 2 0 0 0
MENU PLANNING & DESIGN   VOC/TECH
Course applies the principles of menu planning & layout to the development of menus for a variety of types of facilities and service.

HCM250   2 2 0 0 0
PURCHASING   VOC/TECH
Principles and methods of food purchasing with emphasis on specifications and grading of various food products. Includes financial procedures and controls used in the food service industry.

HCM270   2 0 4 0 0
GARDE MANGER   VOC/TECH
Application of techniques used in preparation of hot and cold hors d'oeuvres, decorative food displays and ice carvings. Emphasis is placed on aspics, galantines and buffet presentations. **Prerequisite: HCM143, 144**

HCM300   2 2 0 0 0
BEVERAGE MANAGEMENT   VOC/TECH
Course will familiarize the students with all aspects of beverage service including wine & alcohol laws. Basic mechanics of beverage preparation, sales and promotion will be covered.

HCM320   2 2 0 0 0
INTRO TO HOSPITALITY INDUSTRY   VOC/TECH
Course introduces students to the broad world of hospitality while preparing them for careers in the field. Discussed will be the three primary areas of hospitality—food and beverage, lodging and tourism, along with an introduction to business basics.

HCM510   3 0 0 0 12
WORK EXPERIENCE   VOC/TECH
An approved program of experience in one of the many hospitality areas: restaurant, hospital, club, school food service, hotel, or motel. (P/F)

HCM600   2 2 0 0 0
INTRO TO LODGING OPERATIONS   VOC/TECH
An in-depth look at the management and operations of key services within hotel properties. Included are guest services, housekeeping, maintenance & security. Course will examine the intricacies of these services from a management perspective.

HCM604   5 0 0 0 20
HOTEL SERVICES INTERNSHIP   VOC/TECH
An approved program of work experience in one of the many hotel/motel properties in the area. **Prerequisite: HCM320; Corequisite: HCM600**

HCM605   2 2 0 0 0
HOTEL ADMINISTRATION   VOC/TECH
A management course which introduces the student to advanced studies of property management, catering, sales, legal aspects, security and maintenance of all departments of the hotel.

HCR253   5 2 6 0 0
RESIDENTIAL HEATING & AC   VOC/TECH
Residential heating and cooling basics. Study of installation and service procedures through class and lab practices. **Prerequisite: HCR307**

HCR256   5 2 6 0 0
APPLIED HEATING & AC   VOC/TECH
This course covers installation and troubleshooting techniques dealing with residential heating and cooling and refrigeration systems. **Prerequisite: HCR253**

HCR260   3 1 4 0 0
HVAC TRADES SKILLS I   VOC/TECH
This course covers all types of soldering and brazing used in the heating, air conditioning, refrigeration industry.

HCR270   5 2 6 0 0
ADVANCED HEATING & AC   VOC/TECH
This course covers installation, advanced troubleshooting, maintaining and repairing of geo-thermal heat pumps, gas, fuel oil and electric heating systems. **Prerequisite: HCR256**

HCR290   5 2 6 0 0
COMMERCIAL HVAC/REFRIGERATION   VOC/TECH
This course covers basic commercial refrigeration systems, components and their use, applications, methods of installation, maintenance, diagnosis and repairs. **Prerequisite: HCR270, 506**

HCR307   5 2 6 0 0
**FUNDAMENTALS OF
REFRIGERATION**   VOC/TECH
This course consists of the principles of refrigeration, domestic systems and equipment.

HCR404   5 2 6 0 0
ELECTRICITY   VOC/TECH
A study of basic electricity principles including Ohm's law, series and parallel circuits as applied to HVAC and refrigeration. Course also includes hands-on practice with training boards in the lab

HCR440   5 2 6 0 0
ELECTRICAL CONTROLS & CIRCUITS   VOC/TECH
The application of control circuits used in the HVAC/R field. These applications include contactors, starters, starting relays, interlocks, relays, thermostats, split phase, shaded pole, capacitor start motors and three-phase motors. **Prerequisite: HCR404**

HCR506   3 2 2 0 0
AIR DISTRIBUTION   VOC/TECH
This course involves the study of fans, blowers and dampers; the design of duct systems for proper air delivery; and allows for final system balancing; includes lab practice. **Prerequisite: HCR256**

HCR515   3 1 4 0 0
SHEET METAL FABRICATION   VOC/TECH
This course covers all types of sheet metal fabrications pertaining to the HVAC profession. **Prerequisite: HCR260**

HCR717   3 3 2 0 0
BLUEPRINT READING   VOC/TECH
A study of blueprint reading related to the HVAC/R trade. Drafting symbols and terminonology will be covered, along with skills needed to make simple scaled drawings.

HCR803   5 2 6 0 0
ENVIRONMENTAL CONTROLS   VOC/TECH
This course covers basic understanding of building environmental and energy management systems, computerized (DDC), pneumatic and electro-mechanical controls. **Prerequisite: HCR307, 440, 506; Corequisite: HCR290**

HCR840   2 1 2 0 0
COMPUTER LOAD CALCULATIONS   VOC/TECH
Course is designed to deliver instruction in the area of heating/cooling load calculations, air flow and air supply/return layout. Extensive use of computers and CAD systems will be incorporated to enhance student productivity. **Prerequisite: HCR506**

HCR932   4 0 0 0 16
INTERNSHIP   VOC/TECH
On-the-job training for Heating, Air Conditioning, Refrigeration Technology program students who have a "C" average or better in the program. **Prerequisite: Valid driver's license; HCR253, 440, 515**

HIS112   4 4 0 0 0
**WESTERN CIV: ANCIENT TO
EARLY MODERN**   CORE
The student surveys the great civilizations from Greece and Rome through the rise of Christianity, to Europe in the Middle Ages, the Renaissance and Reformation, the modern state, the new science and the secular outlook, parliamentary government in England and political absolutism in France and eastern Europe.

HIS113   4 4 0 0 0
**WESTERN CIV: EARLY MODERN
TO PRESENT**   CORE
Survey of political, economic, social and intellectual developments from the 18th century to the present. Enlightenment, revolutions and reactions, national unifications, national rivalries, world wars and post-war developments.

HIS150   4 4 0 0 0
U.S. HISTORY TO 1877   CORE
A survey of main themes of American history from 1492 to 1877 with emphasis on the political, social, economic, religious and intellectual aspects of the pre-settlement, Colonial, Revolutionary, Antebellum Civil War and Reconstruction eras.

HIS153   4 4 0 0 0
U.S. HISTORY SINCE 1877   CORE
A survey of main themes of American history from 1877 to the present with emphasis on political, social, economic, religious and intellectual aspects of the Gilded Age, the Progressive Era, WWI, the Roaring Twenties, the Great Depression, WWII and post-WWII era.

HIS160 – ADJUNCT   3 3 0 0 0
PACIFIC CENTURY   GENERAL
The Pacific Century explores the tumultuous history of East and Southeast Asia since 1700. The geography, culture, economics, politics, modernization, Western intervention and social and political transformation are emphasized.

HIS201   3 3 0 0 0
IOWA HISTORY   GENERAL
A broad survey of Iowa history from Indian cultures and pioneer farming through modern agriculture, gradual social changes and long-term political trends

HIS257   3 3 0 0 0
AFRICAN-AMERICAN HISTORY   GENERAL
A survey of the history of the African-American community with emphasis on the role of individuals, institutions and ideas in the development of the community from its origins in West Africa to the present.

HIS266 – ADJUNCT   3 3 0 0 0
THE CIVIL WAR   GENERAL
This telecourse covers the causes, key events, major participants and the long-term impacts of the Civil War using Ken Burns' widely acclaimed TV series. This course vividly captures the entire sweep of America's most significant war.

HSC102   1 1 0 0 0
EMERGENCY CARE   VOC/TECH
Learn to perform care for medical emergencies: fractures, burns, resuscitation, basic CPR (Cardio-Pulmonary Resuscitation, American Heart Level II standards) certification.

HSC105 – ADJUNCT   1 1 0 0 0
SURVEY OF HEALTH CAREERS   VOC/TECH
This course introduces both the variety and requirements for health care careers. Basic core knowledge and professional expectations common to all health careers are explored. Workplace safety and an overview of the health system and current trends are also covered.

HSC109 – ADJUNCT   3 3 0 0 0
INTRO TO HEALTH CAREERS   VOC/TECH
Students will discover the many options available, including roles and responsibilities, in health career options. This course is designed to provide the student with the information necessary to make their health career choice.

HSC120   3 3 0 0 0
MEDICAL TERMINOLOGY I   VOC/TECH
Builds a medical vocabulary through an understanding of anatomic roots for words denoting body structures, prefixes, suffixes and body functions

HSC121   3 3 0 0 0
MEDICAL TERMINOLOGY II   VOC/TECH
Continues to build a medical language vocabulary by studying body systems such as musculoskeletal, endocrine, nervous and integumentary systems. **Prerequisite: HSC120**

HSC172 – ADJUNCT   3 2 0 3 0
NURSE AIDE 75 HOURS   VOC/TECH
Entry-level skills to seek employment in Iowa skilled facilities. Meets OBRA87 standards.

HSC182 – ADJUNCT   3 2 0 3 0
ADVANCED NURSE AIDE   VOC/TECH
A continuation of Nurse Aide to provide additional skills and clinical to work in hospital. **Prerequisite: A DMACC sponsored 75 hour Nurse Aide class or HSC172**

COURSE DESCRIPTIONS

HSC183 1 1 0 0 0
CCDI-DEMENTIA ILLNESS TRAINING VOC/TECH
This 15-hour course has been developed to meet the training requirements for Intermediate Care Facilities by providing basic knowledge about Alzheimer's disease and other chronic dementia illnesses. Emphasis is on the physical and psychological changes that take place in the Alzheimer's patient and the importance of appropriate communication. Explanation of the stages of Alzheimer's disease and appropriate interventions will be introduced.

HSC281 – ADJUNCT 5 4 0 3 0
LIMITED RADIOGRAPHY VOC/TECH
IBN#22 State required course for people employed in a clinic to take chest and extremities, sinus or spinal x-rays.

HSV109
INTRO TO HUMAN SERVICES 3 3 0 0 0
History and introduction to the social welfare institution. Theoretical perspectives, concepts, values, and intervention strategies are examined. Systems theory is used to explore legislation and services designed to meet client needs.

HSV130 3 3 0 0 0
INTERVIEWING/INTERPERSONAL
RELATIONS OPEN
Study of interviewing theories including roles and relationships between the interviewer and the interviewee. Methodology of developing questions, conducting interviews, recording data and analyzing it and writing assessments and histories are emphasized.

HSV135 3 3 0 0 0
COUNSELING WITH WOMEN OPEN
This course explores selected concerns that women are likely to bring into a counseling situation. Topics include sex roles, gender and socialization and their impact on women's lives.

HSV185
DISCRIMINATION AND DIVERSITY 3 0 0 0 0
This course will address theoretical and historical perspectives on racism, sexism, other forms of discrimination; applications to social work, culturally competent practice, change strategies, and intercultural communication strategies. Students will explore and process their own personal prejudices and biases in class. Students will learn skills to increase cultural competency and work effectively with persons from diverse backgrounds.

HSV220 3 3 0 0 0
SURVEY MENTAL HEALTH
TREATMENT OPEN
Introduction to major counseling theories including psychoanalytic, gestalt, existential, family systems, reality therapy, behavior therapy and person centered therapy. Applications in mental health and social services settings are considered.

HSV230 3 3 0 0 0
COMMUNITY ORGANIZATION OPEN
A study of various theories, methods and techniques to bring about needed and desirable changes in political, economic, social and bureaucratic structures and processes. Emphasis is placed upon application of learned skills. **Prerequisite: 6 hours of social sciences**

HSV255 3 3 0 0 0
ADDICTIVE DISEASE CONCEPTS OPEN
A historical and theoretical background to current concepts of addiction. A variety of addictive behaviors are examined with special focus on psychoactive drug dependency.

HSV286 3 3 0 0 0
INTERVENTION THEORIES/PRACTICE I OPEN
Study of several management and planning theories and practices that are used to assess client needs, establish goals, identify resources and make appropriate referrals. Community resources are explored. **Prerequisite: HSV109, 130**

HSV287 3 3 0 0 0
INTERVENTION THEORIES/PRACTICE II OPEN
Theories and values of the social sciences, including human services, are used to interpret and respond to client behaviors. Written analysis is emphasized. Evaluation theory and its applications are also stressed. **Prerequisite: HSV286; Corequisite: HSV802**

HSV802 3 0 0 0 13
FIELD EXPERIENCE OPEN
Supervised experience in a human services agency enables students to apply their skills and knowledge by working directly with clients. **Prerequisite: HSV286 Corequisite: HSV287**

HSV813 3 0 0 0 12
PRACT: CHEMICAL DEPEND
COUNSEL I OPEN
Supervised experience in three of these treatment programs for chemically dependent people: inpatient, outpatient, follow-up care, halfway house and family therapy. **Prerequisite: Acceptance into an approved practicum site.**

HSV814 3 0 0 0 12
PRACT: CHEMICAL DEPEND
COUNSEL II OPEN
Supervised experience in one of the following treatment programs for chemically dependent people: inpatient, outpatient, residential, adolescent, or family services. **Prerequisite: Acceptance into an approved practicum site**

HUM116 3 3 0 0 0
ENCOUNTERS IN HUMANITIES CORE
An interdisciplinary course exploring the human condition through literature, painting, sculpture, architecture, music and dance. The course examines the cultural context of individual works and movements, the thematic relationships between the arts and the relevance of the arts in our lives today.

HUM119 – ADJUNCT 3 3 0 0 0
ART OF BEING HUMAN GENERAL
This telecourse explores themes from both Eastern and Western cultures. Themes include aesthetics, myth, morality, love and death, which are explored through art, music, literature, philosophy, drama and religion.

HUM120 3 2 2 0 0
INTRODUCTION TO FILM CORE
An introduction to the conventions, scope, purposes and techniques of films. Includes viewing and writing about a variety of films.

HUM121 3 2 2 0 0
AMERICA IN THE MOVIES CORE
An interdisciplinary course that combines the insights of history and literature by examining popular American movies. The course explores the social, cultural and ethical questions raised in such films.

IND144 4 3 2 0 0
PUMP OVERHAUL & REPAIR VOC/TECH
Overview of internal parts, principles of operation and maintenance of positive displacement and centrifugal pumps.

IND146 3 2 2 0 0
MECHANICAL POWER
TRANSMISSION I VOC/TECH
A course in fundamental mechanical power transmission used in manufacturing. Topics covered include the inspection, maintenance and repair of chain and belt drive equipment. This will include the sizing of belts and pulleys, determining speed ratios and the importance of proper sizing for process control.

IND147 4 3 2 0 0
MECHANICAL POWER
TRANSMISSION II VOC/TECH
A fundamental course in the principles of mechanical power transmission. Topics include the use of gears to affect speed changes, the identification and use of bearings, clutches, couplings and brakes. **Prerequisite: IND146**

IND124 2 2 0 0 0
CONTROL SYSTEMS OVERVIEW VOC/TECH
An overview of control systems in an industrial environment including hydraulic, pneumatic and electrical/electronic systems. Topics include valves, actuators, motor starters, relays, timers and programmable controllers.

INT124 3 3 0 0 0
INTERIOR DESIGN ANALYSIS VOC/TECH
Acquiring knowledge and expertise to create pleasing and effective interior design will be emphasized. Focus will be on space planning, furniture styles, color schemes, wall coverings and floor and window treatments. Also includes exploration of the interior design profession and related career areas.

INT125 3 3 0 0 0
INTERIOR DESIGN PLANNING VOC/TECH
Focuses on the development of interior design plans and the execution of these plans. Builds upon knowledge acquired in Interior Design Analysis through analyzing client needs and creating design boards and presentations to meet those needs. **Prerequisite: INT124**

ITR101 3 3 0 0 0
INTRO TO INTERPRETATION
& TRANSLATION OPEN
A general introduction to the field of oral language interpreting and translation (I/T) including linguistic theory of communication, translation approaches, problems and processes, cultural competency and ethics, the role of the interpreter, modes of interpretation and interpreter errors. Taught in English; students need not be bilingual in other languages to take this introductory course.

