**From:** DMACC Online Learning <onlinelearning@dmacc.edu>

**To:** \*All DMACC Faculty, Campus Deans and Provosts

Good afternoon,

We have hit a few snags with our Banner and Canvas integrations but I was just able to load the fall sections and faculty enrollments. You can log into [Canvas](#) now and see any courses that you're assigned to (provided that you've completed the required Canvas training) and start migrating or adding content.

One note – if you intend to merge your Canvas sections, please follow the instructions on our [Merge Request form](#) and note:

- **Course merge requests need to be submitted *prior* to copying in any content and *prior* to student enrollments.** Merging results in a new, empty course shell. Student data cannot be copied over; after the merge you will not have access to the original sections to copy any material from them.
- You will receive an email after the merge is complete.

The files are not automated yet so we'll do our best to keep things updated until we turn the full automation on which sends files daily at 8:30am, 12:30pm and 5:30pm.

If you have any questions or need us to look at anything, please don't hesitate to [contact](#) any of us.

We do appreciate your patience as we finalize the integration of these systems.

Thank you,  
DMACC Online
