iMAKE

A FIRST STEP TOWARDS INNOVATION.

Pre-Engineering

Make innovation your life's work. If you like to solve problems using science and math, then a career in engineering is for you. Start your story at DMACC while enjoying affordable tuition, small class sizes, free tutoring, and campus life. We can assist you with course selection so no matter which transfer institution or field of engineering you select, you can easily transfer your credits. Choose DMACC and make every credit count toward your future in engineering.