ITR102 3 3 0 0 0
TOOLS FOR INTERPRETATION
& TRANSLATION OPEN
In-depth training in the research and technological tools that interpreters and translators use in their field. Extensive use of monolingual and bilingual dictionaries and thesauri. Features of Microsoft Word and Excel for language work and glossary development. Internet tools for vocabulary research and enrichment. Interpretation equipment. Digital recorders for modified consecutive interpretation. Introduction to TRADOS translation memory program. **Prerequisite: ITR101 or permission of instructor**

ITR111 3 3 0 0 0
FUNDAMENTALS OF
INTERPRETATION OPEN
Study and practice of the the basic theory and techniques of language interpretation, applied to general topics of current events. The modes of interpreting. Simultaneous Interpreting. Consecutive Interpreting. Sight Translation. Introduction to Lexicography and Vocabulary Development. Students taking this course are required to be bilingual in English and at least one other language. **Prerequisite: ITR101 or permission of instructor**

ITR115 3 3 0 0 0
FUNDAMENTALS OF TRANSLATION OPEN
Study and practice of the basic theory and techniques of language translation, applied to general topics of current events. Basic concepts. Translation as product. Translation as process. Cultural problems. Denotative vs. connotative meanings. Formal properties of texts. Language variety. Glossary development. **Prerequisite: ITR101 or permission of instructor and a functional proficiency in English and a second language**

ITR120 1 1 0 0 0
ETHICS FOR THE INTERPRETER/
TRANSLATOR OPEN
This course provides an introduction to basic interpreter and translator ethics, including accuracy, representation of qualifications, avoidance of conflicts of interest, professional demeanor, confidentiality, maintaining a proper role, competency, reporting ethical violations, professional development, disputes with clients, collegiality, and contracts. Model scenarios are used for developing and applying ethical judgments. **Prerequisite: Minimum of grade "C" or better in all ITR courses and complete a minimum of three ITR courses**

ITR128 3 3 0 0 0
LEGAL TERMINOLOGY
& SIGHT TRANS OPEN
Identification of the origins of legal terminology. Advanced sight translation training focusing on court/law enforcement documents. Lexicographical training in locating, understanding, and using frequently used legal terminology in criminal proceedings. Intensive practice in sight translating the following types of court/law enforcement documents: warrants, trail information, indictments, waivers of detention hearings, plea agreements, informal letters, presentencing reports, and pro se pleadings. **Prerequisite: Complete the six ITR Required Courses with a minimum grade of "C" in each course; Pre– or Corequisite: PRL103 or instructor permission**

COURSE DESCRIPTIONS

ITR130   3 3 0 0 0
JUDICIARY INTERPRETING I   OPEN
Advanced consecutive interpreting training-listening, analysis, memorization, and interpreting—as applied to court/law enforcement situation. Intensive practice in interpreting for the following events: police interrogations, attorney-client interviews, proffer interviews, witness testimony. Advanced use of note-taking techniques. **Prerequisite: ITR128**

ITR132   3 3 0 0 0
JUDICIARY INTERPRETING II   OPEN
Advanced simultaneous interpreting training—dual tasking, shadowing, paraphrasing, and interpreting— as applied to court proceedings. Intensive practice in interpreting for the following court proceedings: initial appearances, bail/detention hearings, change of plea hearings, trials, sentencing hearings. Advanced use of simultaneous interpreting equipment. **Prerequisite: ITR130**

ITR137   3 3 0 0 0
JUDICIARY TRANSLATION   OPEN
Advanced written translation training focusing on legal documents. Advanced lexiographical training in legal terminology in criminal and civil proceedings. Intensive practice in translating the following types of legal documents: plea agreements, birth certificates, contracts, wills. **Prerequisite: ITR128**

ITR148   3 3 0 0 0
HEALTHCARE TERM &
SIGHT TRANLATION   OPEN
Identification of the origins of health care terminology. Advanced sight translation training focusing on healthcare/medical documents. Lexicographical training in locating, understanding, and using frequently used legal terminology in healthcare environments. Intensive practice in sight translating the following types of healthcare documents: consents for treatment, advance directives, beneficiary notifications, patient letters, instructions for taking medication. **Prerequisite: Complete the six ITR Required Courses with a minimum grade of "C" in each course; Pre- or Corequisite: BIO156 or instructor permission.**

ITR150   3 3 0 0 0
HEALTHCARE INTERPRETING I   OPEN
Advanced consecutive interpreting training—listening, analysis, memorization, and interpreting—as applied to healthcare situations. Intensive practice in interpreting for the following events: admitting interviews, well baby visits, standard doctor visits. Advanced use of note-taking techniques. **Prerequisite: ITR148**

ITR152   3 3 0 0 0
HEALTHCARE INTERPRETATION II   OPEN
Advanced simultaneous interpreting training—analysis, prediction, shadowing, de'calage, and interpreting—as applied to healthcare settings in which the interpreter should be more invisible to allow for a better rapport between providers and patients. Intensive practice in interpreting for the following healthcare proceedings: emergency room (cardiovascular, trauma, childbirth, sexual assault, infectious diseases) and mental health consultations/interventions. Continued development of healthcare terminology. Proper positioning and situational control for simultaneous interpreting. Advanced use of simultaneous interpreting equipment. **Prerequisite: ITR150**

ITR158   3 3 0 0 0
HEALTHCARE TRANSLATION   OPEN
Advanced written translation training focusing on healthcare/medical documents. Advanced lexicographical training in healthcare terminology. Intensive practice in translating the following types of documents: discharge information, living will, patient educational materials. **Pre- or Corequisite: ITR148**

ITR800   2 1 0 3 0
JUDICIARY I/T INTERNSHIP   OPEN
Application of the knowledge, skills, and attitudes gained in the classroom by interning under qualified/certified interpreters and translators in a variety of court/law enforcement situations. Interns will begin by shadowing their mentor, and then move into actual interpreting/ translating assignments in appropriate monitored situations. (P/F) **Prerequisite: Minimum of "C" in all ITR courses. Pre- or Corequisite: ITR132 or ITR137**

ITR810   2 1 0 3 0
HEALTHCARE I/T INTERNSHIP   OPEN
Application of the knowledge, skills and attitudes gained in the classroom by interning under qualified/certified interpreters and translators in a variety of healthcare environments. Interns will begin by shadowing their mentor, and then move into actual interpreting/translating assignments in appropriate monitored situations (P/F). **Prerequisite: Minimum of "C" in all ITR courses. Pre- or Corequisite: ITR152 or 158**

ITR910   3 3 0 0 0
EMPHASIS SEMINAR   OPEN
A survey of specialized fields of judiciary interpretation/translation, healthcare interpretation/translation, human services interpretation/translation, educational interpretation/translation, and business translation/interpretation. Introduction to typical texts and interpreting situations in each specialty area. Students must take this course before enrolling in a specialty emphasis plan. **Pre- or Corequisite: ITR111 or ITR115; bilingual or instructor permission**

JOU110   3 3 0 0 0
INTRO TO MASS MEDIA   OPEN
An introduction to mass communication in a global marketplace. Emphasizes print and electronic media, advertising and public relations, ethics and new technology.

JOU121   3 3 0 0 0
BASIC REPORTING PRINCIPLES   OPEN
Designed to provide students with experiences in gathering, organizing and writing news stories.

JOU125   3 1 4 0 0
NEWSPAPER PRODUCTION   OPEN
Special work in journalism. Students will produce a DMACC newspaper on one of the campuses and will gain experience in writing, copy-editing, layout and design. May be repeated for three additional semesters.

JOU163 - ADJUNCT   3 3 0 0 0
ADVANCED REPORTING: POLITICS
Designed to provide experiences in producing news stories on political candidates, campaigns and elections. The role of the news media in American electoral strategy and outcomes and the relationship between reporters and public officials will be examined. Emphasis is placed on the most recent election and its coverage. **Prerequisite: JOU110; enrollment in POL127 concurrently**

JOU165   3 3 0 0 0
PRINCIPLES OF ADVERTISING   OPEN
Course explores advertising as a tool and socioeconomic force.

JOU175 - ADJUNCT   3 2 2 0 0
PHOTOJOURNALISM   OPEN
Students will learn basic visual and technical aspects of photojournalism, using a digital camera, while photographing a series of general news, feature, performing arts, sports and community events. A digital camera is required for this class.

LIT101   3 3 0 0 0
INTRO TO LITERATURE   CORE
Introduction to the study and appreciation of poetry, fiction and drama. Basic critical approaches are emphasized and a broad range of authors from a variety of cultural and ethnic groups and a wide span of historical periods is presented.

LIT105   3 3 0 0 0
CHILDREN'S LITERATURE   GENERAL
Study historical, sociocultural contexts surrounding children's literature; examine current trends and issues in the field; analyze and evaluate children's literature; and develop an awareness and appreciation for the variety of literature available.

LIT110   3 3 0 0 0
AMERICAN LITERATURE TO MID 1800s   CORE
Study of works of selected major writers (including Native American) particularly from Puritan times to 1865. Basic critical approaches are emphasized.

LIT111   3 3 0 0 0
AMERICAN LITERATURE
SINCE MID 1800s   CORE
Examines American literature from early 20th Century through contemporary America. Emphasizes major literary works and their social and cultural contexts.

LIT130   3 3 0 0 0
AFRICAN AMERICAN LITERATURE   CORE
Introduction to the study and appreciation of literature written by African-American writers. A broad range of Black American authors will be presented.

LIT142   3 3 0 0 0
MAJOR BRITISH WRITERS   CORE
Introduction to the study and appreciation of major British writers particularly from the post-Renaissance through the contemporary period. Basic critical approaches are emphasized.

LIT166   3 3 0 0 0
SCIENCE FICTION   CORE
A survey of speculative fiction from Frankenstein to literature of the 21st Century. Examines major influential works in their literacy, social and cultural contexts. Critical analysis is emphasized.

LIT180   3 3 0 0 0
MYTHOLOGY   GENERAL
An introduction to world mythology. The course explores classical, Nordic, Eastern, African and American/British myths.

LIT185   3 3 0 0 0
CONTEMPORARY LITERATURE   CORE
Introduction to the study and appreciation of significant contemporary writers and literary movements since 1945. The relationship of current literature to society and basic critical approaches are emphasized

LIT188   3 3 0 0 0
DETECTIVE FICTION   CORE
Introduction to the study and appreciation of detective fiction. A literary investigation of the components of detective fiction and basic critical approaches are emphasized.

LIT190   3 3 0 0 0
WOMEN WRITERS   CORE
Introduction to the study and appreciation of literature written by women. Examines major works from a variety of historical, social and cultural contexts. Critical analysis is emphasized.

LIT193   3 3 0 0 0
HUMOR IN LITERATURE   CORE
Introduction to the study and appreciation of humor as literary genre. An investigation of origins, types, techniques and purposes of humor and basic critical approaches are emphasized.

MAP110   2 1 2 0 0
MEDICAL OFFICE MANAGEMENT I   VOC/TECH
Emphasizes administrative responsibilities. Includes bookkeeping, letter writing, mail, grammar and word usage, records management, banking and payroll. Introduction to the computer with word processing.

MAP118   4 3 2 0 0
MEDICAL OFFICE MANAGEMENT II   VOC/TECH
Study of health insurance, HMOs, Workers' Compensation, Medicare, Tricare and Medicaid. Includes insurance filing, CPT and ICD coding. Proper use of telephone, appointment scheduling and recordkeeping. Through computer applications, the student keeps medical and financial records and transcribes medical dictation. **Prerequisite: Grade of "C" or better in MAP110**

MAP119   3 2 2 0 0
MEDICAL COMPUTER APPLICATIONS   VOC/TECH
This course presents basic word processing, computer language and applications, including medical management software required in various medical settings. Theory and hands-on experience will be included

MAP129   1 0 2 0 0
MEDICAL TERMINOLOGY   VOC/TECH
Basic prefixes, suffixes and root words related to all body systems are studied. Spelling, pronunciation and definitions are included.

MAP130   1 0 2 0 0
TRANSCRIPTION   VOC/TECH
Provides an opportunity for the student to become adept in using dictation transcription equipment. Case histories, consultations, physical examinations and surgical reports on prepared tapes are used to provide material that is of immediate practical use. **Prerequisite: Grade of "C" or better in MAP118**

MAP141   3 3 0 0 0
MEDICAL INSURANCE   VOC/TECH
Course provides a practical approach in medical insurance billing. Emphasis placed on current procedural codes (CPT-4) and international classification of diseases codes (ICD-9-CM) used to facilitate proper coding in submitting claims. Pertinent billing tips will be offered for each type of insurance. **Prerequisite: HSC120**

COURSE DESCRIPTIONS

MAP150　　　　　　　　**3 3 0 0 0**
ADV. MEDICAL BILLING/CODING　　**CORE**
This course provides a practical approach to expanding the knowledge of specialty-specific coding issues. Emphasis will be placed on identifying the specific circumstances and rules for coding in the specialty physician practices. **Prerequisite: MAP141**

MAP225　　　　　　　　**4 3 2 0 0**
MEDICAL LABORATORY
PROCEDURES I　　　　　**VOC/TECH**
Introduction to medical laboratory procedures, ethics, laboratory personnel and OSHA regulations. Includes use of basic lab equipment and application of basic microbiological principles. Routine urinalysis: physical, chemical and microscopic examination. Quality control is emphasized. **Corequisite: MAP347**

MAP228　　　　　　　　**3 2 2 0 0**
MEDICAL LABORATORY
PROCEDURES II　　　　　**VOC/TECH**
Venipuncture and finger puncture. Experience performing hematology, blood chemistries and EKGs. Emphasis on OSHA regulations and quality control in the medical office laboratory. **Prerequisite: Grade of "C" or better in MAP225; Corequisite: MAP348**

MAP250　　　　　　　　**2 2 0 0 0**
DIAGNOSTIC RADIOGRAPHY I　　**VOC/TECH**
This course includes radiological principles, film evaluation, processing and techniques, positioning of patients and radiation protection of patients and workers. This course partially meets the requirements for a "limited diagnostic radiographer" set by the Radiologic Division of the Iowa Department of Health. **Prerequisite: MAP225**

MAP252　　　　　　　　**2 2 0 0 0**
DIAGNOSTIC RADIOGRAPHY II　　**VOC/TECH**
A continuation of Diagnostic Radiology I with emphasis on evaluation of films exposed by the student under supervision in a physician's office. **Prerequisite: Grade of "C" or better in MAP250; Corequisite: MAP624**

MAP347　　　　　　　　**3 2 2 0 0**
MEDICAL OFFICE PROCEDURES I　　**VOC/TECH**
Clinical skills including vital signs, patient exam preparation, histories, charting and documentation, and patient education. Students perform vision and hearing tests and sterilization procedures. Medical asepsis and emphasis on OSHA regulations. **Corequisite: MAP225**

MAP348　　　　　　　　**3 2 2 0 0**
MEDICAL OFFICE PROCEDURES II　　**VOC/TECH**
Student learns to assist with examinations, tests and treatments. Inventory and use of medical supplies and surgical supplies. Includes principles of pharmacology, injections, theory of IV therapy, sterile procedures, pulmonary functions, bandaging and patient education. Outpatient scheduling, referral, prior authorizations and documentaion. **Prerequisite: Grade "C" or better in MAP347; Corequisite: MAP228**

MAP423　　　　　　　　**3 3 0 0 0**
PROFESSIONAL DEVELOPMENT　　**VOC/TECH**
Emphasizes professionalism, responsibilities of the certfied medical assistant. Medical specialities are first aid procedures, medical ethics and law, and HIPPA regulations are studied.

MAP532　　　　　　　　**3 3 0 0 0**
HUMAN BODY-HEALTH & DISEASE　　**VOC/TECH**
Designed to provide specialized knowledge of the human body relating to disease processes and possible methods of treatment. Includes CPR training. Drug terminology is added, as well as basic knowledge of symbols and abbreviations. **Prerequisite: HSC120**

MAP544　　　　　　　　**4 4 0 0 0**
HUMAN BODY-HEALTH & DISEASE I　　**VOC/TECH**
Basic biological concepts, structure and function of the body. Interrelationship of body systems in the healthy individual is stressed. Symptoms of disease, diagnostic aids used by the physician, possible methods of treatment and prognosis are presented.

MAP554　　　　　　　　**4 4 0 0 0**
HUMAN BODY-HEALTH & DISEASE II　　**VOC/TECH**
The study of the body systems is completed. **Prerequisite: Grade of "C" or better in MAP544**

MAP606　　　　　　　　**1 0 2 0 0**
PROFESSIONAL DEVELOPMENT III　　**VOC/TECH**
Provides an opportunity for the student to discuss situations that arise in the clinical experience. Oral reports by students are supplemented by a review of weekly clinical evaluations. In addition, the student is made aware of community health service available to the patient. **Corequisite: MAP624**

MAP624　　　　　　　　**5 0 0 0 21**
PRACTICUM　　　　　　**VOC/TECH**
A course designed especially for the preparation of students involving supervised practical application of previously studied theory. New material is integrated as the student progresses. The student receives experience in a physician's office working under the direct supervision of the physician and office staff. There is no financial remuneration. **Prerequisite: Satisfactory completion of all courses in first 2 terms. Corequisite: MAP252**

MAP805　　　　　　　　**4 0 0 0 16**
INTERNSHIP - MEDICAL
SECRETARIES　　　　　**VOC/TECH**
Work in a medical facility to learn the many office procedures and policies as they exist in a job situation. (P/F) **Prerequisite: HSC121, MAP532, MTR121, ADM215**

MAT034　　　　　　　　**3 3 0 0 0**
ARITHMETIC　　　　　　**COLLEGE PREP**
A review of the fundamental operations of arithmetic including addition, subtraction, multiplication and division of whole numbers, decimals and fractions. This is a college preparatory course designed for those students who need to review and improve their knowledge of the fundamentals of mathematics. College Preparatory courses cannot be used to fulfill degree requirements.

MAT053　　　　　　　　**4 4 0 0 0**
PRE-ALGEBRA　　　　　**COLLEGE PREP**
A review of arithmetic and introduction to algebra. This is a college preparatory course designed to strengthen arithmetic skills and introduce basic concepts of algebra in preparation for MAT063. College Preparatory courses cannot be used to fulfill degree requirements.

MAT063　　　　　　　　**4 4 0 0 0**
ELEMENTARY ALGEBRA　　**COLLEGE PREP**
A beginning algebra course covering most elementary topics of algebra. This includes the real number system, solving equations and inequalities, polynomials, fractional equations and radical expressions. This is a college preparatory course designed for students with no algebra background or for students who need review. College Preparatory courses cannot be used to fulfill degree requirements.

MAT073　　　　　　　　**4 4 0 0 0**
ELEMENTARY ALGEBRA II　　**COLLEGE PREP**
A review of elementary algebra along with the new topics including exponents and radicals, functions and graphs, quadratic equations, inequalities and systems of equations. **Prerequisite: 1 year H.S. algebra, department permission or MAT063.** College Preparatory courses cannot be used to fulfill degree requirements.

