## BROTHER TO BROTHER

### MENTORING TO PROMOTE YOUR ACADEMIC ACHIEVEMENT

**Brother to Brother is a student success initiative for Black and African American male students attending DMACC. Through academic support, personal development, and community awareness, you will learn strategies to combat common obstacles found in higher education.**

## COMMUNITY AWARENESS

Our aim is to build a community that can grow with you as you learn and fulfill your goals. Group activities and group discussions, along with cultural field trips, will show you the community around you, and how that community is ready to support your success.

## PERSONAL DEVELOPMENT

Group activities and group discussions will give you a chance to share your experiences, and to learn from others in similar situations. 2 of the 3 challenges are things a B2B student might feel—but racism is something others do to overcome these challenges. B2B will give you a chance to meet, learn from, and grow with other men who understand what you're going through.

## ACADEMIC SUPPORT

Gain more confidence! Tutoring, book lending, and computer lending will ensure you have the resources and support to complete your academic goals and finish what you've started. We have the tools, knowledge, and support that you need to succeed.