MAT093　　　　　　　　**1 1 0 0 0**
MATH STUDY SKILLS　　**COLLEGE PREP**
Provides students with the study techniques necessary for successful completion of their college preparatory or college credit math courses. It also addresses feelings and attitudes that might block math learning and offers strategies and techniques designed to overcome these feelings. College Preparatory courses cannot be used to fulfill degree requirements

MAT118　　　　　　　　**4 4 0 0 0**
MATH FOR ELEMENTARY TEACHERS　　**CORE**
Provides future elementary teachers a modern approach to mathematics. Sets, relations, number systems, nature of proof, algorithms, elements of algebra and geometry, basic computational skills and problem-solving. This course is for students in education fields and is not appropriate for students in other majors. This is not a methods course. **Prerequisite: 1 year H.S, algebra, department permission or MAT063**

MAT119　　　　　　　　**2 0 4 0 0**
Explorations in Elementary
Math Education　　　　**Open**
This course will provide elementary and middle school teachers with laboratory-based experiences designed to teach and reinforce elementary statistics and probability concepts, as well as fractions, decimals, and geometry. Topics will be covered from both a practical and theoretical standpoint, with an emphasis on practical understanding using concrete examples. It will develop the conceptual foundation for elementary mathematics including the basic arithmetic operations, properties of operation, number theory, and basic 2D and 3D geometry. **Prerequisite: MAT118**

MAT121　　　　　　　　**4 4 0 0 0**
COLLEGE ALGEBRA　　　　**GENERAL**
This course provides an intensified study of algebraic techniques and prepares students for future study in mathematics. The central theme of this course is the concept of a function and its graph. Topics include functions, exponents, logarithms, systems of equations, matrices, polynomials-conic sections and probability. **Prerequisite: 2 years H.S. algebra, or MAT073**

MAT129　　　　　　　　**5 5 0 0 0**
PRECALCULUS　　　　　**CORE**
Real and complex number systems, inequalities, exponential and logarithmic functions, mathematical induction, limits, sequences, elementary theory of equations, linear systems, matrices, vectors and topics of analytic geometry. **Prerequisite: MAT130 or equivalent or department permission**

MAT130　　　　　　　　**3 3 0 0 0**
TRIGONOMETRY　　　　　**CORE**
Circular functions and their inverses, trigonometric identities, trigonometric equations, solving triangles and graphing. **Prerequisite: 2 years H.S. algebra, department permission or MAT073**

MAT141　　　　　　　　**4 4 0 0 0**
FINITE MATHEMATICS　　**CORE**
General education course in practical mathematics for students not majoring in mathematics or science. Includes such topics as set operations and applications, methods of counting, probability, systems of linear equations, matrices, geometric linear programming and an introduction to Markov chains. **Prerequisite: 1 year H.S. algebra or MAT063**

MAT157　　　　　　　　**4 4 0 0 0**
STATISTICS　　　　　　**CORE**
Tabular and graphical presentation, measures of central tendency and variability, standard elementary procedures involving the binomial, normal, student's t's, chi-squares and f distributions, correlation, regression, analysis of variance and several nonparametric procedures. Same content as BUS211; credit will not be granted for both BUS211 and MAT157. **Prerequisite: 2 years of H.S. algebra or MAT073 or dept permission**

MAT160　　　　　　　　**2 2 0 0 0**
STATISTICAL BUSINESS APPLICATIONS　　**OPEN**
This is the second course in the statistics sequence. Course content includes application and interpretation of probability and statistics as applied to business situations by using sampling, confidence intervals, control charges, simple linear regression analysis, multiple regression analysis, correlation analysis, data analysis, time series analysis, hypothesis testing and computer analysis. Same content as BUS 213, credit will not be granted for both BUS213 and MAT160. **Prerequisite: BUS211 or MAT157**

MAT162　　　　　　　　**4 3 2 0 0**
PRINCIPLES OF BUSINESS STATISTICS
Make inferences about population parameters.Conduct regression inferential analyses. Obtain, present, and organize statistical data using measures of location and dispersion; the Normal distribution; sampling distributions; estimation and confidence intervals; inference for simple linear regression analysis. Use computers to visualize and analyze data. **Prerequisite: MAT141 or MAT157 or equivalent**

MAT166　　　　　　　　**4 4 0 0 0**
CALCULUS FOR BUSINESS/SOCIAL
SCIENCE　　　　　　　**CORE**
Functions, graphs, differential calculus, integral calculus, introduction to max-min theory for functions of two variables. Emphasis on application of calculus to business problems. Not a substitute for MAT211 and MAT217. **Prerequisite: 2 years H.S. algebra and MAT141, or MAT073 and MAT141**

MAT211　　　　　　　　**5 5 0 0 0**
CALCULUS I　　　　　　**CORE**
Absolute values, inequalities, functions, limits, continuity, differentiation, definite integral, exponential and logarithmic functions. **Prerequisite: MAT129 or equivalent or department permission**

MAT217　　　　　　　　**5 5 0 0 0**
CALCULUS II　　　　　　**CORE**
Continuation of MAT211. Techniques of integration, hyperbolic functions, polar coordinates, indeterminate forms, improper integrals, infinite series, partial derivatives, multiple integrals. **Prerequisite: MAT211**

COURSE DESCRIPTIONS

MAT218   3 3 0 0 0
CALCULUS III   **CORE**
Continuation of MAT217. Vectors and vector valued functions. Tangent and normal vectors. Arc length and curvature. Vector fields. Line and surface integrals. Green's Theorem, Divergence Theorem and Stoke's Theorem. Infinite series. **Prerequisite: MAT217 or equivalent or department permission**

MAT227   4 4 0 0 0
DIFFERENTIAL EQUAT/LAPLACE   **CORE**
Ordinary differential equations, systems of ordinary differential equations, Laplace transforms, numerical methods and applications. **Prerequisite: MAT217 or equivalent must be taken concurrently with or prior to this course**

MAT772   3 3 0 0 0
APPLIED MATHEMATICS   **VOC/TECH**
A course in elementary mathematical skills for technicians. Topics covered include fundamental operations with whole numbers, fractions, decimals and signed numbers; percents; geometric figures and basic constructions; area and volume formulas; English/Metric systems; measurements; and the interpretation of graphs and charts.

MAT773   3 3 0 0 0
APPLIED MATHEMATICS II   **VOC/TECH**
A course in algebra and trigonometry for technicians. Topics covered include polynomials, equations, systems of linear equations, factoring, quadratic equations, trigonometry, powers, roots and logarithms.
Prerequisite: MAT772

MFG105   3 2 2 0 0
MACHINE SHOP MEASURING   **VOC/TECH**
A study of measurements as used in industry. Units of instruction include tools, gauges, comparators, gauge blocks and inspection practices.

MFG121   2 0 4 0 0
MACHINE TRADE PRINTREADING I   **VOC/TECH**
A beginning and intermediate blueprint reading course covering basic visualization of shapes and sizes and free-hand sketching of objects. Includes section lining, print alterations and projections.

MFG132   3 1 4 0 0
MACHINE TRADE PRINTREADING II   **VOC/TECH**
An advanced blueprint reading course involving study of industrial metal work drawings as they apply to planning and laying out of jigs and fixtures. **Prerequisite: MFG121**

MFG140   1 1 0 0 0
GEOMETRIC DIMENSIONING & TOLERANCE   **VOC/TECH**
A basic course explaining the GD & T system and the symbols used within it.

MFG152   1 1 0 0 0
RELATED WELDING BLUEPRINT-MFG. TECH.   **VOC-TECH**
Basic skills will be developed in reading welding blueprints, with emphasis on welding symbols

MFG171   2 0 4 0 0
MANUFACTURING WELDING I   **VOC-TECH**
Basic skills will be developed in welding beads and buildup surfacing in the flat position, welding with oxy-acetylene equipment along with an introduction to GMAC welding.

MFG172   3 0 6 0 0
RELATED WELDING-INDUSTRIAL MAINT   **VOC/TECH**
A related welding course for industrial maintenance technicians to include the following topics: theory and operation of welding equipment, related safety issues, metallurgy and related properties.

MFG200   3 3 0 0 0
INTRODUCTION TO SAFETY SCIENCE   **VOC/TECH**
This course will cover the introduction to safety in business and industry. It will familiarize students with terminology and economics, social, environmental, ethical and regulatory pressures of today. Overview of physical safety, protection and chemical, biological and mechanical hazards.

MFG250   1 1 0 0 0
ENGINE LATHE THEORY   **VOC/TECH**
An introductory-level course explaining the theory of the basic operation and care of an engine lathe. **Corequisite: MFG251**

MFG251   2 0 4 0 0
ENGINE LATHE OPERATIONS LAB   **VOC/TECH**
An introductory-level course for the metal cutting lathe. During this course students will become familiar with basic setups as well as safe operation and care of a lathe in a lab environment. **Corequisite: MFG250**

MFG252   2 2 0 0 0
ENGINE LATHE THEORY II   **VOC/TECH**
An advanced-level course explaining complex setups and procedures for lathes. **Prerequisite: MFG250 Corequisite: MFG253**

MFG253   3 0 6 0 0
ENGINE LATHE OPERATIONS LAB II   **VOC/TECH**
An advanced course for the metal cutting lathe. During this course students will become familiar with advanced setups as well as safe operation and care of a lathe. **Prerequisite: MFG251; Corequisite: MFG252**

MFG260   1 0 0 0 0
MILL OPERATIONS THEORY   **VOC/TECH**
An introductory level course explaining the theory of the basic operation and care of vertical milling machines. **Corequisite: MFG261**

MFG261   2 0 4 0 0
MILLING OPERATIONS LAB   **VOC/TECH**
An introductory-level course for the vertical mill. During this course, students will become familiar with basic setups, as well as safe operation and care of milling machines in a lab environment. **Corequisite: MFG260**

MFG270   1 1 0 0 0
GRINDERS THEORY   **VOC/TECH**
Theoretical explanation of procedures in surface grinding. **Corequisite: MFG271**

MFG271   3 0 6 0 0
GRINDERS LAB   **VOC/TECH**
During this course, students will become familiar with basic setups, as well as safe operation and care of a surface grinder in a lab environment. **Corequisite: MFG270**

MFG273   2 2 0 0 0
MILLING OPERATIONS II   **VOC/TECH**
An advanced course for the vertical and horizontal milling machines. During this course, students will become familiar with advanced setups and machining concepts, as well as safe operation and care of milling machines. **Prerequisite: MFG260; Corequisite: MFG274**

MFG274   3 0 6 0 0
MILLING OPERATIONS LAB II   **VOC/TECH**
An advanced course for the vertical and horizontal milling machines. During this course, students will become familiar with advanced setups and machining concepts, as well as safe operation and care of milling machines. **Prerequisite: MFG261; Corequisite: MFG273**

MFG276   1 0 2 0 0
HAND & BENCH MACHINE TOOLS   **VOC/TECH**
Machine shop procedures including shop safety, hand tools, layout and tool grinding. Operations on drill presses, pedestal grinders and sawing machines.

MFG290   1 1 0 0 0
HEAT TREATMENTS   **VOC/TECH**
Introduction to physical and mechanical characteristics of metals directly associated with area of heat treatment. Also structure and composition of metals, testing, hardening, tempering and annealing.

MFG330   1 1 0 0 0
CNC MILL OPERATIONS THEORY   **VOC/TECH**
An introductory-level course explaining the theory behind basic operation and programming of a CNC vertical machining center. **Corequisite: MFG331**

MFG331   2 1 2 0 0
CNC MILL OPERATIONS LAB   **VOC/TECH**
An introductory level course for programming and operating a CNC milling center in a lab environment. **Corequisite: MFG330**

MFG340   1 0 2 0 0
BASIC LATHE OPERATION   **VOC/TECH**
This course covers setup and operation of the metal lathe including lathe parts, materials and safety procedures.

MFG341   1 0 2 0 0
VERTICAL MILL OPERATION   **VOC/TECH**
Vertical mill operation is explained and reinforced with practical experience using vertical milling machines.

MFG350   1 1 0 0 0
CNC LATHE OPERATIONS THEORY   **VOC/TECH**
An introductory-level course explaining the theory behind the basic operation and programming of a CNC lathe. **Corequisite: MFG351**

MFG351   2 1 2 0 0
CNC LATHE OPERATIONS LAB   **VOC/TECH**
An introductory-level course for programming and operating a CNC lathe in a lab environment. **Corequisite: MFG350**

MFG381   3 2 2 0 0
EDM FUNDAMENTALS   **VOC/TECH**
Operation of both conventional and wire EDM machines. Construction of EDM electrodes.

MFG402   4 4 0 0 0
BASIC DIEMAKING THEORY   **VOC/TECH**
Introduction to diemaking principles covering die sets, die components, cutting and forming applications and material utilization. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: MFG270, 271, 350, 351, 330, 331; Corequisite: MFG403**

MFG403   6 0 12 0 0
BASIC DIEMAKING LAB   **VOC/TECH**
Introducing the student to basic diemaking procedures as they construct a blank die, piercing die and a forming die. **Prerequisite: MFG270, 271, 350, 351, 330, 331; Corequisite: MFG402**

MFG411   3 1 4 0 0
PROGRESSIVE DIE DESIGN   **VOC/TECH**
Hands-on drafting experience in the design, drawing and detailing of a progressive die using Computer Aided-Design (CAD). **Prerequisite: CAD119; Corequisite: MFG412**

MFG412   4 4 0 0 0
ADVANCED DIEMAKING THEORY   **VOC/TECH**
Complex diemaking procedures, including CAM actuated dies and exposure to cost estimating and quoting. **Prerequisite: MFG402**

MFG413   6 0 12 0 0
ADVANCED DIEMAKING LAB   **VOC/TECH**
Constructing a more complex stamping die, including a progressive die that has been partially designed and detailed by the student. **Prerequisite: MFG403; MFG412 must be taken concurrently with or prior to this course**

MFG452   3 2 2 0 0
MOLDMAKING   **VOC/TECH**
The student is presented with the basic fundamentals of plastic mold construction and molding processes. Experienced individuals may contact the instructor to gain admittance to this course. Prerequisite: **MFG402 and MFG403**

MFG502   3 3 0 0 0
INTRO TO STATISTICAL PROCESS CONTROL   **VOC/TECH**
Introduction to the concepts of variability and statistical process control. The student will develop the ability to utilize the basic SPC tools, monitor and interpret charts and exercise statistical methods for continuous improvement.

MFG507   3 3 0 0 0
TOTAL QUALITY MANAGEMENT   **VOC/TECH**
The basis of this course is to provide an understanding of the principles and concepts of continuous improvement and the ability to apply them to an organization. Team concepts and the tools of SPC are also discussed.

MFG510   3 3 0 0 0
PRACTICES-CONTINUOUS IMPROVEMENT   **VOC/TECH**
Course provides understanding of the theories, methods and concepts of continuous improvement. Includes detailed, in-depth study of current theories and practices used in business and provides the student with the knowledge to implement these techniques. **Prerequisite: MFG507**

MFG512   3 3 0 0 0
INTRO TO QUALITY CONTROL MANAGEMENT   **VOC/TECH**
This course provides the student with an in-depth knowledge of the skills, tools and management techniques unique to supervising and managing a quality function within an organization. **Prerequisite: MFG502, 510**

MFG521   1 1 0 0 0
MEASURING DEVICES-SPC   **VOC/TECH**
An introduction to quality-control measuring devices, their use and application of data in Statistical Process Control.

COURSE DESCRIPTIONS

MFG522   3 3 0 0 0
APPLICATIONS OF
STATISTICAL METHODS   VOC/TECH
An in-depth study in applying the concepts of MFG502. Additional areas of concentration include sampling plan theory, FMEA study, alpha and beta calculations, reliability values and applying these concepts in case studies. **Prerequisite: MFG502**

MFG523   2 2 0 0 0
CONTROLLING MFG. BUSINESS
COSTS   VOC/TECH
The purpose of this course is to provide an understanding of the principles and concepts of production and work costs, the cost impact of shop floor activities and the various contributions company employees have on costs and profitability. Emphasis is placed on the effect individuals have on costs on a day-to-day basis.

MFG524   3 3 0 0 0
PM & DIAGNOSING MECH
& ELEC SYS   VOC/TECH
Provide understanding in the concepts and methods of preventative maintenance. Includes the development of a maintenance and documentation system. Provides fundamental troubleshooting methods and concepts.

MFG818   5 0 0 0 20
IMT INTERNSHIP   VOC-TECH
Supervised work experience with employer, based upon individual training plan that enables student to apply skills and knowledge. **Prerequisite: Successful completion of courses in terms 1, 2 and 3 of the Integrated Manufacturing Technology program**

MGT101   3 3 0 0 0
PRINCIPLES OF MANAGEMENT   GENERAL
Explore basic management principles, concepts and practices in the areas of planning, organizing, leading and controlling. Paradigm shifts include motivation, leadership, group dynamics, job design, organizational structure, decision-making, social responsibility and global competition.

MGT115   3 3 0 0 0
ADMINISTRATIVE MANAGEMENT   OPEN
Introduces concepts of office management aimed at increasing efficiency and productivity in operation of the office. Areas covered include planning and organizing, leadership and human relations and controlling office operations.

MGT120   2 2 0 0 0
PROJECT MANAGEMENT BASICS   VOC/TECH
This class teaches basic project management theory using project management software. The student will learn to use software to create projects, organize schedules, customize reports, plus work with calendars, multiple projects, evaluate and adjust resources, costs and time factors.

MGT128   3 3 0 0 0
ORGANIZATIONAL BEHAVIOR   VOC/TECH
Course introduces the concepts, methodologies and techniques used in the field of organizational development. Topics covered include fundamental concepts, leadership, organizational environment, social environment, group process and operating activities

MGT130   3 3 0 0 0
PRINCIPLES OF SUPERVISION   OPEN
A unique view of organizational structure, the managerial function and the role of the supervisor as it relates to the human relationship between supervisors, peers and subordinates and the practice of sound personnel techniques.

MGT145   3 3 0 0 0
HUMAN RELATIONS IN BUSINESS   OPEN
Emphasizes the importance of the development of proper attitudes toward self, others and organizational settings. Stresses the development of a good self-image and the relationship this has to energy levels, emotions, defensiveness, verbal and nonverbal communication.

MGT147   3 3 0 0 0
LEADERSHIP DEVELOPMENT   VOC/TECH
The central focus of this course is the development of leadership ability. The course provides a basic understanding of leadership and group dynamics theory, assists participants in developing a personal philosophy of leadership and an awareness of one's own ability and style of leadership.

MGT170   3 3 0 0 0
HUMAN RESOURCE MANAGEMENT   VOC/TECH
This course studies the role of human resource management as it applies to the challenges, problems, techniques, opportunities, ethical considerations and social dynamics in organizations. Emphasis on human resource activities of both managers and human resource specialists.

MGT194   2 2 0 0 0
RELATIONSHIP STRATEGIES
IN BUSINESS   VOC/TECH
Includes the awareness of communication styles and how to manage successful interpersonal and organizational relationships

MGT248   3 3 0 0 0
SYSTEMS & INFORMATION
MANAGEMENT   VOC/TECH
An introduction of managing information for decision-making. Planning what information to obtain, sources and methods of collecting information, interpreting and analyzing; presenting and using information for decisions.

MGT800   6 0 0 0 24
BUSINESS INTERNSHIP I   VOC/TECH
One semester of full-time successful introductory on-the-job training in a cooperating training station. Emphasis is placed on customer service and sales promotion strategies. (P/F) **Corequisite: MGT802**

MGT802   2 1 2 0 0
BUSINESS INTERNSHIP SEMINAR I   VOC/TECH
Field experience problems will be discussed, new occupational information will be presented and business people will speak on the functions, institutions and products found in a sales promotion. **Corequisite: MGT800**

MGT805   4 0 0 0 16
BUSINESS INTERNSHIP II   VOC/TECH
Sales promotion training of the level prescribed in the individual training plan. Exposure will be given to merchandising techniques. The training will be scheduled in an approved cooperating training station. Supervision of the training plan will be made by a teacher/coordinator. (P/F) **Corequisite: MGT807**

MGT807   1 1 0 0 0
BUSINESS INTERNSHIP SEMINAR II   VOC/TECH
Students are exposed to areas of sales promotion through guest speakers, visual aids and discussion of business. **Corequisite: MGT805**

MGT810   4 0 0 0 16
BUSINESS INTERNSHIP III   VOC/TECH
Consists of one term of part-time on-the-job training of the level prescribed in the individual training plan. Exposure will be given to merchandising control and supervision. Supervision of the training plan will be made by a teacher/coordinator. (P/F) **Corequisite: MGT812**

MGT812   1 1 0 0 0
INTERNSHIP SEMINAR III   VOC/TECH
Students are exposed to areas of marketing through guest speakers, visual aids and discussion of business internship experiences. **Corequisite: MGT810**

MGT903   2 1 2 0 0
FIELD EXPERIENCE I SEMINAR   VOC/TECH
Field experience problems will be discussed, new occupational information will be presented and business people will speak on the functions, institutions and products found in the field of management. **Corequisite: MGT920**

MGT920   6 0 0 0 24
FIELD EXPERIENCE I   VOC/TECH
Consists of one term of full-time successful introductory on-the-job management training in a cooperating training station. Development and supervision of a training plan will be made by a teacher-coordinator. (P/F) **Corequisite: MGT903**

MKT110   3 3 0 0 0
PRINCIPLES OF MARKETING   GENERAL
Marketing effectively and efficiently results in better customer loyalty, higher share of customers, relief from margin erosion and higher customer satisfaction. Explore strategies used to get, keep and grow customers. Theoretical concepts blend with real-world applications in the areas of planning, decision-making, consumer behavior, ethics, product, price, distribution, promotion, service and international marketing.

MKT115   3 3 0 0 0
BUSINESS TO BUSINESS
MARKETING   OPEN
Presents functional methods of business-to-business marketing. Examines all forms of wholesaler service and manufacturer-type marketing activities.

MKT120   3 3 0 0 0
E-MARKETING   VOC/TECH
Study of the Internet as a marketing tool. Investigation of the relevant issues and uses of web-based marketing including influence on traditional marketing mix topics such as product, place, price and promotion. Focus will be on the use of technology rather than the technology itself.

MKT140   3 3 0 0 0
SELLING   OPEN
Emphasizes the "consultative style" of personal selling. Covers the importance of establishing good relationships, finding prospect needs, providing a solution to these needs and closing a high percentage of sales interviews.

MKT141   3 3 0 0 0
ADVANCED SELLING STRATEGIES   VOC/TECH
Explores strategies related to working effectively with high-level decision-makers. Focuses on the individual adding value to the transaction to become the supplier of choice. Examines sales automation in depth. **Prerequisite: MKT140**

MKT145   3 3 0 0 0
SALES MANAGEMENT   OPEN
Expands on the selling process by training the trainer in functional aspects of sales force management. Emphasis on recruitment, selection and training procedures; motivation, group presentations and meeting management; compensation plans, territory management, forecasting and performance evaluation.

MKT150   3 3 0 0 0
PRINCIPLES OF ADVERTISING   OPEN
The area of promotional communication is studied to achieve an understanding of the marketplace, the various advertising media and the development of an effective promotional message.

MKT160   3 3 0 0 0
PRINCIPLES OF RETAIL   VOC/TECH
Course examines developments in retailing, organization of retail institutions, merchandise handling processes, understanding retail customers and future directions in retailing.

MKT165   3 3 0 0 0
RETAIL MANAGEMENT II   VOC/TECH
A problem-solving approach to the operating principles and methods in the retail field. Management decision-making is emphasized. **Prerequisite: MKT160**

MKT184   3 3 0 0 0
CUSTOMER SERVICE   VOC/TECH
Designed to make students aware of the value and reliance that a company places on their Customer Service Representative. Emphasis is placed on developing skills that enable students to effectively work with external as well as internal customers. Self-management techniques are also included to enhance the retention of a positive attitude in the workplace.

MKT199   3 3 0 0 0
SPORTS/ENTERTAINMENT
MARKETING   VOC/TECH
Exploration of the essentials of effective Sport/Entertainment Marketing. Topics include application of the marketing principles in the sports/entertainment area, licensing issues, sponsorships and endorsements, stadium and arena marketing, broadcasting and media considerations, public policy and the unique challenges for sports/entertainment-specific products (concerts, special events, concessions, football, basketball, baseball, motor sports, etc.)

MLT112   2 2 0 0 0
PRINCIPLES OF PHLEBOTOMY   OPEN
An orientation course designed to give students a thorough background in blood collection, including demonstrations of venipuncture and skin puncture techniques. This course is required for students admitted to the Medical Laboratory Technology program who do not have documentation of competency in Phlebotomy and for students who wish to obtain certification in Phlebotomy. Phlebotomy students must also enroll in the Phlebotomy Clinical course, (PHB280).

COURSE DESCRIPTIONS

MLT121   2 1 2 0 0
LAB FUNDAMENTALS
& URINALYSIS   **OPEN**
A course designed to acquaint the student with the field of laboratory medicine, laboratory structure and staffing. Basic lab skills, instrumentation and quality control are presented. This course also includes the study of urine formation and methodology for determining the physical, chemical and microscopic properties of urine in normal and abnormal states. **Prerequisite: Acceptance into the Medical Laboratory Technology program**

MLT132   2 1 2 0 0
BEGINNING HEMATOLOGY   **OPEN**
An introduction to the study of red blood cells, white blood cells and platelets. This course focuses on red cell metabolism, hematopoiesis, evaluation of red cell morphology and the pathogenesis of anemia. Methods of measurement and basic hematology procedures are presented. **Prerequisite: Acceptance into the Medical Laboratory Technology program**

MLT232   5 3 4 0 0
ADVANCED HEMATOLOGY/
COAGULATION   **OPEN**
A review of basic procedures, followed by a study of normal and abnormal blood and bone marrow smears as they relate to anemias and leukemias. Hematology instrumentation, quality control, coagulation and body fluid analysis are studied. This advanced course is a sequel to the Beginning Hematology and includes an in-depth study of various anemias, leukemias and other hematological disorders. **Prerequisite: Grade of "C" or better in MLT121 and 132.**

MLT242   8 6 4 0 0
CLINICAL CHEMISTRY   **OPEN**
Study and analysis of electrolyzes, proteins, lipids, enzymes, hormones, drugs and various other biochemical compounds found in the body. Test results are correlated with patients' conditions. Laboratory math, statistics and quality control are presented. **Prerequisite: Grade of "C" or better in MLT121. Successful completion of the following courses: CHM122 or equivalent; CHM 132 or equivalent; BIO164 or equivalent.**

MLT251   6 4 4 0 0
CLINICAL MICROBIOLOGY   **OPEN**
A study of clinically important microorganisms. Students learn and practice techniques used to isolate and identify pathogenic bacteria, parasites and fungi. **Prerequisite: Grade of "C" or better in MLT121. Successful completion of the following courses: BIO164 or equivalent, BIO732 or equivalent, CHM122 or equivalent**

MLT261   5 3 4 0 0
IMMUNOHEMATOLOGY   **OPEN**
Principles of immunohematology with the practices of blood banking are presented. ABO grouping, RH typing and transfusion testing procedures are performed. Blood group antigens and antibodies are studied. **Prerequisite: Grade of 'C' or better in MLT232 and pre- or corequisite of MLT270. Successful completion of the following courses: BIO732 or equivalent, BIO164 or equivalent, CHM132 or equivalent.**

MLT270   2 1 2 0 0
IMMUNOLOGY & SEROLOGY   **OPEN**
Immune reactions of the body will be studied. Reactions between antigen and antibodies will be used as a means to detect diseases such as hepatitis, infectious mononucleosis and rheumatoid arthritis. **Prerequisite: Grade of "C" or better in MLT232**

MLT282   1 2 0 0 0 48
CLINICAL LABORATORY PRACTICUM   **OPEN**
Students rotate through the various departments (hematology, chemistry, microbiology, blood bank and urinalysis) of the hospital laboratory, applying the knowledge and skills learned in the classroom. **Prerequisite: Completion of first four terms of Medical Laboratory Technology program with a GPA of 2.0 or higher. Corequisite: MLT290**

MLT290   2 2 0 0 0
CLINICAL SEMINAR AND REVIEW   **OPEN**
Students review medical laboratory subjects, share experiences in the clinical area and present case studies. Job-seeking skills, continuing education opportunities, legal responsibilities and professional organizations are also discussed. A mock certification exam is given. **Prerequisite: Successful completion of first four terms of Medical Laboratory Technology program with a GPA of 2.0 or higher. Corequisite: MLT282**

MLW440   3 2 2 0 0
BLUEPRINT READING AND LAYOUT   **VOC/TECH**
An introduction to blueprint reading and layout and the application of this knowledge with the use of specific tools.

MLW441   3 2 2 0 0
MATERIAL IDENTIFICATION/USAGE   **VOC/TECH**
An introduction to the materials used in making architectural millwork products.

MLW442   3 2 2 0 0
INTRODUCTION TO PORTABLE TOOLS   **VOC/TECH**
An introduction to safe use and the proper care and selection of power tools.

MLW443   4 2 4 0 0
STATIONARY EQUIPMENT   **VOC/TECH**
The purpose of this course is to train the student in the identification, operation and maintenance of stationary equipment.

MLW444   3 2 2 0 0
ADVANCED EQUIPMENT TECHNIQUES   **VOC/TECH**
This course will provide the students with maintenance experience and advanced machining skills. **Prerequisite: MLW440, 441, 442, 443**

MLW445   3 2 2 0 0
MILLIMETER CABINET TECHNIQUES   **VOC/TECH**
This course is an introduction to the rationale of cabinet making and millwork. **Prerequisite: MLW440, 441, 442, 443**

MLW446   4 2 4 0 0
MILLWORK TECHNIQUES   **VOC/TECH**
This course is an introduction to the initial steps of applying various millwork techniques to projects. **Prerequisite: MLW440, 441, 442, 443**

MLW447   3 2 2 0 0
INTRODUCTION TO APPLICATION   **VOC/TECH**
This course will allow students to begin combining their knowledge of the previous courses in Architectural Millwork to produce mock-up projects. **Prerequisite: MLW440, 441, 442, 443**

MLW448   5 1 8 0 0
ADVANCED MILLWORK APPLICATION I   **VOC/TECH**
This course will combine the skills learned from the previous courses to begin producing completed projects. **Prerequisite: MLW444, 445, 446, 447**

MLW449   5 1 8 0 0
ADVANCED MILLWORK
APPLICATION II   **VOC/TECH**
This course will combine the students' previous courses to produce a completed project from beginning to installation. **Prerequisite: MLW448**

MOR305   2 2 0 0 0
HISTORY OF FUNERAL SERVICES   **VOC/TECH**
Students will trace the history of funeral services from ancient times through current practices with emphasis on the development of funeral practices in the United States. Students study the customs of various cultures throughout the world including customs in the United States. **Prerequisite: Admission to the Mortuary Science program**

MOR310   3 3 0 0 0
PATHOLOGY FOR MORTUARY
SCIENCE   **VOC/TECH**
Students will be introduced to the study of the cause, course and effects of diseases upon the human body, with stress on ways in which tissue changes affect the embalming process. Pathologic conditions that require special treatment and terminology associated with the causes of death. **Prerequisite: Admission to the Mortuary Science program**

MORS315   3 3 0 0 0
FUNERAL LAW   **VOC/TECH**
Deals with the statutory laws and practices pertaining to funeral services. The student will study the laws that govern the funeral director and the embalmer and their legal responsibilities to the consumer. **Prerequisite: Admission to the Mortuary Science program**

MOR320   3 3 0 0 0
THANATOLOGY   **VOC/TECH**
Designed to acquaint the student with an overview of psychology in funeral service as applied to death, grief, and mourning. Students will be taught specific counseling procedures used when counseling the bereaved family. Pre-need and after-care services will be explored. **Prerequisite: Admission to the Mortuary Science program**

MOR325   3 3 0 0 0
FUNERAL DIRECTING   **VOC/TECH**
Surveys the principles related to funeral directing customs, religions, human relations, relations with clergy, and the professional behavior required of funeral directors. Requirements for burial, cremation, anatomical donation, and burial at sea as modes of disposition are presented. **Prerequisite: Admission to the Mortuary Science program**

MOR330   3 3 0 0 0
FUNERAL MERCHANDISING   **VOC/TECH**
This course is designed to give the student an understanding of the various products available through funeral homes and competing industries. Topics of study will include merchandising, casket, urn and vault construction. **Prerequisite: Admission to the Mortuary Science program**

MOR335   3 3 0 0 0
EMBALMING I   **VOC/TECH**
Basic techniques of embalming through disinfection, preservation and restoration of deceased human remains. Included are instruments, treatment planning and the practical application of modern embalming theory. **Prerequisite: Admission to the Mortuary Science program and BIO733 or BIO164**

MOR336   1 0 2 0 0
EMBALMING I CLINICAL   **VOC/TECH**
This course is a study of basic techniques of embalming through disinfection, preservation, and restoration of deceased human remains. Included are instruments, treatment planning, and the practical application of modern embalming theory. **Prerequisite: BIO733 and admission to the Mortuary Science program; Corequisite: MOR335**

MOR340   3 3 0 0 0
EMBALMING II   **VOC/TECH**
This course is a continuation of MOR335. Theories and principles of embalming, embalming chemicals, cavity treatments and disaster management will be studied with an emphasis on application to specific cases. **Prerequisite: Admission to the Mortuary Science program and MOR335**

MOR341   1 0 2 0 0
EMBALMING II CLINICAL   **VOC/TECH**
This course is an advanced study of embalming techniques. Included in the study will be the embalming of difficult cases. **Prerequisite: MOR335 and admission to the Mortuary Science program; Corequisite: MOR340**

MOR345   3 3 0 0 0
RESTORATIVE ART   **VOC/TECH**
Students will develop knowledge of anatomical modeling, facial expressions, color, cosmetics, display lighting, instruments, and materials and techniques necessary to rebuild the human face that has been destroyed by traumatic and/or pathological conditions. **Prerequisite: MOR335 and admission to the Mortuary Science program**

MOR346   1 0 2 0 0
RESTORATIVE ART LAB   **VOC/TECH**
This course is designed to provide the student with the theories applied in restorative art procedures. The student will study the anatomical structure of the cranial and facial areas of the human skull, facial proportions and markings, methods and techniques used to restore facial features destroyed by traumatic or pathological conditions and color and cosmetology theory. **Prerequisite: MOR335 and admission to the Mortuary Science program; Corequisite: MOR345**

MOR350   2 2 0 0 0
FUNERAL HOME OPERATIONS   **VOC/TECH**
This course is designed to give the student an understanding of the principles of the operations of a funeral home. Topics of study will include funeral service forms, death benefits and vital statistics. In addition, this course will study the role and function of the funeral director as an effective manager. Emphasis is placed on small business and management functions of planning, organizing, motivation, direction and controlling in the funeral home setting, and introduces students, through a hands-on approach, to the basic computer applications, which are part of the day to day operations of the funeral home. **Prerequisite: Admission to the Mortuary Science program**

MOR360   2 2 0 0 0
THANATOCHEMISTRY   **VOC/TECH**
This course is a survey of the basic principles of disinfection and preservation as they relate to embalming. Especially emphasized are the chemical principles involved in sanitation, disinfection, and embalming practice. The development and use of personal, professional, and community sanitation practices is addressed as well as use and precautions related to potentially harmful chemicals that are currently used in the field of funeral services. **Prerequisite: Admission to the Mortuary Science program or instructor permission; Corequisite: MOR335**

COURSE DESCRIPTIONS

MOR365 2 2 0 0 0
SURVEY OF INFECTIOUS DISEASES VOC/TECH
This course provides a survey of infectious disease processes, nonspecific and specific defense mechanisms, and principles of infection control and epidemiology. Safe handling of infectious materials and the use of personal protective equipment are emphasized. **Prerequisite: Admission to the Mortuary Science program**

MOR941 4 1 0 9 0
PRACTICUM VOC/TECH
Students will be assigned to a college-approved funeral home to learn procedures and policies of the funeral home and perform duties directly relating to the practice of funeral service as assigned by the preceptor, licensed funeral home staff, and faculty members. **Prerequisite: Completion of all Mortuary Science courses, required general education courses and business core courses and consent of Program Chair**

MTR120 3 2 2 0 0
MEDICAL TRANSCRIPTION I VOC/TECH
Designed to prepare the student to transcribe from physician dictation. The course covers the various medical specialties and introduces the student to a variety of formats for medical materials. **Prerequisite: ADM157, HSC120, MAP119 must be taken concurrently or prior to this course.**

MTR121 3 2 2 0 0
MEDICAL TRANSCRIPTION II VOC/TECH
A continuation of Medical Transcription I. **Prerequisite: MTR120**

MTR122 3 2 2 0 0
MEDICAL TRANSCRIPTION III VOC/TECH
A continuation of Medical Transcription II. Concentrates on transcription of case histories and physicals, discharge summaries and operative reports with a variety of dictating styles. **Prerequisite: MTR121**

MUA101 1 0 2 0 0
APPLIED VOICE GENERAL
Individual instruction in voice. Weekly half-hour lessons in tone production, breath control, diction, literature and stage presence. May be repeated for a maximum of four credits.

MUA120 1 0 2 0 0
APPLIED PIANO I GENERAL
Individual instruction in piano. Weekly half hour lessons. Beginning, intermediate and advanced students accepted. May be repeated for a maximum of four credits

MUA121 2 1 2 0 0
APPLIED PIANO GENERAL
This course is especially for the beginner in piano. Students will be introduced to the fundamentals of piano playing, including beginning note reading for the keyboard, technical development and appropriate repertoire.

MUA147 1 0 2 0 0
APPLIED INSTRUMENTAL GENERAL
Individual instruction in all instruments. Weekly half-hour lessons. May be repeated for a maximum of four credits.

MUS100 3 3 0 0 0
MUSIC APPRECIATION CORE
A survey of the development of western arts music through study of representative compositions of many periods and styles. Includes definitions of musical terminology and a major emphasis on listening.

MUS102 3 3 0 0 0
MUSIC FUNDAMENTALS CORE
This course introduces students to the elements of music through performance on recorder and piano. Includes instruction in teaching the elements of music to preschool and elementary school children.

MUS106 4 3 2 0 0
MATERIALS OF MUSIC I GENERAL
All aspects of music theory will be introduced and explored with the experienced music student. Activities will include ear training, sight singing, keyboard training and written theory assignments.

MUS107 4 3 2 0 0
MATERIALS OF MUSIC II GENERAL
As a sequel to Materials of Music I, this course will examine music theory in greater complexity and will emphasize the harmonic aspects of music. Activities include ear training, sight singing, keyboard skills and written theory assignments. **Prerequisite: MUS106**

MUS143 2 1 2 0 0
CONCERT CHOIR GENERAL
The concert choir is open to all students. Varied literature is chosen. May be repeated for a maximum of eight credits.

MUS150 1 0 2 0 0
CHAMBER ENSEMBLE GENERAL
Course is open to members of the Concert Choir who are selected by auditioning with the director. Chamber Choir sings a variety of musical styles and the music is generally more difficult than the music in Concert Choir. Prior choir experience is most helpful. May be repeated for a maximum of four credits. **Prerequisite: Audition with director; Corequisite: MUS143**

NET123 4 2 4 0 0
COMPUTER HARDWARE BASICS VOC/TECH
An evaluation of microcomputer systems. Includes computer diagnostics and repair. Also includes peripheral troubleshooting. **Prerequisite: NET132**

NET124 3 3 0 0 0
MICROPROCESSOR INTERFACING VOC/TECH
A study of microprocessor/microcomputer interface methods. It includes parallel interfacing using the 8255 PPI and serial interfacing using UART and USARTS. Digital-to-Analog and Analog-to-Digital converters are also examined. **Prerequisite: ELT611,612; Corequisite: NET125**

NET125 4 0 8 0 0
MICROPROCESSOR INTERFACING LAB VOC/TECH
An evaluation of microprocessor interface techniques. The experiments include parallel devices such as 8255 Programmable Peripheral Interface chip, UART and USART serial devices, D/A and A/D converters. **Prerequisite: ELT611, 612; Corequisite: NET124**

NET126 2 2 0 0 0
NETWORKING TECHNOLOGIES- MAINFRAME VOC/TECH
Provides a technical level of understanding in the areas of mainframe networking connectivity, data communications concepts and protocol communication concepts.

NET127 2 2 0 0 0
SERVICE & SUPPORT VOC/TECH
Provides a technical level of competence installing network interface cards, replacing hard drives, installing communications software and hardware and troubleshooting 3.x and 4.x systems. **Prerequisite: NET488**

NET128 4 4 0 0 0
NETWORK COMPATIBILITY PRODUCTS VOC/TECH
Concepts of the software and hardware used to link various computers and operating systems. **Prerequisite: NET443, 444; Corequisite: NET129**

NET129 2 0 4 0 0
NETWORK COMPATIBILITY PRODUCTS LAB VOC/TECH
Installing and configuring compatibility software and hardware. Use of the software to share data between dissimilar system types. **Prerequisite: NET443, 444 Corequisite: NET128**

NET132 3 3 0 0 0
OPERATING SYSTEMS SOFTWARE BASICS VOC/TECH
This course is a user's introduction to the Windows, MS DOS and UNIX Operating Systems. Objectives are to enable the user to load and execute programs, create and modify files and maintain an orderly file system.

NET139 4 3 2 0 0
MCSE DESKTOP OPERATING SYSTEM VOC/TECH
Involves installation, configuration, maintenance and administration of Windows XP Professional software. Prepares students with a knowledge base for Windows XP Pro Version certification exam. **Prerequisite: NET223 or Net Plus Certification**

NET144 3 2 2 0 0
DIGITAL AND COMPUTER ELECTRONICS VOC/TECH
In the context of today's computer technology, this class studies digital electronic circuits, concentrating on gates, counters, registers/memory. Also included is the study of data communications by bus structure, parallel and serial ports and microprocessor. **Corequisite: NET145**

NET145 3 0 6 0 0
DIGITAL & COMPUTER ELECTRONICS LAB VOC/TECH
In the context of today's computer technology, this class studies digital electronic circuits, concentrating on gates, counters, registers and memory through lab experiments. Also included is the study of data communications by bus structure, parallel and serial ports and microprocessors. **Corequisite: NET144**

NET213 4 2 4 0 0
CISCO NETWORKING VOC/TECH
This course provides the student a technical level of understanding in the areas of PC and mainframe networking connectivity, data communications concepts and protocol communication concepts. **Prerequisite: NET132**

NET223 4 2 4 0 0
CISCO ROUTERS VOC/TECH
Includes network standards, LANs, WANs, OSI models, routers, router programming, ethernet and IP protocol addressing and decision-making and problem-solving techniques. **Prerequisite: NET213**

NET233 4 2 4 0 0
CISCO SWITCHES VOC/TECH
CISCO training includes learning the basics of setting up, configuring and maintaining a switch, bridge and router. Additional areas cover layer 1, 2 & 3 network design, IP addressing scheme, VLANS, IPX compatibility, access lists, TCS and TBC design. **Prerequisite: NET223**

NET243 4 2 4 0 0
CISCO WIDE AREA NETWORKS (WAN) VOC/TECH
CISCO training involves WAN design, point-to-point protocol, ISDN, frame relay and network management. Part of this course is involved with extensive review of semester one through semester four material in preparation for the CCNA. **Prerequisite: NET233**

NET324 4 3 2 0 0
WINDOWS NETWORK MANAGEMENT VOC/TECH
This course is designed to meet the requirements of test #70-218. It covers the basic entry level windows networking materials and skills. **Prerequisite: NET123, 132**

NET333 3 3 0 0 0
IMPLEMENTING WINDOWS NETWORK INFRASTRUCTURE VOC/TECH
This course covers the current infrastructure administration, including setting up, maintaining and administering the network. The content is geared toward preparation for the associated Microsoft certification test. **Prerequisite: NET223, 623, 628**

NET343 3 2 2 0 0
WINDOWS DIRECTORY SERVICE VOC/TECH
This course concentrates on the specifics of active directory administration. Includes setting up, maintaining and administrating the active directory services of current windows server products. **Prerequisite: NET223, 623, 628**

NET352 2 2 0 0 0
WINDOWS SECURITY VOC/TECH
This course covers the current curriculum for Designing Security for an MS Network. **Corequisite: NET333, 664, 343**

NET362 2 2 0 0 0
WINDOWS DIRECTORY SERVICES DESIGN VOC/TECH
This course covers the current curriculum for designing MS directory services. **Corequisite: NET333, 664, 343**

NET372 2 2 0 0 0
DESIGNING WINDOWS NET INFRAS VOC/TECH
This course covers the current curriculum for Designing the MS Network Infrastructure. **Corequisite: NET333, 664, 343**

NET402 3 2 2 0 0
LINUX NETWORK ADMINISTRATION VOC/TECH
This is the first in a series of ITNA Linux courses. This course covers the basic installation and administration of the Linux operating system. **Prerequisite: NET623 or instructor permission**

NET412 3 2 2 0 0
LINUX SYSTEM ADMINISTRATION VOC/TECH
This is the second in a series of ITNA Linux courses. This course covers system administration of the Linux operating system. **Prerequisite: NET402 or instructor permission**

NET422 3 2 2 0 0
LINUX SYSTEM PROGRAMMING VOC/TECH
This is the third in a series of ITNA Linux courses. This course covers system programming for the Linux operating system. The final project for the course will be creating your own Packet Sniffer/Intrusion Detection System/Firewall. **Prerequisite: NET412 or instructor permission**

COURSE DESCRIPTIONS

NET432   3 2 2 0 0
LINUX SYSTEM SECURITY   VOC/TECH
This is the first in a series of ITNA Security courses. This course details how to protect your network from malicious users and how to choose and configure a Firewall for Microsoft Windows, Novell, Linux and CISCO. **Prerequisite: NET623 or instructor permission**

NET433 – ADJUNCT   3 3 0 0 0
NETWORK SECURITY ISSUES
This is a survey course for currently employed network managers and/or administrators. This course does not have any lab component. It explains how to protect a network from malicious users and how to choose a Firewall for Microsoft Windows, Novell, Linux and CISCO. **Prerequisite: NET623 or 2 years industry experience and instructor permission**

NET434   3 2 2 0 0
LINUX SYSTEMS & CERTIFICATION   VOC/TECH
This course provides the student with a thorough study into the various Linux/Unix systems available, the advantages and disadvantages, installation techniques and management functions. A significant amount of time will be spent loading, operating and contrasting the various operating systems. **Prerequisite: NET402, 412, 432**

NET435   3 2 2 0 0
**LINUX PROGRAMMING
FOR ADMIN**   VOC/TECH
This course includes the study of creating and installing bash and perl scripts as well as a detailed study of their uses and power controlling a Linux or Unix environment. The student will also create, compile and link C code and explore the Unix/Linux kernel. **Prerequisite: NET422**

NET436   3 2 2 0 0
LINUX NETWORK PROGRAMMING   VOC/TECH
The purpose of this class is to familiarize the student with the functions and program skills to successfully support Linux in a network environment. The course will include a major project of programming and installing a successful Linux network service. **Prerequisite: NET435**

NET443   2 2 0 0 0
UNIX OPERATING SYSTEM   VOC/TECH
Concepts of the UNIX operating system commands. Use of shells, shell scripts, facilities and management commands. **Corequisite: NET444**

NET444   1 0 2 0 0
UNIX OPERATING SYSTEM LAB   VOC/TECH
Course includes working with UNIX commands. Students will work with shells, write shell scripts, run facilities, work with management commands. **Corequisite: NET443**

NET484 – ADJUNCT   4 3 2 0 0
NETPLUS CERTIFICATION   VOC/TECH
This course is a comprehensive study for learning, mastering and practicing the concepts required to pass the COMPTIA Netplus Certification Exam. The student will have a significant amount of reading and studying as well as skill building lab time. This course is intended for the student seeking certification.

NET488   2 2 0 0 0
NETWARE 4.X ADMINISTRATION   VOC/TECH
Course covers the knowledge and skills needed to perform Netware 4.x network administration or system management tasks effectively.

NET512   3 2 2 0 0
**LINUX ENTERPRISE
ADMINISTRATION I**   VOC/TECH
Provides knowledge and skills to perform competently in the role of Network Administrator or System Manager for NetWare5. **Prerequisite: NET213, 223**

NET521   2 2 0 0 0
NOVELL SYSTEM ADMINISTRATION   VOC/TECH
Work as a design team using a case company. Create a design document for IntranetWare and create an implementation schedule. **Prerequisite: NET512, 532**

NET532   3 2 2 0 0
**LINUX ENTERPRISE
ADMINISTRATION II**   VOC/TECH
Provides advanced administration skills to design, configure and administer a complex NetWare 5 Network. **Prerequisite: NET213, 223**

NET541   2 2 0 0 0
NOVELL SYSTEM PROGRAMMING   VOC/TECH
The two main goals of the Service and Support course are NetWare installation and upgrade and basic network troubleshooting. After completing this course you will be able to install file servers and workstations, configure and install network boards and cables and isolate and diagnose common network problems. **Prerequisite: NET512, 532**

NET612   3 3 0 0 0
FUND OF NETWORK SECURITY
The course prepares students to recognize the threats and vulnerabilities present in existing information systems and to learn to design and develop the secure systems needed in the near future. It also prepares students for the role of decision maker in the area of information security. Topics include legal and ethical issues, security technologies, risk management, network and system security, cryptography, and information security maintenance. **Prerequisite: BCA113**

NET623   4 4 0 0 0
NETWORK APPLICATIONS   VOC/TECH
This course provides the student with an understanding of the software systems and applications that provide network services across differing networks and operating system platforms. **Prerequisite: NET223; Corequisite: NET628**

NET628   2 0 4 0 0
NETWORK APPLICATIONS LAB   VOC/TECH
This course will provide the student with hands-on experience in installing and configuring the software systems and applications that provide network services across differing networks and operating system platforms. **Prerequisite: NET213 Corequisite: NET623**

NET653   4 3 2 0 0
MICROSOFT EXCHANGE SERVER   VOC/TECH
This course covers the current curriculum in the Microsoft Exchange Server series **Prerequisite: NET664**

NET664   5 2 6 0 0
MS WINDOWS PROFESSIONAL/SERVER VOC/TECH
This course includes the curriculum for the current Microsoft versions of professional and server products. The content is geared toward preparation for the associated Microsoft certification test. **Prerequisite: NET223, 623, 628**

NET680   3 3 0 0 0
TCP/IP NETWORKING   VOC/TECH
Concepts of the TCP/IP protocol suite. Includes protocol formats, usage and network commands. Concepts of design, installation and management are introduced. **Prerequisite: NET443, 444; Corequisite: NET681**

NET681   1 0 2 0 0
TCP/IP NETWORKING LAB   VOC/TECH
Hands on command manipulation of a TCP/IP network. Also includes installation and management. **Prerequisite: NET443, 444; Corequisite: NET680**

NET711   3 3 0 0 0
SQL DATABASE   VOC/TECH
This course covers the current curriculum for implementing a database in Microsoft SQL Server. **Prerequisite: NET333, 664, 343**

NET715   3 3 0 0 0
DATABASE SECURITY & AUDITING
This course is intended for students preparing for careers as developer, systems analyst, business analyst, database administrator, or system development manager working with database applications. Students learn to implement database security and auditing in order to protect data. **Prerequisite: CIS303**

NET730   3 2 2 0 0
COMPUTER FORENSICS & INVESTIGATION
An introductory course intended for system administrators, providing training in detecting and analyzing data stored or often hidden on computer systems. The course prepares students to use computer forensics tools to uncover violations of company policy, embezzlement, email harassment, leaks of proprietary information, and criminal activity. **Prerequisite: NET612**

PEA102   1 0 2 0 0
AEROBIC FITNESS I   OPEN
Introduces aerobic concept of physical fitness. Includes aerobic activities, aerobic exercising and aerobic dance. Course designed for men and women.

PEA110   1 0 2 0 0
BADMINTON I   OPEN
Introduction to basic skills (serve, clear, drop, drive and smash) and basic knowledge of game play.

PEA117   1 0 2 0 0
BOWLING I   OPEN
Beginning skills only.

PEA134   1 0 2 0 0
GOLF I   OPEN
Beginning skills only.

PEA144   2 1 2 0 0
PHYSICAL FITNESS & CONDITIONING   OPEN
Development of personal fitness using a variety of conditioning and exercise techniques, including weight training, aerobics and aquatic fitness. Instruction on acute and chronic responses to exercise and the role of exercise in health promotion and weight management.

PEA146   1 0 2 0 0
PHYSICAL FITNESS I   OPEN
Various exercises and activities to improve physical fitness.

PEA164   1 0 2 0 0
SWIMMING I   OPEN
Recreational swimming at Heartland Health Center. Some swimming experience expected.

PEA174   1 0 2 0 0
TENNIS I   OPEN
Introduction to basic skills (forehand, backhand, service and volley) and basic knowledge of game play.

PEA176   1 0 2 0 0
VOLLEYBALL I   OPEN
Beginning skills only.

PEA184   3 1 4 0 0
**WATER SAFETY INST/
LIFEGUARD TRNG/INST**   OPEN
Provides the student with the practical, cognitive, behavioral and decision making skills needed for lifeguarding and the necessary skills to conduct/instruct all levels of Red Cross swimming and water safety lesson programs. Upon satisfactory completion, student will receive Red Cross certification in lifeguarding and water safety instructor.

PEA187   1 0 2 0 0
WEIGHT TRAINING I   OPEN
Introduction to basics of weight training. Emphasizes increasing physical capacity; that is increased muscular strength and power.

PEA234   1 0 2 0 0
GOLF II   OPEN
Expansion of basic golf skills. **Prerequisite: PEA134 or equivalent skills**

PEA284   1 0 2 0 0
ADVANCED LIFESAVING   OPEN
Purpose is to provide the student with the skills/techniques to successfully rescue a person in need. Focus on water safety, personal and self rescue, swimming rescues and artificial resuscitation. Upon satisfactory completion, the student will receive Red Cross certification. **Prerequisite: Students must pass a swim test**

PEC110   1 1 0 0 0
COACHING ETHICS, TECH & THEORY   OPEN
Course covers techniques and theory of coaching in addition to sports physiology, preparation for competition, and issues in coaching.

PEC161   3 3 0 0 0
SPORTS OFFICIATING   OPEN
Study of the rules and official's mechanics for high school football, basketball and baseball. Provides guidelines for students to become licensed officials in Iowa for these sports.

PEH102   3 3 0 0 0
HEALTH   OPEN
Physical, emotional and social factors as they relate to our state of personal health. To better understand and aid in the alleviation of communicable and chronic diseases, drug use and environmental problems.

PEH110   2 2 0 0 0
PERSONAL WELLNESS   GENERAL
This course will aide in the enhancement of knowledge, skills and attitudes necessary to promote positive life-long wellness decisions. Students will look at the physical, social, intellectual, emotional, occupational and spiritual components of wellness.

COURSE DESCRIPTIONS

PEH141   2 2 0 0 0
FIRST AID   GENERAL
Discussion and application of the basic techniques in administering first aid will be covered in this course. Cardiopulmonary resuscitation will be covered and other emergency situations will be discussed. Red Cross certification will be awarded to those who qualify.

PEH162   3 3 0 0 0
INTRO TO PHYSICAL EDUCATION   OPEN
History of physical education. Careers and professional leadership in physical education, with emphasis on teaching. Examines the four areas of most vital concern to the physical educator: recreation and leisure, sports, curriculum, and research and evaluation.

PEH255   3 3 0 0 0
PRINCIPLES-SPORTS MANAGEMENT   OPEN
The foundation and principles of sports management. Theory, ethics, and practice of management are discussed in relation to the fitness and sports industries.

PEH262   3 3 0 0 0
WELLNESS PROG/PLANNING/
ORGANIZATION   OPEN
The purpose of this course is to familiarize the student with wellness programs in the workplace. Emphasis will be on program design, health assessment, corporate management issues and promotion.

PEH264   3 3 0 0 0
FITNESS TESTING/PROGRAMMING   OPEN
The purpose of this course is to prepare the student to be able to organize and implement fitness programs for employees in agencies and organizations. Emphasis will be on introduction/recruitment of employees, fitness testing, prescription of individual and group fitness programs and fitness retesting procedures.

PEH265   2 1 2 0 0
LEADERSHIP TECH FOR
FITNESS PROGRAMS   OPEN
This course covers the development of exercise leadership skills for a variety of activities. Includes the planning and promotion, as well as the teaching techniques for developing fitness in others using a variety of exercise modalities. Aerobics, weight training and aquatic fitness are included. **Prerequisite: PEA144**

PEH920   2 0 0 0 8
FIELD EXPERIENCE   OPEN
Supervised experience in a fitness or sports management facility. The student will be able to apply their own knowledge and skills in a professional setting.

PET110   2 1 2 0 0
INTRO TO ATHLETIC TRAINING   OPEN
Entry-level course designed to introduce the potential coach or athletic trainer to the field of athletic training. Basic care and prevention of athletic injuries will be dealt with in order to equip the coach or trainer with the knowledge to make intelligent decisions regarding common athletic injuries.

PEV115   1 0 2 0 0
VARSITY BASEBALL   OPEN
Provides experience and instruction in men's baseball. Course is designed for the varsity athlete in terms of conditioning, practice, game preparation and weight training. Limit of 1 credit per year, with a maximum of 2 credits total. Credit for a sport course may not be applied toward graduation if credit is also received for any skill technique course in the same sport. **Prerequisite: Permission of Head Coach**

PEV121   1 0 2 0 0
VARSITY BASKETBALL, MEN   OPEN
Provides experience and instruction in men's basketball. Course is designed for the varsity athlete in terms of conditioning, practice, game preparation and weight training. Limit of 1 credit per year, with a maximum of 2 credits total. Credit for a sport course may not be applied toward graduation if credit is also received for any skill technique course in the same sport. **Prerequisite: Permission of Head Coach**

PEV122   1 0 2 0 0
VARSITY BASKETBALL, WOMEN   OPEN
Provides experience and instruction in women's basketball. Course is designed for the varsity athlete in terms of conditioning, practice, game preparation and weight training. Limit of 1 credit per year, with a maximum of 2 credits total. Credit for a sport course may not be applied toward graduation if credit is also received for any skill technique course in the same sport. **Prerequisite: Permission of Head Coach**

PEV141   1 0 2 0 0
VARSITY GOLF, WOMEN   OPEN
Provides experience and instruction in women's golf. Course is designed for the varsity athlete in terms of conditioning, practice, game preparation and weight training. Limit of 1 credit per year, with a maximum of 2 credits total. Credit for a sport course may not be applied toward graduation if credit is also received for any skill technique course in the same sport. **Prerequisite: Permission of Head Coach**

PEV170   1 0 2 0 0
VARSITY VOLLEYBALL   OPEN
Provides experience and instruction in women's volleyball. Course is designed for the varsity athlete in terms of conditioning, practice, game preparation, and weight training. **Prerequisite: Permission of Head Coach NOTE: Limit 1 credit per year, with a maximum of 2 credits total. Credit for a sport course may not be applied toward graduation if credit is also received for any skill technique course in the same sport.**

PEV190   1 0 2 0 0
VARSITY SPIRIT SQUAD   OPEN
Men and women desiring to be basketball cheerleaders for Varsity Basketball season.

PHB280   2 0 0 3 5
PHLEBOTOMY CLINICAL   VOC/TECH
Students report to a local hospital to practice patient approach and collect blood specimens from hospital patients. The 120-hour clinical includes both supervised clinical experience and independent clinical learning experiences. Note: Phlebotomy students must also take MLT112.

PHI101   3 3 0 0 0
INTRODUCTION TO PHILOSOPHY   CORE
Exploration of basic questions in epistemology, metaphysics and ethics. Emphasis on western philosophy tradition.

PHI105   3 3 0 0 0
INTRO TO ETHICS   CORE
Comparative study of different traditional moral theories. Application of moral theories to different contemporary moral problems.

PHI110   3 3 0 0 0
INTRODUCTION TO LOGIC   CORE
Learn to recognize and construct good arguments. Study of deduction including categorical and truth functional arguments. Study of induction. Examination of informal fallacies.

PHY106   4 3 2 0 0
SURVEY OF PHYSICS   CORE
Student is exposed to scientific method with an emphasis on elementary problem-solving. Review of basic mathematics, the topics of weights and measures, mechanics, heat, gas laws, electricity, magnetism, sound, light and modern physics are covered.

PHY162   4 3 2 0 0
COLLEGE PHYSICS I   CORE
This course is the first semester of a two-semester sequence in non-calculus physics. Topics include forces, linear and rotational motion, energy, momentum, fluids, gases and heat. **Prerequisite: MAT130 or high school trigonometry**

PHY172   4 3 2 0 0
COLLEGE PHYSICS II   CORE
Course is second semester of a two-semester sequence in non-calculus physics. Topics include wave motion, sound, electricity, magnetism, optics and modern physics. **Prerequisite: PHY162 or equivalent**

PHY213   6 5 2 0 0
CLASSICAL PHYSICS I   CORE
Course is calculus-based and intended for engineering and science majors. Topics include statics, dynamics, kinematics, fluid behavior, wave motion, vibrating systems, heat and thermodynamics. **Corequisite: MAT211 or equivalent must be taken concurrently with or prior to this course.**

PHY223   6 5 2 0 0
CLASSICAL PHYSICS II   CORE
This course is a continuation of Classical Physics I. Topics covered include static electricity, electrical circuits magnetism, time-dependent electric and magnetic fields, optics and modern physics. **Prerequisite: PHY213 or equivalent; Corequisite: MAT217 must be taken concurrently with or prior to this course.**

PHY710   3 2 2 0 0
TECHNICAL PHYSICS   VOC/TECH
A physics course for students of technology. Topics include forces, work, energy, heat, electricity and magnetism with a strong emphasis on practical applications. **Prerequisite: MAT7720 or equivalent**

PNN151   4 2 4 0 0
FUNDAMENTALS OF NURSING   OPEN
Introduces the concepts of health assessment, safety, critical thinking, pharmacology, teaching/learning and communication. Associated skills are performed in the laboratory setting.

PNN152   4 2 2 3 0
NURSING PRACTICE I   OPEN
Introduces nursing care of clients with common health problems with a focus on health assessment, standardized plan of care, therapeutic interventions, safety and basic communication. Includes lab and practicum applications. **Prerequisite: PNN151**

PNN153   2 2 0 0 0
SUCCESS IN NURSING   OPEN
Explores the art and science of nursing practice including nursing history, roles and legal/ethical practice issues for the professional practical nurse. Health care delivery systems and settings will be discussed. Strategies for success in nursing will be applied.

PNN351   1 1 0 0 0
PRACTICAL NURSING ROLES   OPEN
Examines roles and responsibilities of the licensed practical nurse including client response to acute and chronic illness and individual readiness to practice nursing. **Prerequisite: PNN151, 152, 153, PSY121, BIO734**

PNN605   5 3 0 6 0
NURSING PRACTICE II   OPEN
Theory and practicum in caring for clients with predictable health needs involving sexuality, reproduction, sensory/perception/cognition, life crises, grief and loss, mobility and bowel elimination alterations. **Prerequisite: PNN151, 152, 153, PSY121, BIO734**

PNN606   5 3 0 6 0
NURSING PRACTICE III   OPEN
Theory and practicum in caring for clients with predictable health needs involving comfort, circulation, oxygenation, nutrition, endocrine, and urinary elimination alterations. **Prerequisite: PNN151, 152, 153, PSY121, BIO734**

POL111   3 3 0 0 0
AMERICAN NATIONAL GOVERNMENT   CORE
A study of the American political system and how and why the citizenry relate to the government as they do. Emphasis is placed upon the organization and functioning of the presidential, legislative and judicial subsystems.

POL112   3 3 0 0 0
AMER STATE & LOCAL GOVERNMENT   CORE
Study of organization, operations and politics of state and local governments. Emphasis on an analysis of legislative, executive and judicial roles and processes.

POL121   3 3 0 0 0
INTERNATIONAL RELATIONS   CORE
International system is examined from several perspectives including United States, Russia and China. Emphasis upon ideology, national interest, the use of power, international law and organization.

POL125   3 3 0 0 0
COMPARATIVE GOV'T & POLITICS   CORE
Examination of the government and politics of such countries as Great Britain, Mexico, Germany and Russia. Each nation is viewed in terms of its political culture, party system, executive, legislative and legal organization.

POL127 – ADJUNCT   3 3 0 0 0
NEWS MEDIA – ELECTORAL
POLITICS   GENERAL
Course will examine the role the news media plays in electoral strategy and outcomes. Focus will be on the relationship between the voting public, television and print media, and public officials. The most recent general election will be assessed. The course is designed for prospective journalism and political science majors. **Corequisite: concurrent enrollment in JOU163**

COURSE DESCRIPTIONS

POL129 - ADJUNCT   3 3 0 0 0
POLITICS OF TERRORISM   GENERAL
An interactive course analyzing the philosophy and methodology of prominent extremist groups in the USA and the world. Focus will be on definitions, conditions, media response, and prospects for future terrorist activity. Assessments will be student-centered and emphasize research and composition.

POL171   3 3 0 0 0
INTRO TO PUBLIC ADMINISTRATION   CORE
Study of the theory & practice of public administration examining alternate organizational theories & practices, personnel administration, problems of communications within organizations and styles of leadership. Course emphasizes the interrelationships of professional and political influences on decision making.

PRL103   3 3 0 0 0
INTRODUCTION TO LAW   OPEN
A general introduction to the American legal system including case briefing, court structure and civil, criminal and administrative procedure. An examination of ethical and professional practice standards applicable to the legal profession. Understanding of the roles of the judge, jury, attorney and legal assistant.

PRL112   3 3 0 0 0
LEGAL RESEARCH & WRITING I   OPEN
The nature of legal authority and tools and techniques of basic legal research and writing. Emphasis will be on Iowa law. Degree Students: If transcript has not been submitted, you must contact the registration office to register for this course. **Prerequisite: ENG105**

PRL113   3 3 0 0 0
LEGAL RESEARCH & WRITING II   OPEN
Advanced application of principles of legal research. Preparation of interoffice memorandums and demand letters. Out-of-state and federal law. **Prerequisite: PRL103, 112**

PRL114   3 3 0 0 0
ADV LEGAL RESEARCH & WRITING   OPEN
Research and analysis of complex and multiple factual and legal issues. Preparation of legal documents using analysis and application of legal research. Use of specialized research sources. **Prerequisite: PRL113**

PRL118   1 1 0 0 0
COMPUTERIZED LEGAL RESEARCH   OPEN
Introduction to computer-assisted legal research. Training in legal research search strategies using both the Lexis and Westlaw systems. **Prerequisite: PRL112**

PRL125   3 3 0 0 0
EVIDENCE: THEORY & PRACTICE   OPEN
Study of substantive and procedural laws of evidence. Introduction to Rules of Evidence. Methods of discovering, preserving and presenting evidence in civil and criminal trials. **Prerequisite: instructor permission or PRL131**

PRL131   3 3 0 0 0
TORTS & LITIGATION I   OPEN
A study of the basic law relating to personal and property damage. Topics include intentional torts, negligence, nuisance, strict liability and automobile law. Principles of trial practice including drafting basic pleadings, gathering and organization of materials for trial. **Prerequisite: instructor permission or PRL103, 112**

PRL132   3 3 0 0 0
TORTS & LITIGATION II   OPEN
A continuation of Torts and Litigation I. Areas of concentration will be premise liability, family torts, defamation, governmental immunity, malpractice and wrongful death. Advanced trial practice including drafting of pleadings and discovery documents. **Prerequisite: PRL131**

PRL137   3 3 0 0 0
DEBTOR/CREDITOR LAW   OPEN
Procedures in non-bankruptcy debt collection. Fundamentals of bankruptcy law and bankruptcy procedure. Examination of alternatives to formal bankruptcy proceedings. **Prerequisite: Instructor permission or PRL103, 112**

PRL141   3 3 0 0 0
BUSINESS & CORPORATE LAW I   OPEN
Study of fundamentals of law of contracts, uniform commercial code and rights of creditors in transactions.

PRL142   3 3 0 0 0
BUSINESS & CORPORATE LAW II   OPEN
Continuation of Business and Corporate Law I. Survey of rights of debtors and creditors in collections and bankruptcy. Formation of proprietorships, partnerships and corporations and a survey of the law applicable to each. Preparation of documents necessary to the organization and operation of each. **Prerequisite: PRL141**

PRL151   3 3 0 0 0
REAL ESTATE LAW   OPEN
Study of law of real property and a survey of more common types of real estate transactions. Emphasis is on the preparation of the instruments necessary to complete various real estate transactions. **Prerequisite: Instructor permission or PRL103, 112**

PRL161   3 3 0 0 0
FAMILY LAW   OPEN
Legal aspects of the family relationship. Rights and duties of the parties in marriage, annulment, divorce, child custody and adoption. The course will emphasize the use of domestic law forms. **Prerequisite: Instructor permission or PRL103, 112**

PRL167   3 3 0 0 0
PROBATE PROCEDURE   OPEN
A study of wills including validity requirements, modification and revocation. Formation of trusts and the characteristics and requirements of each type. Laws of testate and intestate succession. Forms and procedures for probating an estate. **Prerequisite: Instructor permission or PRL103, 112**

PRL169   3 3 0 0 0
WILLS, ESTATE PLANNING & TAXATION   OPEN
Basic principles of estate planning in order to minimize estate and gift tax consequences. Preparation of federal estate, gift tax returns and Iowa inheritance tax returns. Drafting of wills designed to carry out estate plans. **Prerequisite: PRL167**

PRL171   3 3 0 0 0
ADMINISTRATIVE PRACTICE   OPEN
A study of administrative law and procedures for administrative hearings in various governmental agencies. Drafting and researching administrative rules and regulations will be covered. **Prerequisite: Instructor permission or PRL103, 112**

PRL182   3 3 0 0 0
MEDIATION   OPEN
Classroom study of mediating legal disputes. Students will study the purposes of mediation using "objective" criteria, impediments to resolution, moving beyond impasse and reaching an agreement. **Prerequisite: PRL103, 112 and/or instructor permission**

PRL280   4 1 0 0 15
LEGAL INTERNSHIP & ETHICS   OPEN
Application of the theoretical knowledge gained in the classroom by interning in a private law office, governmental agency, or private business that utilizes attorneys. Students will participate in seminars concerning their internship experience and legal ethics. Total internship requirement is 225 hours. (P/F) **Prerequisite: Minimum of "C" in all PRL courses and complete minimum 8 PRL classes**

PSY102   3 3 0 0 0
HUMAN AND WORK RELATIONS   GENERAL
Emphasizes awareness of factors inherent in human relationships and psychological adjustment patterns of individuals and groups. Effort is made to develop techniques of interpersonal relations and coping.

PSY111   3 3 0 0 0
INTRODUCTION TO PSYCHOLOGY   CORE
A survey of psychology including theoretical and experimental findings and applications from areas such as neurobiology, learning, memory, personality, social, abnormal and therapy.

PSY121   3 3 0 0 0
DEVELOPMENTAL PSYCHOLOGY   CORE
The study of factors that affect human development from conception to death, with emphasis on topics such as physical, cognitive and social changes, methods of study and current issues. **Prerequisite: PSY111**

PSY130 - ADJUNCT   3 3 0 0 0
EXPLORING HUMAN BEHAVIOR   GENERAL
An introductory-level course encouraging an understanding and appreciation of the scientific approach to the study of human behavior. Dramatization and other techniques clarify fundamental concepts and philosophies, highlighting the contributions of major figures in psychology. (TV course)

PSY140 - ADJUNCT   3 3 0 0 0
EXPLORING MENTAL HEALTH   GENERAL
A telecourse that explores the basic causes, manifestations and treatment of common psychological disorders. The course introduces mental illness along a continuum from functional to dysfunctional.

PSY172
STRESS & STRESS MANAGEMENT   3 3 0 0 0
This course provides basic instruction in understanding stress reactions, their causes and effects and the theory and application of stress management techniques. Includes theories of stress and stress reduction, physiological/ psychological reactions to stress, measurement of stress reactions, and application of stress reduction.

PSY241   3 3 0 0 0
ABNORMAL PSYCHOLOGY   CORE
An introduction to the study of abnormal behavior, with emphasis on anxiety, depression, schizophrenia and personality disorders. Includes the dynamics of mental disorder along with the biopsychosocial factors involved in the etiology and treatment of disorders. Recommend PSY111 be taken prior to this course.

PSY251   3 3 0 0 0
SOCIAL PSYCHOLOGY   CORE
This course surveys selected topics in social psychology including social perception, social influence, attraction, altruism, aggression, persuasion, attitude formation, group processes and applications of research to everyday situations.

PSY261   3 3 0 0 0
HUMAN SEXUALITY   CORE
This course provides students with definitive and precise information about the nature of human sexuality and gender roles. An interdisciplinary approach will be used to present a more comprehensive view, stressing the biological, social and psychological aspects of sexuality and gender roles.

PSY281   3 3 0 0 0
EDUCATIONAL PSYCHOLOGY   GENERAL
The principles of psychology applied to classroom teaching, with emphasis on such topics as development, learning, motivation, evaluation, adjustment and educational techniques and innovations.

PSY291   3 3 0 0 0
PRIN OF BEHAVIOR MODIFICATION   GENERAL
The principles of learning theory with a major emphasis on operant conditioning will be studied. Emphasis will be on the practical application of these principles to the areas of mental health, mental retardation and education.

RCP100   3 3 0 0 0
INTRO TO RESPIRATORY CARE   OPEN
This initial course in the Respiratory Therapy program emphasizes the assessment and evaluation of patients. Also included will be a history of health care, medical specialties, communication skills and medical terminology. Students must demonstrate skill in the assessment of patient vital signs. **Prerequisite: BIO733 or BIO164**

RCP240   4 3 2 0 0
RESPIRATORY THERAPEUTICS   OPEN
This course introduces the student to basic therapeutic techniques utilized in respiratory care. Major topics include medical gas therapy, humidity and aerosol, cylinder systems and physical principles of gases and liquids. Students will be required to demonstrate competence in the techniques to receive a passing grade in the course. **Prerequisite: RCP100 and RCP250 must be taken concurrently with or prior to this course**

RCP250   4 3 2 0 0
CARDIO/PULMONARY
THERAPEUTICS   OPEN
Students will learn basic patient care techniques of hyperinflation therapy, secretion clearance, airway care, patient assessment, pulmonary rehabilitation, subacute respiratory care and assessment of the effectiveness of therapies. Students will be required to demonstrate competence in procedures to succeed in course. **Prerequisite: RCP100 must be taken concurrently with or prior to this course; Corequisite: RCP240.**

RCP360   5 5 0 0 0
CARDIO/PULMONARY
RENAL PATHOPHYS   OPEN
This course provides an in-depth study of the normal functioning of the cardiovascular, pulmonary and renal systems, emphasizing their interactions. Progresses to study of the common adolescent and adult diseases affecting the three systems. Students will learn to interpret the results of arterial blood gas pH data. **Prerequisite: RCP304, BIO734 must be taken concurrently or prior to this course.**

COURSE DESCRIPTIONS

RCP400   3 3 0 0 0
RESPIRATORY THERAPY
PHARMACOLOGY   **OPEN**
Course provides a study of actions and interactions of drugs with and within the body. Students will learn theories of drug action, pharmacodynamics and methods for drug administration. Drugs affecting the cardiovascular, pulmonary and renal systems will be emphasized. **Prerequisite: RCP250, BIO734 must be taken concurrently or prior to this course.**

RCP410   3 3 0 0 0
CARDIO/PULMONARY DIAGNOSTICS   **OPEN**
Principles and techniques of testing of cardiovascular and pulmonary function will be learned with an emphasis on the evaluation and interpretation of the results of the tests. Integration of test results with clinical picture with emphasis on therapeutics and principles of polysomnography will be learned. **Prerequisite: BIO734 or 164, RCP360, 400**

RCP500   5 4 2 0 0
ADVANCED RESPIRATORY THERAPY   **OPEN**
Techniques of initiation, monitoring, maintenance and discontinuation of mechanical ventilation in a variety of care settings will be learned. Students will develop skill in ABG analysis and electrocardiography. Adjuncts for advanced life support will be learned. Students will become proficient in the analysis of arterial blood gases and basic techniques of electrocardiography. Students will learn the use of adjuncts for the treatment of cardiopulmonary arrest. **Prerequisite: BIO734 or 164, RCP360**

RCP600   3 3 0 0 0
NEONATAL/PEDIATRIC RESP THERAPY   **OPEN**
Embryonic development of the respiratory and cardiovascular systems will begin this course, which progresses to the learning of normal function and a consideration of the common neonatal and pediatric diseases. Therapeutic techniques and monitoring of patients will be learned. **Prerequisite: BIO734 or 164, RCP360**

RCP700   4 2 0 8 0
RESPIRATORY THERAPY
PRACTICUM I   **OPEN**
This is the initial hospital experience. Consists of supervised care of patients with respiratory disorders. Students will administer IPPB, aerosol, postural drainage and incentive breathing therapies. Other therapeutic modalities that have been learned will be introduced as well. **Prerequisite: RCP250 Corequisite: RCP360, 400**

RCP705   5 2 0 11 0
RESPIRATORY THERAPY PRACTICUM II   **OPEN**
This practicum will continue the supervised experience in provision of basic patient care techniques to therapies from practicum I. Arterial puncture, arterial line sampling and analysis of blood samples will be introduced. Suctioning of airways will be emphasized. **Prerequisite: RCP700**

RCP710   7 2 0 16 0
RESPIRATORY THERAPY
PRACTICUM III   **OPEN**
This practicum continues supervised experience in basic therapeutic techniques with emphasis on increased speed and efficiency. Neonatal intensive care will be introduced. Students will continue development of skills in sampling and analyzing arterial blood. ECG and other cardiac diagnostic tests will be observed. **Prerequisite: RCP600, 705**

RCP715   7 2 0 15 0
RESPIRATORY THERAPY
PRACTICUM IV   **OPEN**
Hospital respiratory care with the addition of mechanical ventilation and care of patients in critical care units will complement the techniques from the prior practicums. Observation and performance of pulmonary function testing will be introduced. **Prerequisite: RCP500, 710, 410 must be taken concurrently with or prior to this course.**

RCP720   5 2 0 11 0
RESPIRATORY THERAPY
PRACTICUM V   **OPEN**
The fourth clinical experience with emphasis on the care of patients in critical care areas of the hospital. All techniques and procedures previously performed will continue to be administered to patients. **Prerequisite: RCP410, 715**

RCP800   3 3 0 0 0
RESP THERAPY MGMT & ETHICS   **OPEN**
Begins with study of the organization and management of a respiratory therapy department. Consideration of issues of jurisprudence and medicolegal aspects of health care. Tactful interactions and ethical practices will be emphasized. Will also serve to review much of what has been assimilated in the program. **Prerequisite: RCP710**

RDG038   3 3 0 0 0
COLLEGE PREPARATORY READING I   **COLLEGE PREP**
The first in a series of two courses designed to help students succeed with college-level reading assignments. Emphasis will be placed on vocabulary development and basic comprehension skills, particularly the skill of recognizing the main idea and supporting details. Note: College Preparatory courses cannot be used to fulfill degree requirements. **Prerequisite: Compass Reading score of 35 or higher or instructor permission based on alternative test**

RDG039   3 3 0 0 0
COLLEGE PREPARATORY
READING II   **COLLEGE PREP**
The second in a series of courses designed to help students succeed with college-level reading assignments. Emphasis is on strengthening vocabulary and comprehension skills including annotating, summarizing, making inferences and reading critically. Note: College Preparatory courses cannot be used to fulfill degree requirements. **Prerequisite: Grade of "C" or higher in RDG038 or a Compass score of 61 or higher or instructor permission based on an alternative test**

RDG163   3 3 0 0 0
SPEED READING   **GENERAL**
An advanced reading course designed to improve reading speed and comprehension. Emphasis on adapting to varying content, levels of difficulty and reading purposes. **Prerequisite: Grade of "C" or higher in RDG039, ACT Reading score of 19 or higher, Compass score of 81 or higher on Compass Reading, or instructor permission based on alternative test SDV108 and SDV115 (listed below) are wonderful opportunities to assist with transition to college. These courses provide numerous strategies to create success in and out of the classroom.**

REL101   3 3 0 0 0
SURVEY OF WORLD RELIGIONS   **CORE**
Study of major living religions; commonalities and contrasts. How these religions enrich human lives.

SDV108   1 1 0 0 0
THE COLLEGE EXPERIENCE   **GENERAL**
This course is designed to introduce students to college resources, services and expectations and to assist them in gaining maximum benefit from their college experience.

SDV115   2 2 0 0 0
STUDY STRATEGIES   **GENERAL**
Provides students with study/reading strategies for independent learning and academic success. An examination of college policies and procedures is also included.

SDV130   1 1 0 0 0
CAREER EXPLORATION   **GENERAL**
Provides help in choosing a career goal. Emphasis will be placed on how to access labor market information, interests, abilities and values, explore options and make decisions that will lead to career satisfaction and success.

SDV153   2 2 0 0 0
PRE EMPLOYMENT STRATEGIES   **VOC/TECH**
Covers all aspects of professional job placement procedures including career goal setting, developing prospective employer lists, resume writing, job application forms, employment tests, personal appearance, interviewing and follow-up.

SDV157   1 1 0 0 0
BUILDING A PROFESSIONAL
PORTFOLIO   **VOC/TECH**
This course provides the writing and research skills necessary to compile a professional portfolio highlighting abilities, experiences and accomplishments. The portfolio will include a resume, reference letters, certificates, sample demonstrations of work performance, documentation that shows knowledge of subject area and other applicable items.

SDV164   2 1 2 0 0
ELECTRONIC PORTFOLIO
DEVELOPMENT   **GENERAL**
Students will receive instruction in creating an electronic portfolio of work. Emphasis will be on selecting artifacts, reflecting on choices, formatting, and displaying a web-based portfolio for career or college transfer.

SDV165   1 1 0 0 0
TRANSFER PLANNING   **GENERAL**
Provides students with the information, resources and tools necessary to plan a successful transition from a community college to a four-year college or university. Special emphasis will be placed on developing individual transfer plans.

SDV171   1 1 0 0 0
LIBRARY INSTRUCTION   **GENERAL**
Study of classification systems, use of library resources and the compilation of bibliographies.

SDV172   1 1 0 0 0
INTERNET RESEARCH TECHNIQUES   **GENERAL**
Students will learn how information resources are organized on the Internet, how to reference, search and evaluate information on particular topics. **Prerequisite: Basic computer literacy**

SDV212   1 1 0 0 0
COOP CAREER SEMINAR   **VOC/TECH**
Examination of topics relevant to the internship experience, sharing workplace problems encountered and the solutions found to those problems. This course may be repeated for a maximum of 4 credits. **Corequisite: SDV222 or 223 or 224 or 225 or 227**

SDV222   1 0 0 0 4
COOP CAREER EXPERIENCE I   **VOC/TECH**
Supervised work experience with employers that enables students to apply their skills and knowledge. Work experiences will relate to the student's academic programs of study. (P/F) **Corequisite: SDV212**

SDV223   2 0 0 0 8
COOP CAREER EXPERIENCE II   **VOC/TECH**
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills and knowledge. (P/F) **Corequisite: SDV212**

SDV224   3 0 0 0 12
COOP CAREER EXPERIENCE III   **VOC/TECH**
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills and knowledge. (P/F) **Corequisite: SDV212**

SDV225   4 0 0 0 16
COOP CAREER EXPERIENCE IV   **VOC/TECH**
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills and knowledge. (P/F) **Corequisite: SDV212**

SDV226   5 0 0 0 20
COOP CAREER EXPERIENCE V   **VOC/TECH**
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills and knowledge. (P/F) **Corequisite: SDV212**

SDV227   6 0 0 0 24
COOP CAREER EXPERIENCE VI   **VOC/TECH**
Practical experience through on-the-job training in an approved business setting. Tasks will be consistent with student's career objectives, skills and knowledge. (P/F) **Corequisite: SDV212**

SOC110   3 3 0 0 0
INTRODUCTION TO SOCIOLOGY   **CORE**
The study of human interaction, groups and society. Topics included are culture, socialization, organizations, deviance, inequality, institutions, health, population, ecology, social change and research methods.

SOC115   3 3 0 0 0
SOCIAL PROBLEMS   **CORE**
This course is an analysis of the nature, dimensions, causes and characteristics of selected social problems of major interest. Consideration is given to theories research and programs for prevention and treatment.

SOC120   3 3 0 0 0
MARRIAGE & FAMILY   **CORE**
This course analyzes the sociological, physical, psychological, legal and economic aspects of the American family. Included are investigations of courtship and marriage relationships, preparation for marriage, family, parenthood, interpersonal relationships and marital adjustment.

SOC165   3 3 0 0 0
GROUP DYNAMICS   **GENERAL**
The study of group behavior including leadership, interaction, team building, decision-making, cooperation, cohesion, power, problem-solving, and conflict between and within groups.

COURSE DESCRIPTIONS

SOC200   3 3 0 0 0
MINORITY GROUP RELATIONS   CORE
This course is the study of the relations between racial, ethnic and gender categories. Focus on stereotypes, prejudices, discrimination and exploitation. Major emphasis upon group relations in the United States. SOC110 is recommended.

SOC225   4 4 0 0 0
SOCIAL GERONTOLOGY/
APPLICATIONS   OPEN
Societal aspects of aging as they relate to the delivery of services to the aging. Students will develop a project that serves a specific community need.

SOC226   2 2 0 0 0
ISSUES IN AGING   OPEN
This course will address the issues of aging: in transition, explore the conflicts of change and examine the needs and strategies to best meet the demands and challenges presented to this fast-growing segment of our population.

SOC230   3 3 0 0 0
JUVENILE DELINQUENCY   GENERAL
An investigation of juvenile delinquency in American society, sociological theories and research of delinquency, impact of groups, juvenile justice system and prevention programs. **Prerequisite: SOC110 or instructor permission**

SOC240   3 3 0 0 0
CRIMINOLOGY   GENERAL
The nature and extent of crime and criminality, society's efforts to control crime, theories of causation, emphasis on social processes, systems and methods of correction. **Prerequisite: SOC110 or instructor permission**

SOC282   3 3 0 0 0
ENVIRONMENTAL SOCIOLOGY   GENERAL
This course examines the relationship between society and the natural environment. It focuses upon human understanding of nature, the use and abuse of natural resources and what can be done to improve the relationship. **Prerequisite: It is recommended that students take SOC110 prior to this course.**

SPC101   3 3 0 0 0
FUND OF ORAL COMMUNICATION   CORE
Explores the fundamentals of speech-communication through the study and practice of interpersonal and small group communication and the composition and delivery of short speeches.

SPC120   3 3 0 0 0
INTERCULTURAL COMMUNICATION   GENERAL
An introduction to theories and implications of intercultural communication as applied to the workplace and interpersonal relationships. Topics and activities are directed toward improving skills in intercultural competence.

SPC126   3 3 0 0 0
INTERPERSONAL & SMALL
GROUP COMM   CORE
An introduction to interpersonal and group communication theories and their application in relationship development, conflict resolution, group problem-solving and group presentations.

SPC170   3 3 0 0 0
PROFESSIONAL COMMUNICATION   GENERAL
Communication theory applied to organizational settings in such forms as interviewing, group work; conflict resolution; and public, impromptu and ceremonial speaking. Topics: organizational perspectives, leadership, power, intercultural diversity, nonverbal communication and perception. **Prerequisite: SPC101 or 126 or permission of instructor**

SRV110   3 3 0 0 0
SURVEY DRAFTING   VOC/TECH
This course includes the application of manual and computer-aided techniques in survey drafting. The topics include plat maps, topography, field notebook sketches and property descriptions. Third-party software will be utilized. **Prerequisite: CET178**

SRV120   5 4 2 0 0
U.S. PUBLIC LANDS SURVEY SYSTEM   VOC/TECH
This course will develop a working knowledge of the United States Public Land Survey System and its application in Iowa surveying. Topics will include the general plan; methods of surveying; the system of rectangular surveys; monumentation; restoration of lost or obliterated corners; resurveys; special surveys and special instructions; field notes; and plats. **Prerequisite: CET102**

SRV210   1 1 0 0 0
SAFETY IN THE WORK
ENVIRONMENT   VOC/TECH
This course will address the various safety hazards and causes of illness and injury in the work environment. Topics will include acceptable safety conduct and positive safety attitudes and practices, basic first aid techniques; proper traffic control procedures; avoiding the effects of temperature extremes; recognizing and avoiding hazardous materials; potential hazards from poisonous plants and animals; and ergonomic principles to prevent musculoskeletal disorders.

SRV215   2 2 0 0 0
INTRO TO LAND INFORMATION
SYSTEMS   VOC/TECH
An introduction to Land Information System and Land Records Research. Mapping information analysis compiled from country records for environmental protection, land uses, land values and the responsibility of the professional surveyor to a land information system will be covered. An introduction to LIS software will be included. **Prerequisite: CET119**

SRV220   3 1 4 0 0
BOUNDARY SURVEYING   VOC/TECH
This course will develop a working knowledge of land boundary surveying including liability, professional stature, original surveys, apportionment procedures and description writing. Field work in both urban and rural settings will be performed. **Prerequisite: SRV120**

SRV225   2 2 0 0 0
SURVEYING ETHICS   VOC/TECH
Introduction to ethical and business issues involved in the surveying profession. Case studies and problems included. **Prerequisite: SRV120**

SRV230   3 3 0 0 0
LAND SUBDIVISION   VOC/TECH
Covers different phases of the land development process: study financing of the project, site analysis design of preliminary plat and a final plat. **Prerequisite: Successful completion MAT773 or instructor approval**

SRV235   5 4 2 0 0
INTRO TO GEODESY   VOC/TECH
This course deals with concepts of astronomy and geodesy that are relevant to the practice of surveying. They include: theory, field techniques, coordinate systems, gravity, and leveling; control surveys and networks; GPS surveying, an introduction to the figure of the earth and its geometric and physical characteristics; solar and Polaris observation; and computations involved in the determination of true north. **Prerequisite: MAT773 or instructor approval**

SRV240   4 4 0 0 0
BOUNDARY LAW   VOC/TECH
This is an in-depth course dealing with evidence and procedures used in the determination and location of property boundaries and recognized landlines. Laws and administrative rules relating to land surveying in the state of Iowa will be addressed. The role of the surveyor in issuing opinions regarding boundary locations and in resolving boundary disputes will be examined. **Prerequisite: SRV220**

SRV305   5 0 0 0 20
FIELD COOP   OPEN
Practical experience through on-the-job training in an approved surveying setting. Tasks will be consistent with student's career objectives, skills and knowledge. **Prerequisite: Successful completion of 32 credits hours of SRV program courses and/or department approval**

SUR130   2 2 0 0 0
INTRO TO SURGICAL TECHNOLOGY   OPEN
Introduces the field of surgical technology. History of the profession, roles and responsibilities will be covered. Hospital administration, standards of conduct, working as a team, ethical issues, safety , laws, scope of practice and the physical environment will be reviewed. This course includes one operating room shadowing experience.

SUR140   5 3 4 0 0
FUND OF SURGICAL TECHNOLOGY I   OPEN
Teaches the skills needed to work as a surgical technologist. Focuses on circulating duties. Instruction on how to admit the patient, consent, and anesthesia, will be discussed. Patient care, safety, transferring, positioning and draping the patient will be taught. The goal is to demonstrate the skills needed to function in a surgical setting.

SUR142   5 3 4 0 0
FUND OF SURGICAL TECHNOLOGY II   OPEN
This course focuses on the scrub role. Instrumentation, setting up of instruments will be discussed. How to pass, load suture, dress wounds, and safely discharge the patient will be included. The goal of the course is for students to begin to feel comfortable in the scrub role and move into more challenging cases. **Prerequisite: SUR 140 with a grade of "C" or higher, Corequisite: SUR 805**

SUR200   3 3 0 0 0
SURGICAL PROCEDURES/TECHNIQUES   OPEN
Teaches the students about common surgical procedures. Focuses on the core areas of surgery including: general, gynecological, orthopedic, ear, nose, and throat, and ophthalmology. Major and minor cases in all of these specialties will be taught. It will discuss how and why procedures are performed, risks, benefits, and outcomes.

SUR202   3 3 0 0 0
ADV SURGICAL PROCEDURES/TECH   OPEN
This class will discuss advanced surgical procedures and emergency cases. All specialty areas will be included, along with neurology and cardiovascular. Helps develop the student's critical thinking skills. This course prepares the students to think about unplanned situations in the surgical setting and to develop autonomy. **Prerequisite: SUR 142 and SUR 200 with a grade of "C" or higher; Corequisite: SUR 810**

SUR805   5 0 0 15 0
CLINICAL PRACTICUM I   OPEN
Clinical is spent circulating and scrubbing for minor and major procedures. The student will begin circulating and when the student has demonstrated the ability to circulate, they will then begin scrubbing. All specialty areas will be covered and they will scrub for a variety of cases. **Prerequisite: SUR 130 and SUR 140 with a grade of "C" or higher, BIO 733; Corequisite: SUR 142**

SUR810   5 0 0 15 0
CLINICAL PRACTICUM II   OPEN
The student will gain more experience in the scrub and circulating roles. Experiences in cardiovascular and neuro-surgery are included. Two call or emergency experiences are included. The student should feel comfortable assisting in circulating and scrubbing independently for procedures in all specialty areas. **Prerequisite: SUR 142 and SUR 805 with a grade of "C" or higher; Corequisite: SUR 202**

TEL111   3 3 0 0 0
BASIC ELECTRICITY/ELECTRONICS I   VOC/TECH
For beginners to solve basic electronic problems involving voltage, resistance and power. Relationship between electricity and magnetism, operation of resistors, meters, switches, relays, capacitors, inductors and batteries will be explained.

TEL112   2 2 0 0 0
BASIC ELECTRICITY/ELECTRONICS II   VOC/TECH
For those who have an understanding of volts, Ohms, amps and series parallel circuits. Explain the difference between alternating current (AC) and direct current (DC), the AC generator; analyze simple AC currents, transformer action, series and parallel resonant circuits. May also be taken as a study course.

TEL116   2 2 0 0 0
ELECTRONIC CIRCUITS   VOC/TECH
Basic and operational amplifiers, power supplies, oscillators, pulse circuits and modulation. Must have prior knowledge in electricity/electronics. **Prerequisite: TEL112**

TEL118   3 3 0 0 0
SEMICONDUCTOR DEVICES   VOC/TECH
N-type, P-type, PN junctions, diodes, zener diode. transistors, bipolar characteristics, field effect, thyristors, integrated circuits and opto electronics. Should have knowledge in AC/DC electronics.

TEL210   3 3 0 0 0
TELECOMMUNICATIONS I   VOC/TECH
Provides an overview of telecommunications and covers basic telecommunications circuits, equipment and diagnostic procedures for lines, basic key systems and an understanding of the telecommunications industry. **Corequisite: TEL213**

COURSE DESCRIPTIONS

TEL213   3 0 6 0 0
INTRODUCTION TO TELEPHONY LAB   VOC/TECH
Provides hands-on experience in installation and fault isolation of telephone lines and basic key systems, basic cable counts, cable splicing and cable termination procedures. **Corequisite: TEL210**

TEL220   4 4 0 0 0
TELECOMMUNICATIONS II   VOC/TECH
Covers basic telecommunications equipment used by businesses and its connection to a switched public or private network. Covered subjects include electronic key systems, private branch exchange systems (PBX), trunks and associated equipment. Analog and digital communications and associated equipment are also covered. Experienced individuals may contact the instructor to gain admittance to this course. **Corequisite: TEL223**

TEL222   4 0 8 0 0
TELECOMMUNICATIONS OUTSIDE PLANT   VOC/TECH
Provides hands-on training in the telecommunications outside plant field. Topics covered include: basic installation and repair troubleshooting, outside plant cable splicing and design, ladder safety, working aloft and pole climbing. **Prerequisite: TEL210; Corequisite: TEL220**

TEL223   3 0 6 0 0
TELECOM TRANSPORT LAB   VOC/TECH
Provides hands-on training in the telecommunications outside plant field. Topics covered include basic installation and repair troubleshooting, fiber and copper cable repair andtroubleshooting, outside plant cable splicing and design, ladder safety, working aloft and pole climbing. **Prerequisite: TEL210, TEL213; Corequisite: TEL220**

TEL230   4 4 0 0 0
ADVANCED TOPICS IN TELECOM   VOC/TECH
Covers advanced digital switching principles and practices, system configuration and diagnostic procedures common to digital central office switching systems and private branch exchanges. Advanced topics using high speed broadband links and fiber optics are introduced. Experienced individuals may contact the instructor to gain admittance to this course. **Prerequisite: TEL220, 223; Corequisite: TEL233**

TEL232   3 3 0 0 0
DATA COMMUNICATIONS   VOC/TECH
An introduction to data communications and data networks. Includes digital communications, analog communications and interfaces. Networks including both LAN and WAN operation and common test techniques. **Prerequisite: TEL210, 213**

TEL233   3 0 6 0 0
ADVANCED TOPICS IN TELECOM LAB   VOC/TECH
Provides hands-on learning experience with broadband fiber circuits, digital multiplex systems and high speed transport devices. Focus on system configuration and diagnostics are also presented. **Prerequisite: TEL220, 223; Corequisite: TEL230**

TEL240   3 3 0 0 0
TELECOMMUNICATIONS MANAGEMENT   VOC/TECH
Telecom management course covering new and emerging technology and implementation in the business environment. Discussion covering technology management and leveraging of telecom assets. **Prerequisite: TEL230, 233; Corequisite: TEL243**

TEL243   3 0 6 0 0
INTERNETWORKING LAB   VOC/TECH
Provides hands-on lab experience configuring and troubleshooting networks. Internetworking is the primary focus using various software tools and test equipment to connect and analyze differing networks. Voice over IP, ATM, xDSL, ISDN and other technologies are used and implemented in the lab setting. **Prerequisite: TEL230, 233; Corequisite: TEL240**

VIN111   3 2 2 0 0
VINEYARD ESTABLISHMENT & MAINT   VOC/TECH
This course is designed to introduce students to current practices for establishing a vineyard and maintaining its health and productivity. Four field sessions consist of field hands-on experience within area vineyards.

VIN113   3 2 2 0 0
SPRING VITICULTURE TECHNOLOGY   VOC/TECH
This course is designed to provide students initiated in the field of viticulture with an extension of the practical viticulture covered in VIN 111. The course is designed to serve as actual practical exposure and may qualify as experience for those seeking employment in commercial viticulture. **Prerequisite: VIN111**

VIN146   2 1 2 0 0
INTRODUCTION TO ENOLOGY   VOC/TECH
This course in the basic science and technology of winemaking is intended for the entrepreneur exploring business opportunities in the grape wine industry, and/or the prospective small winery employee interested in career development. VIN 111 recommended.

VIN148   2 1 2 0 0
CELLAR SANITATION & MAINTENANCE   VOC/TECH
This is a course in the basic science and technology of cellar sanitation. The course covers all methods used for cellar sanitation including premises, tanks, pumps, filters, oak barrels and sampling equipment, including but not limited to, chemical agents reagents, and thermal treatments leading to sterile bottling. Environmental issues and compliance are also addressed. VIN 146 recommended.

VIN160   2 1 2 0 0
CELLAR EQUIPMENT OPERATION   VOC/TECH
This course covers process technologies and process systems that are used in modern commercial wineries. The course will include lectures, demonstrations and three field trips.

VIN211   2 2 0 0 0
INTEGRATED PEST MANAGEMENT   VOC/TECH
This course will address management issues related to common, expected pest problems as well as the occasional appearance of minor pest problems.

VIN213   2 2 0 0 0
MIDWEST VINEYARD MANAGEMENT   VOC/TECH
This course is a study of commercial grape growing in the Midwest United States. Topics include cultivars, vine nutrition, irrigation, canopy management, pests, maturity sampling and harvest, balanced pruning/cropping and cold injury. **Prerequisite: VIN111, 113**

VIN239   2 1 2 0 0
TRANSITIONAL SOILS FOR VITICULTURE   VOC/TECH
This course will explore soil properties and behavior as they relate to growing grapes for fine wines. This course is designed for students who have taken the general Soils course and desire further specialization in transitional soils.

VIN246   2 2 0 0 0
INTERMEDIATE ENOLOGY   VOC/TECH
This course in the science and technology of winemaking is intended for the experienced intermediate winemaker, the winery employee interested in career development, or the advanced home winemaker who is seeking new challenges. Basic organic chemistry, microbiology, and high school algebra or equivalent is recommended. **Prerequisite: VIN146**

VIN268   3 2 2 0 0
WINE AND MUST ANALYSIS   VOC/TECH
Principles of grape juice and wine analysis and the reasons for use of each analysis. Analyses of a practical and useful nature are chosen for the laboratory exercises demonstrating various chemical, physical and biochemical methods. High school chemistry or equivalent recommended.

VIN293   3 3 0 0 0
SOILS FOR VITICULTURE   VOC/TECH
This course will explore soil properties and behavior and their influence on wines. The course focuses not only on growth and production, but on the long-term effects of viticulture on soil quality and the wider environment.

WEL111   3 3 0 0 0
WELDING BLUEPRINT READING   VOC/TECH
The basic skills needed to read shop drawings (including welding symbols) will be learned. **Prerequisite: MAT772**

WEL120   2 0 4 0 0
OXY FUEL WELDING/CUTTING   VOC/TECH
Skills will be developed in oxy-acetylene welding, cutting and repair. Safety is emphasized.

WEL150   2 0 4 0 0
ARC WELDING I (SMAW)   VOC/TECH
Skills will be developed in welding beads and buildup surfacing in the flat position. Safety is emphasized.

WEL165   3 0 6 0 0
ARC WELDING II (SMAW)   VOC/TECH
Skills will be developed in welding multiple pass tee fillet welds in the horizontal position. Safety is emphasized. **Prerequisite: WEL150**

WEL166   2 0 4 0 0
ARC WELDING III (SMAW)   VOC/TECH
Skills will be developed in welding corner fillet joints, weld around and sheet metal weldments in the flat position. Safety is emphasized. **Prerequisite: WEL165**

WEL167   3 0 6 0 0
ARC WELDING IV (SMAW)   VOC/TECH
Skills will be developed in welding beads, buildup surfacing and fillet weldments in the horizontal position. Safety is emphasized. **Prerequisite: WEL166**

WEL168   3 0 6 0 0
ARC WELDING V (SMAW)   VOC/TECH
Skills will be developed in welding fillet joints in the vertical downhill and vertical uphill position. Safety is emphasized. **Prerequisite: WEL167**

WEL169   2 0 4 0 0
ARC WELDING VI (SMAW)   VOC/TECH
Skills will be developed in welding fillet joints in the overhead position. Air carbon arc gouging and plasma arc cutting will also be practiced. Safety is emphasized. **Prerequisite: WEL168**

WEL176   2 0 4 0 0
ADV ARC WELDING I (SMAW)   VOC/TECH
Skills will be developed in welding and testing vee groove joints in the flat and horizontal positions. Safety is emphasized. **Prerequisite: WEL169**

WEL177   3 0 6 0 0
ADV ARC WELDING II (SMAW)   VOC/TECH
Skills will be developed in welding and testing in the vertical and overhead positions. Safety is emphasized. **Prerequisite: WEL176**

WEL181   2 0 4 0 0
GAS METAL ARC WELDING   VOC/TECH
Practical application in the use of the gas metallic arc welding process including submerged arc and flux cored arc. Safety is emphasized.

WEL190   2 0 4 0 0
GAS TUNGSTEN ARC WELDING   VOC/TECH
A course to develop skills in the gas tungsten arc welding process using mild steel, stainless steel and aluminum. Safety is emphasized. **Prerequisite: WEL120**

WEL303   3 0 6 0 0
PIPE WELDING/SMAW   VOC/TECH
Welding practice and testing on open-groove plate weldments in the 1G, 2G, 3G and 4G positions and, as time permits, on pipe weldments in the 2G, 5G and 6G positions. Safety is emphasized. **Prerequisite: WEL177**

FACULTY AND STAFF

AGINSKY, VERA, 2005, English As a Second Language. M.A., Minsk Pedagogical University; M.A.T., Drake University; Ph.D., Middlebury College

AGYEMAN, AHMED, 2004, Educational Advisor. B.S., M.Ed. Iowa State University

ALBERTSON, MARCIA, 1974, P.C. Applications. B.A., University of Northern Iowa

ALLEN, JASON STEVEN, 2002, Education Outreach Specialist. B.A., Simpson College

AMDAHL, MAYNARD, 1978, Tool & Die. Diploma, Dunwoody Industrial Institute; Certificate, U.S. Department of Labor Journeyman Tool & Diemaker

ANDERSON, ROBERT L., 1974, Hospitality Careers. A.O.S., Culinary Institute of America; Mankato Area Vocational Technical Institute; C.C.E.; Order of the Golden Toque Society

ANDERSON, RON D., 1999, HVAC. A.A., Arapahoe Community College; B.S. University of Colorado-Denver

ATAL, HADI., 2002, Educational Advisor. B.A., Grinnell College

BAILEY, GREG A., 2000, Industrial Electromechanical Technology Assoc., National Institute of Technology

BAKER-BRODERSEN, BETH M., 2005, English/Academic Achievement Center. B.A., Northwest Missouri State University; M.A., Iowa State University

BARRETT, LARRY, 1988, Respiratory Therapy. A.A.S., Des Moines Area Community College; B.S., M.Ed., Iowa State University

BASCOM, TIM P., 2004, English, B.A.,Wheaton College; M.A., University of Kansas; M.F.A., University of Iowa

BECKER, AMANDA, 2001, Nursing. B.S.N., Allen College; M.S.N., Drake University

BELL, DEBORAH P., 1987, Dental Assistant. A.A., A.S., Des Moines Area Community College

BELL, FRANK JR., H., 2005, Director, Partners for Economic Progress/Assistant to the President . B.S., M.S., Iowa State University

BELTRAME, DAVE, 2004, Graphic Technologies. Diploma, Des Moines Area Community College

BENDY, STEVE J., 2000, Graphic Design. B.F.A., B.S.Ed., University of Nebraska

BENNETT, JAMES, 1980, Data Processing. B.S., Northwest Missouri State University; A.A., Des Moines Area Community College; Iowa State University

BERGIN, TIMOTHY M., 1996, Biology. B.S., Kansas State University; M.S., University of Nebraska-Lincoln; Ph.D., Bowling Green State University

BERGLUND, ERIC J., 2000, Network Systems Analyst. A.A.S., DeVry Institute of Technology

BETHARDS, MELODY L., 2002, Nursing. A.D.N. Des Moines Area Community College; B.S.N., Grand View College; M.S.N., Drake University

BISHOP, PATRICK J., 1995, Diesel. A.A.S., Des Moines Area Community College; Iowa State University

BITTNER, SHARON G., 2000, Director, Program Development. B.S., Indiana State University; M.A., Drake University

BOOTH, CONNIE, 1982, Nursing. B.S.N., Creighton University; M.S.N., University of Nebraska Medical Center

BOWLIN, DEBBIE D., 2005, Health Occupations. A.A., Southwestern Community College; B.S.N., Grand View College

BRAAFHART, LISABETH J., 2002, College Recruiter. A.A., Des Moines Area Community College; B.A., Grand View College
